

## Participant Instructions - Selecting Courses

When you create an account you will be prompted to choose the course(s) to which you want your credits applied. Alternatively, you can click on the “My Profile” option from the top tool bar, then select “Change Courses”.

Take special care when selecting the course(s). Make sure you select **ONLY** the course(s) that you are registered in and **ALL** the correct courses and the correct sections that you are registered in.
