2.1.1 APPLICATION FEE FOR FIRST-TIME ADMISSION

The application fee for first-time undergraduate admission to the University of Regina in any program is \$100 (subject to change without notice). This fee is non-refundable, but is payable only once. Applications will not be processed until the fee is paid.

2.1.2 CHANGE OF NAME

Students are required to use their current full legal name when applying, and attest by completing the application form that the information they are supplying is complete and correct. Any previous legal names should also be listed on the application form.

The University may request proof of a legal name change when transcripts from an institution are in a name other than that appearing on an application for re-admission or faculty transfer, or if a name is entered on the application that does not match the name in the University's records.

For information about acceptable forms of documentation and to print the required Change of Name form, refer to

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

www.uregina.ca/student/registrar/assets/docs/pdf/forms/name_change.pdf or consult the Registrar's Office. New applications may not be processed until proof is provided. Re-admissions and transfers will be processed under the current name on the University's system until a Change of Name form and acceptable documentation are received.

2.1.3 FRAUDULENT AND INCOMPLETE APPLICATIONS

The University reserves the right to revoke admission and registration if an application form is discovered to be inaccurate or incomplete, or if supporting documents are discovered to be fraudulent. Any applicant who presents a fraudulent document in support of an application for admission will be identified to other Canadian universities and colleges. Applicants must list all post-secondary institutions attended. Transfer credit will not be awarded for courses taken at institutions that are not listed on application forms.

2.1.4 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY

The University of Regina collects and creates information about students ("personal information") under the authority of The University of Regina Act and in accordance with The Local Authority Freedom of Information and Protection of Privacy Act and the Personal Information Protection and Electronic Documents Act, for purposes of admission, registration, and other decisions on students' academic status, and the administration of the University and its programs and services. Some of this information may be disclosed to the relevant students' society and alumni association, and will be reported as required by federal or provincial authority. Information regarding the admission of current high school students may be shared with the student's current high school as needed. Any misrepresentation may be shared with other post-secondary institutions. By enrolling in courses at the University of Regina, students consent to the collection, use, and disclosure of personal information as described above.

2.1.5 DISCLOSURE TO STATISTICS CANADA

Statistics Canada is the national statistical agency. As such, Statistics Canada carries out hundreds of surveys each year on a wide range of matters, including education.

It is essential to be able to follow students across time and institutions to understand, for example, the factors affecting enrolment demand at post-secondary institutions. The increased emphasis on accountability for public investment means that it is also important to understand 'outcomes.' In order to carry out such studies, Statistics Canada asks all colleges and universities to provide to Statistics Canada student identification information (student's name, ID number, Social Insurance Number), student contact information (address and telephone number), student demographic characteristics, enrolment information, previous education, and labour force activity.

The Federal Statistics Act provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used only for statistical purposes, and the confidentiality provisions of the Statistics Act prevent the information from being released in any way that would identify a student. Students who do not wish to have their information used are able to ask Statistics Canada to remove their identification and contact information from the national database.

Further information on the use of this information can be obtained from Statistics Canada's website: www.statcan.gc.ca.

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

2.3.1.2 Extensions of Application Deadlines

Published deadlines for application to individual faculties or programs may be extended by the Dean of the relevant faculty; information about current extensions is available at urconnected.uregina.ca or from the Admissions Office (see §2.1).

Extensions do not apply to students who are petitioning after being required to discontinue or because their GPA is too low for admission or re-admission (see §2.7.1).

Students planning to take some or all of their courses at a location other than the main campus in Regina may have extensions to the standard deadlines listed above.

2.3.2 SUPPORTING DOCUMENTS

Applicants to an undergraduate faculty will be required to submit supporting documentation for their application depending on educational background attained, and the approved faculty-specific admission requirements.

2.3.2.1 Official Transcripts

Official transcripts at either the secondary or post-secondary level may be requested. A secondary transcript is considered official when the original, official document issued by the Ministry of Education (or government authority that oversees Education) has been submitted to the Admissions Office. A post-secondary transcript is considered official when it is received at the University of Regina directly from the issuing institution, or is submitted in a sealed institution-issued envelope which bears the official university stamp across the seal. Transcripts in languages other than English or French must include a certified English (literal) translation. Official transcripts should be submitted to the appropriate undergraduate admission office (see §2.1).

2.3.2.2 Ownership of Documents

All documents that are supplied in support of applications for admission, re-admission, or transfer become the property of the University of Regina.

Applicants with non-Canadian credentials who are issued a single irreplaceable copy may supply a copy of the original document at the time of application and then present the original, official document for verification at the Undergraduate Admissions or International Admissions office upon arrival.

2.3.2.3 Unavailable Documents

Applicants who are unable to obtain all or some of their academic documents for reasons beyond their control may apply for special consideration from the Undergraduate Admissions or International Admissions office by submitting a letter outlining their qualifications, what steps they have taken to obtain their official documents, and the reason why missing documents cannot be submitted.

2.3.2.4 Copies of Documents

Requests for copies of documents that are part of the official student record will be provided in accordance with The Local Authority Freedom of Information and Protection of Privacy Act, Part II. Requests are to be made in writing to the Registrar's Office and must be accompanied by a \$20 administrative fee. Students can expect that it may take up to 30 days for requests to be fulfilled.

Copies of documents will only be provided to the student for pick up or via regular mail. Copies will not be mailed or forwarded to a third party. Documents pertaining to a student's achievement at another institution, which may have been received by the University, will not be notarized or certified.

2.3.3 EARLY CONDITIONAL ADMISSION FOR CURRENT HIGH SCHOOL STUDENTS

High school students who expect to graduate in June can apply during their Grade 12 year until June 15 for early conditional admission to the next Fall term (semester), by submitting the following to the Admissions Office:

1. A completed Application for Undergraduate Program Admission (see §2.1; applicants to the Faculty of Education should refer to §2.3.4.1; applicants to the Faculty of Nursing see §2.3.4.4);
2. The application fee (§2.1.1);

3. An official transcript or a school-certified copy of an official transcript (with school seal or signature of guidance counselor) of results to date. Saskatchewan students may indicate on their Ministry of Education Request for High School Transcript Form that they would like transcripts to be sent after both the first and second semesters of grade 12. They may also supply the Student Profile printed by the school from the Saskatchewan Ministry of Education Web Application; or
4. A schedule or list of the courses they are taking in Grade 12 (these may be listed on the application form).

Applicants from the United States should consult the additional information about admission with U.S. credentials in §2.4.3.3.

The same procedure may be followed by students who are applying for Winter term (semester) admission and who will graduate from high school following an accelerated Fall term (semester) that finishes in December. Students who will complete their final Grade 12 semester in January should apply for regular admission for the Spring/Summer term (semester) or the following Fall term (semester).

Students who are completing their high school outside of Canada and the U.S. may be considered for early conditional admission if they have a 70% (or equivalent) average on the specific courses required from their chosen faculty from the most recent of their final grade 11 (or equivalent) grades, midterm, projected and/or final grade 12 (or equivalent) grades or a combination of the above. Details are available at urconnected.uregina.ca or by contacting the Admissions or International Admissions office students on a study permit should contact International Admissions).

2.3.3.1 Early Conditional Admission to the Faculty of Education – for current high school students

Applicants to degree programs in the Faculty of Education must complete the online Teacher Education Application or Baccalauréat en éducation Application in place of the general Application for Undergraduate Admission. These applications are available online in October of each year for application to the following Fall term (semester). Applicants to the Faculty of Education from schools on a semester or block system must submit a transcript which shows their final grades in the first semester of Grade 12 by the Education deadline for current high school students (see §2.3.1).

2.3.3.2 Early Conditional Admission to the Faculty of Business Administration – for current high school students

The Faculty of Business Administration admits, directly from Canadian high schools, applicants who are applying for early conditional admission, and who present an 85% or higher early conditional admission average directly into the degree program through the Excellence program. International (study permit) high school students will be considered on an individual basis for the Excellence program. Other Early Conditional applicants with an early conditional admission average of 65%-84.99% are also admitted directly to the Faculty of Business Administration as Qualifying Students.

2.3.3.3 Basis of Evaluation for Early Conditional Admission – current Canadian and U.S. high school students

In order to be considered for early conditional admission, applicants must be taking the Grade 12 courses required by the faculty to which they are applying (see §2.4 and §2.3.3.4). The minimum early conditional admission average will be calculated as follows:

Applicants who are refused early conditional admission will be reconsidered for regular admission if they supply an official transcript, by August 15, which shows their final high school grades and graduation.

2.3.3.4 Adult 12 Early Conditional Admission

Adult 12 students are eligible for early conditional admission if:

- They will have attained Adult 12 standing prior to the start of the semester;
- They have final grades in a minimum of half the required final admissions subjects to the faculty;
- The average of all final grades (in admission subjects only) available at the time of admission meets the admission average of the faculty.

2.3.3.5 Advising and Registration

Applicants who have accepted their offer of admission are encouraged to contact their faculty or federated college office to arrange for advising and registration in courses (see §3.1 - 3.3).

2.3.3.6 Transcripts for Final Admission

Early conditional applicants must arrange for one official transcript of their final high school grades to be sent to the Admissions Office by August 1. Photocopies and faxes of transcripts are not accepted as official documents for review of the final admission requirements (2.4.1.1). Saskatchewan students are encouraged to have grades submitted electronically by the Saskatchewan Ministry of Education.

An exception to the deadline for receipt of transcripts will be made for applicants applying for Fall admission who are writing departmental examinations in August or completing summer school, and for applicants to the Winter term (semester) who will complete their final high school semester in December. It is the applicant's responsibility to contact the Admissions or International Admissions office (see §2.1) with this information before the transcript deadline, and to arrange for the final official transcript to be sent as soon as results are available.

Conditional admission will be revoked and registration in courses cancelled for any applicant who neither contacts Admissions, nor supplies an official transcript by the deadline.

2.3.3.7 Final Admission Decisions

Once the official transcript showing graduation is received, students are re-evaluated for final admission based on the faculty-specific requirements listed in §2.4.1.1, and are notified in writing of the final decision.

2.3.3.8 Gap Year Program

The Gap Year Program is offered to current, direct-entry high school students (excluding Nursing; Education requires special permission) applying to the Fall intake. It allows these students, once accepted, to defer their admission and any University of Regina funded automatic entrance scholarships for one year. Further information is available at urconnected.uregina.ca.

2.3.4 ADDITIONAL INFORMATION ABOUT QUOTA PROGRAMS

Averages needed for admission to faculties and programs with limited enrolment may be higher than the minimums stated in §2.4. Enrolment in any faculty or program may be limited at any time, without notice to the number of students who can be accommodated. As of the date of publication of this Calendar, quotas have been set for admission to the programs listed below.

2.3.4.1 Faculty of Education

1. General application procedures

Applicants to the Elementary, Secondary, Arts Education, and Music Education programs must complete the Teacher Education Application in place of the Application for Undergraduate Admission. Applicants to the Baccalauréat en éducation programs must complete the application for Baccalauréat en éducation. Applicants to the Indigenous Education programs must complete both the Undergraduate Application for Undergraduate Admission and the Indigenous Education Teacher Admission Profile.

The Teacher Education Application is available online in October of each year (for the following Fall) on the web at urconnected.uregina.ca.

Applicants submit transcripts according to the procedures in either §2.3.2 or §2.3.3 (for current Grade 12 students). The

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

application fee is required for those applicants who have not previously paid this fee (see §2.1.1).

Selection of applicants to all programs except those in Indigenous Education is made by the Faculty of Education, on the basis of all information provided. For certain programs, interviews may also be scheduled. Separate quotas are in place for all programs. The number of first-year and transfer students accepted each year varies according to the total number of students in each program. The annual application deadlines (see §2.3.1.1) may be extended selectively by program until quotas are filled.

2. Offers of admission

Offers of admission to the Elementary, Secondary, Arts Education, and Music Education programs are normally mailed in April or May. Upon admission (regular or early conditional), applicants must notify the University that they intend to accept the offered place by the deadline stated in the letter, and begin full-time studies in September of the same year. Admission will be revoked if students fail to accept the offered places by the deadline, or if they are not registered in courses as of the last date to add courses in the Fall term (semester).

3. Indigenous Education

Applicants to programs in Indigenous Education follow the standard application deadlines and procedures in §2.3.1 and §2.3.2, but must also submit an Indigenous Education Teacher Education Admission Profile directly to:

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

The School advises all applicants, in writing, of the outcome of their application.

2.3.4.4 Saskatchewan Collaborative Bachelor of Science in Nursing

The Faculty has a first-year enrolment limit of 345 students. Admission is a competitive process based on academic proficiency. There is one intake each year for the Fall term, and a Winter intake will occur for Upper Years students only; however, the Dean may permit admissions during other terms to manage enrolments. Students are able to qualify for admission consideration based on either high school (§2.4.1.1) or post-secondary (§2.4.2) criteria. Meeting the minimum requirement does not guarantee admission. Information and applications can be found at www.sasknursingdegree.ca.

2.3.4.5 Faculty of Social Work

For the admission requirements to either the Pre-Social Work program or the Bachelor of Social Work (BSW), refer to §2.4.2. For the Pre-Social Work requirements for the BSW, please refer to §17.8.2.

All applicants to the BSW program must apply online at urconnected.uregina.ca. See §17.2.2 for further information. Students who are not admitted to the BSW at the first attempt may remain in the Pre-Social Work program category, and are not limited in the number of times they can re-apply. See §17.8.2.1 for further information.

For admission or qualifying requirements to either the Indigenous Social Work Qualifying program or the BISW, refer to §17.8.4.

Applicants to programs in Indigenous Social Work must apply to and be accepted by both the University of Regina and the School of Indigenous Social Work. They are required to have a year of acceptable human service experience. As well, all students applying to the School of Indigenous Social Work must provide a current Canadian Police Information Check (CPIC) and a current report from the Child Abuse Registry(ies) that is relevant to the applicant's place(s) of residence for review by the Admissions Committee. A CPIC that indicates a criminal record does not preclude students from admission to the School of Indigenous Social Work. Such records will be reviewed and assessed with respect to the nature of the offence(s), what the student has done to rectify the situation, and what measures the student has taken to enhance personal development subsequent to the charges/convictions.

2.4 ADMISSION REQUIREMENTS FOR UNDERGRADUATE PROGRAMS

2.4.1 ADMISSION FROM CANADIAN HIGH SCHOOLS

The admission average is calculated on all courses required for admission, as shown in the table in §2.4.1.1. Equivalent courses offered in French may be substituted for those shown, but proof of English language proficiency may be requested by the Admissions Office from applicants to programs other than the Baccalauréat en éducation. Equivalent courses from earlier curricula are accepted at the discretion of the Admissions Office.

The following faculties and programs do not accept students directly from high school:

School of Journalism: Applicants apply to the Faculty of Arts to complete two years of qualifying studies ("pre-Journalism"). See §2.3.4.3 and §9.22.2.

Bachelor of Social Work: High school applicants to the Faculty of Social Work are admitted as Pre-Social Work students and must complete a minimum of 30 credit hours before applying to the degree. See §2.3.4.5 and §17.2.2.

2.5 SPECIAL ADMISSIONS (NON-DEGREE)

Please note that not all courses are open to students admitted to these categories and that some of the following categories do not receive priority in registration. See below and §3.3.

2.5.1 APPLICATION DEADLINE FOR SPECIAL ADMISSIONS

The deadline for application for all categories of special admission is the last day that the course may be added without the instructor's and Dean's permission (see §1.2 and §3.3.5).

2.5.2 UR ACCELERATED PROGRAM FOR HIGH SCHOOL STUDENTS AND HOME-BASED LEARNERS

Applicants who are currently enrolled in high school or as home-based learners (minimum age 16) may be admitted to the University to take one course per term (semester). Applicants must submit, to the Student and Instructor Services (Credit), Centre for Continuing Education, a completed Application for Admission & Registration for Accelerated Students signed by the school principal or (for home-based learners) their main educator with the application fee (§2.1.1). A new signed Application for Admission & Registration form is required each term (semester). Students who wish to receive Special Project credit on their high school transcript for successful completion of a University of Regina credit course must complete a Special Project application form available from their high school.

2.5.3 AUDIT ONLY

Applicants who want only to audit courses (that is, to listen to lectures without receiving degree credit) do not have to be formally admitted to the University, but must be formally registered for courses they are attending. Refer to §3.5 for procedures. Students who are on university-level forced withdrawal (MW) are not permitted to audit courses.

2.5.4 CASUAL STUDENTS

The Casual Student Program is designed to allow members of the general public to take courses for general interest. The following restrictions apply to this program:

- Applicants must be aged at least 18 (if under 18, they must have already graduated from high school).
- Students who have received a Faculty requirement to discontinue (RTD) or University-level forced withdrawal (MW) at the University of Regina or another post-secondary institution are not eligible to participate.
- Students can register in open registration.
- The maximum registration for any term is 6 credit hours.
- The maximum length of time students are allowed to stay in either the Casual Student Program and/or the General Studies Program before applying to transfer to a Faculty is 24 credit hours.
- Regular evaluation of academic performance applies to Casual Students. Academic performance is evaluated following each term. If Casual Students already have full or part of a U or R degree and come in with more than 24 credit hours, those credit hours count towards evaluation of academic performance and application of academic policies.

Casual students apply and are registered through Student and Instructor Services (Credit), Centre for Continuing Education, using an Application for Casual Student Admission & Registration. Casual students who have not previously attended the University of Regina are required to pay the application fee. Students must meet University of Regina English Language Proficiency requirements prior to admission as per §2.2. High school and post-secondary transcripts are not required unless a desired course has prerequisites. These transcripts can be unofficial and are accepted directly from the applicant.

Academic advising is not required, but is available from the Career & Professional Development Division on request (contact Student and Instructor Services (Credit) at 306-585-5807 to book an appointment. Casual students who may wish to transfer into a Faculty at some time in the future are strongly encouraged to seek preliminary advising from the Faculty. Casual Students may apply to transfer to a Faculty or another program at any time, and must meet the admission/transfer regulations then in effect, including provision of official transcripts. The form to be completed is the Application for Undergraduate Program Admission. The new Faculty will evaluate all courses completed in the Casual Student Program and determine their applicability to the new program. Applicants who have completed courses through the University of Regina's Centre for Continuing Education or Casual Student Program must achieve a UGPA of at least 60% (see §5.9.3) on all University of Regina courses taken. Those who do not meet this criterion may submit a petition to the Admissions Office for review by the Faculty. The decision of the faculty with respect to admission and conditions for continuation is final.

2.5.5 GENERAL STUDIES

General Studies is designed for students who are not currently admissible to a Faculty at the University of Regina, including students who are unable to provide admission documents by stated deadlines, those who apply after the published deadlines, or who do not currently meet stated Faculty admission requirements (including early conditional students who do not meet final admission requirements). This program is intended for first-time University of Regina students. Students must meet the

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

University of Regina English Language Proficiency requirements prior to admission as per §2.2.

The University of Regina Admissions Office will refer potential General Studies students to the Student and Instructor Services (Credit), Centre for Continuing Education after reviewing their admission applications and determining eligibility for General Studies.

General Studies students are guided by the following criteria:

- Students are admitted to General Studies for two terms only, during which they must work to provide admission documents and/or meet stated Faculty admission requirements.
- Students who have received a Faculty requirement to discontinue (RTD) or University-level forced withdrawal (MW) at the University of Regina or another post-secondary institution are not eligible to participate.
- Deadline for admission to General Studies is the first day of classes.
- Mandatory advising is required before registering for courses.
- Students are permitted to register in a maximum of 12 credit hours and four courses (which may include AMTH courses, ACAD 100 or 0 credit hour courses) per semester. Early conditional students who do not meet final admission requirements but who are already registered in courses will have their courses adjusted.
- The maximum length of time students are allowed to stay in either the Casual Student Program and/or the General Studies Program before applying to transfer to a Faculty is 24 credit hours.
- General Studies students will register during open registration.
- All regular academic performance regulations apply.
- Transfer credit will be reviewed if necessary.
- As this program is designed for first-time University of Regina students, General Studies students are not eligible for the Fresh Start program.

2.5.6 EXCHANGE PROGRAMS

Exchange programs are based on formal agreements between the University of Regina and another university or college (the "home institution") which allow its students to attend the University of Regina for a defined period of study of one or two terms (semesters).

The Application for Inbound Exchange Students and associated written procedures are available at the home institution. Applicants are admitted to the University of Regina faculty which offers the courses in which they are interested. Applicants must either submit their list of desired courses on the application form, or contact the faculty when they receive their admission letter. Applicants should note that admission to courses in some subjects is restricted to University of Regina degree program students, and should be prepared to make alternative selections.

Extensions of an exchange visit from one to two semesters are possible only if the agreement allows for a two-semester exchange and the home and host institution approves the extension.

2.5.7 PROFESSIONAL

A person who requires Business Administration courses for completion of a professional designation (CPA, CIM, etc.) may apply for admission to the Faculty of Business Administration as a Non-Degree Professional student. A one-time letter of permission from the professional organization is required. Students in this category cannot obtain a University of Regina certificate, diploma or degree, nor can they complete pre-Business requirements, while in this category.

Applicants are required to demonstrate proof of English language proficiency before admission.

2.5.8 SPECIAL (POST-GRADUATE)

Graduates of the University of Regina, and of other universities in disciplines offered by the University of Regina, may apply for admission as a special student to take courses for personal interest or continuing professional development. Applicants are admitted to the faculty offering the discipline in which they graduated. The terms of their registration are dictated by the faculty.

Applicants who have not previously attended the University of Regina must arrange for an official transcript to be mailed to the Admissions Office from the university from which they graduated. No other transcripts are required. Proof of proficiency in English (refer to §2.2) is required of applicants who graduated from a university where the language of instruction was not English.

2.5.9 VISITING (INCLUDING COMMON VISITING STUDENTS)

The Visiting Student Program allows students of another accredited university, college, or technical institute (the "home institution") to take courses at the University of Regina towards their program at the home institution.

Visiting students are admitted and registered by the Registrar's Office. Applicants must submit a completed Application for Admission & Registration for Visiting Students, with the application fee (§2.1.1), and a letter of permission from their home institution that lists the courses that they have permission to take. The letter of permission will be accepted either directly from the home institution or from the applicant.

Visiting students from Saskatchewan Polytechnic and the University of Saskatchewan who are attending under the terms of the Common Visiting Student program (formerly Campus Saskatchewan) must first be admitted to the program through their "home" institution. Information regarding the admission and registration process can be found at urconnected.uregina.ca/apply/admissions-requirements.ezc, or email: distance.registration@uregina.ca.

2.5.9.1 Students on Letters of Permission

Students, including international students, on Letters of Permission from legitimate post-secondary institutions outside of Canada are allowed admission to the university.

2.5.9.2 Visiting Undergraduate Research Program

This program allows the university to welcome and host undergraduate students who are not registered in courses. Students with this status will have access to the basic student services such as the University's library and recreational facilities. Students participating in this program must ensure that he/she has purchased appropriate International Health insurance coverage for the duration of their stay at the University of Regina. Students under this program will pay all appropriate admission fees.

2.6 RE-ADMISSION, FACULTY TRANSFER AND SECOND PROGRAMS

Re-admission is required when students have not registered in the past academic year (three terms) and want to register in the same faculty they last attended. Current or former students, who want to be admitted to a new faculty, or to be admitted through a federated college instead of the University or vice versa, must apply for a faculty/college transfer.

Admission, re-admission, and transfer are available only to current programs. Unless otherwise stated by a department with respect to a particular program, students re-admitted or transferred must follow and meet the program requirements in place at the time of their most recent re-admission or transfer.

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

2.6.1 APPLICATION DEADLINES FOR RE-ADMISSION AND TRANSFER

Applications are to be submitted to the Admissions Office or UR International in person by 4:30 p.m. or online before midnight on the posted deadline. Applications received after the deadline will be processed for the next available term (semester).

2.6.1.1 Exceptions to Re-admission and Transfer Deadlines

Students in the categories listed below follow deadlines in other sections, as indicated.

1. Required to appeal or petition for re-admission after being required to discontinue or because of a low GPA: §2.7.1
2. Applying to a Special (non-degree) category: §2.5.1

2.6.1.2 Recommended Re-admission Deadlines

Refer also to §2.3.1.1.

Fall Term	August 15
Winter Term	December 15
Spring /Summer sessions	April 15

2.6.1.3 Transfer Deadlines

Transfer deadlines are the same as for new admissions. See §2.3.1.

2.6.2 APPLICATION PROCEDURES FOR RE-ADMISSION AND TRANSFER

2.6.2.1 Application Fee for Re-Admission and Transfer

There is no charge for re-admission or transfer.

2.6.2.2 Documents Required for Re-Admission and Transfer

Students who have attended another recognized post-secondary institution since they were last at the University of Regina must have one official transcript sent directly to the Admissions Office from the institution(s) they attended. Photocopies and faxes are not accepted.

Re-admission after any forced withdrawal from the University is not automatic. Those reapplying must submit appeals to the Admissions Office and show cause as to why they should be re-admitted so that the relevant faculty can render a decision. Refer to §5.13.6.4 for additional applicable regulations.

In addition, students applying to the Faculty of Arts with a less than 60% UGPA on 15 or more attempted credit hours of approved post-secondary education are not automatically re-admissible and must petition for entry to the Arts Transition Program. Applicants to the Arts Transition Program must submit a letter of petition to the Admissions Office or International Admissions Office along with their application. See also §2.7 and §9.2.1.

Students applying for re-admission to the Faculty of Business Administration (all programs, including diploma and those offered via First Nations University of Canada) must meet the current admission requirements in place at the time of application for re-admission (see §2.4). All students re-admitted to the Faculty of Business Administration will be re-admitted initially to the Qualifying Program by the Admissions Office. The Faculty of Business Administration will move students to the appropriate program, as necessary.

Students applying for re-admission to the Faculty of Kinesiology & Health Studies with less than a 60% UGPA on 24 or more attempted credit hours of approved post-secondary education are not automatically re-admissible and must petition. Students who have failed more than 15 credit hours are not eligible for transfer to the Faculty of Kinesiology and Health Studies except with permission from the Office of the Associate Dean of Kinesiology.

Students may petition for re-admission by the deadlines given in §2.7.1. The letter of petition should accompany the application. If students are accepted for re-admission, conditions will be placed on their registration.

Proof of change of name must be supplied if documents are in a name other than that supplied on the application for re-admission or transfer. Refer to §2.1.2.

No other documents are required unless specified by a faculty: see §2.4.2.

2.6.2.3 Applying to a New Faculty

Students must submit a completed Application for Re-Admission or Faculty Transfer to the Admissions Office by the posted deadline with any documents noted in § 2.6.2.2 and §2.4.2. The Admissions Office notifies applicants of the transfer decision by mail.

2.6.2.4 Applying to a New Program in the Same Faculty

A change of program within a faculty is made by the academic office of the faculty or college through which the student is enrolled, most of them without formal procedures. There are a few exceptions:

1. Faculty of Arts students who are applying to the School of Journalism follow the procedures in §2.3.4.3.
2. Faculty of Education students who wish to change programs follow the procedure outlined in §11.2.1.
3. Faculty of Social Work Pre-Social Work and Indigenous Social Work Qualifying students who are applying to the BSW, BISW, or CISW follow the procedures in §2.3.4.5.

2.6.2.5 Transfers between the University and the Federated Colleges

Students who are enrolled in their faculty directly may apply to enroll through a federated college by submitting a completed Application for Re-Admission or Faculty Transfer. The same procedure is followed by students who are enrolled through a federated college and wish to enroll directly with the University of Regina.

2.6.3 FACULTY TRANSFER AVERAGES AND REGULATIONS

Internal applicants for transfer follow the requirements and regulations in §2.4.2, with the following exceptions:

- Transfer from the Centre for Continuing Education - §2.6.4
- Transfer from non-degree status - §2.6.5

Applicants for transfer to quota programs should consult §2.3.4 for additional information.

2.6.4 TRANSFERS FROM THE CENTRE FOR CONTINUING EDUCATION

Applicants for transfer from the Centre for Continuing Education to an undergraduate program follow the procedures for first-time applicants (§2.3), but do not pay the application fee. Applicants must meet the transfer requirements laid out in §2.4.2.

2.6.5 TRANSFERS FROM NON-DEGREE STATUS

Former degree program students of the University of Regina who have since pursued a non-degree program, follow standard transfer procedures to return to a degree program (§2.6.2).

Students who are first admitted with non-degree status (see §2.5) and who later wish to transfer to an undergraduate program, follow the procedures for first-time applicants (§2.3), but do not pay the undergraduate application fee if paid previously. Applicants must meet the transfer requirements laid out in §2.4.2.

2.6.6 ADDING A SECOND PROGRAM

Students interested in completing the academic requirements of two different programs at the same time, must discuss this option with an academic advisor in their current (Primary) program. Referring to the table below, adding an "Internal Secondary" program indicates both programs are within the same faculty and do not require a formal application. Adding an "External Secondary" program indicates both programs are not in the same faculty, and will require a formal application using an *Application for Undergraduate Concurrent Curricula Program* form:

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

<https://www.uregina.ca/student/registrar/printable-forms.html>

Admission to a Secondary program is dependent on approval of both the student's Primary and the potential Secondary program. Faculties that allow Secondary programs may have restrictions on the programs available. For additional information, refer to §6.2, Awarding of Additional and Concurrent Degrees.

2.7 APPLICANTS IN UNSATISFACTORY STANDING

Refer to §5.13 for all regulations governing Academic Performance.

The provisions in this section are for students who have been required to discontinue studies at the University of Regina, either through an RTD or an MW, including a University of Regina faculty or any other recognized post-secondary institution. All students who have been required to discontinue from the University of Regina are required to petition for re-admission. Students required to discontinue from a University of Regina faculty may either petition for re-admission to the original faculty or petition to transfer to another faculty (see §2.7.4.2). Once students have successfully petitioned a faculty, they must complete 9 credit hours in that faculty with a minimum grade of 60% in each course before transferring to another faculty or they will have to petition to transfer. Students wishing to return to a faculty from which they have been required to discontinue must petition that original faculty in order to be re-admitted or transferred even if the student has successfully completed academic work in another faculty since being required to discontinue. Students who have been discontinued by other post-secondary institutions on academic grounds do not have to petition for admission if they have subsequently been admitted to an approved post-secondary institution and established satisfactory standing by successfully completing a minimum of 9 credit hours, provided that they meet the admission standards of the faculty to which they are applying.

Even when students have been required to discontinue for a set period of time, admission or re-admission is not automatic. Students may only be admitted or re-admitted to the University if accepted by a faculty (see §2.7.2). When a student has been admitted, and the University later receives a transcript showing an undeclared involuntary withdrawal from a previous institution, the student's admission will be revoked and registration will be cancelled.

2.7.1 APPLICATION DEADLINES FOR PETITIONING STUDENTS

Applicants must meet the following deadlines, or those in §2.3.1.1, whichever are earlier:

	Application Deadline
Fall Semester	July 1
Winter Semester	November 1
Spring /Summer session	March 1
Note: General extensions of deadlines do not apply to applicants in this category; however, the Dean of the Faculty may specifically extend the petitioning deadline.	

