

What to do with: Chemical Waste

Label it well:

- · Hazard Class checked off
- Chemical <u>names</u> (not abbreviations or molecular formulas)
- Proportion of each chemical
- CAS number
- Supervisor Name and Lab Number
- Account number

Contain it well:

- Appropriate containers:
 - Liquids -plastic jugs are great they won't break, glass bottles are acceptable too (use rubber solvent buckets to transport)
 - Solids plastic pails available at Science Stores
- · Clean the outside of the container
- Lids closed tightly (if lids are cracked/broken, get a replacement from Science Stores)
- Secondary containment required when transporting use a cart with raised sides, or transport in buckets, bins, etc

Rubber solvent bucket

Uni of J	versity Regina Health, Safety & Environment		Realize. Safety first.		
Waste Disposal Request Form					
#	Name of chemical	Percentage in container	Quantity (volume/weight of container)	Hazard Class (acid, base, flammable etc)	CAS#
1	EXAMPLE: Hydrochloric acid/Water	30:70	4L bottle	acidic	7647-01-0
	Name of Lab Manager/Faculty Mem				
	Account Name/Number		1		
Please submit completed form by email to: health.safety@uregina.ca					

Let HSW know:

- E-mail the Hazardous Waste Disposal form to: health.safety@uregina.ca before 4:00 on Tuesday
- You can download the form from the website: https://www.uregina.ca/hr/hsw/

Drop it off:

• Regular drop-off time on "Waste Wednesday" @ 10:30am (make sure you have told HSW you plan to drop off waste that week, or they won't be able to accept the waste!)
