MARCH 2025

IMPORTANT DATES IN MARCH

MARCH 4 – WOMEN IN ENGINEERING

MARCH 4 – REGISTRATION OPENS

MARCH 17 – END OF GRADE OF W DROP PERIOD

STUDENT HEALTH CLINIC

Did you know? The University of Regina offers a **FREE Student Health Clinic** right on campus! Located on the main floor of **Paskwāw Tower**, the clinic is open Monday to Friday, 8:15 a.m. to 4:30 p.m.

Students can visit the **Nurse Practitioner** for a wide range of medical services, including:

- ✓ General medical care & minor injuries
- ✓ Treatment for common infections
- ✓ Specialist referrals & prescription refills
- ✓ Sexual health, contraception & reproductive care
- ✓ Health screenings, education & preventative care

Appointments are required. To book, email Health_Clinic@uregina.ca or schedule online: Student Health Clinic.

Their website also offers 24/7 support resources for urgent medical care, crisis situations, and wellness needs.

Women in Engineering!

Mark your calendars!

“Accelerate Action”

Panel discussion and refreshments to follow

March 4th | 4:00-5:30 | CK 187

Join us for an engaging panel discussion and networking opportunity as we build awareness around the impactful role of women in engineering, advocate for women in engineering as engineers work together to remove barriers and challenges and CELEBRATE women in engineering!

The theme for International Women’s Day 2025 (March 8, 2025) is Accelerate Action.

Our Women in Engineering event's theme comes from the IWD's main theme. Our theme is “Accelerate Action – 30 by 30, an important goal for ALL. The importance of increasing enrollment, graduation, retention of women in engineering.”

Tuesday March 4th REGISTRATION OPENS

Priority Registration – Time Ticket Schedule

Do you know when to register for Spring/Summer 2025, Fall 2025, and Winter 2026?

	DATE	CREDIT HOURS EARNED
1	4-Mar-25	106 and above
2	6-Mar-25	92 and above
3	10-Mar-25	76 and above
4	12-Mar-25	61 and above
5	14-Mar-25	55 and above
6	17-Mar-25	40 and above
7	19-Mar-25	31 and above
8	21-Mar-25	22 and above
9	24-Mar-25	10 and above
10	26-Mar-25	above 0
11	28-Mar-25	equals to 0
12	1-May-25	Early Conditional & HSXL

Check this information in UR Self-Service. "[Prepare for Registration](#)"

***See an Academic Advisor if you have problems or questions about registering for classes. You can also make an appointment with us through our [website](#).**

NEW

NEW

2025-2026 Program Sheets

New 2025-2026 Program Sheets have been posted onto our website for new incoming students starting in Spring 2025 and Fall 2025. Please refer to the Program Sheet of the academic year that you started but note that some courses may have changed or removed. For current course changes check the Faculty of Engineering website for details. If you have questions, please make an appointment with an Academic Advisor.

Curriculum changes

Course changes for SSE program: These curriculum changes will affect SSE students who started their program in 2023 and 2024 or if you are off schedule with your courses.

ENSE 374 changed to ENSE 281

ENSE 311 - New course

ENSE 354 - New Course

CS 215 and CS 340 removed

BUS 260 removed and replaced with open elective

ENSE 400 changed to 3 credit hours

ENSE 452 removed as a core course and offered as an elective

The faculty website has SSE transition sheets available

<https://www.uregina.ca/engineering/students/student-course-changes.html>

The engineering advising team is available if you are off track in your program or have any questions about the new curriculum changes.

Course title change to Natural Science elective OR core course in the ERSE Program

GEOL 102 changed to ESC 102

GEOL 270 changed to ESC 270

DECLARE YOUR MAJOR

If you are planning on taking classes in the Spring/Summer to complete your Term 1 and Term 2 requirements, please declare your major once you have registered in those classes. We will accept your Major Declaration Form. Do not wait. Thanks!

Graduation Photos

If you graduated in January 2025 or will graduate in June 2025 and plan to take a graduation photo, please contact Camera One Graduation Portraits to book an appointment.

If you are unable to come to Regina for a portrait session but still want to be on the Class Composite, please contact Camera One to discuss your options.

Camera One is the designated photographer for the Faculty of Engineering & Applied Science and prepares the Class Composite. Academic regalia is provided by Camera One.

REGISTRATION WAITLISTS (WL)

Is the class full? Get on the waitlist! Waitlists are a first-come-first-served basis. If the class has a lab/seminar you can only be waitlisted for the lecture.

Waitlist Instructions

When an open seat becomes available, an e-mail will be sent to your preferred E-mail Address. Check your preferred e-mail address on a regular basis if you are on a WL. I'd recommend every morning and every night.

If a section is full and the section has a waitlist set up in Banner, the students can put themselves on the waitlist. When a registered student drops and one seat becomes available, the student at the first position in the waitlist is sent an email notice that they can register for the class. For the Spring/Summer term, the notice is valid for 24 hours. For the Fall and Winter terms, the notice is valid for 24 hours until the first day of classes at 9:00 a.m. On the first day of classes, this is changed to 12 hours. For the Fall term (202530), the change will occur on September 2, 2025 at 9:00 a.m. For the Winter term (202610), the change will occur on January 6, 2026 at 9:00 a.m. In this process, if the time frame is missed by the student in the first position, the student who is next on the waitlist is given the opportunity.