2.7.2 APPLICATION PROCEDURES FOR STUDENTS PETITIONING TO RETURN AFTER BEING REQUIRED TO DISCONTINUE (RTD) OR FORCED TO WITHDRAW (MW) ON ACADEMIC GROUNDS

Applicants follow normal application procedures for admission, re-admission, or transfer, but must also appeal for re-admission (petition), by the application deadline (or document deadline, if applicable), to the Admissions Office or UR International. The letter, with other required documents, is forwarded to the requested faculty, which decides whether or not the applicant is to be admitted and any conditions for registration or continuance. The decision of the faculty is final. The faculty communicates its decision directly to the applicant. Applicants who are refused by one faculty may petition another for the next available term (semester).

2.7.3 APPLICATION PROCEDURES FOR STUDENTS PETITIONING TO RETURN AFTER BEING REQUIRED TO DISCONTINUE ON DISCIPLINARY GROUNDS

Students who have been expelled for misconduct may submit an application for re-admission and letter of petition to the University Secretary, Room 505.4 Administration-Humanities, 306-585-4436, for consideration by the Council Discipline Committee. If their petition is approved by the Committee, students must still meet the academic requirements for admission, re-admission, or transfer to their chosen faculty.

Students who have been suspended for misconduct and who have completed their suspension period are not required to petition. They must reapply and follow normal deadlines and procedures for admission or re-admission and transfer (see §2.3 or §2.6). Refer to definitions of "expulsion" and "suspension" in the Glossary.

At the discretion of the Director of Enrolment Services, an applicant who has been dismissed for disciplinary reasons from another post-secondary institution may be required to petition to the Council Discipline Committee and receive permission to apply for admission or re-admission before being considered on academic grounds. If the applicant is admitted, the previous dismissal may be considered in any future proceedings for misconduct.

2.7.4 RESTRICTIONS ON APPLICATIONS

2.7.4.1 Forced to Withdraw from the University (MW)

Applicants who have been forced to withdraw (MW) from the University of Regina will not be considered for admission, re-admission, or transfer to any faculty until the period of their discontinuance has expired.

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

2.7.4.2 Requirement to Discontinue from a Faculty (RTD)

Applicants who have been required to discontinue from a faculty may petition for transfer to another faculty, observing the normal deadlines and process for petitions, or may sit out the period of the RTD and petition for re-admission to the original faculty, following the petition procedures in §2.7.2. Refer to §5.13.8 for additional regulations.

2.7.4.3 Requirement to Discontinue from a Program

University of Regina students who have been required to discontinue from a program and who wish to change programs within the same faculty must consult their faculty on application procedures. Applicants for first-time admission and applicants for transfer to a new faculty must follow the petition procedures in §2.7.2, and may apply for the next available term (semester).

2.7.5 ACADEMIC RECOVERY PROGRAM

The Academic Recovery Program is a two-semester program that gives students who have experienced difficulties in university an opportunity to strengthen their study skills, evaluate their education and career direction, and build strategies to aid with future academic and personal goals. Students will take credit courses and participate in other activities designed to help them succeed academically. These include participating in support workshops, creating a personal and professional development portfolio, and participating in guided study sessions. Students will have access to additional tutoring and support as well as academic success advice from experts.

For specific details about the program, refer to §5.13.10.

2.8 RECOGNITION OF PRIOR LEARNING

2.8.1 TRANSFER OF CREDITS BETWEEN PROGRAMS OF THE UNIVERSITY OF REGINA

All undergraduate credit courses offered by faculties at the University of Regina are accepted for credit by the remaining faculties, to the extent allowed by program requirements. A student who enters a new program or faculty may have courses that are extra to the degree program. Graduate courses may not be credited towards undergraduate programs.

The following University of Regina courses are included in academic performance evaluation and carry credit towards enrolment (for example, towards full-time registration status for student loans, visas, or CIS participation), but do not necessarily carry degree credit:

Type of course	Credit towards enrolment	Degree credit
Certificate courses, Centre for Continuing Education ¹	3 credit hours	Varies by faculty. Consult the individual faculty sections of this Calendar.
Adult Mathematics courses (AMTH)	3 credit hours	None
Matriculation English courses (ENGL 090, 091), FN Univ	3 credit hours	None
University preparation courses	3 credit hours	Varies by faculty. Consult the individual faculty sections of this Calendar.

¹ Certificate programs may be composed of either certificate courses or University of Regina degree courses, or a combination of the two. Degree courses carry 3 hours of credit that is recognized by all faculties.

2.8.2 TRANSFER OF CREDITS FROM OTHER POST-SECONDARY INSTITUTIONS

The University of Regina accepts the Pan-Canadian Protocol on Transferability of University Credits; see: www.cmec.ca/

Relevant undergraduate courses taken at other recognized universities, colleges, and technical institutes both within and outside Canada, are considered for credit towards University of Regina programs. Undergraduate general studies courses taken at Bible colleges, theological colleges, and seminaries that are member institutions of the Association of Universities and Colleges of Canada (AUCC), affiliated with an AUCC member institution, or accredited by the Association of Biblical Higher Education (ABHE) or the Association of Theological Schools (ATS) will also be considered for credit, but the University does not give credit for courses in theology or ministerial preparation. The University also does not award credit from courses taken at private vocational schools.

Applicants who have taken courses at a Quebec CEGEP beyond the minimum required for admission or at a post-secondary institution outside Canada, and who would like to have those courses considered for transfer credit, must submit to their Faculty an institutional calendar that includes descriptions of courses taken. If the material is in a language other than English or French, an official original translation must accompany the documents. If descriptions of the relevant courses are available in English on the institution's website, the appropriate web reference will be accepted in lieu.

Transfer credit will be considered for course work beyond 12 years of formal education or an equivalent credential approved by the University of Regina.

The evaluation of transferable credits is made by a student's faculty, usually at the time when the student first registers for classes. The University of Regina evaluates courses taken at other institutions only for admitted students and only for credit towards academic programs. For those programs in which credit may be granted for work experience, a block of non-specific credit is recorded with an "institution" of Occupational Experience.

A transfer credit evaluation made by one faculty may be reviewed and adjusted by the new faculty if a student transfers. The following principles apply to this process:

1. Courses that are given a specific University of Regina course equivalent (e.g., ENGL 100, ADMN 260) are recognized by all faculties, subject to the minimum grade required (see §2.8.2.1) and the requirements of the student's new program.
2. Courses that are given non-specific credit (e.g., ENGL Level 100, ELEC Level 200), and courses in disciplines not offered by the University of Regina, will be re-evaluated by the new faculty and credit may be altered or refused.

2.8.2.1 Minimum Grades Required for the Awarding of Transfer Credit

The minimum grades shown in the first and second columns of the next table are for Canadian universities using a percentage-based grading system in which the lowest passing grade is 50% and 60% respectively. The third column provides U.S. post-secondary equivalent grades. Grades from other grading systems and types of institutions will be converted for this purpose. Grades in courses awarded transfer credit are not used in calculation of GPAs except as noted in the Faculty sections of this Calendar.

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

Student's Faculty	Minimum grade considered for transfer credit (50% passing grade)	Equivalent for post-secondary institutions with a 60% passing grade ¹	U.S. post-secondary equivalent grade
Arts	50%	60%	C (1.7 GPA)
Business Administration	60%	68%	C (2.0 GPA)
Centre for Continuing Education	50%	60%	C (1.7 GPA)
Education	60%	68%	C (2.0 GPA)
Engineering and Applied Science	60%	68%	C (2.0 GPA)
Kinesiology & Health Studies	60%	68%	C (2.0 GPA)
La Cité	50%	60%	C (1.7 GPA)
Media, Art, and Performance	60%	68%	C (2.0 GPA)
Nursing	60%	68%	C (2.0 GPA)
Science	60%	68%	C (2.0 GPA)
Social Work	50%	60%	C (1.7 GPA)

¹ Faculties reserve the right to accept grades at face value from other institutions to the University of Regina.

2.8.2.2 Residence (limit on transfer credit)

The University of Regina requires a minimum of half the credit hours required for any degree, diploma, or certificate program to be University of Regina courses, unless otherwise stated in the faculty sections of this Calendar.

2.8.3 TRANSFER OF CREDITS FROM IB AND AP PROGRAMS

Advanced Placement (AP) courses with a grade of 4 or better and higher-level International Baccalaureate (IB) courses with a grade of 5 or better may be granted transfer credit. A list of currently transferable courses can be found at urconnected.uregina.ca.

An official IB or AP transcript is required in addition to the provincial high school transcript, and must be sent directly from the AP or IB main office to the University's Admissions Office.

2.8.4 TRANSFER OF CREDITS FOR COURSES TAKEN AFTER ADMISSION

Admitted students who wish to take courses offered by other post-secondary institutions towards their program at the University of Regina must apply to their faculty or college office for permission to be a visiting student or (if an inter-institutional agreement is in place) exchange student at the chosen (host) institution. The courses to be taken must be specified. Faculties may refuse transfer credit for courses taken without permission. Following completion of the approved courses, one official transcript must be sent from the host institution to the University of Regina's Admissions Office.

Off-campus students who wish to take courses from Saskatchewan Polytechnic or the University of Saskatchewan as a visiting student should refer to §2.5.9:

For more information about exchange programs, see §8.1.2.

2.8.5 CREDIT BY CHALLENGE

Challenge examinations allow a student to obtain credit by demonstrating mastery of the course material in a comprehensive examination. The following restrictions apply:

- students who have attended another university before the University of Regina may not apply for credit by challenge until the evaluation of transfer credits from their previous university program has been completed;
- except in special circumstances and with the permission of the Dean of their faculty, students may not apply for credit by challenge if they have completed more than 15 credit hours at the University of Regina;
- courses audited or taken for credit (whether passed or failed) at the University of Regina or any other university may not be challenged;
- no course may be challenged more than once;
- students may not challenge a prerequisite course after successfully completing the advanced course except by permission of the department head.

Each faculty and department may decide which courses may be challenged. No business administration, education, or activity-based courses are eligible for challenge. Each faculty and department also determines the method of conducting the challenge examination, which must be in a form that can be reassessed. Grading of a challenge examination is the same as that of the course challenged (that is, either numerical or pass/fail). A student may apply to have the grade assigned to a challenge examination reassessed according to the procedure in §5.11.

Applications to challenge credit are made through the Registrar's Office, using an Application for Credit by Challenge. The fee for the examination is the same as tuition and fees for the regular course.

2.8.6 PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR)

PLAR is facilitated through the Centre for Continuing Education (see §18.2.3.7). Some faculties and academic units on campus have formal policies on Prior Learning Assessment and Recognition: Other forms of PLAR in limited use at the University of Regina include:

- Block (transfer) or direct credit, or advanced standing, for work experience in selected programs that require this type of experience;
- Evaluation based on portfolio.

Those interested may consult their faculty or college.

Centre for Continuing Education:

Centre for Continuing Education students may be granted PLAR credit for up to a maximum of six credit hours toward the Centre's credit certificate or diploma programs, except for the Certificate in Administration Level I & II.

Faculty of Arts: The Faculty of Arts may evaluate and grant credit for qualifying informal learning up to a maximum of 15 credit hours. Credit may be granted on a case by case basis and according to the Recognition of Prior Learning (RPL) assessment process. Credit will only be awarded for demonstrated learning which includes knowledge, skills and abilities. It will not be awarded for experience alone. See §9.3.2 for further details.

Faculty of Kinesiology and Health Studies: The Faculty of Kinesiology and Health Studies will evaluate and grant credit for qualifying previous formal and non-formal learning that is equivalent to Faculty courses or programs (up to 15 credit hours). Recognized prior learning will be applied toward the requirements of Faculty programs. See §14.3.3 for further details.

Faculty of Media, Art, and Performance: A Student may be granted a maximum of thirty credit hours for recognized prior learning towards a degree offered by the Faculty of Media, Art and Performance. See §14.3.3 for further details.

2. Admission, Re-Admission, Faculty Transfer, and Recognition of Prior Learning

Faculty of Social Work:

A student may apply for Prior Learning Assessment and Recognition, which may be obtained through a supervised practicum, employment experience in a social work setting, and/or completion of professional development activities, to be considered for social work course credit where their knowledge, skills and abilities meet the goals and objectives of that course.

- Students applying for credit for SW 348, Practicum, must:
- Have a minimum of the equivalent of 2 years of full-time waged or unwaged human service experience, which has been completed in the past 10 years;
- Have successfully completed the prerequisites for the course (currently SW 390, SW 346, and SW 100, 6 additional SW credit hours, plus a minimum grade point average of 70% in the Social Work portion of their BSW) prior to credit being granted;
- Contact the appropriate Practicum Placement Coordinator prior to the relevant practicum application deadline to discuss their intent to apply for PLAR credit and, if needed, participate in the placement planning process; and,
- Clearly demonstrate in their PLAR application how they have met the objectives and competencies for SW 348.
- Students may be granted a maximum of fifteen (15) social work credit hours for recognized prior learning towards the social work portion of the BSW program. See §17.3.3 for further details.

3.1 ELIGIBILITY TO REGISTER

Students are eligible to register if:

1. They have been admitted to the University;
2. Unless new to the University, they have registered at least once in the last three terms (semesters);
3. They have not been forced to withdraw from the University (MW) or required to discontinue from a faculty (RTD);
4. They do not owe money to the University;
5. Their time-ticket is valid.

Students who have not attended in the past three terms (semesters) must apply for re-admission (see §2.6).

Students who were required to discontinue for academic or disciplinary reasons must petition for re-admission (see §2.7).

In most faculties and colleges, academic advising is recommended. Registration is based on space availability – first-come, first-served once the eligible student's time-ticket is valid. Students are required to monitor space availability in class.

3.2 HOW TO CHOOSE COURSES

Go to *UR Self-Service* at www.uregina.ca to obtain the latest information on registration.

Students must ensure their campus, faculty, program(s), major(s), and minor(s) information is correct by reviewing their information on *UR Self-Service*.

Students may consult the appropriate section of this publication for detailed information on course and program requirements and other departmental, faculty and university regulations.

Students may consult the Class Schedule to obtain information on the restrictions and/or comments associated with the class schedule. Descriptions of courses offered by the University of Regina and an explanation of the course numbering systems can be found in §24 of this Calendar. Note that:

- Not all courses are offered each term (semester).
- The Spring/Summer and Winter term (semester) Class Schedule is published on *UR Self-Service* (www.uregina.ca) approximately one month before the start of registration for that semester. The Fall term (semester) is available approximately six months prior to the start of the semester.
- The Class Schedule is normally revised until the end of the first week of classes for a given term (semester) or session.

Some courses and/or sections will require Registration Permit Override(s) (see §3.2.2) prior to registration.

Students are encouraged to consult with an advisor prior to attempting registration. Students can prepare for an advising appointment by reviewing the requirements for their chosen academic program in the relevant faculty section of this Calendar and the course descriptions that appear to meet those requirements, making a list of those that most interest them.

When selecting courses, students must pay attention to the following:

- Level of the course (often indicated by the first digit of the course number);
- Required prerequisite or corequisite courses (see glossary);
- Sequencing of courses in the programs (see the relevant degree program outline);
- Required laboratory and seminar sections for some lecture courses;
- Course and Class Schedule restrictions and comments;
- The fit of the course within the degree program;
- The class schedule (conflicts, the time needed to get to the next class);
- Final examination schedule (conflicts, and how many exams in how many days);
- Courses and classes requiring a Registration Permit-Override.

Online (self-service) registration may not prevent students from registering in courses for which they have not met the prerequisite(s) and/or that do not apply to their degree program.

Students can obtain assistance with course selection by making an appointment for academic advising. While faculty and advising staff will provide guidance, students are ultimately responsible for:

- Program or degree selection;
- Compliance with course and degree requirements;
- Course selection;
- Observance of policy, procedure, and deadlines;
- Security of their academic record; and
- Registration.

3.2.1 ACADEMIC ADVISING

Faculty/College Academic Advising Offers:

- specific advising related to course selection and program planning;
- professional information related to your major/program of study;
- help in determining course equivalencies and substitutions;
- transfer credit evaluations; and
- assessment of graduation requirements.

Student Success Centre Academic Advising Offers:

- academic advising for students facing academic challenges and those who have not chosen a major;
- more in depth information related to on-campus supports and resources;
- information for undecided students on the various programs available;
- Interpretation of general university academic policies and procedures;

3. Registration

- information about eligibility and registration for the Academic Recovery and Arts Transition Programs; and
- assistance using UR Self Service, Degree Audit, and Visual Schedule Builder.

For contact information for your Academic Advisor visit www.uregina.ca/student/ssc/academic-advising/who-do-i-see.html or see the inside cover of this Calendar.

3.2.2 REGISTRATION PERMIT-OVERRIDES

When appropriate, students may obtain permission to register in a section when course or class pre-requisites, co-requisites, repeat, link, program, faculty, campus, and/or other registration restrictions are not satisfied.

This permission is based on the academic, course, class, and degree regulations. Permission is not automatic and will be given only when the regulations are met.

The faculty or college office determines who is qualified to grant and enter the registration permit-override on the student's academic record. Permission is assigned to the student for a course or a class (section) of a given semester.

Permission does not guarantee that the student will be registered, that space will be available in the section, or that the course will apply to the student's program. The permission only allows the student to bypass the registration restrictions of the course or section. Once the permission is assigned the student may proceed with registration in that course or section.

Please consult the appropriate academic regulation, course, program, or degree section of the Undergraduate Calendar to determine if permission is needed and how to obtain that permission if it is required.

Permission is needed in order to register in a course:

1. With campus, college (faculty), program, major, minor, or concentration restrictions that apply to the student;
2. For a second time (to repeat a course);
3. With high school course prerequisite(s);
4. Where the student will use a course from another university to meet the prerequisite at this university;
5. Beyond the maximum number of students allowed in the course (an overload permission);
6. That creates a time conflict with other courses within the semester;
7. With a required lab or seminar where the student has permission to not repeat the lab or seminar of the course;
8. That requires Department Head, Instructor or other permission;
9. That is an internship, practicum, or work term (Registration must be completed in the student's Faculty/College office.);
10. Taught in another language (This does not include language courses.);
11. Beyond the maximum number of hours of registration permitted by the student's Faculty or College;
12. That is not listed on the *UR Self-Service*, Class Schedule (Registration in some courses is only available in the student's Faculty or College office.).

3.3 HOW AND WHEN TO REGISTER

3.3.1 REGISTRATION AVAILABILITY

Registration in faculty and college offices and the Registrar's Office is conducted from 8:30 a.m. to 12:00 noon, and 1:00 p.m. to 4:30 p.m., Monday through Friday, unless otherwise posted.

Online (self-service) registration begins at 9:00 a.m. each day and is closed only for regular system updates and maintenance.

Students are not permitted to register or be registered by their Faculty or College in any classes in advance of their assigned time-ticket.

Fax and email requests for registration are also accepted by most faculties and colleges. Fax and email requests must include the student identification number and full details of all courses that are being requested. Mailed and faxed requests must be signed.

Students are responsible for the correctness of their registration and must review their academic record on *UR Self-Service* for any registration activity made on their behalf (see §5.1).

3.3.2 DATES OF REGISTRATION

Registration begins on; March 7, 2017 for 2017 Spring/Summer and 2017 Fall and on November 7, 2017 for 2018 Winter.

Students will find their registration time-ticket listed in their account on *UR Self-Service*.

Once registration has opened, it remains open until the deadline to add or change courses, which falls at the end of the first ten days of classes in most Fall and Winter courses. For more detail, see §1.2.

Students registering for audit do so on the last business day before the start of classes. Refer to §3.5

3.3.3 REGISTRATION TIME-TICKET

Students register according to a priority system in which those who have earned the most credit hours register first. Transfer credit hours (which must already be granted by the Faculty and entered in the system) and credit hours in progress are included in the counts, which are not rounded.

Registration time-tickets are visible to students online in *UR Self-Service* (www.uregina.ca) approximately one month prior to the start of registration. Information on time-ticket assignment will be posted as soon as it is available each semester.

3.3.4 WAITLISTS

Waitlist functionality was added as an option beginning in the Winter 2013 registration period. Detailed information regarding waitlists can be found at

www.uregina.ca/student/registrar/registration/waitlists/index.html

3.3.5 MAKING CHANGES TO REGISTRATION

Registration changes are made in the same way as the initial registration. Students are encouraged to make changes to their registration online up to the deadline for withdrawing from a course without a failing grade.

The University does not accept or recognize changes to registration made by telephone. If online changes are not possible for students, students may make changes to their registration in their Faculty or College office, or they may mail, fax or email registration requests (students should check with their Faculty or College office for which methods they will accept). Please note that mailed, faxed or emailed requests must clearly indicate the student's full name, student identification number, major, and which courses are to be added or dropped. Mailed or faxed requests must be signed. Students must confirm their changes by viewing their courses on *UR Self-Service*

For changes made online, the effective date and time is when *UR Self-Service* processes the changes. When a request is received by mail, fax or email, the effective date is the date of receipt in the faculty or college office, and not the date on the letter or form or the date of the postmark or the date the email was sent.

3. Registration

No courses may be added after the deadline to add or change courses or sections (see §1.2) without the written permission of the instructor of the course and the Dean or designate of the student's faculty. Such permission is not automatic and will be given only in exceptional circumstances. If approved, the registration will be processed by the faculty or college office.

After the start of the term (semester), students who are dropping courses may receive a grade of W (withdrawal) or NP (failure), and may receive no refund or only a partial refund of tuition and fees, depending on the date of the drop. See §1.2 for the schedule of automatic fee refunds and assignment of grades in the majority of this year's courses, and §4.13 for an explanation of additional adjustments that may be applied for.

Students may drop class(es) online up to the deadline for withdrawing from a course without a failing grade. Changes after the deadline, must be made in their Faculty or College office, or students may mail, fax or email registration requests (students should check with their Faculty or College office for which methods they will accept). Please note that mailed, faxed or emailed requests must clearly indicate the student's full name, student identification number, major, and which courses are to be added or dropped. Mailed or faxed requests must be signed.

3.4 COURSE LOAD

The number of credit hours in which a student may register (= course load) for either Fall or Winter semester is normally a maximum of 15.

The normal maximum course load for either Spring/Summer session is 6 credit hours, for a normal maximum total of 12 credit hours in the Spring/Summer session, as follows:

Spring	Summer
6 credit hours in part of term 4, or 3 credit hours each in parts of term 2 & 3	6 credit hours in part of term 7, or 3 credit hours each in parts of term 5 & 6

Some faculties and programs require or allow a course load that is higher than those described, while others may permit an overload. Students who are on academic probation may have their course load restricted. Please refer to the faculty sections of this Calendar.

The implications of course load for scholarships and loans are described in §7, Financial Aid.

3.5 HOW TO REGISTER FOR AUDIT

Students registering for audit do so on the last business day before the start of classes. People who want to audit a course do not have to follow normal University admission procedures or meet admission requirements. Applications for Audit Registration are available at the Registrar's Office, and require the approval of the instructor of the course, which will not normally be given until the last business day before the start of the course. Completed applications with the signature of the instructor are processed by the Registrar's Office. Some courses are not open to audit students. Students on a forced-withdrawal (MW) may not audit courses at the University. Registration for Audit cannot be completed online. These courses will NOT appear in a student's schedule, if viewed through *UR Self-Service*.

Audit students may attend lectures, but may otherwise participate in classes only to the extent permitted by the instructor. Audit registrations are recorded on an official transcript with a grade of AU; students who formally withdraw and students who are known to have ceased attending will have the grade changed to AW (audit withdrawal). The deadline for admitted students to change from credit to audit or audit to credit is the add deadline. No changes will be permitted after the 100% drop deadline. Audit withdrawals and audit to credit changes cannot be done online.

The cost of auditing a course is 50% of the normal tuition for the course. Students who formally withdraw may be eligible for a refund of fees: refer to §4.12 and §4.13.

3.6 WITHDRAWAL FROM THE UNIVERSITY

Students who register and are subsequently unable to attend classes must either drop the classes online or contact their faculty or college office to cancel their registration. If this is not done before the start of the semester, financial and academic penalties apply. See §1.2 for the schedule of automatic fee refunds and assignment of grades in the majority of this year's courses, and §4.13 for an explanation of additional adjustments that may be applied for.

Students may drop class(es) online up to the deadline for withdrawing from a course without a failing grade. Changes after the deadline must be made in their Faculty or College office, or they may mail, fax or email registration requests (students should check with their Faculty or College office for which methods they will accept). Please note that mailed, faxed or emailed requests must clearly indicate the student's full name, student identification number, major, and which courses are to be added or dropped. Mailed or faxed requests must be signed.

The University does not cancel registration on the basis of non-attendance.

Students who do not formally withdraw are liable for assessed tuition fees and receive failing grades.

3.7 MEDICAL OR COMPASSIONATE WITHDRAWAL

Students who are withdrawing from one or more courses, after the end of the 100% refund period, for reasons beyond their control (such as illness or accident, or involuntary job transfer) should complete an Application for Adjustment of Fees and/or Grades at the time they withdraw. Supporting documentation is required. Refer to §4.13 for information about adjustments of fees in these cases and to §5.7.5 for additional information about supporting documentation.

When students become ill or suffer an accident or bereavement after the academic withdrawal deadline, or unsuccessfully attempt to continue in classes until after the deadline, they should consult their faculty or college office about the options available to them.

3.8 RETROACTIVE WITHDRAWAL

After the end of the semester, in extenuating circumstances only and at the discretion of the students' faculty or college, students who might have been eligible for a medical or compassionate withdrawal (refer to §3.7) may apply instead to their faculty or college for a retroactive withdrawal, which consists in the conversion of numeric grades and/or grades of NP to neutral grades of W. Only withdrawal from all courses in the relevant semester will be considered. Students must complete an Application for Adjustment of Fees and/or Grades and provide supporting documentation as described on the form, and an explanation of the reason for the lateness of the application.

A retroactive withdrawal is an unusual privilege, not a right, and will be allowed no more than once in a student's academic career.

3.9 ATTENDANCE WITHOUT REGISTRATION

Students are not allowed to attend courses for which they are not registered. Only those registered in a course may attend it. Students wishing to attend but who do not wish to receive credit may register as audit students, with prior permission of the instructor of the course.

3.10 PROXY REGISTRATION

Students who wish another person to register them or make changes to their registration must provide their proxy with written, signed permission to act on their behalf. The note of authorization will be retained by the student's faculty or college.

3. Registration

3.11 STUDENT SCHEDULES

Students may at any time check the courses in which they are registered by consulting *UR Self-Service* at www.uregina.ca. Classroom changes occur throughout the registration period, so students should check their final schedule, with locations, before classes begin. A list of building codes can be found in §25.4 of this Calendar.

3.12 IDENTIFICATION CARDS

Each student is required to have and carry a University photo identification card, which is needed to use the library and recreation facilities, and may be requested for admission to examinations and laboratories.

Photo identification cards are obtained from the Registrar's Office, AH 210. Students must present a valid driver's license, passport, or government issued photo identification, Student Photo ID cards can only be issued when the student is registered. The initial card is free. A replacement fee of \$10.00 is charged for any cards that are lost, stolen or damaged.

The hours during which identification cards are produced are posted on the University of Regina website www.uregina.ca/student/registrar/photoid.html.

3.13 CHANGES OF NAME

Students are required to use their current full legal name when applying to the University, and attest by completing the application form that the information they are supplying is complete and correct. Any previous legal names should also be listed on the application form.

Students must provide supporting documentation to the Registrar's Office (AH 210) in order to have their name changed in the University's student information system and in their official student record.

Application for a name change is made using a Change of Name form, available from the Registrar's Office or at www.uregina.ca/student/registrar/assets/docs/pdf/forms/name_change.pdf. A letter, provided it is signed and dated and supported by the required documentation, is also acceptable. For information about acceptable types and formats of documentation, consult the Registrar's Office.

The University may request proof of a legal name change when transcripts from an institution are in a name other than that appearing on an application for re-admission or faculty transfer, or if a name is entered on the application that does not match the name in the University's records.

For information about acceptable forms of documentation and to print the required Change of Name form, refer to www.uregina.ca. Information is processed under the current name on the University's system until a Change of Name form and acceptable documentation are received.

3.14 CONFIRMATION OF REGISTRATION

Currently-registered students may obtain a confirmation of registration through *UR Self-Service*. This printer-friendly confirmation notice is designed to serve most purposes for which students need to prove that they are currently enrolled.

Formal verification of registration when needed (i.e., a special form to be completed, or signature by a University official and/or an official stamp is required) is provided at the Registrar's Office (AH 210).

Students may request a confirmation of enrolment letter from the Registrar's Office with proof of identification or written authorization. Confirmation of enrolment letters will not be released to third parties without written consent from the student.

3.15 REGISTERED EDUCATIONAL SAVINGS PLANS (RESPs)

RESP forms are verified by Registrar's Office staff (AH 210) based on credit hours successfully completed. Refer to the glossary (§25) for the definition of year of study.

4.1 CHANGES TO TUITION AND FEE RATES

Changes to tuition and fee rates are normally implemented for Fall semester, but the Board of Governors reserves the right to change any rates without prior notice.

4.2 DIFFERENTIAL TUITION RATE FOR INTERNATIONAL STUDENTS

International (Visa) Student Tuition – The international undergraduate tuition rate for international students is 3.0 times the regular undergraduate tuition rate (i.e., in 2015-2016 students registered in Faculty of Arts are assessed \$629.15 per credit hour instead of \$294.15 per credit hour). Other fees are the same as for Canadian students.

International students who attend the University of Regina must have a valid study permit. If you are enrolling in a short-term course or program of six months or less, a visitor's visa may be acceptable. However, if you think you might study for more than six months, it is a good idea to obtain a study permit before you arrive.

A change in immigration status must be reported to the International Admissions and Recruitment Office in UR International. Students who are living in Canada as authorized workers or on a work permit must have a valid study permit to study in Canada. Students who have applied for permanent residence status pay international student tuition until the residency is granted by the Canadian Government. Students must submit a copy of their permanent residence status to the UR International office. Any change in tuition rate that results from a change of immigration status, takes effect in the following semester upon receipt of a copy of the official documentation confirming permanent residency status.

4.3 SENIOR CITIZENS' TUITION WAIVER

Effective September 1, 2017:

Tuition, subject to certain restrictions, may be waived for persons 65 years of age and over (as of the end of the semester in which they enrol) up to a maximum of 15 credit units total during the Fall and Winter Terms (September to April) and a maximum of six credit units total in Spring and Summer Terms (May to August). The waiver applies to tuition only. Students are responsible for any materials fees, laboratory fees, student fees and other course-related costs. The waiver applies to registration as an audit or credit student in credit courses.

In order to qualify for the waiver, students must submit proof of age to the Registrar's Office.

The waiver does not apply to courses that are filled with students paying tuition, to internships or co-op work placements, exchange programs, courses which are held outside Canada, graduate courses, thesis or project supervision or maintenance of status for graduate students, non-credit courses, courses in fully on-line programs, or courses offered as part of a contract.

Students registered at the University prior to May 1, 2017, and who previously benefited from a tuition waiver under the previous policy for courses in their current program, continue to be eligible for tuition waiver for courses in the program in which they are registered until they complete the program or withdraw.

Please refer to §7.5 for a full description of policies and procedures.	

4.9 SPONSORSHIPS

On receipt of a letter from a sponsor such as a tribal council or funding agency, Financial Services bills the agency directly. The account is considered to be uncleared (see §4.11) until payment is received from the funding agency. The letter is considered to expire at the end of the semester, at which point interest charges begin to accrue (see §4.10).

4.10 LATE PAYMENT

The deadlines for payment of fees without penalty can be found in §1.2. Students who have not paid their fees by the deadline are assessed charges of 1.5% of the total amount owing.

