

**NOTE: ArcGIS Pro is only available for Windows.**

If you do not have a Windows computer, you can access ArcGIS Pro through AppsAnywhere in a U of R public computer lab: <https://www.uregina.ca/is/computer-labs.html>

- Be sure to save files to your "i:" drive location.

Or you can access with a MacOS system by Remote Desktop Protocol (RDP) connection to public lab computer:

- Install the "Microsoft Remote Desktop" app for RDP from the Mac App Store at: <https://apps.apple.com/ca/app/microsoft-remote-desktop/id1295203466?mt=12>
- Then connect to VPN and RDD using the Windows instructions link below

To access with a Windows system by Remote Desktop connection to public lab computer:

- [https://www.uregina.ca/is/study-off-campus.html#fact\\_5\\_2](https://www.uregina.ca/is/study-off-campus.html#fact_5_2)

## A. Login to ESRI ArcGIS online account

1. Go to <https://uregina.maps.arcgis.com>
2. Click the blue 'University of Regina' button (under the sign in area)
3. Log in with your usual uregina username and password (same as for UR Courses and Webmail)
4. If this is your first login, it will create your ArcGIS online account, and you will be connected to the online version of ArcGIS

## B. Download Installation File

1. Login as outlined above
2. Click on your Name/Profile icon at top right
3. Click **My Settings - Licenses (left side) - Download ArcGIS Pro (lower right side)**
4. Click **Download**
5. The installation .exe file will be downloaded, likely to your downloads folder

## C. Install ArcGIS Pro Software

1. Locate the installation .exe file that you downloaded (likely in your 'Downloads' folder)
2. Double-click the file "ArcGISPro\_..."
3. Default file storage location will be shown, Click Next
4. Files will extract, popup box with "Launch the setup program" checked, Click Close
5. Click Close
6. You will see a window with "ArcGIS Pro"
7. Click Next
8. You will see a window with "Welcome to the ArcGIS Pro Setup program"
9. Click Next
10. Review the Master Agreement Terms
11. Click the circle next to 'I accept the master agreement'
12. Click Next

13. Choose an installation option. The default is “Anyone who uses this computer”, but if you do not have administrative privileges, you need to choose ‘Only for Me’ instead.
14. Click Next
15. You will see a ‘Select Features’ window with “ArcGIS Pro” highlighted
16. Do not change anything on this page
17. Click Next
18. You will see a window “Ready to Install the Program”
19. Click Install
20. You may be prompted for Administrative, depending on your system
21. You will see a window “Installing ArcGIS Pro”. This will take several minutes.
22. When the installer is finished, you will see a window with a box checked to ‘Run ArcGIS Pro now’ – UNCHECK this box
23. Click Finish

### D. Launch Software and Sign-in

1. If ArcGIS software is not already open:
  - a. Locate the new ArcGIS Pro icon on your Desktop  
OR Click the windows icon start menu, and locate ArcGIS Pro
  - b. Double-Click the icon to launch ArcGIS Pro
2. When it opens, it will ask you to sign in
  - a. If not, click ‘Sign-In’ in the top right corner
3. On the Sign In page, click the dropdown **“Your ArcGIS organization’s URL”**
4. Enter **uregina** in the box to complete the link [uregina.maps.arcgis.com](https://uregina.maps.arcgis.com)
5. Check the box to ‘Remember this URL’
6. Click **“Sign in using browser”** at the bottom right corner
7. If you are already logged into the online version, it will open ArcGIS Pro and log you in
8. If not, it will prompt for login
  - a. Click the blue “University of Regina box” under the “ArcGIS Login” section
  - b. Log in with your usual uregina username and password