For the Spring/Summer term, there are 7 standard Parts of Term (POTs), namely, 1, 2, 3, 4, 5, 6, and 7. Waitlists are deleted at 9 a.m. on the third day of classes. If the third day falls on a weekend or stat holiday, the waitlist deletion occurs at 9 a.m. on the following business day. Active waitlist notifications will also expire when the waitlists are deleted.

Waitlists for a non-standard POT will be deleted on one of the four dates listed below. More specifically, the deletion date is one of the four dates, which is before the first day of classes for that POT. For example, classes in a POT that starts on May 22, will have the waitlists deleted on May 7. Classes starting prior to the first day of POT 1 will not be assigned a waitlist except for POT 10.

For Spring/Summer 2025, waitlists will be deleted at 9 a.m. based on the following schedule:

Part of Term (POT)	First day of classes	Waitlists Deleted and Notifications End
1, 2, 4, 10	May 5, 2025	May 7, 2025
3	June 2, 2025	June 4, 2025
5, 7	July 2, 2025	July 4, 2025

**Registration HOLDS....you don't want one!
Check it out BEFORE it's time to register!**

Registration [holds](#) will prevent you from registering in a waitlisted class. Holds will prevent you from registration in *any* class. So, check your holds before registration. You can view your holds in your UR Self-Service account under the 'Prepare for Registration' tab.

12 Month Internship

The Engineering Co-operative Internship Program is set to begin a new intake of students, with placements commencing in September 2025 for 12 months. We will be accepting applications from **March 3rd through March 21st**, 2025. Applications for Fall 2025 Internship must be made by completing the application form in [Career Connect](#). If you have any questions about the application, please contact the coop.office@uregina.ca. Afterwards, a co-op coordinator from the Co-op office will reach out to book an entrance meeting with you.

Eligibility: Completion of Terms 1-7 classes (enrollment in Term 6 – SS 2026), minimum 72 credit hours, maximum 102 credit hours completed, Term and PGPA no less than 60%.

Please note - if you are an International Student and do not have a Co-op Work Permit, you will need to apply for it before February 14, 2025. Please email the co-op office (coop.office@uregina.ca) to request a letter of support for your application.

Project Day: Saturday, April 5th from 8:30am to 4:30pm

BOOK YOUR CALENDAR AND PLAN TO BE THERE!

Project Day is a 4th year conference style event where students showcase their capstone projects. It is held in person on the 1st floor of the Education building and includes a poster display and three tradeshow rooms. The conference program and schedule will be available on the website

later this month. Attend presentations, talk to the students about their designs and see what is in store for you in your 4th year!

Graduating Students with a 75% or higher GPA!

You should have received an invitation to apply for the President’s Medal, APEGS Gold Medal and the Engineering Dean’s Medal by now.

Name of Medal	Requirements	Application deadline	How to apply?
President’s Medal	80% CGPA or higher	Deadline March 31 st	Application Package emailed to Melissa
APEGS Gold Medal	75% PGPA or higher	April 1-May 15 th	Apply through SAMS online
Engineering Dean’s Medal			Automatically awarded to President’s Medal nominee.

If you have any questions about submitting either (or both!) of these applications, please ask me! Melissa.Berwald@uregina.ca

We need mining. MINING NEEDS YOU.

Check out the [website](#) for all of the Scholarship Information

In partnership with **EduCanada** and the **Ministry of Education of the People's Republic of China**, the Canada-China Scholars' Exchange Program aims to encourage and engage in a deeper understanding of China, as well as build strong academic and professional connections between Canada and China. With hopes to inspire future Canadian leaders with a foundation of expertise and experience in China, this program will provide grants for Canadians to pursue post-secondary studies, research, short-term professional development opportunities, and/or language training at leading institutions across China.

Application guidelines and more detailed information about the **Canada-China Scholar's Exchange Program** can be found here: <https://www.educanada.ca/scholarships-bourses/can/ccsep-peucc.aspx?lang=eng>

The deadline to apply for this exchange opportunity is March 10, 2025.

Program Duration:

Undergraduate students: 4 to 12 months

Graduate students: 4 to 24 months

Faculty, researchers, and mid-career professionals: 1 to 12 months

Expenses covered by this program:

- Tuition fees
- Monthly stipend
- Medical insurance
- Round-trip airfare (conditions apply)
- On-campus accommodation (or a subsidy for off-campus accommodation)

Eligibility:

Any Canadian citizen who is an enrolled student, faculty member, researcher, or mid-career professional is eligible and encouraged to apply.

If you have any questions about the program, please contact: scholarships-admin-bourses@international.gc.ca

WHMIS Reminder

The “**Undergrad Mandatory WHMIS**” course is required for all beginning undergraduate Engineering students (including re-admissions and transfers). It’s a crucial part of our Engineering accreditation (considered the absolute bare minimum for safety training) and your own professional development – but most importantly, it will help ensure your safety in future engineering courses. Our WHMIS course is also required for access to the Student Shop.

To ensure WHMIS is completed, we recently put a registration hold on your account. **You’ll need to complete our WHMIS course before registering for your next semester(s).**

What is required of you?

- Complete Undergrad Mandatory WHMIS on UR Courses (passing grade 80% - 3 attempts are permitted). Do this well in advance of your next registration time ticket!
- Download your certificate. As soon as you download, we’ll automatically receive notification – and we will then remove the registration hold (within 2 business days). If you don’t download, we won’t know that you have finished.

Note we require completion of Engineering’s WHMIS certificate – we cannot accept certificates from other faculties or employers.

If you need to register for other safety courses or have questions about the content, feel free to contact Lauren at Engg.Safety@uregina.ca . As always, reach out any time if you have questions or concerns related to health, safety and wellness.