4.11 UNCLEARED ACCOUNTS

Students who owe money to the University are not allowed to register, make changes to their registration, or obtain transcripts or diplomas.

Uncleared accounts are turned over to a collection agency after approximately 6 months.

4.12 AUTOMATIC REFUNDS FOR REGISTRATION CHANGES

The semester is divided into three drop deadlines for fee refunds:

- Period 1: 100% refund of tuition and semester- and course-based fees.
- Period 2: 50% refund of tuition, no refund of semester- and course-based fees.
- Period 3: no refund of tuition or fees.

Dates of refund periods for most courses are given in §1.2. Dates for other parts of term can be found on-line in *UR Self-Service* by clicking on Class Refund Schedule. The information can also be obtained at faculty and college offices and the Registrar's Office.

Refunds generated by withdrawals in periods 1 and 2 are automatically credited to the student account.

4.13 APPLICATION FOR ADJUSTMENT OF FEES

Students who withdraw from one or more courses after the 100% drop deadline, for reasons beyond their control such as illness, accident, or involuntary job transfer, may be eligible for an additional refund of tuition based on the portion of the semester they were unable to attend. Semester- and course-based fees are non-refundable. The date used to calculate a refund will be the date on which the student withdrew, unless the student ceased attending classes on a date explicitly supported by the documentation provided (for example, a date when

the student was hospitalized). Refunds of tuition for courses in part of term 1 are as follows (tuition for courses in other parts of term is prorated).

Withdrawal in:		
Week 3: 77%	Week 7: 46%	Week 11: 15%
Week 4: 69%	Week 8: 38%	Week 12: 8%
Week 5: 62%	Week 9: 31%	Week 13: 0%
Week 6: 54%	Week 10: 23%	

A one-time refund of tuition may be possible when a student has made a registration error. Semester- and course-based fees are non-refundable. There will be no further fee adjustments for any subsequent errors.

Students are not normally liable for tuition or fees incurred as the result of a registration error by a University staff member. Students should ensure that they receive and keep a record of any registration or registration change made on their behalf, as they may be required to produce it.

Requests for adjustments are to be submitted to the Registrar's Office on an Application for Adjustment of Fees and/or Grades, available online and from faculties, colleges, and the Registrar's Office, which also have the recommended form of medical certificate. Supporting documentation is required, as described on the form. The deadline for application is two calendar years from the end of the semester for which the adjustment is requested.

A credit balance resulting from a refund or fee adjustment is retained on the student account unless (1) fees were paid by Canada Student Loan or (2) the student makes a written request to the Financial Services Office to release the funds as a cheque. Refunded fees that were financed by a student loan are returned by the University to Canada Student Loans.--+

Students may make a written appeal to the Registrar with respect to the outcome of their application for an adjustment of fees. The Registrar's decision is final.

4.14 EDUCATION DEDUCTION CERTIFICATE (T2202A)

Students' Education Deduction Certificates are posted to their web record by the end of February.

5.1 RESPONSIBILITIES OF STUDENTS

Students' responsibilities include:

1. reading, understanding and complying with the University's and their faculty's academic regulations, which are updated each year in the Undergraduate Calendar and Course Catalogue;
2. reading, understanding and complying with degree and program requirements in the Undergraduate Calendar and Course Catalogue, and obtaining clarification from their faculty or college office if necessary;
3. following course prerequisites (listed preceding or following course descriptions in §24 and the recommended or required sequencing of courses);
4. requesting academic advising on a regular basis. While faculty and advising staff provide guidance, students are ultimately responsible for their program and degree selection and compliance with course and degree requirements;
5. reading and understanding procedures and deadlines for registration, for making changes to their registration, and for withdrawal (see §1.2 and §3.6);
6. reading and understanding procedures and deadlines for applying for awards (see §7);
7. ensuring that their course registrations for each semester are correct by checking their web record (see §8.2.7);
8. reporting any errors in their course registration to their faculty or college office before the end of the first week of classes;
9. before dropping courses, consulting the appropriate University office or external agency about the consequences of a reduced course load for student loans or other external funding, awards, or visas;
10. obtaining and carrying a student photo ID card (see §3.12);
11. paying fees on time (see §1.2 and §4.7);
12. verifying the appropriateness of grades awarded them by checking their web record;
13. ensuring that any appeals of grades received are made within six weeks of the date that the grades are posted to the web;
14. keeping the University provided with a current, valid mailing address at all times by updating their web record; and
15. applying for graduation (see §6.4).

5.2 RESPONSIBILITIES OF INSTRUCTORS

1. During the first three hours of instruction in any course, the instructor will provide students with a written course outline which should include:
 - The content of the course;
 - Any prerequisites for the course;
 - A list of assignments and examinations, with due dates if possible;
 - The grading scheme: weightings of the assignments and examinations;
 - The instructor's policy on attendance, if any (see §5.3); and
 - The instructor's policy on late assignments and missed examinations.

Any later proposed changes to the grading scheme must be circulated in writing and consented to by the students registered in and attending the course (see also §5.3).

2. During the semester and at examination time, instructors will maintain proper records of the assessments of the different parts of the work subject to assessment.

5. Attendance, Evaluation, Discipline and Appeals

- Students' final examination papers will be retained for a period of six months.
- Instructors will submit grades for approval of the department head or dean (as appropriate) no later than 5 calendar days (not including Sundays) after the date of the final examination. In the case of courses having no final examination, instructors must submit final grades for approval of the department head and dean (as appropriate) no later than 10 calendar days (not including Sundays) after the start of the Fall or Winter final examination period; or within 5 days of the start of the final examination period in Spring/Summer and other shorter parts of term.
- For numerically graded courses, instructors are expected to submit / enter the actual grade earned in the class. 40% should be entered only if it is the actual earned grade.
- At least 75% of the work used to arrive at a student's grade should be of such a nature that it can be reassessed by an independent examiner. When an instructor wishes to deviate from established practices, and especially when methods of evaluation may make it impossible to follow these recommendations, such evaluation methods must be approved by the dean.
- Practicum supervisors are encouraged to adopt a method of evaluation that provides continuous information to students on their performance during a practicum. All supervisors are responsible for maintaining all of the documentation on which the evaluation is based.
- Instructors are expected to conduct their courses in such a way as to obtain evidence of student writing skills, in term papers, essays, reports, or other written work, and to demand competence in writing for a passing grade.
- Instructors will report suspected cases of academic misconduct in courses that they are teaching to the dean or designate of the faculty offering the course.

5.3 ATTENDANCE

Regular and punctual attendance at classes provides a foundation for academic success, and is expected of all students. When the persistent lateness or absence of a student jeopardizes the learning or the evaluation of the work of other students in the course, the student may be subject to penalty, including being dropped from the course or being barred from writing the final examination. One written warning will be provided to the student before such action is taken.

5.4 AUDIO AND VIDEO RECORDING OF CLASSES

Students may audio-record or video-record classes only if they have received authorization from the instructor. Such authorization may come about as a result of a request made to the [Centre for Student Accessibility](#). In the case of classes that involve participation by students, consent of the other students in the class is also required.

If students receive authorization, the following conditions apply:

- The materials remain the intellectual property of the instructor.
- The materials may only be used for the purposes of private study, and may not be used by any other persons other than the student receiving the authorization.
- Unless there is a different agreement between the student and the instructor, the materials must be destroyed immediately after the end of the semester in which the class has taken place.

Any violation of this policy will be considered an act of misconduct and will be dealt with through that process.

5.5 FORCE MAJEURE

The University of Regina accepts no responsibility for the continuance of any class or course of instruction which may not be completed as a result of an act of God, fire, riot, strikes, lockout, any act of terrorism, or any other cause beyond the control of the University of Regina.

5.6 TERM WORK

Term work comprises all assignments, examinations, and tests that are conducted during the semester and contribute to the student's final grade in a course, but excludes the final examination. All term work will be completed no later than the last day of regularly scheduled classes of the relevant term or part-of-term.

5.7 EXAMINATIONS

5.7.1 IDENTIFICATION FOR EXAMINATION PURPOSES

Examiners are authorized to require candidates to show photo identification for admission to examinations.

5.7.2 CONDUCT DURING EXAMINATIONS

Violations of any of the following examination regulations may result in expulsion from the examination room and such additional penalties as the dean of the faculty offering the course may consider appropriate (see §5.13.5).

- Food or beverages are not allowed in the examination room.
- Candidates shall not bring into the examination room any books, papers, electronic devices or other materials except on the written permission of the examiner in the subject concerned or as indicated on the examination paper.
- No candidate shall be permitted to enter the examination room later than thirty minutes after the beginning of the examination or allowed to leave within thirty minutes after the examination has commenced.
- Candidates shall hold no communication of any kind with other candidates within the examination room.
- Unless permission has been granted by the supervisor, candidates may leave their seats only to turn in their answer books.
- Candidates suspected of cheating on an exam may be subject to confiscation of all unauthorized materials with a notation made in their answer book related to the suspected incident.
- It is a serious offence to misrepresent the work of others as your own, unless specifically granted permission to do so.

5.7.3 SCHEDULING

No final examinations, mid-term examinations and quizzes worth more than 10% in the total evaluation of the course will be scheduled for on-campus credit courses in the last three hours of scheduled lectures, or in the day(s) between the end of lectures and the first day of the final examination period, without prior written approval from the instructor's dean, with a copy to the Registrar. Practical assessments such as exhibitions, juries and recitals are exempt.

5.7.4 CANCELLATION OF EXAMINATION PAPERS

A student who becomes seriously ill or is informed of urgent family problems during an examination should report immediately to the person supervising the examination, hand in the unfinished paper, and request that it be cancelled. A dated, signed medical certificate or, for family problems, other supporting documentation must be provided to the student's faculty or college office (final examinations) or instructor (mid-term examinations) within three days following the date of the examination.

A request for cancellation after the fact, when an examination has been written and the paper handed in for marking, will be denied.

Deferred examination policies and procedures apply to cancelled final examinations, while action taken with respect to a cancelled mid-term is at the discretion of the instructor (see §5.7.9)

5. Attendance, Evaluation, Discipline and Appeals

5.7.5 FINAL EXAMINATIONS

Final examinations are held at the end of the semester in a designated examination period. Dates and times of examinations are published with course schedule information on the web before registration begins. Courses with take-home final examinations will use the scheduled final exam date as the due date.

Examination locations are added to the web course schedule towards the end of the semester. Once a final examination date and time have been published, they cannot be changed without the written consent of all students in the course, and the approval of the instructor's Dean.

Not all courses have a final examination. If a course is to have a final examination (including a take-home final), this information will be included in the course outline, as well as on the web course schedule.

5.7.5.1 Invigilation of Distance Learning (On-line, Televised, Video-conferenced) Examinations

Final exams in courses that are on-line, televised or video-conferenced must be invigilated (proctored) by a University-authorized invigilator. The Student and Instructor Services (Credit) office at the Centre for Continuing Education will arrange for exams at designated, pre-authorized sites within Saskatchewan (typically at the University of Regina or a Regional College). Students who wish to write at a different site within Saskatchewan or to write outside Saskatchewan must receive approval from the Student and Instructor Services (Credit) office at the Centre for Continuing Education for the proposed site and proposed invigilator, and are responsible for any additional costs resulting from their proposed site and invigilator. The Student and Instructor Services (Credit) office at the Centre for Continuing Education maintains a list of authorized sites and can help in finding an appropriate invigilator, but the student is ultimately responsible for making invigilation arrangements outside of the pre-authorized sites. Students must provide photo identification to the invigilator prior to writing.

Please see the Flexible Learning Division website for full details on the appropriate procedures and deadlines:

www.uregina.ca/cce/flexible-learning/index.html

5.7.6 BUILDING EVACUATION DURING A FINAL EXAMINATION

Depending on the nature of the examination, and the time and length of the interruption, proctors have two options:

1. Cancel the examination paper, dismiss the students, and contact the Registrar to set a new date for the final examination (times are normally available towards the end of the schedule).
2. Keep the students together and silent until the building can be re-entered. Resume the examination, extending the end-time of the examination by the length of the interruption. This will only be an option if the interruption lasts no more than one hour (to avoid conflict with the start-time of other examinations). Students who are unable to stay beyond the advertised end-time (e.g. because of childcare arrangements or work commitments) should be recommended to their faculty for a deferred examination.

5.7.7 BUILDING EVACUATION DURING A MID-TERM EXAMINATION

Depending on the nature of the mid-term examination and the time and length of the interruption, instructors have three options:

- resume the examination, if sufficient time allows as described in §5.6.6;
- cancel the examination and reschedule the examination for another class period; or,
- cancel the examination and transfer the weight of the mid-term to another mid-term or to the final examination.

5.8 DEFERRAL OF FINAL EXAMINATIONS AND/OR TERM WORK

5.8.1 GROUNDS FOR DEFERRAL

Extensions of deadlines for completion of assignments or writing of final examinations may be granted to students on the basis of illness, or accident, or other extreme and legitimate circumstances beyond their control. In special cases of classes that require submission of the final draft of an honours paper, deferrals may be granted if students have been managing their time responsibly and making good progress.

5.8.2 WITHDRAWAL OPTION

If students become very ill or encounter other serious difficulties early in the semester or when little or no coursework has yet been completed, withdrawal may be a better option (see §3.7 and §4.13). If in doubt, students may consult their faculty or college office for advice.

5.8.3 AUTHORITY TO APPROVE DEFERRALS

The authority to approve deferrals of term work (assignments and mid-term examinations) within the semester belongs to the instructor of the course. All deferred work must be completed by the date of the final examination (or, if there is no final examination, by five days after the end of lectures) in order to allow the instructor to submit grades promptly.

In the case of mid-term examinations, the instructor may assign a make-up examination or may transfer the weight of the examination to another examination or assignment, including the final examination. Some faculties have regulations governing this process.

The authority to approve deferrals of final examinations and/or term work beyond the date of the final examination belongs to the dean of the faculty in which the student is enrolled. In practice, this authority is normally delegated by the dean to the faculty office (or, for students registered through a federated college, to the college's academic or registrar's office). Special students (accelerated, and casual) should apply to the Centre for Continuing Education. Visiting students should apply to the University Registrar.

5.8.4 APPLYING FOR A DEFERRAL BEYOND THE END OF THE SEMESTER

Students should notify their faculty or college and their instructor as quickly as possible if they are unable to write the final examination or otherwise complete the course. Communication by telephone or email is acceptable. Requests for deferral received more than two weeks after the final day of the examination period will be denied.

5.8.5 SUPPORTING DOCUMENTATION

Students should expect that supporting documentation will be required and must be submitted before a deferral is approved. For illness or accident, supporting documentation will take the form of a certificate or letter from the attending physician or nurse practitioner clearly indicating the start and end dates of the illness and the student's inability to write an examination, to complete assignments, and/or to attend classes, as relevant to the particular request. The University's recommended medical certificate form is available from faculty and college offices and the Registrar's Office, or may be printed from the web at www.uregina.ca. For other circumstances, students should consult their faculty or college office about acceptable forms of documentation.

5.8.6 FACULTY PROCEDURES

The dean or designate will consult with the instructor of the course to establish that the student is in good standing: that is, that the student would have a reasonable chance of passing the course if a deferred final examination and/or deferral of term work were granted.

When a decision has been made, the dean or designate will notify, in writing, the student, the instructor, the head of the department and the dean of the faculty offering the course, and the Registrar's Office.

5. Attendance, Evaluation, Discipline and Appeals

In the absence of the course instructor, the department head is responsible for arranging for the setting and grading of a deferred examination.

5.8.7 MAXIMUM LENGTH OF DEFERRAL

Missing course assignments must be submitted, and deferred final examinations written, by January 31 for Fall courses, by May 31 for Winter courses, and by September 30 for Spring/Summer courses. In cases of prolonged illness or other incapacity, deans and their designates have the authority to extend the deferral to the end of the semester: that is, to the end of Winter semester for Fall courses, to the end of Spring/Summer semester for Winter courses, and to the end of Fall semester for Spring/Summer courses. Deferral for a longer period is not permitted.

Students who are unable to complete the deferred work by the deadline because of extreme and legitimate circumstances beyond their control may be eligible for aegrotat standing (§5.8) or a medical or compassionate withdrawal (§3.7) and should consult their faculty or college before the expiry of the deferral.

5.8.8 COURSE LOAD

The combination of uncleared deferrals and new registrations may not exceed 15 credit hours unless a cumulative overload is formally approved by the student's dean or designate.

5.8.9 GRADING OF DEFERRALS

An interim grade of DE ("deferred") is assigned for a deferred final examination or deferral of both final examination and term work. An interim grade of IN ("incomplete") is assigned for deferral of term work alone. When the deferred final examination has been written, and/or missing work completed, the instructor (or, in the instructor's absence, the department head or department head's designate) will grade the work and assign a percentage grade to replace the interim grade.

Beginning on May 15, September 15, and January 15 for the previous Fall, Winter, and Spring/Summer courses respectively, the Registrar's Office will convert any unreplaced grade of DE to a grade of NP, and any unreplaced grade of IN to a percentage grade based on the portion of the course completed or to a grade of NP, as determined by the instructor and approved by the dean of the faculty or college that offered the course. The grades of students who were granted a deferral only to the end of the first month of the subsequent semester may be converted by the Registrar's Office earlier than the schedule indicated above.

5.8.10 UNEXPECTED DELAY IN COURSE COMPLETION

When completion of a course is delayed, for reasons intrinsic to the course, beyond the due date for submission of grades, the dean of the faculty offering the course may approve the assignment of grades of NR for those students who are affected, until the course can be completed.

5.9 AEGROTAT STANDING

In rare circumstances, aegrotat standing in one or more courses in a semester may be granted on medical or compassionate grounds to a student who meets the following conditions:

- the student is prevented from completing the semester by serious illness or other extreme circumstances beyond the student's control;
- the student's illness is certified by a physician, or, other circumstances are certified by a professional in the relevant field or confirmed by other documentation acceptable to the dean;
- a deferral of term work and/or final examination is not appropriate because of the nature or severity of the illness or of the other circumstances;
- the student has completed at least 50% of the work contributing to the grade in the course; and,
- the instructor of the course confirms in writing that the student has demonstrated an understanding of the course material.

Aegrotat standing is granted by the dean of the faculty or college in which the student is enrolled.

The uncompleted work may be term work, the final examination, or a combination of the two.

5.10.2 CALCULATION OF GRADE POINT AVERAGES

Academic standing is determined by use of a grade point average, calculated by (1) multiplying, for each course, the credit hours by the grade earned, (2) adding together the products of that multiplication, (3) adding together the credit hours for the courses used, and (4) dividing the first sum by the second. The calculation is not rounded but is truncated to two decimal places.

Only percentage grades, grades of NP, and grades of XF are used in GPA calculations. Grades of 0%-39% and NP are all counted as 40% in the calculation, grades of XF are counted as 0%, and grades of 40% to 100% are used as recorded.

Additional explanations about these grades may be found in §25.1 of this calendar.

5.10.3 TYPES OF GPA CALCULATION

The GPA calculation is applied to different selections of courses for different purposes. The following are the major kinds of GPA calculation:

1. Cumulative grade point average (CGPA): The CGPA is based on all University of Regina courses taken, whether passed or failed, repeated or not.
2. Undergraduate grade point average (UGPA): The UGPA is also based on all University of Regina courses taken, but when a course has been repeated, only the grade in the most recent approved attempt is used (refer to the rules on repeating courses, §5.11). A minimum UGPA of 60% is required for graduation from all undergraduate degrees.
3. Program grade point average (PGPA): The PGPA is calculated according to UGPA rules, but is based only on the courses that are used in a particular program. A failing grade in a required course is included in the calculation until the course has been successfully repeated (refer to the rules on repeating courses, §5.11). A minimum PGPA of 60% is required for graduation from all undergraduate degrees.
4. Term Grade Point Average (TGPA): The TGPA is calculated according to CGPA rules, and is based on all courses taken in a particular semester (Fall, Winter, or Spring/Summer).
5. Sessional Grade Point Average (SGPA): The SGPA is based on all University of Regina courses taken during the prior academic year (May 1 – April 30). This includes the spring/summer, fall and winter terms in sequential order. When a course has been repeated during this same time period, only the grade in the most recent approved attempt is used (refer to the rules on repeating courses, §5.11).

5.11 REASSESSMENT OF GRADES

Students have the right to request the reassessment of any grade, including a grade in a practicum course.

5.11.1 WHILE THE COURSE IS IN PROGRESS

A student who disagrees substantively with the grading of a piece of term work may ask the instructor to regrade it. If the grade is lowered or remains the same, the student may appeal to the head of the

department offering the course (or, in non-departmentalized faculties, to the dean or designate).

5.11.2 WHEN THE COURSE IS FINISHED

5.11.2.1 Informal Reassessment

A disagreement over a final grade should first be discussed with the instructor. The instructor will review the grading records and, if an error is found, the grade will be changed accordingly. A student who is unable to contact the instructor should contact the department head.

5.11.2.2 Formal Reassessment

If informal discussion fails to resolve the disagreement, the student may formally appeal for reassessment by submitting the following to the Registrar's Office:

1. a completed Reassessment of Final Grade form which may include a letter requesting reassessment;
2. the fee for reassessment (the fee will be reversed if the grade is raised by at least 5% as a result of the reassessment); and
3. the original (graded) copy of all term work.

The Registrar's Office sends the materials to the head of the department offering the course (or, in non-departmentalized faculties, to the dean or designate). The reassessment is first made by the original instructor, if available. If this does not result in a higher grade, a reassessment is made by one or, if possible, two other instructors in the same discipline. The department head, dean, or designate advises the Registrar's Office of the result of the reassessment, and the Registrar's Office notifies the student. Reassessment will not lower the original grade.

5.11.2.3 Deadline for Requesting a Reassessment

Formal requests for reassessment must be initiated by the student within 6 weeks of the date that the grade is posted to his or her web record.

5.11.3 GRADE CHANGES DUE TO ARITHMETICAL ERRORS

Instructors may initiate a grade change because of an arithmetical error or erroneous marking within a time period not exceeding the end of the next semester after the course was offered.

Since the recording of grades for a course is the formal dissolution of the course and the final record of results, instructors may not initiate a grade change for a grade as a result of subsequent special consideration being given to a student, such as further examination or submission of more work.

Refer to §5.7 for information about deferral of final examinations beyond the end of the semester.

5.11.4 INTERIM GRADING DURING INVESTIGATION OR APPEAL OF ACADEMIC MISCONDUCT

If a grade roster must be submitted when a student is under investigation for, or has appealed a ruling of, academic misconduct, the instructor will enter a grade of NR (Not Yet Reported) for that student.

5.12 REPEATING COURSES

No student may repeat a course (except for English 100) more than once. In exceptional circumstances, students may request permission from their faculty to repeat a course for the second time. English 100 may be repeated twice. Regardless of whether they pass or fail preceding attempts at English 100, students who receive a failing grade for a third completed attempt at English 100 must withdraw from the university for two years.

When a course is repeated, the grade obtained in the final authorized attempt becomes the grade of record for that course. All courses officially attempted are listed on students' transcripts.

5.13 EVALUATION OF ACADEMIC PERFORMANCE

5.13.1 ACADEMIC STANDING REGULATIONS

Changes in the regulations governing academic standing (that is, the privileges of admission to, continuation at, and graduation from the University) apply to all students, including new students, continuing students, and re-admitted students.

5.13.2 DEANS' HONOURS LISTS

Students who obtain high standing in a semester's course work may receive the designation of "Dean's Honours List" for that semester on their official transcript. For this purpose, high standing is defined by the university as a Term GPA of at least 85% on at least 12 credit hours of numerically-graded courses on which the Term GPA is calculated. The Faculties of Education and Nursing require 15 credit hours of courses, of which 12 credit hours must be numerically-graded. The Faculty of Science requires 15 credit hours of courses, all of which must be numerically-graded. The Faculty of Social Work does not have a Dean's Honours List.

For complete details and requirements regarding inclusion on the part-time list for the Faculty of Arts, refer to §9.5.1.

Some faculties compile Dean's Honours lists for part-time students, based on approved criteria. Students should consult their relevant faculty for this information.

For complete details and requirements regarding inclusion on the Honours List for the Centre for Continuing Education, refer to §18.2.5.1.

Students who are enrolled in two programs concurrently (see §2.6.6) will be eligible for inclusion on the Dean's Honours List for their primary program only.

5.13.3 PROBATION AND DISCONTINUANCE (RTD AND MW)

5.13.3.1 Grounds

1. Failure to meet the minimum performance standard.
2. Failure in a third completed attempt at English 100 (refer to §5.12.6.6).
3. Failure to meet a faculty or program regulation.

The first two grounds result in University-level action. The third results in action at the faculty or program level.

5.13.3.2 Timing of Evaluation

The first assessment of students' grade point averages for the purpose of imposing university-level academic probation will occur at the end of the term in which the first nine credit hours of study are attempted. The timing of subsequent assessments is at the discretion of the student's faculty, but will normally occur at the end of an academic term or part-of-term.

5.13.3.3 Limit to Evaluation

Academic performance before Fall 1984 is not included in evaluations of cumulative performance.

5.13.3.4 Re-Admission & Transfer

See §2.6.

5.13.3.5 Concurrent Programs

For students who are enrolled in two programs concurrently (see §6.2), University academic performance regulations will be applied by the faculty of the primary program. If the programs are in two different faculties, each faculty will apply its regulations governing performance within the faculty and program.

5.13.4 PROBATION (UNIVERSITY)

5.13.4.1 Minimum Academic Performance Standard

To avoid being placed on university-level academic probation, an undergraduate student must maintain a minimum undergraduate grade point average (UGPA) of 60% or higher.

5.13.4.2 University Academic Probation

Students on university-level academic probation are permitted to continue studies. They may also transfer faculties unless the regulations of the receiving faculty prohibit this.

5.13.5 PROCESS FOR CLEARING A PROBATION

To clear a university-level academic probation, students must raise their university grade point average (UGPA) to a minimum of 60% by the time they attempt 24 credit hours while on university-level academic probation. A faculty may extend a student's university-level academic probation up to an additional 15 credit hours, if the student achieves at least a 60% average over all credit hours attempted while on university-level academic probation. Faculties may impose conditions, such as mandatory attendance at study skills classes and restricted course loads, on students granted an extension. If, at the end of the extension, the student has a UGPA of less than 60%, the student has not cleared probation and, normally, no further extension is available.

5.13.6 MW OR MUST WITHDRAW FROM UNIVERSITY

5.13.6.1 Failure to Meet the Minimum Academic Performance Standard

Students who do not clear academic probation according to the university's regulations must withdraw from university (MW) for a minimum of three full and consecutive terms. Such forced withdrawal begins on the first day of the term immediately following the term in which the student fails to clear probation.

A student on forced withdrawal (MW) may not register in for-credit courses or proceed toward a degree or certificate at the university. Such a student has none of the rights or privileges of a registered student, excepting that of appeal. Such students may not audit courses at the university.

5.13.6.2 Conditions on Registration

When a faculty admits or readmits a student on petition or appeal, it may set conditions on registration. These may include a limit on the number of courses that may be taken, mandatory academic advising, and/or performance conditions such as a requirement to pass all courses in the first semester.

5.13.6.3 Failure to Meet Performance Conditions

When a student is readmitted from either a university-level MW or a faculty-level RTD on petition, but fails to meet performance conditions imposed as part of the relief offered, the student is required to discontinue from the university for at least two years beginning with the term immediately following the term to which the conditions are applied (see "Faculty Probation and RTD", below).

5.13.6.4 Readmission after Forced Withdrawal (MW)

Readmission after any forced withdrawal from the university is not automatic. Those reapplying must submit appeals to the Admissions Office and show cause as to why they should be readmitted so that the relevant faculty can render a decision. This also applies to students utilizing the Fresh Start Program.

When readmitted from a standard three-consecutive-term or one-year MW, students have 24 credit hours of study to attain a UGPA of at least 60%. If these students do not clear university-level probation, they must withdraw from university for a minimum of six consecutive terms or two calendar years. Such students should review the details of the Fresh Start Program.

5.13.6.5 Indefinite Discontinuance

Students who have been required to withdraw or discontinue studies at the university-level since 200120, have subsequently been readmitted, and have failed to meet the minimum standards of the university for a subsequent time must withdraw from university for a minimum of two years.

5.13.6.6 Failure in English 100 at the Third Attempt

Regardless of whether they pass or fail preceding attempts at English 100, students who receive a failing grade in a third completed attempt at English 100 must withdraw from the university for two years.

5. Attendance, Evaluation, Discipline and Appeals

5.13.6.7 Minimum Length of an Indefinite RTD

The minimum length of an indefinite RTD is two calendar years from the date of expulsion. Students placed on indefinite RTD should review details of the Fresh Start Program.

5.13.6.8 Fresh Start Program

Students who are admitted or readmitted to an undergraduate faculty may have all previously failed courses excluded from the calculation of their Undergraduate Grade Point Average (UGPA) if,

- They have not registered in any courses for six consecutive terms prior to (re)admission;
- They immediately upon (re)admission complete a minimum of 12 credit hours in a row with no failures and an average over these credit hours of 60% or higher; and
- They petition their faculty for application of this relief upon completing the conditions above.

This relief is available regardless of the reason for the absence but is not automatic. This relief is available only to students (re)admitted as of 200620 or thereafter.

5.13.7 NOTIFICATION OF ACADEMIC ACTION

Students may be notified of probation, RTD or MW actions by email or surface mail. Email is sent to the student's University of Regina email account. Surface mail is sent to the student's current mailing address as recorded in the university's student information system. It is the student's responsibility to check their University of Regina email account regularly and to notify the Registrar's Office promptly of any address changes.

5.13.8 FACULTY AND PROGRAM PROBATION AND RTD

5.13.8.1 Faculty Probation

Students may be placed on faculty probation at the discretion and according to the regulations of the faculty.

5.13.8.2 Faculty and Program RTDs

Students may be required to discontinue from their current faculty or program for failure to meet a faculty or program requirement or for a second failure in a mandatory course. Refer to the faculty sections for regulations that may result in faculty action.

Students who are enrolled in two programs concurrently (see §2.6.6) may be required to discontinue from one but not the other. When a student is required to discontinue from the primary program and the secondary program remains valid and current, a new student primary program record will be created by either the Enrolment Services - Admissions Office (programs in different faculties) or the student's faculty or college (programs in the same faculty).

5.13.8.3 Minimum Length of a Faculty or Program RTD

The minimum length of a faculty or program RTD is two semesters. The minimum length of an indefinite faculty or program RTD is two years (six semesters).

Faculty Restricted Program

Students who have been required to discontinue from their faculty, but not the University, and who have missed the deadline for transfer may be moved to the faculty restricted program. Students in this category will be required to complete a transfer to a new faculty by the end of the term in which they are placed in this category. These students may register in only those courses open to all students. They will have no special access to courses offered by the expelling faculty. Nevertheless, the dean of the expelling faculty will continue to act as their dean for administrative purposes. The expelling faculty will continue to assess these students' status and apply any further appropriate academic action at the end of the term in which they are in this category. Advisors in both the expelling and potentially receiving faculties will provide counsel to these students.

5.13.9 NOTIFICATION AND APPEALS

5.13.9.1 Notification to Students

Students are notified in writing by their faculty or college of any faculty action. Letters are sent to the students' current mailing address as recorded in the university's student information system.

5.13.9.2 Appeals

University academic probation and all RTDs may be appealed to the faculty by the deadline set in the faculty's or college's letter of notification (refer to faculty sections of this Calendar for appeal procedures). Late appeals will not be heard.

