Stem-and-lead display

Stem-and-leaf display of incomes. The incomes (in dollars) of sixty Saskatchewan clerical workers are listed in Table 1. These incomes are listed in no particular order in this table.

The numbers in Table 1 represent incomes in dollars, during the year 2000, of a random sample of sixty Saskatchewan adults who reported their occupations as clerical occupations. These data are from a Statistics Canada survey of adults conducted in May 2001.