5.13.9.3 Registration While Appealing

Students who have been forced to withdraw from the university are not permitted to remain in classes during the appeal process. Course registrations may be cancelled by the students' faculty or college. At the discretion of the student's faculty, a student who is registered in a cooperative education work term that has already begun may be permitted to complete the work term before beginning the period of discontinuance.

5.13.9.4 Refund of Tuition Fees

Students whose registration is cancelled receive a full refund of tuition and course- and semester-based fees.

5.13.9.5 Transcript Record

University-level forced withdrawal (MW) and faculty-level (RTD) rulings appear on students' official transcripts. Rulings of university- or faculty-level probations will not appear on official transcripts.

5.13.10 ACADEMIC RECOVERY PROGRAM

The Academic Recovery Program is a two-semester program that gives students who have experienced difficulties in university an opportunity to strengthen their study skills, evaluate their education and career direction, and build strategies to aid with future academic and personal goals. Students will take credit courses and participate in other activities designed to help them succeed academically. These include participating in support workshops, creating a personal and professional development portfolio, and participating in guided study sessions. Students will have access to additional tutoring and support as well as academic success advice from experts.

5.13.10.1 Program Eligibility

The Academic Recovery Program is open to anyone who needs extra support at the University of Regina. For example, students on Academic Probation are encouraged to apply for the program.

5.13.10.2 Admission

Students are required to apply for the program by completing and submitting a formal application, along with the prescribed fee, to the Student Success Centre. A personal statement by the student describing why they would be a good candidate for the ARP must accompany the application.

The program will be offered in the Fall, Winter, and Spring/Summer semesters, and will follow the dates outlined in the University of Regina Undergraduate Calendar. Students can be admitted into the Fall, Winter, or Spring/Summer semesters. Students admitted into the Winter semester may complete the program in the Spring/Summer or Fall semester.

The deadline for submission of applications and acceptance into the program is the start of the term.

Students must submit a program application form www.uregina.ca/student/ssc/academic-recovery-program/ARP_Application_Form.pdf and have a meeting with the Intake Counsellor to determine admissibility. **Admission is not automatic.**

5.13.10.3 Cost and Funding

This program costs \$900 per semester for six hours of equated credit, plus regular tuition and course fees for credit and non-credit courses. The equated credit will be considered as credit hours for funding purposes.

5. Attendance, Evaluation, Discipline and Appeals

5.13.10.4 Acceptance

The decision for acceptance to the program will be made by the Intake Advisor, following discussion with the student's faculty or college.

Upon acceptance, students are required to complete and enter into an agreement regarding requirements of the program.

Students who are subject to an MW have the ability to be sponsored by a faculty or college other than the students' home faculty or college. Sponsorship is not automatic, but may be considered upon recommendation of the Intake Advisor.

5.13.10.5 Time Commitment

Each week students will attend:

ARTS 010 (semester 1) and ACAD 100 (semester 2):	3 hours
0-2 electives:	0-6 hours
Academic support workshops:	2-3 hours
Group Advising:	2 hours
Personal professional development:	3 hours
Total:	10-17 hours a week plus homework and study time

5.13.10.6 Completion of the Academic Recovery Program

- Students must fulfill all requirements of the program to successfully complete the ARP, as follows:
 - A minimum of 60% is required in each credit course.
 - The non-credit portion must be passed, including successful portfolio development and adherence to the attendance policy.
- Students who are in the process of appealing a Required to Discontinue (RTD) or a Must Withdraw (MW), have two options:
 - They can complete the appeal process, or,
 - Abandon the appeal process and apply for admission to the ARP.

If students opt to pursue their appeal and it is successful, students will proceed in their program according to the conditions of the appeal; however, if the appeal is unsuccessful, students may decide to apply to the ARP.

- When students are successfully admitted to the ARP program their MW or RTD status will be suspended. The MW or RTD status will be reinstated in the event the student discontinues the program and/or is unsuccessful in the program on the date of withdrawal or the end of the term the student is deemed to be unsuccessful.
- Successful completion of the ARP, which includes the meeting of all conditions set out by the faculty/college and ARP, will result in students being able to automatically continue in the program and faculty from which they were RTD or MW, with the exception of the Faculty of Nursing. Conditions may be placed on the student's continuance by the faculty/college or the ARP. These conditions will be determined when students enter the ARP.
- Students who continue their studies following successful completion of the ARP and whose GPA continues to fall below the faculty and university minimum acceptable averages will be allowed an additional 15 credit hours of probation.
- Unsuccessful completion of the ARP will result in enforcement of the original MW, which can occur either in the fall or winter term.
- Students may complete the ARP only once.

5.13.10.7 Policies and Regulations within the Academic Recovery Program

- The Intake Advisor must approve all credit course selection made by program participants in conjunction with their academic advisors. Students are limited to up to three 3-credit-hour courses per semester of the program, including the mandatory credit course offerings.
- Students must succeed in all components of the program each semester in order to continue their studies at the University of Regina.
- Students who enter the ARP as the result of an MW and do not successfully complete Semester 1 or 2 of the program will have their MW reinstated and be forced to withdraw from the university.
- Students who enter the ARP after they receive an MW and successfully complete Semester 1, but do not enrol in Semester 2, will have their MW reinstated and be forced to withdraw from the university. In normal circumstances Semester 1 and 2 must be sequential, either Fall to Winter, Winter to Spring/Summer or Fall, or Spring/Summer to Fall.
- Students have not received an MW and enrol in ARP will not be required to complete both semesters.
- Students may begin the program in either the Fall, Winter, or Spring/Summer semesters.
- If students successfully complete the ARP, they will automatically be readmitted to the program and faculty from which they were RTD or MW, with the exception of the Faculty of Nursing. Faculty/college specific conditions may be placed on the students upon entry into the ARP.
- If a student fails to complete the requirements of ARP and has previously been unsuccessful in the Arts Transition Program, then the student will be forced to withdraw from the University of Regina indefinitely.

5.14 STUDENT BEHAVIOUR

5.14.1 GENERAL

5.14.1.1 Student Behaviour

Students of the University of Regina are expected to conduct themselves responsibly and with propriety both in their studies and in their general behaviour, and are expected to abide by all policies and regulations of the University of Regina. Misconduct, which may be academic (that is, in academic studies) or non-academic (in general behaviour), is subject to disciplinary action.

5.14.1.2 Scope

Throughout these regulations, all references to the University include its federated colleges, namely Campion College, Luther College and First Nations University of Canada (formerly the Saskatchewan Indian Federated College), and these regulations apply to all students of all such entities who are also University of Regina students, and to all students of any regional college who are taking courses through the University. All references therein to a "faculty" shall be read as including the relevant College or program, the Centre for Continuing Education or Institut français, where the context requires.

5.14.1.3 Principle of Progressive Discipline

Actions taken and penalties imposed when misconduct has been determined will be guided by the principle of progressive discipline. To that end, penalties assigned and actions taken will:

- Normally increase in severity for second and subsequent acts of misconduct.
- Take into account the severity of the misconduct.
- Educate with respect to correct behaviour and the consequences of future misconduct.

5. Attendance, Evaluation, Discipline and Appeals

5.14.2 ACADEMIC MISCONDUCT

5.14.2.1 Academic Integrity

Assignments, tests, and examinations are designed for students to show the instructor how well they have mastered the course material. When the instructor evaluates the student's work, it must therefore be clear which ideas and words are the student's own. The general principles of academic integrity for students doing course work are that they are to do their own original, individual work, unless told otherwise by the course instructor, and are to give credit for other people's ideas or words. Students should be aware that, while collaborative or group work on assignments may be encouraged in some disciplines, it is not acceptable in others (refer to §5.14.2.2). Discussion of ideas with faculty and other students (that is, intellectual debate) is both allowable and important, provided that credit is given in written work for ideas that are not one's own (see §5.14.2.2 under the heading Plagiarism). Group study (as distinct from group work on an assignment that is to be graded) is likewise permissible unless explicitly forbidden by the instructor.

5.14.2.2 Violations – Acts of Academic Misconduct

Acts of academic dishonesty or misconduct include acts which contravene the general principles described in §5.14.1.1. In this section, some of these acts are described. Others which are not explicitly described here may also be considered academic misconduct. All forms of academic misconduct are considered serious offences within the University community. For the penalties, see §5.14.4.

Cheating

Cheating constitutes academic misconduct. Cheating is dishonest behaviour (or the attempt to behave dishonestly), usually in tests or examinations. It includes:

- unless explicitly authorized by the course instructor or examiner, using books, notes, diagrams, electronic devices, or any other aids during an examination, either in the examination room itself or when permitted to leave temporarily;
- copying from the work of other students;
- communicating with others during an examination to give or receive information, either in the examination room or outside it;
- consulting others on a take-home examination (unless authorized by the course instructor);
- commissioning or allowing another person to write an examination on one's behalf;
- not following the rules of an examination;
- using for personal advantage, or communicating to other students, advance knowledge of the content of an examination (for example, if permitted to write an examination early);
- altering answers on an assignment or examination that has been returned; and
- taking an examination out of the examination room if this has been forbidden.

Plagiarism

Plagiarism is a form of academic dishonesty in which one person submits or presents the work of another person as his or her own, whether from intent to deceive, lack of understanding, or carelessness. Unless the course instructor states otherwise, it is allowable and expected that students will examine and refer to the ideas of others, but these ideas must be incorporated into the student's own analysis and must be clearly acknowledged through footnotes, endnotes, or other practices accepted by the academic community. Students' use of others' expression of ideas, whether quoted verbatim or paraphrased, must also be clearly acknowledged according to acceptable academic practice. It is the responsibility of each student to learn what constitutes acceptable academic practice. Plagiarism includes the following practices:

- not acknowledging an author or other source for one or more phrases, sentences, thoughts, code, formulae, or arguments incorporated in written work, software, or other assignments (substantial plagiarism);
- presenting the whole or substantial portions of another person's paper, report, piece of software, etc. as an assignment for credit, even if that paper or other work is cited as a source in the accompanying bibliography or list of references (complete plagiarism). This includes essays found on the Internet.

Students who are uncertain what plagiarism is should discuss their methodology with their instructors.

Note: [The Department of English Style Guide](#) is available inexpensively from the University Bookstore. Students may also consult online resources.

In addition to the matters described above, academic misconduct subject to discipline also includes (but is not limited to) the following:

- Falsifying lab results;
- Padding a bibliography with works not read or used;
- Helping another student in an act of academic dishonesty; for example, writing a test or paper for someone else, or preparing materials for another student's studio project;
- Providing false or incomplete information or supporting documents/materials on an application for admission, re-admission, or transfer (see also §2.1.3);
- Providing false information to obtain a deferral of term work or examination;
- Altering or falsifying, or attempting to alter or falsify, grade information or other records of academic performance (one's own or someone else's);
- Obtaining or attempting to obtain an academic advantage by non-academic means such as bribes or threats;
- Hindering other students in obtaining fair access to University materials and facilities; for example, cutting an article out of a Library copy of a journal;
- Theft of another student's notes;
- Alteration or destruction of the work of other students;
- Behaviour that interferes with the evaluation of another student's work, such as failure to participate in a group project.

The two acts listed below may be considered to be academic misconduct unless authorized by the course instructor.

- Submitting the same work for credit in more than one course. Students who wish to submit work they have prepared for another course must consult the course instructor and receive permission to do so.
- Working jointly, with another student or group of students, on an assignment that is to be graded. If no explicit instructions are given by the instructor about group work, students who wish to work together must request the instructor's permission in advance.

5.14.2.3 Procedure

Any academic or administrative member or official of the University who has reason to believe that academic misconduct has occurred shall immediately notify the relevant Dean, or his or her designate (the "Investigating Dean"). Where the academic misconduct occurs in connection with a particular course, the Dean or designate of the faculty offering the course shall be the Investigating Dean. For all other acts of academic misconduct, the Dean or designate of the student's faculty or college shall be the Investigating Dean.

Upon receiving notification, the Investigating Dean shall investigate the alleged academic misconduct immediately, which process will include offering an opportunity for the student to explain the incident, and conducting any further investigation deemed necessary to ensure procedural fairness. Upon receiving notification, the Investigating Dean will also immediately notify the University Secretary (with a copy to the Registrar) of the alleged misconduct. If the Investigating Dean is not the Dean of the student's faculty, the Investigating Dean will also notify the Dean of the student's faculty of the alleged misconduct. If the academic misconduct has been established, the Investigating Dean may take the appropriate academic action, and impose the appropriate penalty with respect to that course.

The Investigating Dean will make the disciplinary decision on the academic misconduct and will advise the student of the disciplinary decision in writing. A copy of the disciplinary decision will be provided to the University Secretary, the student's faculty, and the Registrar's Office.

Where a student commits academic misconduct in two or more courses in the same semester or there is a record of previous misconduct, the Dean or designate of the student's faculty may assign

5. Attendance, Evaluation, Discipline and Appeals

a penalty additional to these assigned by the Investigating Dean (see §5.14.5)

For Special Students (accelerated and casual), the student's Dean is the Director of the Centre for Continuing Education. For Visiting Students, the student's Dean is the University Registrar.

5.14.2.4 Academic Holds

A student who has committed or is under investigation for an act of academic misconduct will have a hold placed on his/her student account. The hold remains on the student's account for 30 days following the decision letter by the Faculty. If the student does not submit a formal request to appeal the decision of the Faculty within the 30 days, the hold is automatically lifted from his/her account after 30 days. If the student wishes to appeal the decision, the hold remains on his/her account until a decision is reached following his/her appeal hearing. Should a student need to perform any of these actions, a student can perform these actions with the help of his/her Faculty advisor.

5.14.2.5 Removing an Academic Hold

If a student does not appeal the penalty that has been assigned for an act of academic misconduct, and would like the hold removed from the student account prior to the end of the 30 day period, students can submit a 'Request to Remove the Hold on Student Account' form to the University Secretariat. This form is available on the University Secretariat website at:

<http://www.uregina.ca/president/executive-team/ed-governance-univ-secretary/student-appeals/holds.html>

5.14.3 NON-ACADEMIC MISCONDUCT

5.14.3.1 Student Behaviour

Consideration for others and respect for each person is a principal way of life within the university community. The basic behavioral philosophy of the University of Regina is that students, academic staff, support staff and administrators must be able to work and study in an environment that is free from harassment, discrimination, and intimidation, that all members of the community are entitled to fair and humane treatment, and that all will conduct themselves appropriately, respectfully and responsibly.

A primary responsibility of the University is to provide its students with the opportunity for inquiry and the freedom to discuss and express one's views openly without fear of retaliation, or abuse of person or property. These attributes are the foundation of good citizenship.

To this end, students have an obligation to act in a fair and respectful manner toward their peers, the faculty, staff, administration and the physical property of the University and others. Integrity and personal conduct, both on-campus and off-campus, are critical elements in achieving these goals.

5.14.3.2 Jurisdiction

These regulations cover the conduct of all University of Regina students in University related activities, or with respect to and on University property, or involving any member of the University community. University related activities include activities of any type operated under University auspices at any location, whether on or off campus (including on any Co-op work term, practicum, internship or research project).

5.14.3.3 Violations

Non-academic misconduct subject to discipline hereunder includes, but is not limited to the following ("Violations"):

- a violation of the published rules, regulations, practices, procedures or policies of the University or of any authorized rule-making body within the University, including all academic and administrative units, any residence, and a violation of any professional code of conduct applicable to any faculty or department;
- theft, vandalism and willful or negligent damage to the property of the University or of a member of the University community, the Student's Union or any other University organization;
- disruption of instructional activities (being any conduct which makes it difficult to proceed with scheduled lectures, seminars, discussion group meetings and related activities, or with

examinations, tests, or use of library, laboratory or research facilities);

- assault of any nature, or the threat of any assault;
- the unauthorized use or the misuse of any University facilities, equipment or services;
- the violation or breach of any Federal, Provincial or Municipal laws, so far as they are relevant to student conduct;
- harassment or discrimination in contravention of the principles articulated in the policies of the University, The Saskatchewan Human Rights Code or the Canadian Charter of Rights and Freedoms;
- illegal drug use;
- the failure to comply with the directions of officials of the University acting within the scope of their authority;
- any conduct which harms or threatens to harm the proper functioning of University programs or activities, the rights of members or guests of the University, the safety or well-being of members or guests of the University, or the property of the University, its members and guests;
- falsification or misuse of University records for improper or fraudulent purposes.

5.14.3.4 Procedure

Any individual may report a Violation to:

- Campus Security;
- the Dean of the student's faculty;
- the manager of the student's residence; or
- any other appropriate University officer or administrator.

The University Officer will investigate the alleged Violation immediately in conjunction with Campus Security. This process may include taking a statement from the complainant, informing the respondent of the allegation, offering an opportunity for the respondent to reply to the allegation, and conducting any further investigation deemed necessary to ensure procedural fairness. Following the investigation, Campus Security will prepare an Incident Report in prescribed form. The Incident Report will summarize the investigation and findings, and may recommend a penalty in respect of the Violation, which may include referral of the matter to a law enforcement agency.

The Incident Report will be provided to the University Secretary (and a copy maintained at Campus Security). If the investigating University Officer and/or Campus Security determine that the Violation did occur, the Incident Report will also be forwarded to the Associate Vice-President (Student Affairs).

Upon receipt of an Incident Report, the Associate Vice-President (Student Affairs) will review the misconduct in question and recommend a course of action, including an appropriate disciplinary penalty. The Associate Vice-President (Student Affairs) shall be entitled to call upon the assistance of the Advisory Team which shall comprise the following individuals: the Associate Vice-President (Student Affairs), the Dean of the accused student's faculty, the Director of Campus Security, and such other appropriate Administrative personnel as may be required.

The Associate Vice-President (Student Affairs) will make the disciplinary decision on the Violation and will advise the student of the disciplinary decision in writing. The Associate Vice-President (Student Affairs) will provide a copy of the disciplinary decision to the University Secretary and the student's faculty. If the disciplinary decision involves suspension or expulsion, a copy shall also be provided to the Registrar's Office for action with respect to the student record.

The reporting of a Violation, and an investigation and discipline hereunder shall not disentitle an individual from seeking recourse or making a complaint under any other University policy, nor does the bringing of any complaint under the University policy prevent the University from investigating any Violation and imposing any discipline hereunder therefore. All rights and remedies under all University policies are cumulative, and a student may be subject to discipline for a Violation under more than one policy, code of conduct, regulation or procedure of the University or any authorized rule-making body within the University, including all academic and administrative units, residences, faculties or departments.

It is recognized that an offence can be of one or more of a criminal, non-academic and academic character, e.g. theft of a key to obtain a

5. Attendance, Evaluation, Discipline and Appeals

copy of an examination paper. In these cases, it is understood that both academic and non-academic discipline, and criminal penalties may arise.

5.14.3.5 External Investigation

Where the Violation falls within the scope of the Criminal Code of Canada or any other federal or provincial statute, the matter may be referred to law enforcement for consideration. Campus Security will liaise between University and Law Enforcement Officials. The Violation will concurrently be reviewed by the Associate Vice-President (Student Affairs) for an internal disciplinary decision.

Notwithstanding that a Violation may have been referred to law enforcement officials for external investigation and action (including judicial action), the University may choose to proceed with an internal investigation and disciplinary decision hereunder.

5.14.3.6 Presidential Intervention

The President (or the Acting President, as the case may be) has the power to exclude any Student from the University and its Campus at any time, until the next meeting of the Council Discipline Committee. This will be done if, in the opinion of the President, this action is necessary to avoid disruption to the University, protect the interests of students, faculty, staff or visitors to the University or to protect the property of the University.

If the investigation of the Violation in such a case has been complete prior to the next meeting of the Council Discipline Committee and the disciplinary decision rendered, the continued exclusion of the Student shall be determined through the disciplinary decision. If the investigation of the Violation in such a case has not been completed prior to the next meeting of the Council Discipline Committee, or if a disciplinary decision has not been rendered, the Student shall attend before the Council Discipline Committee to show cause why he or she should not continue to be excluded from the University and its campus until such time as a disciplinary decision is made. The Council Discipline Committee may either continue the Student's exclusion, or permit the Student to return to the University on such terms and restrictions as Council Discipline Committee shall impose.

5.14.4 PENALTIES

5.14.4.1 General

Determination of the penalty for acts of misconduct will be done on a case-by-case basis with consideration for similar previous incidents. In determining the appropriate penalty, consideration will also be given to the extent of the misconduct, whether there have been previous cases of misconduct, and other mitigating or aggravating circumstances. A repeat case of academic misconduct will normally result in a more severe penalty and may include expulsion.

Withdrawal from the University or from courses while an alleged Violation is being investigated does not prevent the subsequent rendering of a disciplinary decision and assignment of a penalty if the misconduct is substantiated.

There may be academic and financial consequences for misconduct, including an appropriate notation on the Student's transcript, and no refund of fees.

5.14.4.2 Academic Misconduct

The possible penalties for an act of academic misconduct include any one or more of the following, or another appropriate penalty at the discretion of the Dean:

- reduction of a grade on an assignment, essay, report or examination;
- notation on the student's file;
- zero credit on an assignment, essay, report or examination;
- reduction of a grade in a course;
- zero credit in a course;
- a grade of XF (academic misconduct);
- loss and/or repayment of scholarships and other awards;
- requirement to take a course in ethics;
- suspension or expulsion from a program;
- suspension or expulsion from the University; or

- withholding or rescission of a credential.

Penalties for acts of academic misconduct in connection with a particular course are assigned by the Dean or designate of the faculty offering the course. The penalty for other acts of academic misconduct is assigned by the Dean or designate of the student's faculty or college.

5.14.4.3 Non-Academic Misconduct

The possible penalties for an act of non-academic misconduct may include any one or more of the following, or another appropriate penalty at the discretion of the Associate Vice-President (Student Affairs):

- forfeiture of fees;
- restitution for damage;
- fines;
- if not in violation of any collective bargaining agreement, University community service or remedial measures may be considered;
- alternative dispute resolution;
- loss of, and/or requirement to repay, scholarships or other awards;
- probation;
- eviction from residence;
- restriction of access or use of any University facilities, equipment or services;
- expulsion from the Co-op program;
- suspension;
- termination of any internship, practicum or research project, without any refund of fees;
- expulsion; or
- exclusion from campus.

University penalties for acts of non-academic misconduct are assigned by the Associate Vice-President (Student Affairs).

5.14.5 ADMINISTRATION OF THE PENALTIES OF SUSPENSION AND EXPULSION

Suspension is dismissal from the University for a fixed period. Students may apply for readmission for the first semester after the expiration of the penalty; no petition is required.

Expulsion is dismissal from the University for an indefinite period (in no case less than two calendar years). A student who has been expelled must petition to the Council Discipline Committee for permission to apply for readmission.

A student who is appealing a penalty of suspension or expulsion may continue to register for and attend classes until the appeal process has been exhausted, unless the student has been excluded from campus. Where the appeal process has been exhausted and a penalty of suspension or expulsion is the final outcome of that process, the student will be withdrawn from courses in progress with grades of CW ("compulsory withdrawal") and no refund of tuition and fees. Registrations in future parts of term will be cancelled.

A student who is suspended or expelled, and who is also excluded from campus will be immediately withdrawn from courses in progress with grades of CW and no refund of tuition and fees. Registrations in future parts of term will be cancelled. Where the student appeals the suspension or expulsion and the appeal is successful and the penalty is rescinded, the student will be reinstated in courses in progress, if possible, or will have the course records deleted from the official transcript and receive a full refund of tuition and fees. Registrations in future parts of term will be reinstated to the extent possible.

When a student is suspended and does not appeal, registration in future parts of term will be cancelled. With respect to courses in progress, the Dean or Associate Vice-President (Student Affairs), as the case may be, may:

1. withdraw the student with grades of CW and a full refund of tuition and fees, in which case the suspension is effective immediately; or

5. Attendance, Evaluation, Discipline and Appeals

2. permit the student to finish the semester, in which case the suspension takes effect with the next semester.

The Dean or designate, or Associate Vice-President (Student Affairs) may choose to consult the student in reaching a decision, which will be based mainly on the nature of the offence and the timing of the suspension.

Students who have been suspended or expelled from the University and who are subsequently readmitted to the University will not receive transfer credit for any courses they may have taken from other institutions during the period of their dismissal.

5.15 APPEALS AND PETITIONS

5.15.1 COUNCIL DISCIPLINE COMMITTEE

Students may appeal the imposition or severity of a penalty for misconduct (academic or non-academic) to the Council Discipline Committee. Requests for a hearing must be submitted, in writing and within 30 days of the date of imposition of the penalty, to:

The University Secretary
University of Regina AH 509.1
Regina SK S4S 0A2
Tel: 306-585-4956; fax: 306-585-5255
E-mail: student.appeals@uregina.ca

Students who have been expelled for misconduct may submit an application for readmission and letter of petition to the Council Discipline Committee. If their petition is approved by the Committee, students must still meet the academic requirements for admission, readmission, or transfer to their chosen faculty. If the petition is denied by this Committee, the decision is deemed final and a new time period may be allotted before the student can petition again to return. The decision of the Committee and the reasons for the decision are rendered in writing to the appellant and the University Registrar for action relative to the student record.

At the discretion of the Registrar, an applicant who has been dismissed for disciplinary reasons from another post-secondary institution may be required to petition to the Council Discipline Committee and receive permission to apply for admission or renewal before being considered on academic grounds. If the applicant is admitted, the previous dismissal may be considered in any future proceedings for misconduct.

The Committee reports annually to Executive of Council.

5.15.2 COUNCIL COMMITTEE ON STUDENT APPEALS

With the exception of matters to be heard by the Council Discipline Committee, all appeals and applications by students regarding faculty decisions will be heard by the Council Committee on Student Appeals. Formal requests for appeals must be submitted in writing to the University Secretary within 30 days of the decision letter from the faculty:

The University Secretary
University of Regina
Administration/Humanities Building, Room 509.1
Regina, SK S4S 0A2
Tel: 306-585-4956; fax: 306-585-5255
E-mail: student.appeals@uregina.ca

Grounds for an appeal to the Council Committee on Student Appeals include, though are not limited to, the following:

- There is additional relevant information which was not considered at the faculty level;
- There was a problem in procedure at the faculty level;
- The substance of the case was not considered correctly at the faculty level. For example, relevant rules and regulations were applied incorrectly;
- Even if relevant rules and regulations were applied correctly, the resulting decision is unfair or unreasonable in the circumstances.

In accordance with the rules of natural justice, students appealing to the Council Committee on Student Appeals have a right to a fair hearing. This includes the right to be notified of hearings, the right to

be present and represented at the hearings, the right to present arguments, and the right to question the dean or person designated by the dean.

Procedures of the Council Committee on Student Appeals include, but are not necessarily limited to, the following:

- the student's or representative's presentation, with opportunity for the dean/designate and Committee members to ask questions;
- the dean's or designate's presentation, with opportunity for the student/representative and Committee members to ask questions;
- an opportunity for final statements by the student or representative and dean/designate;
- the student/representative and dean/designate then withdraw from the hearing and the Committee makes its decision on the appeal.
- The student is informed as quickly as possible of the results of the appeal and reasons for the decision.
- A record of the hearing is kept by the University Secretary.

The Council Committee on Student Appeals meets as required. The Committee reports annually to Executive of Council.

5.15.3 SENATE APPEALS COMMITTEE

If the student or the University officer is dissatisfied with the decision of the Council Discipline Committee, either may appeal the decision to the Senate Appeals committee. The onus is on the appellant to demonstrate that the decision of the Council Discipline Committee was manifestly unfair or contrary to the evidence presented at the Council Discipline Committee hearing. No witnesses are permitted, and no new evidence is entertained.

5.15.4 APPEALS OF GRADES

Appeals of grades are handled by the procedure for Reassessment of Grades (§5.10).

5.16 RECORDS

When a final disciplinary decision (after the expiry of all appeal periods or completion of any appeals) involves a grade of XF, or suspension or expulsion, or withholding or rescission of a credential, a copy of the disciplinary decision shall be provided to the Registrar's Office for action with respect to the student record. Acts of misconduct that are penalized by a grade of XF, suspension, expulsion, or the withholding or rescission of a credential are recorded permanently on the student's official transcript.

A record of all substantiated cases of misconduct is retained permanently by the University Secretary. A University official who is determining the penalty for an offense is permitted access to the record of previous or concurrent acts of misconduct by the same student. The University may retain indefinitely on the Faculty's and/or Registrar's student file any correspondence or other documentation pertaining to cases of misconduct.

6.1 GOVERNING ACADEMIC PROGRAM

Students follow the requirements of their academic program that were in effect in the year they were admitted to it unless (a) that version of the program is terminated or (b) they obtain the permission of their faculty to follow a different set of requirements. In the case of programs requiring choice of a major, the governing program is the one in effect at the time the student chooses the major.

When a program or set of program requirements is terminated, the faculty will set a deadline for students who are currently in the program to complete its requirements. Students who are readmitted or transfer to the faculty are required to follow a new program unless otherwise stated. Students who have not completed the old program requirements by the deadline must choose a new program.

If a program or set of program requirements must be terminated without notice, students will be assisted in finding courses to substitute for those that are no longer offered.

6.2 AWARDING OF CONCURRENT AND ADDITIONAL DEGREES

Upon formal application by a student, the University may permit enrolment in two concurrent undergraduate programs (this is not the same as enrolment in a joint program leading to two degrees; joint programs are indicated as such in the faculty sections of this Calendar and on the Application for Undergraduate Program Admission). A student's primary program will be the one the student declares as such, subject to any approved faculty regulations. Faculties will determine which of their undergraduate programs cannot be taken concurrently with another, and will publish this information.

As well, students who already hold a bachelor's degree from the University of Regina or another institution may pursue undergraduate studies leading to additional bachelor's degrees of the same or another designation.

The following conditions apply to concurrent and additional programs. Conditions 4 and 5 apply to degree programs only.

1. In order to graduate with a degree, diploma, or certificate, a student must first be admitted to the associated program (see §2.6.6). Exceptions to this regulation may be approved by the dean of the faculty that offers the program.

2. All the requirements of each program must be met.
3. If students hold a first degree from another institution, they must meet the faculty's residence requirement for subsequent programs.
4. The principal area of study or academic emphasis of each degree program must be different. This determination will be made by the dean of the faculty that offers the second degree program.
5. Thirty additional credit hours must be completed for each additional degree beyond the first. If the degree programs are of different lengths, then the cumulative total required is 30 credit hours plus the credit hours of the longer program. For example, a student who completes both a three-year (90 credit hour) and a four-year (120 credit hour) degree program, in either order or concurrently, requires 150 credit hours (30 + 120) in order to graduate with the second degree. Formal after-degree programs may require additional credit hours.
6. When a student who is enrolled in two programs concurrently graduates from a primary program and the secondary program remains valid and current, the former secondary program becomes the primary program. A new student primary program record will be created by either the Enrolment Services Admissions Office (programs in different faculties) or the student's faculty or college (programs in the same faculty).

6.3 UNIVERSITY MINIMUM GPAS AND INSTITUTIONAL HONOURS

6.3.1 GRADUATION

A minimum UGPA of 60% is required for graduation from all undergraduate degree programs.

In all undergraduate faculties, the average required for graduation will be calculated only on those courses which form part of the degree program (failed courses and extra courses are not included).

Each faculty may set its own standards for graduation provided that they are not less than the University minimum. Students should check with their faculty advisors regarding these standards.

6.3.2 DISTINCTION AND GREAT DISTINCTION

A minimum PGPA of 80% is required for graduation with Distinction.

A minimum PGPA of 85% is required for graduation with Great Distinction.

6.3.3 HONOURS AND HIGH HONOURS

Honours and High Honours is awarded to degree programs in which students take a more intensive concentration in their major area. These standards are faculty specific and students should check with their faculty advisors.

6.3.4 OTHER INSTITUTIONAL HONOURS

In accordance with University and faculty regulations, in addition to those noted above, the following institutional honours appear on students' transcripts, diplomas and in the Convocation program:

- Bilingual mention/mention bilingue: A minimum of 40% and maximum of 60% of courses counted towards the degree program taken in French, including at least 3 courses from departments other than French (but must be from the Faculties of Arts, Media, Art, and Performance, or Science).
- Co-operative Education
- Internship
- International

6.4 APPLYING TO GRADUATE

Graduation is not automatic upon completion of a program.

In order to graduate, students must complete and submit an Application for Graduation form for *each* credential (degree, certificate, diploma) they are applying for. Forms are available at faculty and college offices, the Registrar's Office, and on the web at www.uregina.ca/student/registrar/graduation.

Applications for graduation may be submitted at any time, before or after completion of program requirements, and are processed in the order in which they are received. Students who are applying to graduate at the end of Fall or Winter semester are recommended to submit their applications to their faculty or college at least three months before the projected completion of their program.

Note: Students who plan to attend the Convocation ceremony should pay attention to the relevant application and attendance deadlines in §6.10.

If an application is denied, the student must apply for graduation again once all requirements have been fulfilled.

6.5 APPROVAL TO GRADUATE AND CONFERRAL OF DEGREES

The eligibility of all applicants for graduation is checked by the faculty that will confer the degree (for students registered in the colleges, a first check is made by the college and a final check by the faculty). Applicants must successfully complete all the course requirements for the degree, diploma, or certificate for which they have applied, and must meet the minimum PGPA for graduation in that program.

When program requirements have been met, the applicant is recommended by the faculty for approval of graduation to Executive of Council, which meets monthly from September to November and January to June (for the current year's meeting dates, refer to www.uregina.ca/president/governance/council/eofc-meetings). The relevant degree, diploma, or certificate is conferred by the University Chancellor within one week after approval by Executive of Council. Faculties may not meet on a monthly basis. Students should refer to the faculty sections of this Calendar for information about minimum processing times to prepare applications for approval by Executive of Council.

6.5.1 POSTHUMOUS DEGREES

A degree, diploma or certificate may be awarded posthumously when the requirements for a degree, diploma or certificate are 75% completed. The concurrence of the student's next of kin is required to submit the application for graduation. The dean or designate of the student's primary faculty of registration will contact the next of kin for this approval, and recommend the student to Executive of Council for graduation.

A degree is not considered to be posthumous if the student dies following completion of the degree program requirements but prior to formal approval for conferral, or following conferral of the degree but prior to the ceremony at which the degree would have been acknowledged. Posthumous degrees will be acknowledged in the Convocation program but will not be presented at the ceremony.

6.6 GRADUANDS ON LETTER OF PERMISSION

Students who, in the final semester before graduation, are approved by their faculty or college to take a course towards their program at another post-secondary institution must have official transcripts sent from that institution to the University of Regina Admissions Office certifying their final grade. The official transcript must be received in the Admissions Office at least 3 business days before the meeting of Executive of Council to approve the lists of graduands.

6.7 TRANSCRIPT RECORD

All degree program information, except the date of conferral, appears on students' official transcripts as soon as their faculty has approved them for graduation. The date of conferral appears on the official transcript once the Chancellor has conferred the degree (see §6.5).

6.8 DIPLOMAS

Additional information and forms referred to in the following items may be obtained from the convocation website:

www.uregina.ca/convocation

6.8.1 DIPLOMA NAME

Diplomas are printed with the **full legal name** of the graduate, as recorded in the University's student information system at the time of graduation. Students are required to provide proof to the Registrar's Office in support of any request for correction or change of name. For information about acceptable forms of documentation and/or to print the required Change of Name form, refer to: www.uregina.ca/student/registrar/assets/docs/pdf/forms/name_change.pdf

Diplomas are issued at the Convocation ceremony to attending graduates. The remaining diplomas are held at the Registrar's Office for approximately one month and are then mailed. Students must ensure their **mailing** address is up to date in UR Self-Service. In the interim, graduates with proof of identity may collect their diploma at AH 210. A third party must have written, signed authorization from the graduate and show their photo identification in order to collect a diploma.

6.8.2 EARLY RELEASE OF PARCHMENT (DIPLOMA)

Graduates who need their diploma before the Convocation ceremony at which it is to be issued, should complete an "Early Release of Parchment" form, accompanied by the processing fee. Forms can be found in person at AH 210, or at the following link: www.uregina.ca/student/registrar/printable-forms.html#personalInfoForms

6.8.3 DUPLICATE, REPRINTED, AND REPLACEMENT DIPLOMAS

Students may apply for duplicate, reprinted or replacement diplomas by applying to the Registrar's Office. The following conditions apply:

1. The University will issue **duplicate** diplomas, marked as such, upon written request by a graduate.
2. Upon request and with the submission of appropriate documentation, the University will change a student's legal name and, with submission of a completed 'Diploma **Reprint**' form and the appropriate fee, will reissue a diploma in the new legal name. The original diploma must be returned before a reprint is issued.
3. A **replacement** diploma will only be produced if the original has been lost or destroyed (replacements are identified as such). The University requires a statement sworn before a notary public or commissioner of oaths in support of a graduate's claim that a diploma has been lost or destroyed.

Order forms for a "Duplicate Diploma", "Diploma Reprint" or a "Replacement Diploma" may be obtained from the Convocation home page (www.uregina.ca/convocation).

The prescribed fee must be received prior to processing.

6.9 FINANCIAL HOLDS AND GRADUATION

Students who have an outstanding account with Financial Services, the Library, AV Services, or a federated college, may be approved for graduation, have their degree, diploma, or certificate conferred, and participate in the Convocation ceremony. Their diploma and any other certification, including transcripts, will be withheld until their account is paid in full.

6. Graduation

6.10 CONVOCATION AND CONVOCATION CEREMONIES

Convocation is the assembly of the University Chancellor, the University Senate, and all graduates of the University of Regina. Convocation meets twice a year to present students with their degrees and to acknowledge scholarships and prizes. These ceremonies are usually held in early June, and in mid-October.

Dates for the current year are listed at:

www.uregina.ca/student/registrar/convocation/upcoming.html.

- January 31 – deadline for receipt of applications for graduation for Spring Convocation. Students who apply to graduate between August 1 and January 31, and who complete their program requirements no later than the end of the Winter semester, are eligible to attend Spring Convocation
- July 31– deadline for receipt of applications for graduation for Fall Convocation. Students who apply between February 1 and July 31, and who complete their program requirements no later than the end of the Spring/Summer session, are eligible to attend Fall Convocation.

In early April, for Spring, and in early September, for Fall, those eligible to attend Convocation will be notified by e-mail when the convocation information has been posted. This information includes the date of their Convocation ceremony, and information about the ceremony, and guest tickets, photographs, social functions, and other services available to graduates (e.g. diploma framing). Parents and friends are encouraged to attend the ceremony and the reception that follows. Every effort will be made to fill all requests for guest tickets, but the space constraint at the Conexus Arts Centre sometimes necessitates setting a limit.

Inquiries about the convocation ceremony may be directed to UR.Graduation@uregina.ca.

6.11 ACADEMIC REGALIA

University regulations require graduates who are participating in the Convocation ceremony to do so in proper, approved academic regalia – that is academic gown and hood (certificate recipients do not wear a hood unless specified by the costume guidelines below). The University of Regina does not have caps (mortarboards). All students wear black gowns except for the following: PhD students wear a scarlet gown with royal blue trim, facing and cuffs; Federated college students wear the color of gown approved for the federated college – that is red for Campion College, royal blue for Luther College, and sky blue for the First Nations University of Canada. Serving members of Canada's Armed Forces and Canadian police forces may wear their dress uniform without an academic gown, but they must wear a hood corresponding to the degree they are receiving. Students receiving degrees are hooded at the Convocation ceremony. A description of hoods for students graduating with an undergraduate degree from the University of Regina is listed below. Protocol inquiries about appropriate academic regalia should be directed to the Registrar's Office UR.Graduation@uregina.ca. Graduates wear black hoods except for those designated an alternate colour. They are trimmed as follows:

6.12 UNIVERSITY OF REGINA ALUMNI ASSOCIATION

The University of Regina Alumni Association (URAA) was established in 1974 to promote the accomplishments and support the development of the University of Regina, its students and alumni. This is reflected in the Alumni Association's vision statement: "We are the leading proponent of our University and our alumni throughout the world." Membership is automatic to all who have been granted a degree, diploma, or certificate from the University of Regina. The organization is governed by a volunteer board of directors who are elected by the membership.

The Alumni Association is an active participant in the University. Through its many fundraising activities, the Association has established a number of worthwhile funds and scholarships. These include the Children of Alumni Scholarship, the Dr. John Archer Scholarship, the Bert Fox/Robert Ferguson Alumni Entrance Scholarship, the Dr. George and Helen Ferguson Alumni Entrance Scholarship, the Ferguson Alumni Scholarship for Kinesiology and Health Studies, the Dr. David Barnard Graduate Scholarship in Fine Arts, the Bill Ciz Memorial Athletic Award, the Donald O. and Deborah Wells International Study Award, Leadership Scholarships and the Scott Irving Spirit Award.

6. Graduation

At each Spring and Fall Convocation, the URAA board welcomes each graduate as a new alumnus to the Association by presenting them with a small token of welcome. The Association also recognizes University faculty through its awards of excellence in teaching, graduate research mentorship, research and public service, and honours its own with the Alumni Crowning Achievement Awards.

As members of the Association, alumni receive *Degrees* magazine, AlumniConnect, benefits and promotions exclusive to alumni, and information about upcoming activities and programs. Alumni who do not wish to receive these or who wish to update their contact information must notify External Relations at www.uregina.ca/external/alumni-relations/update-your-info.

- Bursary: Primarily designed to assist students with financial need. Recipients must be in good academic standing. Bursaries do not appear on a student's transcript.
- Prize: A prestigious recognition, which may or may not have monetary value. It recognizes academic achievement in a course, cluster of courses, field of study or an academic piece of work, as defined by:
 - A minimum grade point average of 80%; or
 - Top academic performance, when an award evaluates students' marks in comparison to their peers; or
 - Talent or promise.

Prizes will appear on a student's transcript.

7.2 AWARDS: GENERAL REGULATIONS

- The University reserves the following rights:
 - to refuse to disclose to an individual personal information that is evaluative or opinion material compiled solely for the purpose of determining the individual's suitability for receipt of an honour or award;
 - to give consideration to fair distribution in the allocation of awards;
 - to withhold an award in any year in which there is no candidate who meets the selection criteria;
 - to cancel and require repayment of an award if the recipient is not registered and/or has not remained registered in the required number of credit hours throughout the term, up to and including the last day of classes. This date is available in §1.2 of this calendar or on-line: www.uregina.ca/student/registrar/registration/academic-schedule.html.
- For awards which require application, students will only be considered for awards for which they have submitted a full and complete application package.
- Deferrals of awards are typically allowed in the following circumstances:
 - Students attending Université Laval as part of the Baccalauréat en Education program: the award will be deferred to the semester of their scheduled return.
 - Students in the GAP Year program are eligible to have automatic university funded entrance scholarships deferred for a maximum of one academic year. The full amount of eligible awards will be deferred if the student attends the following Fall. Half of the amount of eligible awards will be deferred if the student chooses to end their Gap Year early and attends in the Winter semester.
- The monetary value associated with financial awards funded by the University of Regina is normally restricted to students registered in University of Regina courses or participating in a formal exchange program in which they pay tuition and fees at the University of Regina.

7. Financial Aid

Visiting Students and students enrolled in off-campus programs may be eligible to receive financial awards to the maximum value of tuition and fees paid to the University of Regina.

Students on a letter of permission from their faculty may be eligible for receipt of awards and will be reviewed on a case by case basis.

Special students are not eligible for financial awards.

- Only University of Regina courses will be used in the calculation of averages for consideration of continuing scholarships, bursaries, awards or prizes.
- To qualify for an award, a student must normally have removed all incomplete grades, completed deferred examinations, and had any grade changes completed within six weeks following the end of the semester.
- Receipt of awards is conditional upon the recipient's compliance with all of the terms, conditions, guidelines and regulations as set out in the terms of reference.
- The maximum amount of internal award funding an undergraduate student can normally receive per academic year is as follows:
 - Student charged at domestic fee assessment rate: \$15,000
 - Student charged at differential fee assessment rate: \$30,000
- Students may formally request a reconsideration of an award regulation by writing the Director, Enrolment Services c/o Student Awards & Financial Aid office to be accompanied by any required supporting documents.

7.3 COURSE LOADS AND CALCULATION OF AVERAGES

7.3.1 ADMISSION AVERAGE USED FOR ENTRANCE AWARDS

For the purposes of administering Entrance Awards, a student's admission average will be used as calculated at the time of admission. High school students who expect to graduate in June and apply during their grade 12 year of high school will be assessed for entrance awards using their early conditional admission average (see §2.3.3.3).

7.3.2 COURSE LOADS

7.3.2.1 Minimum Course Load Requirements

To be eligible to earn undergraduate awards, a student must be registered in the minimum course load requirement in University of Regina courses as identified in the specific award criteria.

7.3.2.2 Accommodation on Course Load Requirements for Students with Disabilities

Students registered with the Centre for Student Accessibility (CSA) will be considered eligible at a 20% course reduction from the listed criteria in the award terms of reference. In exceptional cases, the required course loads (for award eligibility) may be reduced further, as determined on a case by case basis. The University reserves the right to adjust award values to reflect the reduced amount paid for tuition and books (by virtue of the reduced course load).

7.4 EXTERNALLY-ADMINISTERED AWARDS

University of Regina students may apply for additional scholarships and bursaries that are administered by other organizations. Information on externally-administered awards is posted on the University's website at www.uregina.ca/safa.

8. Services for Students

8.1.1.2 Admission to Co-op

Application forms are available at the Career Centre and online. Students must meet the entrance requirements for acceptance into the relevant Co-op program and apply before they have exceeded the maximum credit hours shown in the chart below:

During the placement cycle, the Co-op Office uses a computerized Match process to place students with employers. The process lets employers select candidates for interviews from all students eligible for Co-op employment. After the Match process, a Direct Offer system is used. Employers submit job descriptions, which are posted continually. Interested students apply, and the Co-op Office sends resumes to employers and sets up the interview. ADMISSION TO CO-OP - SEE §8.1.1.2

Admission is granted by the student's faculty. Students who do not meet the entrance requirements may appeal to their faculty. All information provided in faculty sections supersedes this section.					

8.1.1.3 Application Deadlines for Co-operative Education Program

The deadline for application is in the first week of classes each semester prior to commencing a work term. Please visit the Career Centre at RC 163 for details.

8.1.1.4 Sequencing of Work and Academic Terms

Work terms last for a minimum of four to a maximum of eight months. Scheduling patterns vary by faculty but commonly alternate work and academic terms. Students must register for a minimum of 12 credit hours in their academic terms (only 9 is required in the Spring/Summer semester for Arts and Business students).

8.1.1.5 Fees

Co-op students are required to pay a fee for each work term (see §4.5). The Co-op fee, which is not a job-finding fee, allows students to maintain their full-time status while on work terms. The Co-op fee is payable once Co-op employment is obtained. There is an additional fee for work terms in Chemistry because academic credit is obtained.

8.1.1.6 Work Placements

Private and public sector employers from across Canada and internationally participate in the program. With approximately 40% of the placements outside of Regina, students should be mobile if they wish to fully participate in a Co-op program. Admission to a Co-op program does not guarantee the availability of a work term placement. Many students find career-related work through the Career Centre, but students are also encouraged to conduct their own job search.

8.1.1.7 Registration for Work Terms

As soon as students obtain a work placement, they register for work terms through their faculty (with the exception of Engineering students who are automatically registered by their faculty). Students must register on-line for Co-op work terms. Once registered for a work term, students are not permitted to drop except for compassionate or medical reasons.

8.1.1.8 Grading of Work Terms

Students must complete a work term report for every work term. The student's employer also submits a work term performance evaluation. On the basis of those two evaluations, work terms are graded pass/fail.

8. Services for Students

8.1.1.9 Regulations

Policies, procedures and deadlines for Co-operative Education programs must be adhered to. Details are contained in the Co-op Student Handbook at:

www.uregina.ca/careercentre/coop/current-students/handbook.html

8.1.1.10 Withdrawal and Termination

Once registered, students may withdraw from a Co-op work term only for reasons beyond their control. Voluntary withdrawal at any point may result in a failing grade. For Engineering students, see §12.9.

Students may be terminated from a Co-op program in a variety of circumstances, including failing a work term, allowing PGPA to fall below the minimum required, or committing acts of Non-Academic Misconduct (see §5.13.3).

8.1.1.11 Transcript record

Students who successfully complete the number of work terms required by their faculty will graduate with a Co-operative Education designation that is noted on their official transcript and parchment (diploma).

8.1.1.12 Internship Programs

Actuarial Science Internship

For students between years three and four (72 – 108 credit hours) of the Actuarial Science undergraduate degree program.

Students participate in an assisted job search process to secure a paid internship placement of 12 to 16 months in duration, with each four-month period of employment worth one credit hour (three or four credit hours in total).

See Admission chart §8.1.1.2

Engineering Internship

Engineering Internship is a single 12- or 16-month placement immediately preceding the two final academic semesters of an Engineering Systems program.

Students who successfully complete the requirements of the program will receive "Internship" designation on their transcript and parchment (diploma).

Students who participate in Co-operative Education may not be eligible for internship.

For more details, please refer to §12.9.3

8.1.2 STUDY ABROAD & MOBILITY

Students can choose to stay for one semester, a summer program or a full academic year. Depending on the program, tuition is paid at the U of R or at the host institution. Courses studied abroad are transferred to the U of R as credit toward a students' overall degree program. Students must consult with their faculty advisor about course selection in order to choose the courses acceptable for their program abroad. It is at the discretion of the students' faculty as to whether the host institution courses are transferred for credit toward their degree. Eligibility requirements include:

- Completed 30 credit hours;
- 70% average;
- 68-70% average (with Dean's letter of approval. SEP Programs only);
- Can prove financial responsibility and stability;
- Must return to complete their degree at the U of R;
- Must be in good academic standing at the time of applying and departure; and
- \$150 application fee (non-refundable).

There are a variety of mobility scholarships including the UR International Experience Travel Fund (\$1000.00) to assist students planning to study abroad.

Faculty Led International Study Tours

International study tours give students an opportunity to study and travel abroad without being away from home for an extended period of time. Study Tours are lead by professors who have a particular interest in an international field. UR International assists Study Tours with visa information, the international travel fund and pre-departure information sessions.

International Internships

Global Internships give students the professional and personal skills to set them up for success in their future endeavors, anywhere in the world! UR International can help students go global with their professional development during their program of study. Students should meet with UR International staff to discuss their possibilities. Transfer credits for International Work Experience is at the discretion of the student's Faculty. It is the student's responsibility to discuss the transfer credits with their respective Faculties.

UR International will only provide students with standard support letters in order for a student to pursue an International Internship Placement abroad. It is students' responsibility to ensure they have procured the correct visa prior to their departure for their placement abroad. The University is not responsible and will not be liable for any decision to grant or deny entry at the border of the host country.

For more information about URSU's Locker Rental Program, visit: lockers.ursu.ca.

8.6.18 COMMUNITY CUPBOARDS

Advocating for students means more than just meeting with politicians. There are always students on campus who are barely making ends meet. In addition to the emergency bursary program, the Students' Union has teamed up with the Regina & District Food Bank to provide non perishable food for people who are going hungry. The community cupboards are located in the student lounge outside of the URSU Front Desk on the second floor of the Riddell Centre. Food is available on the honour system to students who need it with the understanding that they will not take more than they can use right away, thus depriving other students in need. Food donations are gratefully received at the URSU Front Desk, or can be anonymously left on the shelves.

8.6.19 CARPOOLING

Parking pass too expensive? Bus takes too long? Don't have a car of your own? Tired of a long lonely drive to school with no one to talk to or chip in for gas? Check out <http://ursu.ca/services/carpooling-and-more> on URSU's website to get information about carpooling.

8.6.20 TABLE RENTALS

Students who have an event or a club that they want to advertise, or sell tickets to, or if they have things that they want to sell, come and talk to the Front Desk at the Students' Union. Campus clubs and societies get those spaces to use for free (in fact we encourage it). Businesses can rent tables for reasonable daily rates.

8.6.21 WELCOME WEEK

8.6.26 U-PASS

The U-Pass is a program designed for University of Regina students that will allow them to use Regina Transit as much as they like for a once-per-semester fee. By paying the mandatory fee of \$87.60 each semester, they will in turn get a city-wide transit pass valid for the whole semester (4 months) at rate cheaper than current discounted student rates of \$72 per month. 9.1.2 MISSION STATEMENT

The Faculty of Arts serves the University of Regina, its students, faculty and staff, and the communities that surround and support us. Our goals are the creation, discovery and communication of knowledge.

We affirm the value of creative and critical thought, innovative research, free discussion, courageous inquiry and social change. We embrace the particular challenges facing the diverse communities, including the Indigenous communities, of our region. We foster an intellectual environment in which diversity is reflected and celebrated. We interpret our pasts and help to shape the futures of Saskatchewan and beyond.

9.1.3 EDUCATIONAL POLICY

- The members of the Faculty of Arts believe in a University whose purpose is the preservation, transmission, interpretation, and enhancement of the cultural heritage of humans, and the acquisition and expansion of new knowledge and understanding.
- They seek to fulfill this purpose by interpreting the past, examining and clarifying contemporary thinking, and anticipating the possibilities of the future. Their efforts should be sustained by a sensitivity to change, and an enthusiasm for investigation and creativity.
- The Faculty derives its strength from a unity of purpose combined with a diversity of outlook which requires it to examine every facet of life and uphold the higher human values implicit in the arts, the humanities, and the sciences.
- The Faculty will serve the needs of society but, in so doing, it will also be society's critic, encouraging independent thinking, free discussion, and the pursuit of truth.
- The Faculty is jealous of its freedom, which it will exercise without fear or favour, promoting in its members and students the spirit of courageous enquiry.
- The Faculty recognizes that the constitution and function of the University itself should be open to re-examination by the academic community as a whole. The Faculty maintains that to serve society best, the University must be self-determining in academic matters.

9.1.4 STRUCTURE

The Faculty of Arts consists of the following departments: Anthropology, Economics, English, French, Geography and Environmental Studies, History, International Languages, Justice Studies, Philosophy & Classics, Politics and International Studies, Psychology, Religious Studies, Sociology & Social Studies, and Women's and Gender Studies; the following programs: Health Studies, Indian Communication Arts*, Indigenous Languages and

9.2.1 ARTS TRANSITION PROGRAM (ATP)*

All students admitted, or re-admitted, to the Faculty of Arts with a UGPA below 60% are required to complete successfully the Arts Transition Program. This is a two-semester program, structured as follows:

Semester 1	Semester 2

- Academic coaching: 2 hours weekly (group coaching sessions).
Note: some coaching sessions for international students will be led by Academic Coaches through the Global Learning Centre.

9.2.1.1 Program Policies

1. Students are charged \$900 per semester to cover the costs of the ATP. This fee is in addition to any standard registration and course fees.
2. If a student has already passed ACAD 100 and/or ENGL 100 another Faculty of Arts course may be substituted.
3. Students who are unsuccessful in the ATP will be allowed to take the Academic Recovery Program (ARP) later.
4. Students who successfully complete the ATP, and have a UGPA of at least 60%, have satisfied the conditions of their admission to the Faculty of Arts and will be afforded all the rights and privileges of registration through the Faculty.
5. Students who are on university probation will have their probation period extended while they are in the ATP so that they will be exempted from a MW (must withdraw) academic action.

6. Students who successfully complete the ATP and still have a UGPA below the minimum standard of 60%:
 - a. will be allowed to continue studies in the Faculty for a further 15 credit hours.
 - b. will be limited to a maximum of 12 credit hours per semester.
 - c. must have a UGPA of 60% after the term in which the 15th credit hour is completed. Failure to attain a minimum UGPA of 60% after the completion of the ATP and the additional 15 credit hours will be forced to withdraw (MW) from university.

8. Students cannot appeal the requirements of the ATP.

*NOTE: First Nations University of Canada Students please refer to the Arts Transition Program under [Section 23](#) in the calendar.

9.2.2. OUTDATED COURSES

Students who are admitted or readmitted to the Faculty, having completed courses in their proposed major more than 10 years ago, may be required by the Faculty to update their knowledge by repeating or taking additional courses in their major. These decisions are made by the Faculty's Undergraduate Student Appeals Committee on the recommendation of the head of the department offering the major. The earlier attempt at any passed courses that must be repeated under this regulation can be counted for elective credit.

9.2.3 TRANSFER REQUIREMENTS

Students who have taken university courses must meet the requirements as outlined in §2.4.2.

Students who do not meet the criteria to transfer into the Faculty of Arts may appeal for admission, in writing. Refer to the deadlines, guidelines, and appeals procedures outlined in §§2.6 and 9.8.

9.2.4 READMISSION OR TRANSFER AFTER BEING REQUIRED TO DISCONTINUE (RTD) OR FORCED TO WITHDRAW (MW)

Students who have been forced to withdraw from the University of Regina, or required to discontinue from another faculty or another post-secondary institution must appeal for admission or re-admission, in writing. Refer to the deadlines, guidelines, and appeals procedures outlined in §§2.6 and 9.8. Academic Performance Regulations are outlined in §5.

9.3 RESIDENCY AND TRANSFER CREDIT

9.3.1 TRANSFER OF CREDIT FROM OTHER UNIVERSITIES AND COLLEGES

Refer to §2.8 for transfer credit regulations.

Students in the Faculty of Arts may complete courses at other post-secondary institutions only if they obtain permission in advance. They are strongly encouraged to consult with an academic advisor to ensure their eligibility and that such courses contribute to their Arts program, as well as to familiarize themselves with the timelines involved. The Faculty (or federated college) will normally grant permission to students who are in good academic and financial standing at the time of the request. Good academic standing means that the student has the minimum UGPA, PGPA and Major GPA required to graduate from their program; has completed the appropriate prerequisite for the credit to be granted at the University of Regina and that the credit to be awarded by the University of Regina has not previously been attempted more than twice (or in the case of ENGL 100, three times). Good financial standing means that there are no financial holds on a student's account that would preclude registration at the University of Regina.

9. Faculty of Arts

Credit may be granted only for courses that satisfy a student's Faculty of Arts program requirements. Students must provide the Faculty (or federated college) with a course syllabus, whenever possible, from the other institution, as well as ensure that the other institution sends an official transcript to the University of Regina. The official transcript must be received before the Faculty (or federated college) issues a subsequent letter of permission. Failure to do so or poor academic performance on courses completed elsewhere may result in the Faculty, or federated college, denying a student subsequent permission to take courses elsewhere for credit.

Students studying at a Saskatchewan Post-Secondary Distance Education member institution may be exempted from some of the above requirements. The onus is on the student to make the request for an exception.

Note that grades in courses awarded transfer credit are not used in the calculation of GPAs except for some students admitted to the BA in Police Studies program (see §9.3.3 for further information) and/or students who are members of the RCMP and have had the residency requirement relaxed (see §9.3.3.2 for further information).

Courses completed at Laval University as part of a BEd program will be considered University of Regina courses for the purposes of the residence requirement.

9.3.2 POLICY ON PRIOR LEARNING ASSESSMENT AND RECOGNITION

In consultation with appropriate members of Departments/Programs, the Faculty of Arts may evaluate and grant credit for qualifying informal learning up to a maximum of 15 credit hours. Credit may be granted on a case by case basis and according to the Recognition of Prior Learning (RPL) assessment process. Credit will only be awarded for demonstrated learning which includes knowledge, skills and abilities. It will not be awarded for experience alone.

The University of Regina processes used for evaluating prior learning include:

- assessment of educational documents
- assessment of portfolios that identify and verify prior learning

Granting credit under the assessment of educational documents is addressed in the Undergraduate Calendar (see §§2.4.2 and 9.3.1).

The procedure for assessment of portfolios (b) is as follows. Credit may be granted as elective transfer credit, as credit specific to courses in the Faculty of Arts, or as a combination of both up (i.e., Level credit in a particular discipline) to the maximum of 15 credit hours that may be used toward any program offered by the Faculty of Arts.

In the case of elective transfer credit, two faculty members, from relevant disciplines in the Faculty of Arts, will be asked by the Associate Dean (Undergraduate) or the federated college Dean or designate to evaluate a portfolio supplied by a student who is seeking such credit.

In the case of course-specific credit, the Associate Dean (Undergraduate) or the federated college Dean or designate will ask the Head/Coordinator of the applicable Department/Programs to consult with one or more content specialists and to evaluate a portfolio supplied by a student seeking credit for that course. Credit will be awarded for demonstrated learning equivalent to the standards of the specific course(s) as required by the Departments/Programs in which the credit is sought.

An individual interested in seeking credit for prior learning is strongly encouraged to contact the RPL Centre (see: www.uregina.ca/cce/student-services/admitted/plar.html) or an academic advisor in the Faculty of Arts or federated college. The RPL Mentor or Faculty of Arts academic advisors will assist students with the process to facilitate a focused application. The approval of credit is at the discretion of the Associate Dean (Undergraduate) or the federated college Dean or designate.

9.4 ACADEMIC ADVISING AND REGISTRATION

9.4.1 ACADEMIC ADVISING

Academic advising is designed to help students to understand their academic options and to build a degree program with academic integrity, tailored to their particular interests and goals. Students who enroll in the Faculty through Campion College, Luther College, or the First Nations University of Canada receive all academic advising from their College, and should consult the Federated and Affiliated Colleges section of this Calendar or their College's Academic or Registrar's Office for more information. Students who enroll in the Faculty directly are encouraged to arrange for academic advising upon receipt of their letter of admission or transfer by calling the Arts Student Services Office at 306-585-4137 or by email at arts.student.services@uregina.ca. Advising is recommended prior to registration in the first semester. The Faculty recommends that students consult an advisor at least once a year.

The Arts Student Services Office will provide a printed program audit on request: www.uregina.ca/arts/student-resources/choosing-program/program-outlines.html.

Students may also obtain other general information regarding programs, academic regulations, and registration from the Arts Student Services Office website at www.uregina.ca/arts

Students are required to fulfill all the "Responsibilities of Students" described in §5.1 of this Calendar.

9.4.2 REGISTRATION

The Faculty's standard method of registration is online using *UR Self-Service* banner.uregina.ca/prod/sct/twbkwbis.P_WWWLogin. Students who enroll in the Faculty directly should contact the Arts Student Services Office (CL 411) if they have any questions about registration procedures. Students who enroll through Campion College, Luther College, or the First Nations University of Canada should contact their college.

Students are responsible for ensuring that program requirements and academic regulations are met. Online registration does **not** prevent students from registering in courses that do not apply to their degree program or for which they have not met the prerequisite(s). Students must choose their courses to satisfy the prerequisites of the course (refer to course descriptions in §24 or in *UR Self-Service*) and the requirements of their degree program(s) (refer to degree program requirements listed in the departmental sections). Refer also to §3.

Students should confirm their registration by consulting *UR Self-Service* at banner.uregina.ca/prod/sct/twbkwbis.P_WWWLogin.

9.4.2.1 Course Load

The normal maximum course load for any semester (Fall, Winter, or Spring/Summer) is outlined in §3.4.

Students with uncleared deferrals should refer to §5.7.8.

Students can request permission from the Arts Student Services Office (or, for students registered through a Federated College, from their College's Academic or Registrar's Office) to carry up to 3 additional credit hours. To be eligible for consideration, they must have successfully completed 30 credit hours and have a UGPA of at least 70%.

9.4.2.2 Prerequisites

Students are responsible for ensuring that they have the required prerequisite(s) before taking a course. Students who fail a course that is a prerequisite for one in which they are already registered must make appropriate changes to their registration.

9.4.2.3 Registration Permit/Override Permission

Under certain circumstances students must obtain permission before they can register online for certain course sections. Refer to §3.2.2. Students requiring such permission must complete a Registration Permit/Override Permission form, obtain all the required signatures, and deliver the form to the Arts Student Services Office (or to the appropriate federated college if they are registered with a college). The form is available at [www.uregina.ca/arts/student-](http://www.uregina.ca/arts/student-resources/registering-classes/special-permissions.html)

[resources/registering-classes/special-permissions.html](http://www.uregina.ca/arts/student-resources/registering-classes/special-permissions.html) or from the Arts Student Services Office.

Permission must be obtained in the following instances (and is not automatically granted, nor does it guarantee space in a class):

- A third attempt in a course (or fourth attempt for ENGL 100) (also refer to §9.7.6);
- The required prerequisite has not been completed;
- Permission of department head or a placement test is required to register;
- The Faculty, College, Program, or Major restriction is not met;
- Scheduling conflicts.

9.4.2.4 Registration Requirements for Students Granted Mature Admission

Students granted mature admission are limited to registering in a maximum of 12 credit hours in their first semester. They may register in more than 12 credit hours if they have the equivalent of 12 credit hours of transfer credit from another recognized post-secondary institution with a grade point average of 65% or better.

9.5 EVALUATION OF ACADEMIC PERFORMANCE

Refer to §5.12 for University academic performance regulations.

Refer to §5.9 for definitions of Grade Point Averages (GPAs).

9.5.1 DEAN'S HONOURS LIST

The Dean's Honours List is compiled each semester. The list has two parts, one for full-time students and the other for part-time students.

To be included on the full-time list students must have completed a minimum of 12 credit hours of numerically graded University of Regina courses in the current semester and have achieved a term grade point average (TGPA) of at least 85%.

Students will be included on the part-time list if they took at least 3 but less than 12 credit hours of numerically graded University of Regina courses in the current semester and achieved a GPA of at least 85% across all of the most recent semesters needed to complete a minimum of 12 credit hours of numerically-graded University of Regina courses since the semester in which they were last on the Dean's Honours List (or, in the case of students who have never previously been on the Dean's Honours List, since they were admitted to the University of Regina).

Inclusion on the Dean's Honours List will also be noted on students' official transcripts.

9.5.2 PROBATION AND MANDATORY WITHDRAWAL

The Arts Student Services Office (or the relevant college) audits students' academic performance after each semester (for this purpose the Spring and Summer semesters are treated as a single semester). Letters are emailed in May, September, and January to students who are placed on academic probation or forced to withdraw (MW) their studies. When MWs are assessed, they are effective immediately. Students may appeal being forced to withdraw, but must do so before the deadlines indicated in their letters. Appeals received by the deadline are heard within the term; late appeals will not be heard.

When the Arts Student Services Office (or the relevant college) evaluates academic performance, it may discount some failed courses from other faculties, if the course(s) are not required for the student's current program of study as anything other than open electives. Students who have voluntarily sat out a period of not less than two years may also have failures previous to this voluntary discontinuance discounted when their academic performance is evaluated.

Students who have been forced to withdraw from their studies must apply to be readmitted to the Faculty. The decision of the Faculty on such applications is final and cannot be appealed. Students who are re-admitted may have conditions placed upon them.

The following additional regulations apply only to students registered in the programs indicated:

9. Faculty of Arts

9.5.3 Requirement to Discontinue from the Faculty of Arts

Students who fail to complete the requirements of either the first or second semester of the Arts Transition Program will be required to discontinue their studies in the Faculty of Arts for a minimum of 3 semesters. If a student has previously been unsuccessful in the Academic Recovery Program, then the student will be forced to withdraw from the University of Regina indefinitely. Upon completion of the relevant period of discontinuance, students may petition for re-admission to the Faculty and may then have to complete the outstanding requirements of the program.

9.5.2.2 BA in Police Studies

Students who are dismissed from their police service position before completing the internship will be required to discontinue indefinitely from the BA in Police Studies.

9.5.2.3 BA in Journalism and Bachelor of Journalism

Students may be required to discontinue indefinitely from these programs if they cannot maintain a minimum TGPA of 65% or if they fail a required course.

Students may also be required to discontinue indefinitely from these programs if they fail their internship or if they do not maintain satisfactory academic performance or professional development. Readmission to the program is at the discretion of the School. A student has the right to appeal the School's decision to the Student Appeals Committee of the Faculty of Arts.

9.6 TIME LIMIT AND GRADUATION REQUIREMENTS

Refer to §6 for Graduation Requirements.

9.6.1 APPLYING AND APPROVAL TO GRADUATE

Students who wish to have their degree conferred as soon as possible after completing their requirements should apply while in their final semester of courses. Students who will be finishing in December need to apply by November 30 in order to have their degree conferred in January. Students who will be finishing in April need to apply by January 31 in order to have their degree conferred in May. Students who will be finishing during Spring/Summer session need to apply by July 31 in order to have their degree conferred in October.

Students who plan to attend the Convocation ceremony should note the relevant deadlines in §6.9. For more information about graduation, refer to §6.3 and §6.4.

9.6.1.1 Certificates

Students who completed the requirements for a Certificate while working toward completion of a degree program may not apply to have the Certificate awarded if more than one year has elapsed since the degree was awarded.

9.6.2 GRADUATION REQUIREMENTS

9.6.2.1 Calculation of Grade Point Averages (GPAs)

- Refer to §5.9 for definitions and calculation of GPA.
- **Undergraduate GPA:** The UGPA is based on all University of Regina courses taken, but when a course has been repeated, only the grade in the most recent approved attempt is used.
- **Program GPA:** For all degrees and most certificates, the Program GPA is calculated on all courses used in the program. For the Advanced Certificates and Honours Certificate, the Program GPA is calculated on the aggregate of degree and certificate courses.
- **Major and Minor GPA:** Calculated on the courses used to meet the major and minor requirements.
- **Honours Major GPA:** For Honours degrees and certificates, the Honours Major GPA is calculated on the courses used to meet the Honours major requirements. Second (non-Honours) major and minor GPAs are calculated on the courses used to meet the major or minor requirements.

9.6.2.2 Minimum GPAs for Graduation (by Program)

 2. a three credit hour (or more) University of Regina course (or a course taken on a letter of permission at another Canadian post-secondary institution) that includes at least two weeks out of the country. If the course includes less than two weeks out-of-country experience, the approval of the Dean or designate will be needed for the student to receive international designation, or participation in an international exchange program, completing three or more credit hours, or
 3. a minimum of three credit hours of courses taken by prior permission of the University of Regina at an out-of-country post-secondary institution.
 4. Other international experiences will be considered on a case-by-case basis.

Students who believe they qualify for a Bilingual mention, Co-op or International designation must indicate this on their application for graduation. Awards of "Distinction", "Great Distinction", and "High Honours" are made automatically by the Faculty.

9.7 OTHER FACULTY REGULATIONS

9.7.1 AWARDING OF CONCURRENT AND ADDITIONAL DEGREES AND PROGRAMS

Refer also to §6.2.

Students may receive from the Faculty of Arts only one certificate, diploma, degree, major and/or minor, in a principal area of study at one time. That is, the academic emphasis of each program must be distinct from any other programs a student pursues at the same time. No more than half of the courses taken by the student to satisfy the requirements of one certificate, diploma, degree, major and/or minor can be used toward the requirements for another for both to be awarded concurrently.

9.7.2 DEFERRAL OF FINAL EXAMINATION AND/OR TERM WORK

Students who are unable to complete a course for serious medical or personal reasons may be eligible to defer some of the course work. Students in this situation should consult the Arts Student Services Office, or the Academic or Registrar's Office of the relevant Federated College, as quickly as possible.

Extensions on deadlines for completion of assignments or writing of final examinations may be granted to students on the basis of illness, accident, or other extreme and legitimate circumstances beyond their control. If students become very ill or encounter other serious difficulties early in the semester or when no coursework has yet been completed, withdrawal may be a better option.

Refer also to §5.7.

9.7.3 FAILED COURSES

If students fail a course that is a prerequisite to one in which they have enrolled in the ensuing semester, it is their responsibility to drop the latter course. Whether or not they drop, they will be refused credit for the latter course, even if it is successfully completed.

9.7.4 INTRODUCTORY COURSES

For Faculty of Arts programs, a maximum of 48 credit hours may be in 100-level courses.

9.7.5 ELECTIVE COURSES

The following courses are not considered to be university-level and so may not be taken for credit towards an Arts degree or certificate program: AE 19 and 29; CHEM 100; AMTH 091 and 092.

Students will receive elective credit for ACAD 100 toward any Arts program if it is completed prior to the successful completion of ENGL 100, or with permission of the Associate Dean (Undergraduate), or designate, if taken afterward.

A maximum of 6 credit hours of activity-based KHS courses may be included in a Faculty of Arts degree, diploma, or certificate program. These courses include KHS 131, 132, 135, 231, 232, 233.

9.7.6 REPEATING COURSES

Normally students may only repeat a course once (the exception is English 100, which may be repeated twice).

Students wishing to repeat a course more than once (or more than twice in the case of English 100) must make written application to the Faculty of Arts Student Services Office (or, for students registered through a Federated College, to their College's Academic or Registrar's Office). Such requests are approved only in exceptional circumstances, as indicated in a guide that is available from the Arts Student Services Office, from Federated College Registrars, or on the web at www.uregina.ca/arts/student-resources/registering-classes/repeating-courses.html. Students must also obtain Registration Permit/Override Permission from the Arts Student Services Office or their college to register online in a third (or fourth for ENGL 100) attempt at a course. Refer to §3.2 and §9.4.2.3.

For students with repeated courses, GPAs will be calculated using the most recent grade attained in that course.

9.8 FACULTY APPEAL PROCEDURES

Appeals of academic regulations or program requirements, and applications for admission or re-admission (following a discontinuance or failure to meet transfer requirements) are to be made in writing, and addressed to the Chair, Faculty of Arts Undergraduate Student Appeals Committee, Arts Student Services Office (CL 411), University of Regina, Regina, SK S4S 0A2. Appeal guidelines are available from the Arts Student Services Office and College Registrars' Offices or on the web at: www.uregina.ca/arts/student-resources/preparing-appeals/index.html.

The authority to approve substitutions or waive requirements in a major or minor rests with the Department offering that specialization, provided that the Faculty's basic requirements (minimum credit hours, minimum number of 300- and 400-level courses, etc.) are met. Appeals of Department decisions may be heard by the Council Committee on Student Appeals (§5.14.2). The decision of the Faculty with respect to admission and conditions for continuation is final.

The Committee does not hear appeals of grades or placement on probation; consult §5.10, Reassessment of Grades.

9.10 ARTS WORK EXPERIENCE INTERNSHIP PROGRAM (AWEI)

The Faculty offers a Work Experience Internship Program for Arts Students. The program serves to enhance the educational experience of students by adding a work experience that integrates conceptual and applied learning in the workplace. Interns work at host organizations on a designated project. Host organizations in turn, receive help in completing projects and research, and can assess the quality of students as potential future employees.

Under this program, students work 8-12 hours a week doing practical research-oriented work in various provincial organizations and receive 3 credit hours for a course, as well as valuable work experience. If appropriate, the course can be used to fulfill a major requirement.

Consult §24 or *UR Self-Service* for course description. More information and internship postings can be found at: www.uregina.ca/arts/work-experience/internship.html.

9.11 CO-OPERATIVE EDUCATION PROGRAM IN ARTS (ARTS)

Co-operative education is a degree option that allows students to combine their academic studies with career-related work placements, enabling them to integrate academic theory with practice in the field. The Faculty of Arts offers programs in co-operative education in all degrees, except for those with an internship or practicum component (Bachelor of Health Studies, the Bachelor of Human Justice, the BA (Police Studies), the BA (Journalism) and the Bachelor of Journalism).

Students spend alternate four-month periods taking university courses and working in fully-salaried jobs, often related to their discipline, with participating employers. Students in this program would complete a minimum of 3 four-month work terms in addition to their course work, so that it may take an additional 8-12 months to complete the degree requirements.

The benefits of co-operative education include improved motivation and academic performance, practical work experience that will help in career selection, financial gain while in school, and improved salaries and employment placement upon graduation.

9.11.1 CRITERIA FOR ENTRANCE INTO THE CO-OPERATIVE EDUCATION PROGRAM IN ARTS

1. Declaration of a major in Arts or a BSc or BSc Honours offered by the departments of Economics, Geography or Psychology. Students completing the Bachelor of Health Studies, the Bachelor of Human Justice, the BA (Police Studies), the BA (Journalism) and the Bachelor of Journalism are required to complete an internship and so are not eligible to participate in the Arts Cooperative Education program.
2. Completion of a minimum of 45 and a maximum of 84 credit hours in acceptable degree programs as noted above in 1. Students may apply in the semester in which they will complete 45 credit hours.
3. A program GPA of at least 70% and a major GPA of at least 70%.
4. Completion of ENGL 100 and one of the Faculty's Textual Studies requirements: ENGL 110; RLST 245, 248; PHIL 100 or SOST 110
5. Completion of at least two courses in their major.
6. Students will be expected to demonstrate minimal standards of computer literacy, specifically knowledge of word processing, spreadsheets, and presentation software.
7. Students who are completing two programs or degrees at the same time will be allowed to participate in the Co-operative Education Program in Arts, unless one of their programs requires a practicum, work placement, internship or professional training.

9.11.2 REGISTRATION IN THE CO-OP PROGRAM

Students participate in the Co-operative Education Program under the direction of the Academic Co-op Coordinator. Policies, procedures and deadlines for Co-operative Education programs must be adhered to. Details are contained in §8.1.1 of the Undergraduate Calendar, or see the Co-op Student Handbook at www.uregina.ca/careercentre/coop/current-students/handbook.html.

Students register in and complete ARTS 001-004.

9.11.3 CONTINUATION IN AND COMPLETION OF THE CO-OP PROGRAM

Successful completion of three work terms (which may be in different departments) is required for the Co-op designation, with a fourth work term being optional. A student's final term must be academic study. Upon graduation there will be an appropriate designation on the diploma and transcript of each student who meets the requirements of the Faculty of Arts for the Co-operative Education program.

To continue in the Co-op program, students must maintain a PGPA of 70% and major GPA of 70%. Students who have one "F" grade for work terms will normally be required to withdraw from the Co-operative Education Program in the Faculty of Arts. Students must comply with the rules specified in the Co-op Student Handbook. Failure to follow

9. Faculty of Arts

the rules results in an automatic failure for the work term. The Associate Dean (Undergraduate) of Arts, or designate, will resolve problems. Appeals may be made to the Faculty of Arts Students Appeal Committee.

Please contact the Co-operative Education Office, the Arts Students Services Office or consult our web page at www.uregina.ca/arts/work-experience/coop.html for further information.

9.11.4 FIRST NATIONS UNIVERSITY OF CANADA CO-OP PROGRAM

The First Nations University of Canada Co-op program parallels the policies and procedures of the University of Regina Arts Co-op program with the exceptions that (1) students will enroll in the First Nations University's Arts Co-op work terms, regardless of their degree program, and (2) the evaluation process is designed to meet the First Nations University of Canada's vision for students to understand the non-First Nations system by retaining First Nations values.

9.15.11	BSc Combined Major in Statistics and Economics
9.15.12	Minor in Economics
9.15.13	Certificate in Economics

9.15.1 GENERAL INFORMATION

The Department of Economics offers four-year Bachelor of Arts degrees in: Economics, Economics and Business Administration, Economics and Geography, Economics and History, Economics and Society, and Philosophy, Politics and Economics. It is also possible to do a minor in Economics, an Economics Certificate, or a Bachelor of Science degree with a major in Economics or a combined major in Statistics and Economics.

The majors in Economics (both BA and BSc) are good choices for students who plan to work as professional economists, whether in the private or public sectors, or non-profit organizations. These majors place greater emphasis on theory and quantitative analysis. The major in Economics and Society, and the combined majors, are designed for students who want liberal arts and interdisciplinary approaches to economics, who are preparing for professional schools (e.g., law), or who plan to complete graduate programs in business, public administration, or international relations. Compared to the majors in Economics, these majors place more emphasis on policy and applications. Students taking the Economics and Society major are strongly urged to combine it with a minor or major in another social science or with the Diploma of Business Administration.

The honours majors in Economics (both BA and BSc) are the best choices for those planning on a career as a professional economist or hoping to pursue graduate studies in economics. The honours majors require more economics courses than any of the other economics majors, including more courses that emphasize theory, mathematics, and quantitative methods. They are more intensive and theoretically-oriented than the other majors, but do open up more career opportunities.

Program outlines are available from the Arts Student Services Office: www.uregina.ca/arts/student-resources/choosing-program/program-outlines.html

For all degree programs in Economics, ECON 100 is highly recommended, but not mandatory. Students who have successfully completed ECON 201 and 202, or any 300-level ECON course, may not afterwards take ECON 100 for credit.

BUS/ADMN 340, Government Finance, may be counted as 200-level credit in economics (but see note to ECON 232 in §24).

9.18 HEALTH STUDIES PROGRAM

Website: www.uregina.ca/kinesiology/health-studies.html

9.18.1 GENERAL INFORMATION

The Bachelor of Health Studies and the Certificate of Health Studies are joint initiatives between Faculty of Arts and the Faculty of Kinesiology and Health Studies in partnership with First Nations University of Canada. The Bachelor of Health Studies degree aims to provide students with an integrated understanding of the ways in which a) social, economic and cultural "determinants of health" shape b) individual beliefs, attitudes and practices, which in turn c) affect physiological and biological functioning of individuals. The degree promotes an interdisciplinary understanding of health, drawing on both the social sciences and the natural sciences, and aims at promoting knowledge development and action conducive to health. This program meets the needs of Saskatchewan and Canada as health issues continue to dominate public policy choices. A key feature of this program is its emphasis on understanding indigenous health needs.

9.18.2 ADMISSION TO HEALTH STUDIES

A number of articulation agreements have been approved with Saskatchewan Polytechnic (Combined Lab-Xray Technologist; Health Information Management; Advanced Care Paramedic, Cytotechnology), in addition to Dental Hygiene.

9.18.6 FIELDWORK

The Health Studies Program believes that a well-conceived professional Fieldwork Program is essential for the facilitation of learning and personal growth of undergraduate students. Experiential learning is one of the critical steps a student takes in preparing for a career. Hence, the 'placement' of a student in a supervised educational experience is an integral part of a student's education in which a student may observe, inquire, participate, contribute, and learn.

KHS 300 (Pre-Fieldwork Seminar) is designed to provide an in-depth overview of the Fieldwork Program. If the student wishes to complete their Fieldwork requirement outside the province of Saskatchewan, it is highly recommended that the student complete KHS 300 two semesters prior to registering for HS 448 (Fieldwork - BHS) in order to allow for enough preparatory time.

HS 448 is designed to assist the student with the transition from the academic present to the professional future. It is an opportunity to engage in the practical application of theories in a real world environment. Fieldwork is considered to be a senior part of the academic program and must be completed within 12 months of completion of KHS 300 (Pre-Fieldwork Seminar).

9.18.6.1 Bachelor of Health Studies Fieldwork Substitution

Students who show that they have substantial and relevant work experience can apply to the coordinator to waive HS 448 (Fieldwork). Instead they will take HS 449 (Health Field Experience Paper) and will substitute the remaining 12 credit hours with courses approved by the coordinator(s).

9.18.6.2 Deadlines for Registration in HS 448 (Fieldwork)

For:	Deadline
Spring/ Summer and Fall	March 25
Winter	November 25

For more information on the Fieldwork Program please refer to the Fieldwork section of www.uregina.ca/kinesiology

9.18.6.3 Scheduling of Fieldwork

HS 448 must be taken within twelve months (three semesters) of completion of KHS 300 (Pre-Fieldwork Seminar). The Fieldwork Coordinator reserves the right to require a student to re-take KHS 300 (Pre-Fieldwork Seminar) if the organized Fieldwork Practicum falls outside of the three-semester time restriction.

9.20.1.1 General Information

A two-year, 72-credit-hour program of studies, the Certificate in Indian Communication Arts (INCA) is offered through the First Nations University of Canada's Department of Indigenous Languages, Arts and Cultures.

Indian Communication Arts (INCA) provides academic training and professional experience that supports the entry of Aboriginal people into all areas of the communications industry, including Aboriginal and mainstream media and public relations. INCA graduates are also eligible to apply to the University of Regina School of Journalism.

INCA prepares students by requiring that they complete courses including Indian history and politics, oral traditions, community-based research, business management, traditional and contemporary communication systems, languages, and art. INCA students master basic skills needed for reporting for print and broadcast media and the web and can also study strategic communication planning for public relations.

9.20.1.2 Admission to Indian Communication Arts

To qualify for admission to INCA, students must be eligible for admission to the First Nations University of Canada/University of Regina. Proficiency in English must be well above average, and it is strongly recommended that applicants have basic computer skills.

Upon being accepted by First Nations University of Canada/University of Regina, students must contact the Faculty or the Department of Indigenous Languages, Arts and Cultures which will provide academic and professional advising.

9.20.1.3 Certificate in Indian Communication Arts (INCA)

The basic requirements of the INCA program are those of the pre-journalism program outlined in §9.22.2. INCA students take INDG 281 and 282 and INCA 283 and 284 as electives in the pre-journalism program of the Faculty of Arts. In addition to the pre-journalism requirements, INCA students take INCA 200 (Summer Institute in Indian Communication Arts) and INCA 290 (Internship).

In order to receive the Certificate in Indian Communication Arts, a student must have a GPA of at least 65% based on all courses being used for the certificate.

9.20.3.1 General Information

No culture can survive without the retention of its language. One goal of the First Nations University of Canada Languages and Linguistics program is thus to strengthen First Nations identity by ensuring the survival of the languages of Saskatchewan's First Nations. The department aims to instill in its students a sense of pride in the knowledge and use of the Indigenous languages.

The Department of Indigenous Languages, Arts and Cultures offers courses in Cree, Saulteaux, Nakota, Dakota, and Dene languages, and in general linguistics. For the First Nations languages of

Saskatchewan, introductory courses teach conversational fluency and an awareness of how each language works. More advanced courses explore the structures, writing systems, and literatures of Saskatchewan's Indigenous languages, as well as principles of translation, expository and creative writing, oral tradition, and directed studies. Introductory courses include language lab activities as well. While most of the language and linguistics courses are offered in Regina, the Saskatoon and Northern campuses of First Nations University of Canada also offer full-credit Cree courses each semester. Dene (Chipewyan) is offered through extension courses in the north.

Linguistics is the scientific study of all forms of human language. It is a search for the patterns of sound, word-form, phrase structure, and meaning that underlie the languages we use. The languages and linguistics program is taught by faculty members in a variety of areas within the University. The Department of Indigenous Languages, Arts and Cultures, First Nations University of Canada (including all full-time Linguistics faculty) offers a large number of courses; other linguistics courses are offered by the Faculties of Arts and Education.

Because linguists concern themselves with the structure of language (rather than with learning to speak a language), most courses in linguistics do not require fluency in any second or third language, unless stated in the prerequisites. All linguistics majors are nonetheless encouraged to enroll in language courses beyond the basic BA degree language requirement.

Linguistics majors are encouraged to take courses in multimedia studies (e.g. Indian Communications Arts).

Linguistics majors are urged to take LING 210 before taking LING 211 or any courses in historical linguistics.

9.20.5 INTERCULTURAL LEADERSHIP PROGRAM

- 9.20.5.1 General Information
- 9.20.5.2 Certificate in Intercultural Leadership
- 9.20.5.3 Minor in Intercultural Leadership

9.20.5.1 General Information

The Intercultural Leadership Program is intended to prepare undergraduate students for employment and leadership positions with the Saskatchewan crown corporations and other organizations. Students complete a 30-credit hour certificate that will prepare them for leadership in an intercultural context to serve in both the public and private sectors of Saskatchewan and beyond. Students will discover both the similarities and differences of their own cultural backgrounds and those of other students and will explore leadership from different world-views through developing knowledge of the ideas, values, and backgrounds of other students. Emphasis will also be placed on the value of community resources, including the role of Elders, and the importance of leadership in a community context. This cross-cultural understanding is pertinent to envisioning the broad picture necessary for developing leadership for change.

The Department of International Languages offers programs in Chinese, German, Japanese, and Spanish.

9.21.1 HOW TO CHOOSE A LANGUAGE COURSE

- Students with prior experience in a language (study, family background, or any other experience) must consult the Department of International Languages to determine appropriate course placement before registering in courses in that language.
- Students with grade 12 standing in a language will not normally receive credit for the first introductory course in that language (numbered 111), however, students whose grade 12 (level III) second-language standing dates from five or more years previous to their registration in a University of Regina language course, and who, in the interim, have not taken any courses in that language, may choose to meet the second language requirement of the BA, and receive credit, by taking the introductory sequence of 111 and 112.
- The Department has, or is developing, options for students to study and obtain program credit abroad. Please contact the Department for more information.

9.22.1 GENERAL INFORMATION

Two degree programs are offered: the Bachelor of Arts (BA) in Journalism and the Bachelor of Journalism (BJ). The BA in Journalism is a four-year, 120-credit hour degree consisting of two stages: two years of pre-journalism in the Faculty of Arts and a two year program in the School of Journalism. The BJ is a two-year, 60-credit hour degree designed for students with a previous degree who seek a specialization in journalism. (Please note: First year BJ is the pre-qualifying program that degree-holding students who do not have a prior journalism degree or experience are required to take in preparation for entering the MJ program.

The School provides broadly-based courses in print-online, radio, and television journalism. Digital radio and television studios, cameras, editing, and mixing equipment are available to students. The School offers desktop publishing and internet facilities for the dissemination of student-produced stories. Students will critically analyze journalistic practice as well as produce stories for print and online newspapers, magazines, and radio and television newscasts.

9.22.5 BACHELOR OF JOURNALISM (BJ)

This degree is designed for students with a previous degree who seek a specialization in journalism. (Please note: First year BJ is the pre-qualifying program that degree-holding students who do not have a prior journalism degree or experience are required to take in preparation for entering the MJ program.

The two years required to obtain the Bachelor of Journalism degree, 60 credit hours, must be completed in full at the University of Regina, following admission to the School of Journalism, and will include 3 semesters of coursework and one semester as an intern in the journalism field. For degree-holding students who do not fully qualify to directly enter the MJ program, one non-degree preparatory BJ year is required for MJ admission. Such students also have the option to remain in the BJ program to complete the requirements for a BJ degree, rather than advancing to the Masters level.

Students must meet a required standard in this internship to obtain the degree.

Internships are offered in the Winter, Summer, or Fall semesters. The placement is determined by the School.

In the fourth semester students are required to take 9 or more credit hours of journalism electives at the 400 level which must include JRN 401 or 402. The remaining electives may be taken outside the School of Journalism

9.22.7 EVALUATION OF ACADEMIC PERFORMANCE

A minimum GPA of 65% per semester in journalism, with no failures, is required for students to continue in the program. Students failing to meet these criteria will be required to discontinue indefinitely from the program.

For eligible degree-holding students wishing to advance into the Master of Journalism program, a minimum CGPA of 70%, and successful internship completion, are required for MJ admission. A student who fails the School's internship may be required to discontinue indefinitely from the program. A student may be required to discontinue from the program indefinitely for unsatisfactory academic performance or professional development. Readmission to the program is at the discretion of the School. A student has the right to appeal the decision by the School to the Student Appeals Committee of the Faculty of Arts.

See §9.5. Students must also meet the University and Faculty academic performance standards.

The Department of Justice Studies provides students with an integrated, interdisciplinary education. This prepares graduates for academic and professional careers in criminal, legal, restorative, and social justice. Graduates will develop knowledge, skills and abilities in critical thinking and problems solving, professional writing and communications, research methods, policy analysis, and ethics as they apply to justice theories, phenomena and practices.

Program outlines are available from the Arts Student Services Office: www.uregina.ca/arts/student-resources/choosing-program/program-outlines.html

Students may receive only one of the following two degrees because the academic emphasis of the programs is not distinct: Bachelor of Arts in Police Studies, and Bachelor of Human Justice. See the University regulations regarding Awarding of Additional and Concurrent Degrees in §6.2 and §9.7.1.

9.23.3 ADVANCED CERTIFICATE IN CRIMINAL JUSTICE (SASKATCHEWAN MINISTRY OF CORRECTIONS AND POLICING, COMMUNITY YOUTH WORKER)

The Advanced Certificate in Criminal Justice (Saskatchewan Ministry of Corrections and Policing) provides the equivalent of the concentration in Criminal Justice (Saskatchewan Ministry of Corrections and Policing) to holders of a Bachelor of Human Justice. Refer to §9.29.4. Students holding a BHJ awarded in Fall 1998 or later complete any remaining requirements of the BHJ with the concentration in Criminal Justice (Saskatchewan Ministry of Justice) as outlined below. Holders of a BHJ awarded prior to Fall 1998 by the Faculty of Social Work must also fulfill any outstanding Arts course requirements in addition to the courses required for the Certificate; specific courses to be completed will be determined by the Arts Student Services Office, in consultation with the Department of Justice Studies.

The minimum program GPA for graduation is 65%. To meet the residency requirements, JS 490, as well as at least four additional JS courses must be completed at the University of Regina. Students completing the requirements for the certificate as part of their BHJ program must apply for graduation within one year of the degree being awarded.

9.23.4 BACHELOR OF HUMAN JUSTICE PROGRAM SEQUENCING

Students are expected to gain a broad foundation in liberal arts and science (especially the social sciences) on which to build their Human Justice program, and so will concentrate on the Faculty's core requirements in the early stages of their program.

BHJ students shall sequence JS 090 (Justice Studies Orientation), JS 100 (Introduction to Justice), 290, (Introductory Field Placement), and 291 (Professional Communication and Writing) among the first five Justice Studies courses taken. Students should take JS 280 and 319 as soon as possible after JS 100 and 290 and 291. JS 230 and 280 **must** be taken before the Advanced Practicum courses: JS 490 and 492.

JS 490 (Advanced Field Placement) and 492 (Major Justice Project) are the capstone of the BHJ program, and should be taken near the end of the student's program.

9.23.4.1 Gaining Professional Experience

Professional education involves the acquisition of knowledge, skills and attitudes through academic study and supervised practice. To ensure that graduates have developed a sound appreciation of professional practice, the program requires two semesters of field practice experience, JS 290, Introductory Practicum: Field Placement and Seminar, and JS 490, Practicum II (Advanced) Field Placement and Seminar.

9.23.4.2 Introductory Practicum: Field Placement (JS 290) and Professional Communication and Writing (JS 291)

A 65% program average is required to enroll in JS 290 and 291.

JS 290 consists of a work placement (typically three days per week) in an approved organization. The course is graded pass/fail, and earns 6 academic credits. The goal of the course is the integration of academic work and practice. JS 291 explores professional communication skills and writing. Students may register in 6 credit hours in addition to JS 290. Both courses must be among the first five Human Justice courses taken. JS 290 is offered in the Winter and Fall semesters. JS 291 is offered in Fall semesters.

9.23.4.3 Advanced Practicum: Fieldwork (JS 490) and Major Project (JS 492)

1. A 65% average in the major is required to enroll in JS 490 and 492.
2. The advanced practicum occurs at the end of a student's program. It is an opportunity to apply the theoretical and practical knowledge that has been acquired throughout the program. The advanced practicum experience involves one semester of full-time work (4-days per week) in an approved setting. Advanced practicum students can expect to be given independent responsibility during their placement. In addition to working 4-days per week, students participate in practicum seminars to further the link between theoretical learning and practical application. For those students who have considerable

professional experience in a justice context, other advanced practicum options are available.

3. JS 490 is offered in the Fall and Winter semesters and JS 492 is offered in the Winter semesters. Students interested in an International Practicum should apply to the Practicum Coordinator one year in advance to ensure that there is adequate time for all arrangements to be completed.
4. Students wishing to complete the concentration or certificate in Criminal Justice must secure an advanced practicum field placement in the corrections field (in either a community-based or institutionally-based program) which provides experience in case management with clients. Those who have completed their advanced practicum in a different field may be allowed to substitute additional course work. Consideration may be given for appropriate work experience. Please consult the Department of Justice Studies.

9.23.4.4 Application Procedure for JS 290 and JS 490

Application forms for the Practica are available from the Department, the Arts Student Services Office, and Federated College Registrars, or online from the Justice Studies website. Information to apply for a Practicum is available on the Department website. The completed application must be uploaded to www.placeprocanada.com by the following deadlines:

- For Winter semester placements, October 1st
- For Fall semester placements, February 1st

9.23.4.5 Human Justice Courses

Since many JS courses have been re-numbered over the past several years, students must ensure that they do not register for courses they have already taken. If in doubt, please consult the Department.

See §24 for specific course descriptions.

9.23.5 BACHELOR OF ARTS IN POLICE STUDIES

The four year, 120-credit hour Bachelor of Arts in Police Studies (BAPS) is offered by the Department of Justice Studies. The BA in Police Studies is a professional degree consisting of three years of liberal arts and justice studies coursework followed by a fourth year of either (1) professional training and practicum with a police service or (2) advanced academic coursework in justice and police studies and a police-related practicum leading to the completion of the degree.

Entry into the police studies program is no guarantee that students will be accepted into a police service. Students planning to enter the professional track in the fourth year of their police studies program are responsible for applying to and being hired by a police service or other law enforcement agency on their own accord. Police recruitment is a very competitive process, and students not hired by a police service can still earn a degree in Police Studies by completing the academic track in the fourth year of their police studies degree. In addition, students who first earn a Justice Studies degree and who then are subsequently hired by a police service can also earn an Advanced Certificate in Police Studies for successfully completing their police college training and probationary period.

Program outlines are available from the Arts Student Services Office: www.uregina.ca/arts/student-resources/choosing-program/program-outlines.html

9.23.5.2 Police Studies Professional Training (30 credit hours)

Entry into the professional track of the Police Studies Program (typically the fourth year) is dependent on students securing employment with an approved sponsoring police service. The professional training year (30 credit hours) for the BA in Police Studies will comprise approved police college training (or equivalent) and practicum (JS 494 or JS 495) with an approved sponsoring police service. Students will receive 15 credit hours of transfer credit for the approved police college training (or equivalent). The final 15 credit hours involves training with a partnered police service and submission of an assigned paper, the format of which varies depending on the student's background. Students enrolled in the professional track of the BA in Police Studies any time before employment with a police service or who have less than five years service upon application for admission to the BA in Police Studies must complete JS 494, a 15 credit hour course. Students who have at least five years of police service upon application to the BA in Police Studies and who were never enrolled in professional track of the BA in Police Studies must complete JS 495, a 3 credit hour course, and receive 12 credit hours of transfer credit for professional training already completed. These 12 credit hours of transfer credit cannot be used toward another degree program in the Faculty of Arts.

9.27.5 INTERNATIONAL STUDIES PROGRAM

9.27.5.1 GENERAL INFORMATION

The International Studies degree is an interdisciplinary program that aims to provide students with the necessary intellectual tools to study the relationships between the local, regional, international and global levels on the one hand, and the complex connections and interactions between society, culture, politics, economics and the environment on the other hand. This blending of international and regional studies is a unique aspect of the International Studies degree not found in other international or area studies programs. The International Studies Degree provides students with skills to understand global processes and structures that connect and affect countries and regions of the world. It also enables students to situate different regions in the broader context of global issues.

Program outlines are available from the Arts Student Services Office: www.uregina.ca/arts/student-resources/choosing-program/program-outlines.html

9.28.1	General Information
9.28.2	BA Major in Religious Studies
9.28.3	Honours Major in Religious Studies
9.28.4	Minor in Religious Studies

9.29.1 GENERAL INFORMATION

The academic study of religion applies the techniques of the humanities and social sciences to the vast spectrum of human practices that claim to be grounded in a transcendent, superhuman, or otherwise extraordinary level of reality. The student may aim to better and more rigorously understand specific religious traditions or specific religious phenomena in their historical, social, linguistic, and cultural contexts. Others may wish to explore questions of more global and comparative significance, with a view to making sense of religion (or aspects thereof) as shared, cross-cultural, broadly human behaviors. Courses are not designed to foster personal religious commitments or to evaluate to that end the relative merits of various religious practices, traditions, and points of view.

Religious practices and beliefs figure prominently in a wide array of human activities, from music, film, and the visual arts to literature; from politics, economics, and collective meaning-making to personal coping mechanisms. The study of religion therefore can serve as an entry point or a supplement to any number of fields of academic study, as well as professions associated with public policy, health, social work, education, or business and administration.

9.33.1 GENERAL INFORMATION

Women's and Gender Studies is an interdisciplinary department that engages both Social Science and Humanities' perspectives. It is an academic department that provides critical reading, writing and thinking skills in order to contribute to the development of Canadian society and the world at large. Drawing upon and contributing to methods, theories and data related to history, English, sociology, religious studies, philosophy of science, film theory, philosophy, justice studies and so forth, Women's and Gender Studies broadens knowledge and understanding of human social and cultural systems. In Women's and Gender Studies there is a critical engagement with gender, race, class, ethnicity and their interconnection with knowledge formation and power differentials. Those of us teaching in Women's and Gender Studies are part of a larger community of feminist scholars, writers, artists, and activists within and outside of the university. In Women's and Gender Studies there is a commitment to provide transformative feminist frameworks for viewing and changing the conditions of women's lives and gender relations.

Women's and Gender Studies courses are open to all students in every faculty. Instructors in Women's and Gender Studies are specialists in a number of traditional disciplines whose research concentrates on gender, sex, sexuality, race, women and men. Thus the Women's and Gender Studies department provides a rich source of experience and expertise.

Students may establish an area of focus in the Women's and Gender Studies major and honours major programmes. "Themes and Theorizing" indicates a focus in feminist theories, and categories of analysis, while "Health and Environment" indicates a focus in women's issues related to health and the environment. Any student interested in Women's and Gender Studies is encouraged to contact the department chair.

10.1.2 UNDERGRADUATE PROGRAMS

The Faculty of Business Administration offers programs of study leading to the Bachelor of Business Administration (BBA) and the Diploma of Business Administration (DipBA).

The BBA program is designed to educate students for effective careers in the management of either business firms or non-profit-seeking organizations. The program focuses on developing conceptual, technical and interpersonal knowledge and skills.

To accomplish this objective, the program consists of a selection of Business courses, a selection of arts and science courses, and open electives. In the case of both the Business course requirements and arts and science course requirements, some courses are specified, while others are to be selected from a broad range of choices. The purpose of the specified courses is to increase the students' overall understanding of society, to ensure that every Business graduate has sufficient knowledge of the several areas of Business to consider intelligently the problems and opportunities of those areas, and to understand the advice of functional and institutional specialists.

For the remainder of their programs, students may select a range of courses to tailor the program to their own needs and interests. Open electives allow for either greater breadth of knowledge or depth of specialization, as the student chooses.

The BBA is a general business degree, preparing students for all aspects of business. The Faculty of Business Administration offers optional majors in Accounting, Entrepreneurship, Finance, Human Resource Management, International Business, Management and Marketing.

10.1.3 CAREER PLANNING/MAJORS

Some required courses in the majors require students to complete additional pre-requisite courses that are not specifically listed as requirements of the BBA or the major. Students are, however, expected to plan their programs to allow room for all pre-requisites. Consult the *UR Self-Service*, §24 or your advisor prior to registration to ascertain pre-requisites and appropriate course sequencing.

10.1.3.1 Careers in Accounting

An **Accounting Major** is available for students interested in accounting careers. Students are encouraged to take additional accounting courses beyond the requirements for the major in preparation for professional examinations. Students wishing to pursue a professional accounting designation - Chartered Professional Accountant (CPA) – should be aware that meeting the minimum requirements of the accounting major will not necessarily ensure that the entry requirements for the CPA program have been met. Students should seek advice during the BBA program from CPA Saskatchewan – www.cpask.ca for further information.

10.1.3.2 Careers as Entrepreneurs

An **Entrepreneurship Major** will be available for students interested in careers as entrepreneurs.

10.1.3.3 Careers in Finance

A **Finance Major** is available for students interested in careers in finance. Students should also consider choosing their arts and science electives from the areas of **economics, computer science, and statistics**. Students interested in learning more about becoming a Certified Financial Planner or Chartered Financial Analyst, should contact the following:

10.1.3.4 Careers in Human Resources Management and Industrial Relations

A **Human Resources Management Major** is available for students interested in careers in Human Resources Management and Industrial Relations. Students should also consider taking their elective arts and science courses from the **social sciences**.

Students interested in becoming human resource managers and practitioners might wish to consider courses leading to the Certified Human Resource Professional (CHRP) designation. The Faculty of Business Administration offers a number of courses that prepare students to qualify for this designation. A number of other specialties and designations in this field also exist in areas such as training and development, employee benefits management, and recruitment, for example.

Students interested in pursuing a career in industrial relations might consider the CHRP as a starting point, or may wish to consider specialized negotiation, mediation and arbitration training which would result in additional professional designations. Several courses offered in the Faculty provide the basis for a career in this field. Employment opportunities exist in labour unions and in HR/IR departments of a variety of organizations in the public and private sectors, as well as in management consulting.

10.1.3.5 Careers in International Business

An **International Business Major** is available for students interested in careers in international business. Students interested in learning more about becoming a Certified International Trade Professional (CITP), should contact the following:

Forum for International Trade and Training (FITT): www.fitt.ca (613-230-3553 or 1-800-561-3488)

10.1.3.6 Careers in Marketing

10.1.3.7 Careers in Management

A **Management Major** is available for students interested in careers in General Management.

10.2 ADMISSION, RE-ADMISSION, AND TRANSFER

Refer to §2 of this Calendar.

10.2.1 HIGH SCHOOL EXCELLENCE PROGRAM

The Excellence Program enables students who have been conditionally accepted to the University of Regina with a Canadian high school average of 85% or higher to directly enter the Bachelor of Business Administration (BBA) degree program. International students will be considered on an individual basis.

Students receive a \$1,000 entrance scholarship for being part of the Excellence Program.

10.2.2 DEGREE/DIPLOMA ADMISSION AVERAGE

In order to be eligible for admission to degree and diploma programs in the Faculty of Business Administration, students must complete the admission requirements of the diploma or degree qualifying program as outlined in this calendar. Final selection for admission is based on the students weighted percentage program average (PGPA) for all classes which can be applied to the BBA program.

The current PGPA admission average for the DAA is 65%, DipBA is 65%, BAdmin is 65%, and, BBA is 67%.

Program admission averages are reviewed and set annually by the Faculty of Business Administration. Faculty of Business Administration program admission averages will be set no later than January 31 for the following spring term's admissions.

10.2.3 RE-ADMISSION POLICY

Students applying for readmission to the Faculty of Business Administration must meet the current admission requirements in place at the time of the application for readmission.

All students re-admitted to the Faculty of Business Administration will be readmitted initially to the **Qualifying Program** by the Admissions Office. The Faculty of Business Administration will move students to the appropriate program as necessary.

This policy applies to all programs, including the diploma and the First Nations University of Canada programs.

10.2.4 TRANSFER TO THE FACULTY OF BUSINESS ADMINISTRATION

If students do not qualify for the High School Excellence Program, they may enter the Faculty of Business Administration as Qualifying Program students.

The first 30 credit hours of the BBA/BAdmin (FNUniv) and the first 15 credit hours of the DipBA/DipAdmin (FNUniv) can be completed in the Faculty of Business Administration "Qualifying Programs", Faculty of Arts, the Faculty of Science or through the Centre for Continuing Education. A minimum UGPA of 65% is currently required for transfer to the Faculty. The Faculty reserves the right to require a higher UGPA for admission for any future semester.

10.2.5 PROGRAMS OF STUDY

Students follow the program that is in effect at the time of their most recent date of admission, transfer or readmission, but may choose to follow changes occurring after that date.

10.3 RESIDENCY AND TRANSFER CREDIT

10.3.2 TRANSFER CREDITS

Refer to §2.8.

Students in the Faculty of Business Administration may complete courses at other institutions, however, prior permission must be granted. Permission will normally be given for three reasons:

1. The University of Regina does not offer the course;
2. The student is unable to attend an on-campus University of Regina course that semester; and/or,
3. The student is applying to take a course at a participating Saskatchewan Post-Secondary Education member institution that fits into his/her program.

Faculty of Business Administration students wishing to take courses at other institutions are required to be in good standing (academically and financially) and must request permission to take the course(s), provide a course description(s) to the Faculty for evaluation, and should not register for the course until written permission has been provided.

Students are required to achieve a minimum grade of 10 grade points above the institution's passing grade in a course in order to receive transfer credit.

It is the student's responsibility to request transcripts from other institutions to be sent directly to the Admissions Office.

10.3.3 SASKATCHEWAN POLYTECHNIC TRANSFER CREDIT AGREEMENT

The Faculty of Business Administration has negotiated transfer credit agreements for students who have graduated on or after January 1, 2008, with a minimum PGPA of 72%, from the following Saskatchewan Polytechnic programs:

For more information about Faculty of Business Administration program requirements, contact the Faculty of Business Administration General Office.

For students who have completed partial programs, students with lower PGPA's, and/or students who completed similar programs prior to 2008, basis of admission and transfer credit evaluations will be assessed on a case-by-case, course-by-course basis.

10.4 ACADEMIC ADVISING AND REGISTRATION

10.4.1 ACADEMIC ADVISING

Students are responsible for ensuring that their program requirements are met.

Pre-registration group counselling sessions are available to all Faculty of Business Administration students. Program cards will be distributed at the counselling sessions. Individual counselling sessions are available for those students who attend the group counselling sessions (during registration periods) and are available during non-registration periods to all students.

Any student interested in the Faculty of Business Administration programs may contact the Program Advisor(s) for personal assistance or attend a group counselling session.

In selecting their business electives, arts and science electives, and open electives, students may seek the advice of an advisor even though they might not have any specific career objectives in mind. Advisors can provide students with better insight and understanding into the nature of elective courses and the benefits that students might derive from taking a particular group of electives.

Please note that the Faculty of Business Administration maintains program cards for all students. Program cards are working copies for administrative reference and may be changed at any time without prior consultation or notification to the student.

10.4.2 TIME-TICKETING

Registration (class add/drop) is available to students through *UR Self-Service*. Information supporting registration and course selection will be posted on the Faculty website and at www.uregina.ca/student/registrar/registration/time-tickets.html. See §3.3 for the policy governing the assignment of a day and time when students are eligible to register. Students should consult the Faculty of Business Administration website for more information.

10.4.3 PREREQUISITE WAIVERS

Obtaining the necessary prerequisites for Business (or other) courses is the student's responsibility. Students who fail a course that is a prerequisite for one in which they are already registered must make appropriate changes to their registration. A student may be withdrawn from a course at any time for not having the proper prerequisites and may be subject to tuition and/or registration penalties.

Prerequisite waivers for Business courses may be requested from the Associate Dean or designate. If the prerequisite course is required for

the student's program, but had been waived for an upper level course, the prerequisite still must be taken.

10.4.4 DEFERRED EXAMINATIONS

Please refer to the University regulations regarding Deferred Examinations, §5.7.

Deferred examinations in the Faculty of Business Administration will be granted for only two reasons:

1. The student is ill and/or hospitalized during the final examination, or,
2. Compassionate reasons.

For BUS courses, if a deferred examination is granted, the examination will be written on a date determined by the Faculty.

All deferred final exams will be scheduled in the first month following the end of the semester except for special circumstances described in §5.7.7.

NOTE: Arrangements with individual instructors may be made for mid-terms and assignment deferrals, however, deferrals for final examinations rest with the Associate Dean or designate.

10.4.5 REGISTRATION OVERLOAD

The normal maximum course load for the Fall and Winter semesters is 15 credit hours and for the Spring/Summer semester is 12 credit hours. Students who have successfully completed at least 30 credit hours and have a PGPA over 75% can request permission from the Associate Dean to register in up to 3 additional credit hours.

Students with special circumstances may be granted permission to take 15 credit hours in the Spring/Summer semester regardless of PGPA.

10.4.6 REGISTRATION GUIDELINES FOR STUDENTS IN OTHER FACULTIES

Students who are in non-Business programs that require specific, named Business courses may register for these during their assigned registration time.

Students who wish to enroll in 200-level BUS courses may do so only after time-ticketed registration is complete, if course restrictions have been removed and if space is available. Students not enrolled in the Faculty of Business Administration will be allowed to complete a **maximum** of 30 credit hours of Business/Administration courses.

Students may only register for courses for which they have the prerequisite.

For further information, please contact the Faculty of Business Administration General Office.

10.5 EVALUATION OF ACADEMIC PERFORMANCE

10.5.1 DEAN'S HONOURS LIST

The Dean's Honours List is compiled each semester. The list has two parts, one for full-time students and the other for part-time students.

The full-time list includes students who achieve a term GPA of at least 85% on a minimum of 12 credit hours of numerically-graded University of Regina courses.

Students will be included on the part-time list if they took at least 3 but less than 12 credit hours of numerically-graded University of Regina courses in the current semester and achieved a GPA of at least 85% across all of the most recent semesters needed to complete a minimum of 12 credit hours of numerically-graded University of Regina courses since the semester in which they were last on the Dean's Honours List (or in the case of students who have never previously been on the Dean's Honours List, since they were admitted to the University of Regina).

This honour appears on the student's official transcript.

10. Business Administration

10.5.2 PROBATION AND DISCONTINUANCE

Refer to §5.12 for University regulations that govern all students.

Students in the BBA, DipBA, and qualifying programs who fail a required course in their program once receive a letter of warning (this action is not recorded on the official transcript). Students who fail a required course in their program a second time are required to discontinue from the Faculty for two semesters and must petition for re-admission.

Students who are readmitted and allowed a third attempt at a required course, but fail it a third time, are required to discontinue from the Faculty indefinitely.

10.5.3 ACADEMIC NON-PERFORMANCE

The Faculty of Business Administration will review the performance of all full-time Business students with term GPAs of less than 65% at the end of the previous semester. If a student has a term GPA less than 65%, the following will occur:

1. The Faculty will place an academic hold on the student's account restricting them from future registration.
2. The student must schedule and attend a mandatory counseling session with a Program Advisor.
3. The student must complete a probationary contract during the counseling session with the Program Advisor. The probationary contract may include, but is not limited to, restricting the number of courses for which the student can register, creating a study/academic plan, and attending on-going counseling throughout the student's program.

Students who fail to adhere to the probationary contract, or do not attend the mandatory counseling, will be required to discontinue from the Faculty for two consecutive terms (8 months). Students must petition for readmission into the Faculty and the decision will be at the discretion of the Dean or designate.

10.5.4 ACADEMIC MISCONDUCT

Students enrolled in Business courses at the University of Regina are expected to adhere rigorously to principles of intellectual integrity. Plagiarism is a form of intellectual dishonesty in which another person's work is presented as one's own. Plagiarism or cheating on examinations/assignments is a serious offence that may result in a zero grade on an assignment, a failing grade in a course, or expulsion from the University. For more information on this matter, please consult §5.13.

10.6 GRADUATION REQUIREMENTS

Students follow the program that is in effect at the time of their most recent date of admission, transfer or readmission, but may choose to follow changes occurring after that date.

A minimum PGPA of 65% is required for graduation.

A minimum PGPA of 80% is required for graduation with distinction.

A minimum PGPA of 85% is required for graduation with great distinction.

Students who wish to have their degree conferred as soon as possible after completing their requirements should apply while in their final semester of courses.

Students who will be finishing in December need to apply by October in order to have their degree conferred in February. Students who will be finishing in April need to apply by February in order to have their degree conferred in May. Students who will be finished during Spring/Summer session need to apply by July in order to have their degree conferred in September.

No fewer than 25 days are required to process applications for students who complete in mid-semester and those who apply after completing requirements. They will be considered at the next scheduled meetings of the Faculty and of Executive of Council.

10.7 OTHER FACULTY REGULATIONS

A student who chooses to graduate with the DipBA may choose to complete the BBA, however if the BBA prerequisites are not met, the student may be required to transfer out of the faculty, or into the qualifying program, to complete these requirements.

Concurrent Programs:

1. Business Administration students may take a secondary program in other faculties (with some limitations).
2. Students in other faculties cannot take the BBA or BAdmin program as a secondary program.
3. Students in other faculties may take the DipBA or DAA as a secondary program.

10.8 FACULTY APPEAL PROCEDURES

10.10 CO-OPERATIVE EDUCATION PROGRAMS

10.10.1 CO-OPERATIVE EDUCATION PROGRAM IN BUSINESS ADMINISTRATION

The Faculty offers a program in Co-operative university education whereby students spend alternate four-month periods taking university courses and getting business-oriented experience in organizations. Students in this program will normally take an additional 8 months to complete the BBA degree requirements. This is compensated for by greater earning potential and greater job opportunities while attending University and after graduation.

Experience has shown that such an arrangement tends to improve students' motivation and academic performance. The practical experience aids students in choosing the area of studies best suited to their talents.

The program also helps those students who are financially unable to study for the normal eight-month academic year. The criteria for entrance into the Co-operative Education program for Business Administration students are:

1. Students must apply in the semester they will be completing between 54-81 credit hours in the BBA program (including the credit hours in the semester of application to Co-op).
2. Application must be made to the Co-op Office during the first week of a semester.
3. Students must have a passing grade in ENGL 100, BUS 007, BUS 260, and BUS 285.
4. Students must have an entrance and maintenance PGPA of at least 67.50%.
5. Students must be in good standing.

For students to earn the Co-operative Education designation through the Faculty of Business Administration, three (3) work terms are required. Students will have the option of completing a fourth work term, however, the student must submit in writing a request for a fourth work term supported by special circumstances. Permission must be granted by the Faculty office. Business Co-op students are allowed to take a maximum of 2 summer work terms and you must end your degree on an academic term.

Students must maintain full-time status (12 credit hours) in the 4 year degree program. NOTE: During the Spring/Summer semester, 9 credit hours is considered full-time and will fulfill the Co-op requirement. The Co-op program is not available to Diploma, Certificate, or part-time students. Refer to §8.1.1 for the general regulations governing Co-op programs.

Students are permitted to take a maximum of 3 credit hours while on a work term. If a student wishes to take more than 3 credit hours, written permission from the student's employer must be provided as well as approval by the Program Advisor.

10.10.2 CO-OPERATIVE EDUCATION PROGRAM IN ADMINISTRATION (FNUV)

The FNUV Administration Co-operative Education Program parallels the Business Administration Co-operative Education Program; however, the student evaluation process is designed for students to develop their own management style and approach that is consistent with their values and beliefs. The Co-op Program is designed to:

- closely parallel human resources practices;
- assess and develop the knowledge, skills, and personal attributes that are deemed critical for Aboriginal students to become successful in the workplace;
- incorporate culturally relevant methods of evaluating students' knowledge, skills, and attributes;
- provide students with the opportunity to work in First Nations and non-First nations public and private sector organizations;
- ensure students understand the non-First Nations system but retain First Nations values.

Students:

- spend alternate four-month periods taking university courses and working in fully-salaried jobs with participating employers related to their discipline;
- complete a minimum of 3 four-month work terms in addition to their course work. They have the option to complete a fourth work term;
- spend their final term in academic study;

10.10.2.1 Criteria for Entrance

Students must:

1. Complete at least 54 hours and no more than 81 hours;
2. Maintain a GPA of 67.5%;
3. Be registered in a minimum of 9 credit hours;
4. Have completed ENGL 100, ADMN 260, ADMN 285, and ADMN 007; and
5. Be in good standing to apply for the program.

10.10.2.2 Registration in the Co-op Program

Students participate in the First Nations University of Canada Co-operative Education Program under the direction of the Co-op Coordinator. New students will register in and complete their first work term (ADMN 001-S01), which is graded on pass/fail basis. Upon successful completion of their first work term, students will continue to spend alternate four-month period taking university courses and working in full-salaried jobs with participating employers, related to their discipline. For each additional work term, students must respectively enroll in ADMN 002-S01 (second work term), ADMN 003-S01 (third work term), and ADMN 004-S01 (optional fourth work term).

10.10.2.3 Evaluation

Grading is on a pass-fail basis. A successful work term requires an acceptable work term report submitted by the student and an acceptable employer evaluation. A School of Business and Public Administration designate will evaluate the work term report.

10.10.2.4 Academic Performance

Upon graduation, students who meet the requirements of the School of Business and Public Administration for the First Nations University of Canada Co-operative Education Program will receive an appropriate designation on their diploma and transcript.

Students must comply with rules stated in the First Nations University of Canada Co-operative Education Program Student Information Handbook and be in good standing. Failure to comply with either will result in an automatic failure for the work term.

Students who receive one "F" for work term reports will be required to withdraw from the FNUV Administration Co-op Education Program.

Appeals will be handled by the First Nations University of Canada Co-operative Education Program Appeal Committee. The FNUV Co-operative Education Program Coordinator and the Department Head of the School of Business and Public Administration will resolve problems associated with the Co-operative Education Program.

For additional information, consult the First Nations University of Canada, School of Business and Public Administration.

Students who wish to attend another institution as a visiting student must contact the Faculty of Education Student Program Centre.

11.4 ACADEMIC ADVISING AND REGISTRATION

11.4.1 ACADEMIC ADVISING

New students who have been accepted to the Arts Education, Elementary and Secondary Programs will be invited and encouraged to attend an Academic Advising session. Students accepted to the Baccalauréat programs must consult with the chair or director in the respective areas. The Student Program Centre provides support to continuing students in the Faculty of Education in the form of drop-in sessions and individual advising for specific issues. Students are strongly urged to check their University of Regina email accounts on a regular basis for program/registration information and updates.

11.4.2 REGISTRATION

Students are responsible for ensuring that their program requirements are properly planned and are being met. Students also register according to a priority system in which those who have earned the most credit hours register first.

11.4.2.1 Pass/Fail Courses

Students may select up to 6 credit hours to be graded pass/fail. The declaration of this intention must be made at the time of registration on the registration form. Note that choice of pass/fail grading may make students ineligible for some scholarships and the Dean's Honours List.

11.5 EVALUATION OF ACADEMIC PERFORMANCE

For definitions of the different GPA calculations mentioned in this section see §5.9.3.

11.5.1 DEAN'S HONOURS LIST

To be included on the Dean's Honours List for a given semester, students must achieve a TGPA of at least 85% on a minimum of 15 credit hours, of which 12 credit hours are numerically graded.

The designation "Dean's List - Education" is recorded on the official transcript.

11.5.2 PROGRESS IN THE PROGRAM

For regulations governing academic performance of all University of Regina students, refer to §5.12.

Under current faculty regulations, progress in the program is based on academic standing and professional development. Faculty selection and review committees determine students' eligibility to progress into all professional semesters, including internship.

1. Faculty Action

At the end of each semester, students with poor academic records and/or unsatisfactory professional development will be subject to faculty action; students may be required to discontinue or be placed on faculty probation.

Students must have a PGPA of at least 65%, or 70% for the Elementary Teacher Education Program (with the exclusion of NORTEP, SUNTEP, YNTEP, NTEP, FNUniv and Community-based programs. In other words, the Elementary Education program in Regina is the only program with this requirement), and satisfactory professional development at the end of each semester of the program. Students who have a PGPA less than 65%, or 70% (Elementary), and/or unsatisfactory professional development will be placed on faculty probation or required to discontinue (RTD) from the Faculty of Education for at least two semesters including spring and summer sessions. Those students who are required to discontinue must re-apply for admission to the University and the Faculty of Education. Their application will be given a low place on the priority list for acceptance. Students who have been required to discontinue and who upon return maintain a poor academic record may be required to discontinue indefinitely from the Faculty of Education. Students may also be required to discontinue from one faculty but remain eligible for others. For information on applying for re-admission, refer to §2.7.

Students who fail more than 15 credit hours during their Education program will be required to discontinue from the faculty indefinitely.

Students may be required to discontinue from the faculty for a specified period or indefinitely for unsatisfactory professional development.

2. Academic and Professional Development

In order to progress from one year to the next and into internship in a Teacher Education Program, or a Certificate Program, or a Certificate of Extended Studies Program, a PGPA of 65%/70% or higher is required. Students in the Secondary Program also require a minimum of 70% in their major teaching area to progress to the pre-internship semester.

Satisfactory professional development, including demonstration of proficiency in written and oral English (French for Bac programs), is required at all stages in all programs.

3. Request for Leave from a Teacher Education Program

Students must register in consecutive fall and winter semesters, in the courses required for their program, until their program is completed. Students who wish to absent themselves for one or more semesters must apply, in writing, to the Associate Dean (Student Services and Undergraduate Programs) or the Department Head of Indigenous Education, First Nations University of Canada, for a leave of absence. If leave is denied,

11. Faculty of Education

or students otherwise wish to discontinue studies in their program, they may choose to withdraw voluntarily by providing written notice to the Faculty of Education Student Program Centre or First Nations University of Canada. Students who have voluntarily withdrawn may later apply for re-admission. Students who are absent without leave and those who do not advise the faculty of their intention to return from approved leave by the annual deadline for applications for admission will be formally required to discontinue from the faculty.

4. Request for Part-time Status in a Teacher Education Program

Students must register in full-time studies for consecutive fall and winter semesters, in the courses required for their program, and until their program is completed. Students who wish to take part-time studies for one or more semesters must apply, in writing, to the Associate Dean (Student Services and Undergraduate Programs) or the Department Head of Indigenous Education, First Nations University of Canada, for a part-time status. Students must apply in writing to the Associate Dean for a leave of absence. Normally, leaves are granted for one or two semesters. Notice of the decision will be given in writing. If the request is denied, or students otherwise wish to discontinue studies in their program, they may choose to withdraw voluntarily by providing written notice to the Faculty of Education Student Program Centre or First Nations University of Canada. Students who have voluntarily withdrawn may later apply for re-admission to their original program in competition with first-time applicants. Students who are part-time and do not advise the faculty of their intention to return to full-time studies will be formally required to discontinue from the faculty. Normally, part-time status is not granted in years 3 and 4 of the undergraduate program or the After Degree program.

5. Registration in Courses Outside of the Program

Students who register in courses outside their program may be withdrawn from them, or may be placed on faculty probation; students who persist in registering in inappropriate courses will be required to discontinue.

11.6 TIME LIMITS AND GRADUATION REQUIREMENTS

11.6.1 TIME LIMIT

All degree requirements must be completed within eight years from the date that a student first enrolls in a BEd program. Students may be required to discontinue if they have exceeded the allotted time for completion of their program. Those who have been required to discontinue are unlikely to be accepted for re-admission to their original program.

The deadline for program completion and graduation from the Bachelor of Adult Education and Training program is April 30, 2016.

11.6.3 FAILED COURSES AND LOW GPAS

Students are permitted to carry a maximum of 15 credit hours of courses failed as part of their degree programs. No student may graduate with more than a total of 15 credit hours of courses failed or courses graded IN (Incomplete) as part of a degree program.

Students who have met all other degree requirements except for an inadequate average may be permitted to take a maximum of 9 credit hours of additional or repeated courses for the sole purpose of raising the average. Failure to obtain a PGPA average of 65% or higher with a maximum of 9 additional credit hours will prevent students from obtaining the BEd degree; they will be required to discontinue from the faculty.

11.6.4 APPLYING AND APPROVAL TO GRADUATE

Students who will be finishing in December need to apply by November 30 in order to have their degree conferred in February. Students who will be finishing in April need to apply by January 31 in order to have their degree conferred in May. Students who will be finishing during spring/summer session need to apply by July 31 in order to have their degree conferred in September. No fewer than twenty-five business days are required to process applications for students who complete in mid-semester and for those who apply after completing requirements. Applications will be considered at the next scheduled meetings of the Faculty Council (which meets September to May) and of Executive of Council as posted in the Academic Schedule. Students who plan to attend the convocation ceremony should note the relevant deadlines in §6.10. For more information about graduation please refer to §6.4 and §6.5 or consult the University of Regina's website.

11.7 OTHER FACULTY REGULATIONS

11.7.1 COURSE PREREQUISITES

Failure to adhere to course prerequisite requirements will result in mandatory withdrawal at the student's expense, or failure in the course. Written permission from the head of the academic unit offering a course must be on file in the Faculty of Education Student Program Centre for each course for which the student has had the prerequisite waived.

11.7.2 APPLICATION DEADLINES FOR INTERNSHIP

Application deadlines for internship are April 15 for the fall semester, and November 15 for the winter semester.

11. Faculty of Education

11.7.3 AUDIT REGISTRATION

Only a small number of education courses may be audited; for further information please check with the Faculty of Education Student Program Centre.

11.7.4 OUTDATED COURSES

Students who are admitted or readmitted to the Faculty of Education and have completed courses in their degree program more than 8 years previously, may be required to update their knowledge by repeating or taking additional courses. Please consult the Faculty of Education Student Program Centre or the Indigenous Education Department, First Nations University of Canada.

11.7.5 CREDIT BY CHALLENGE

No education courses may be challenged for credit.

11.7.6 FIELD EXPERIENCE COMPONENTS

Education programs include extensive field experiences. Students should expect that at least some of these field experiences will be located in schools outside Regina. School divisions require students to have criminal record checks completed prior to participating in a school placement. Please be advised that students with a criminal code conviction that has not been expunged will face serious restrictions limiting where they can complete teacher education field requirements.

11.7.7 REQUESTS FOR MODIFICATIONS OF COURSE OR PROGRAM REQUIREMENTS

Requests for modification of course or program requirements must be submitted in writing to the Associate Dean, Student Services and Undergraduate Programs in the Faculty of Education.

11.7.8 CONCURRENT PROGRAMS

The Faculty of Education is the prime designation for students in any undergraduate teacher education program. This is to ensure that the sequential and developmental nature of the programs and the requirements for teacher certification are maintained.

Students selected into the Faculty of Education may request to enroll in a concurrent undergraduate program upon formal application to the Associate Dean of Student Services and Undergraduate Programs. For further information, please refer to §6.2.

11.8 FACULTY APPEAL PROCEDURES

1. The Faculty of Education recognizes the right of students to appeal faculty decisions based on academic or professional performance in particular programs. As the Dean's designate, the Associate Dean of Student Services and Undergraduate Programs will convene a Faculty of Education Student Appeal Committee.
2. Faculty probation and RTD letters are mailed in May, September, and January. When RTDs are assessed, they are effective immediately. The faculty probation and RTD letters will state the deadlines for appeals. Appeals received by the deadline are heard within the term; late appeals will not be heard.
3. Faculty of Education policies related to Attendance, Cheating, Late Assignments, Plagiarism, Punctuality, Student Appeals Policy and Unprofessional Conduct are available from the Education Student Program Centre

Students should contact the Faculty of Education Student Program Centre to initiate the appeal process.

11.9 ACADEMIC PROGRAMS

Most students accepted into the Faculty of Education are enrolled in the 4 or 5 year BEd degree program. Students with approved degrees and required prerequisite courses are enrolled in the 2 year BEd After Degree (BEAD) Program.

The numbers of students accepted annually into education programs are restricted in accordance with the current enrolment quotas.

Normally, students complete 5 courses of 3 credit hours each for a total of 15 credit hours; an academic year consists of 30 credit hours.

In all programs students may take no more than 42 credit hours of introductory courses for credit towards undergraduate degrees.

11.10 ELEMENTARY EDUCATION PROGRAM

NOTE: Students admitted to a teacher education program prior to Fall 2009 will refer to the Undergraduate Calendar corresponding to the year to which they were admitted.

11.10.1 OVERVIEW OF THE FOUR-YEAR ELEMENTARY BEd PROGRAM

The 4-Year (8-semester) BEd Elementary Program requires 120 credit hours. The program consists of both academic courses taken outside the Faculty of Education as well as professional courses taken within.

Course requirements for the 4-Year BEd Program are listed below by semester. While some flexibility exists in the placement of courses by semester, in certain semesters there is little or no flexibility. Students expecting to take the program on a part-time basis will need to plan their program carefully in consultation with an advisor. Refer to §11.5.2.4.

Courses in semesters one and two may be taken in either semester. Courses in semesters five and six will be timetabled for each section

of students; students are expected to be in full-time attendance for these pre-internship semesters. Students are strongly encouraged to plan for internship in semester seven (fall) and to return for a full semester of courses as a post-internship semester.

The Elementary Education Program includes extensive field experiences. Classroom-based field experiences occur with ECS 100 in year one, as components in the pre-internship semesters (semesters five and six), and the sixteen-week internship in the final year. In addition, students will engage in professional learning as community experience (PLACE) which is scheduled in the first pre-internship semester. Most classroom-based field experiences occur in schools in or near Regina. Placements for internship may be at various locations in southern Saskatchewan.

11.10.2 PROGRAM OPTIONS WITHIN ELEMENTARY EDUCATION

Students may register in one of the following Elementary Education streams: Early Elementary (Pre-K to Grade 5) or Middle Years (Grades 6 to 9). Although these streams have similar course requirements, adaptations are made in the presentation of some of the core courses.

11.10.3 TWO-YEAR ELEMENTARY BEd AFTER DEGREE (BEAD) PROGRAM

The Elementary BEd After Degree (BEAD) Program is designed for students having an approved first degree with a minimum UGPA of 65%. Students must have a minimum 39 credit hours which are supportive of provincial curricula. It is recommended that students have three provincial curricula areas (9 credit hours of senior courses). Prior to graduating from the Faculty of Education, students are advised they must have completed 9 credit hours of senior courses in three provincial curricula areas.

Where deficiencies are evident, students may be required to take additional courses to complete degree requirements. The Elementary Education Program is broadly based, preparing school professionals who will teach provincial core curricula which includes: Arts Education, Health, Language Arts, Mathematics, Physical Education, Science and Social Studies.

11.11 SECONDARY EDUCATION PROGRAM

NOTE: Students admitted to a teacher education program prior to Fall 2009 will refer to the Undergraduate Calendar corresponding to the year to which they were admitted.

11.11.1 OVERVIEW OF THE FOUR-YEAR SECONDARY PROGRAM

The BEd Program in Secondary Education is designed to prepare students to begin teaching in the high school and also lays the groundwork for advanced study in education. Students' programs will have a major subject area (normally 24 credit hours in one subject area) and a minor subject area (normally 18 credit hours). The program is designed to produce teachers who have extensive knowledge about instructional strategies and current curricula in their subject areas.

The program provides opportunities for students to develop a range of skills that are crucial to development of teaching skills in their professional careers. Exposure to a range of theoretical foundations is

11. Faculty of Education

combined with practical experiences teaching in secondary schools. Students are encouraged to develop personal philosophies of education that are appropriate for today's changing secondary school students.

The BEd program is designed to have pre-service teachers develop confidence in their ability through a combination of field experiences and class content. Teachers are prepared to meet the needs of students and communities in the 21st century.

11.11.2 POLICIES/REGULATIONS WITHIN THE SECONDARY PROGRAMS

1. Students must have an advisor from their major area. This advisor will be identified through the Education Student Program Centre upon selection to the secondary program in the Faculty of Education.
2. Students are expected to maintain appropriate levels of academic performance during their program. Secondary Program students are required to have a minimum average of 70% in their major area to proceed to pre-internship. The Secondary Program recommends that the courses that constitute the 70% average are determined by the subject area, effective Fall 2011. As well students are expected to demonstrate appropriate professional development during their program.
3. Students and their cooperating teachers are expected to participate in a professional development seminar during internship except in exceptional circumstances.
4. A student who does not successfully complete internship must have permission from the Director of Professional Development and Field Experiences and from the Associate Dean of Student Services and Undergraduate Programs (in consultation with others, as appropriate) before continuing in the program. Refer to §11.7.3.

To be considered for the Secondary BEd After Degree (BEAD) Program, a student must have an approved university degree which includes at least 21 credit hours of approved courses in a school teaching major and 12 credit hours of approved courses in a school teaching minor. Refer to §2.3.1.1. The program normally requires completion of a minimum of 60 credit hours. Depending on courses taken in the undergraduate degree, students may be required to take additional courses, or advanced standing may be granted. Students should have their transcripts evaluated by the Faculty of Education Student Program Centre and will be assigned a faculty advisor from their teaching major.

Appropriate professional development and an average of 70% in the major are required for entrance into pre-internship. Refer to §11.11.2.2.

Students may apply to the Saskatchewan Professional Teachers Regulatory Board for teacher certification (refer to §11.1.3 for contact information) after completing 48 credit hours of education coursework (including internship) and major and minor requirements.

11.15 INDIGENOUS EDUCATION PROGRAMS - FIRST NATIONS UNIVERSITY OF CANADA

11.15.1 FOUR-YEAR ELEMENTARY BED (INDIGENOUS EDUCATION) PROGRAM

The First Nations University of Canada Indigenous Education Department program has components of the University of Regina Faculty of Education elementary program as well as features unique to Indigenous education. The First Nations University of Canada Elementary Program prepares teachers as generalists. Students take methodology courses in seven teaching subject areas. The program has an emphasis in language arts and requires a concentration in Indigenous education.

First Nations University of Canada students take most of their education courses through the First Nations University of Canada Indigenous Education Department. These courses have been adapted to include First Nations content and processes and the teaching of First Nations students. Specific indigenous education courses have been designed to introduce teachers to the unique needs of First Nations students and to address the issues of Indigenous education. Please refer to the First Nations University of Canada calendar for further description of course offerings or visit their website at: www.fnuniv.ca. Cultural components are integrated throughout the program with an off-campus cultural component offered in year II. Field experiences are taken in band and provincial schools, as well as in rural and urban locations. In year III, students have a required field component in a First Nations school on a reserve.

Academic regulations follow those of the University of Regina, with some specific guidelines established by the Indigenous Education Department.

Students enter the program through general admission to the University with high school graduation. Students' progress from one semester to the next is dependent upon achieving positive assessments in faculty reviews of both academic and professional development.

Students must apply and be interviewed for admission to the Indigenous Education Department programs. Students are required to plan their programs in consultation with assigned faculty advisors. Appointments for academic advising should be made through the:

11.15.5 OVERVIEW OF THE FOUR-YEAR SECONDARY BED (INDIGENOUS EDUCATION) PROGRAM

The Secondary Program prepares students for teaching at the high school level. The Indigenous Education Department offers a four year Bachelor of Education (BED) and a two year Bachelor of Education After Degree (BEAD) for those students who have an approved first degree. The framework for these programs is based upon the University of Regina Secondary Program. The First Nations University of Canada program emphasizes Aboriginal processes, worldviews and knowledge along with field experiences integrated with course offerings.

Academic regulations follow those of the University of Regina, with some specific guidelines established by the Indigenous Education Department.

Students enter the program through general admission to the University with high school graduation. Students' progress from one semester to the next is dependent upon achieving positive assessments in faculty reviews of both academic and professional development.

Students must apply and be interviewed for admission to the Indigenous Education Department programs. Students are required to plan their programs in consultation with assigned faculty advisors. Appointments for academic advising should be made through the Indigenous Education Department, 790-5950, Ext 3250.

11.15.6 FOUR-YEAR SECONDARY BED (INDIGENOUS EDUCATION) PROGRAM

The Indigenous Education Department offers an 8-semester BED Program. Secondary Teacher Education students must select a major and a minor area of study in the BED. The Indigenous Education program allows students to select an Indigenous Studies major, delivered by First Nations University of Canada. Students may select other majors from offerings in the Faculty of Education (§11.11.3). Minor areas of study may be selected from those available in the Faculty of Education (§11.11.4).

Students are required to meet established standards to proceed to each of the second, third, and fourth years of the program. These standards include appropriate professional development. A student must have an average of at least 70% in the major to proceed to internship. The number of students in the secondary program is limited to those admitted through a selection process. Student records will be reviewed for admission to EIND 200, EIND 350, and internship. Students require a PGPA of 65% for graduation.

11.15.6.1 Field Experience Components

The Indigenous Education program includes student teaching experiences in several semesters of the program including EIND 100, EIND 200, EIND 350, EIND 305 and EFLD 400. EIND has a requirement for practicum in a reserve school in Saskatchewan. In EFLD 400, students have a sixteen week school placement in an urban, rural or reserve school.

12.1.2 UNDERGRADUATE PROGRAMS

The Faculty of Engineering and Applied Science offers Bachelor of Applied Science (BASc) degrees in engineering.

12.1.3 SYSTEMS ENGINEERING

All of the programs in this group have in common the "systems approach" to engineering education. Although each program has some unique implementation of the systems theme, a common underlying objective is to produce engineering graduates with not only a strong base of technical knowledge but also the breadth of non-technical skills that a successful professional engineer should have in the workplace.

This breadth of skills includes economic, social, environmental, administrative and professional awareness. These are interdisciplinary skills that emphasize the interrelationships with people, workplace, environment, and the broader implication of engineering technology for society at large and for the surrounding technical and natural environment. When combined with the Co-operative work-study format (see §12.9), this "systems approach" provides engineering graduates with a high level of maturity and adaptability. The breadth skills comprise approximately 20% of the academic program.

On the technical level, "systems" engineering concentrates on the technical design of the whole, as distinct from the parts. In addition to being specialists in the various components of technology, systems engineers understand how these components are interrelated and interconnected. They can do the engineering design and analysis necessary to produce a total working system. For example, a landfill is not just an earthmoving project but also affects transportation and traffic, plus water, air and soil contamination. Technical and scientific skills comprise 80% of the academic program.

The Faculty of Engineering and Applied Science pioneered systems engineering and Co-operative education in Western Canada and continues to be a leader and innovator in engineering education.

12.1.4 ACCREDITATION

The Canadian Engineering Accreditation Board has accredited programs in Electronic Systems, Industrial Systems, Environmental Systems, Petroleum Systems and Software Systems Engineering. This accreditation ensures that the graduates of these programs meet the standards necessary for registration as Professional Engineers in Canada.

12.1.6 ENGINEERING SOCIETIES

Engineering students are encouraged to become members of the undergraduate Engineering Student Society, and also to become student members of the Institute of Electrical and Electronic Engineers, Canadian Society for Civil Engineering, the Institute of Industrial Engineers, the Society of Automotive Engineers, the Environmental Systems Engineering Students Society, and the Society of Petroleum Engineers.

12.2 ADMISSION, RE-ADMISSION, AND TRANSFER

Students admitted, re-admitted or transferred into the Faculty must meet program requirements as indicated in the most current undergraduate calendar in effect at the time of the admission, re-admission or transfer (subject to further program changes). See §2, Admissions.

12.2.1 SPECIAL ADMISSIONS PROVISIONS

Applicants who have completed diplomas at a technical institution will be admitted as long as they have a minimum average of 70%.

Students who have been required to discontinue permanently from an engineering program at another institution will not normally be accepted. A student who has been required to discontinue temporarily will be accepted when the term of the discontinuance has expired, but will be given a low priority.

12. Faculty of Engineering and Applied Science

12.2.2 U OF R TRANSFERS TO ENGINEERING

Students transferring into Engineering from other University of Regina faculties must have minimum undergraduate GPA of 60% and must have completed all high school requirements. Alternatively, applicants may apply for transfer by completing the following three University of Regina classes: MATH 110, CHEM 104, and PHYS 109. To meet the transfer requirements, a minimum grade of 60% in each of the courses is required in addition to a minimum UGPA of 60% on all post-secondary courses. See also §2.4.2 for details and additional requirements.

12.3 RESIDENCY AND TRANSFER CREDIT

A maximum of 20 courses (60 hours) of transfer credit from a Canadian University may be applied to a Bachelor of Applied Science program providing a minimum grade of 60% has been achieved.

A maximum of 10 courses (30 hours) of transfer credit from a Canadian Technical Institute may be applied to a Bachelor of Applied Science program providing a minimum grade of 70% has been achieved.

Courses are evaluated on a course-by-course basis. Students may be requested to provide the Faculty with comprehensive course information including course notes, assignments, labs, midterms, final exams, etc.

12.3.1 ADVANCED STANDING FROM POST-SECONDARY INSTITUTIONS

The following regulations for advanced standing from Postsecondary Institutions have been approved:

Students who wish to get credit for courses taken at other institutions may be requested to provide the Faculty with the following information:

- Calendar description and detailed course outline including the textbook used for the course; and/or
- Sample labs, assignments, and tests.

Transfer credits from Canadian technical institutes will be limited to a total of 10 courses at the University of Regina. A maximum of 3 out of these 10 courses will be at the 300- or higher level; the remaining 7 or more courses will be at the 100- and 200-level. Transfer credit will be awarded for only 1 course, at the introductory level, from each of the following areas: biology, chemistry, geology, mathematics, and physics. Transfer credit for 300- and higher level courses will be awarded only if the course content, the teaching environment, and the instructors' qualifications clearly show that a University of Regina equivalency exists. In some cases, a combination of several courses taken at a Canadian technical institute may be equivalent to one course at the University of Regina. Each course from a Canadian technical institute that is used for transfer credit must have a minimum grade of 70%: no exceptions will be made to this rule.

Transfer credits from other Canadian universities will be limited to a total of 20 courses at the University of Regina. Each course from a Canadian university that is used for transfer credit must have a minimum grade of 60%: no exceptions will be made to this rule.

Transfer credits from foreign universities will be limited to a total of 15 courses at the University of Regina. Each course from a foreign university that is used for transfer credit must have a minimum grade of 60% or University of Regina equivalent: no exceptions will be made to this rule.

Notwithstanding the maximum number of transfer credits allowed, all students from other postsecondary institutions transferring to the University of Regina with advanced standing must take enough courses at the University of Regina to satisfy the criteria for "Engineering Science (ES)" and "Engineering Design (ED)" as required by CEAB (Canadian Engineering Accreditation Board). All transfer students will be individually counseled to achieve this objective.

No transfer credit will be awarded for ENEL 400, ENEV 400, ENIN 400, ENPE 400, ENSE 400, ENGG 401, ENIN 413, ENEV 415, ENEL 417, ENPE 419, and ENSE 477. In addition, any program may have a list of other courses for which transfer credit will not normally be awarded.

Those transferring from another institution should note that students who have completed more than 63 credit hours are ineligible for the Co-operative Education Program (see §12.9).

Transfer credit awarded in the Faculty of Engineering and Applied Science may not apply if a student transfers to another faculty.

12.4 ACADEMIC ADVISING AND REGISTRATION

Academic advising is offered to all engineering students. Students may book an appointment online: www.uregina.ca/engineering/advising.

First semester engineering students are invited to attend a registration session at which time a timetable of assigned courses is provided. First year students who are unable to attend may register by email at engg.uregina.ca. Schedules are posted on the Faculty of Engineering website and outside the Faculty Office.

Engineering elective courses may not be offered every year and a scheduled elective may be cancelled because of low enrolment. There may at times be a change in the sequencing of some required courses, so students who plan to take a course outside the normal sequence should first consult the Faculty Office. Normal sequencing of courses is shown in §12.10.

12.4.1 COURSE LOAD

The normal course load for Engineering students in all academic study semesters, including Spring/Summer session, is 15 credit hours.

12.5 EVALUATION OF ACADEMIC PERFORMANCE

In addition to the University Regulations in §5.13, the following Faculty regulations apply to all students registered in the Faculty of Engineering and Applied Science. See §5.9.3 for descriptions of the different kinds of GPA referred to in this section.

12.5.1 DEAN'S HONOURS LIST

In order to be eligible for inclusion on the Dean's Honour List, Engineering students must obtain a TGPA of 85% on at least 12 credit hours of numerically graded courses. Refer to §5.12.2.

12.5.2 PROBATION AND DISCONTINUANCE

University regulations governing academic performance apply to Engineering students (see §5.12).

12.5.2.1 Faculty Regulations

The Faculty of Engineering and Applied Science evaluates academic performance each semester.

Starting from the completion of first full-time semester (with at least nine credit hours), students are expected to maintain a PGPA of at least 60%. Those whose PGPA falls below 60% will be placed on faculty probation (faculty probation does not appear on official transcripts). Their next academic semester will be considered to be a probationary semester, during which they may take any courses for which they have the prerequisites, and must achieve a TGPA of at least 60%. Students who do not achieve the 60% TGPA and who still have a PGPA of less than 60% are required to discontinue (Faculty RTD) for at least 2 semesters from the Faculty of Engineering and Applied Science.

Students on faculty probation who achieve the 60% TGPA but who still have a PGPA of less than 60% will remain on faculty probation. Students will be reviewed at the end of their next academic semester subject to the faculty probation conditions outlined above. Students will be permitted two continuations of their probationary semesters to increase their PGPA to the required minimum of 60%. Failure to achieve this minimum in three probationary semesters will result in a required to discontinue for at least two semesters from the Faculty.

Students may also be required to discontinue from the Faculty at any time for unacceptable professional conduct. Refer also to §5.1.3 Discipline.

12. Faculty of Engineering and Applied Science

Notification of a requirement to discontinue will be issued no later than one week after the start of lectures and students who are required to discontinue studies will have their registration in academic courses cancelled immediately.

Students must repeat all required courses in which they have a grade of less than 50% (failed course).

When calculating a student's average, the Faculty will use the last grade obtained for all repeated courses (see §5.11).

If an IN is not completed by the end of the following semester, an NP will be assigned.

Averages are calculated to 2 decimal points. The calculation is not rounded but is truncated to 2 decimal points.

These decisions can be appealed to the Faculty's Student Appeals Committee. Refer to §12.8 for procedures.

12.5.2.2 Re-Admission and Transfer following an RTD

Students who have been required to discontinue under the Faculty regulations may petition for re-admission after they have discontinued studies for the required period, or may petition for transfer to another faculty (see §2.7).

12.6 TIME LIMITS AND GRADUATION REQUIREMENTS

Upon completion of all program requirements, students are required to submit an application for graduation to the Engineering General Office.

Completion of Classes	Deadline for Application	Approval by Executive Council	Convocation Ceremony
December	November 30	February	Spring
April	January 31	May	Spring
Spring/Summer session	July 31	September	Fall

University regulations and deadlines governing graduation and convocation ceremonies apply to Engineering students. See §6, Graduation.

Students must complete the BASc degree within ten years of starting in the Faculty. Students transferring into the Faculty of Engineering and Applied Science and who have been given transfer credits may have this time reduced depending on the transfer credits that have been given. Students with exceptional circumstances may request the approval of the Faculty for an extension.

Double majors are permitted if a student meets the course requirements of each program. Students must consult the Associate Dean (Academic) for approval.

A PGPA of 60% is required for graduation.

A PGPA of 80% is required for graduation with distinction.

A PGPA of 85% is required for graduation with great distinction.

Successful completion of four work terms is required for graduation with Co-op designation.

Successful completion of the 12 or 16 month internship is required for graduation with Internship designation.

12.7 OTHER FACULTY REGULATIONS

12.7.1 REPEATING COURSES

Refer also to §5.11. Students are permitted to repeat a maximum of 15 credit hours of courses in which they obtained a grade of 50% or higher.

Students may be required to discontinue from the Faculty for a period of eight months (two semesters) if a course is failed more than once with the exception of ENGL 100. See §5.12.6.6.

12.7.2 CALCULATOR USE IN EXAMINATIONS

Engineering students are required to obtain an approved calculator available for sale at the UR Bookstore. Bookstore staff will put an engineering sticker on the approved calculator. Only this calculator will be permitted for use in examinations.

12.7.3 PREREQUISITE WAIVER PROCEDURE

All students are required to satisfy the prerequisite and corequisite course requirements before registering in a subsequent course. In a very limited number of special cases, a course instructor may waive such requirements; however, all prerequisite waivers must also be approved by the Program Chairs. Students must read eligibility criteria for prerequisite waivers before completing the prerequisite waiver form, which is available on the Faculty's website.

12.8 FACULTY APPEALS PROCEDURES

Students have the right to appeal any academic action, including probation and discontinuance (University or Faculty).

Appeals must be made in writing within two weeks of notification of the academic action, and are to include an explanation of extenuating circumstances. Supporting documents (for example, a medical certificate) must accompany the appeal. Appeals are to be addressed to:

Faculty of Engineering and Applied Science
Student Appeals Committee
ED 409
University of Regina
Regina, SK S4S 0A2

The Faculty of Engineering and Applied Science Student Appeals Committee comprises appointed faculty, one from each program area. The Associate Dean (Academic), the Faculty Administrator, Manager of Academic Advising and the Director of Co-op sit on the committee as ex officio members. By appointment, students are permitted to present their case in person to the Committee. Students are notified in writing of the outcome of their appeal.

12.9 CO-OPERATIVE EDUCATION PROGRAMS

In conjunction with the University's Co-operative Education Program, the Faculty of Engineering and Applied Science operates a program in Co-operative engineering education in which students take university courses and obtain engineering-oriented work experience in industry or business. This is made possible by fully using 3 four-month semesters per year.

Experience has shown that putting classroom theory into practice early in students' university life tends to improve motivation and academic performance. As well, the practical experience aids in choosing the area of studies best suited to students' talents. Being employed during a mix of work/study semesters will help students who require financial assistance, but such employment is not assured by acceptance into the Co-operative Education Program.

Refer to §8.1.1 for general regulations governing University of Regina Co-operative Education Programs.

12. Faculty of Engineering and Applied Science

12.9.1 SEQUENCING

Work terms and study semesters are sequenced over a total period of four years and eight months as shown below. There are four required work terms and nine study semesters (see below and §12.10.)

Fall	Winter	Spring	Fall	Winter	Spring	Fall
1	2		3	Work term or 4	4 or Work term	5
Winter	Spring	Fall	Winter	Spring	Fall	Winter
Work term	6	Work term	7	Work term	8	9

Normally, students must complete the first work term before study semester 5, the second before study semester 6, the third before study semester 7, and the fourth before study semester 8.

12.9.2 ACADEMIC RULES

Students registered in a BAsC program in Systems Engineering in the Faculty of Engineering and Applied Science (except for those explicitly excluded, such as by an exchange agreement) may participate in the Co-operative Education program, under the direction of the Director, Co-op Work Study Programs, who is responsible for admitting, withdrawing, and monitoring the progress of students through the program according to the following regulations. Appeals may be made to the Faculty of Engineering and Applied Science Student Appeals Committee.

12.9.2.1 Admission

To apply for admission to the Co-operative Education program in the Faculty of Engineering, a student must:

1. be registered in at least twelve credit hours in a Systems Engineering program in the Faculty of Engineering;
2. have completed or been given credit for no less than 27 and no more than 63 credit hours towards the Systems Engineering degree (students are expected to have successfully completed the first three Semesters of the Systems Engineering program before going on a first work term);
3. have a PGPA of at least 60.0%; and
4. have completed or been given credit for ENGG 123 and ENGG 100.

Acceptance into the Co-operative Education program will be shown on the student's transcript. Students will remain in the Co-operative Education program until completion of the program requirements and convocation, or withdrawal. Upon graduation there will be an appropriate designation on the diploma and transcript of each student who successfully completes the four work terms required for Co-operative Education designation.

12.9.2.2 Progress

Students will register for four work terms, designated ENGG 051 through ENGG 054, which are graded on a pass/fail basis. At the end of each work term, students must submit a work term report to the Faculty of Engineering, which will be evaluated. Employers will provide an informal evaluation of student performance during the job-site visit (normally midway through the work term) and a formal evaluation at the end of the work term. A "Pass" grade requires both an acceptable work term report and an acceptable employer evaluation.

If the content of the work term report is deemed to be confidential or proprietary, the employer may request to evaluate the report in-house. The request should be in the form of a signed letter from an engineering supervisor, addressed to the Director, Co-op Work Study Programs, on company letterhead with the supervisor's position/title clearly stated and including an explanation of the necessity for a confidential report. Permission should be requested one month before the end of the work term. However, the ENGG 051 work term report cannot be confidential, and the student is permitted only two confidential reports in total.

Students must maintain a PGPA and TGPA (in the most recent semester completed) of at least 60% in order to be eligible for a work term.

Students who are placed on academic probation by the Faculty of Engineering and Applied Science or the University of Regina will not be eligible for a work term until the probation is lifted.

Students who are required to discontinue (RTD) from the Faculty of Engineering and Applied Science and/or the University of Regina (MW) will be withdrawn from the Co-operative Education program and from the work term (if placed).

Students who wish to change the sequencing of their academic/work semesters (e.g., double work term) must consult Director, Co-op Work Study Programs for approval.

12.9.2.3 Withdrawal

Students who are admitted into the Co-operative Education program are expected to remain in the program. However, under special circumstances, a student may withdraw from the program voluntarily or be withdrawn by the Director, Co-op Work Study Programs. Students who withdraw or are required to withdraw will normally not be re-admitted to the Co-operative Education program.

- (voluntary) Under special circumstances, a student who has completed one work term may request withdrawal from the program. Such requests must be made, in writing and with supporting documentation, to the Director, Co-op Work Study Programs.
- (voluntary) Under exceptional circumstances, a student who has completed two or three work terms may request withdrawal from the program. Such requests must be made, in writing and with supporting documentation, to the Dean of the Faculty of Engineering, after consultation with the Director, Co-op Work Study Programs and the Co-op Office.
- Students who receive an "F" grade for a work term will be required to withdraw from the Co-operative Education program.
- Students who behave in an unprofessional manner during the placement process or the work placement will be required to withdraw from the Co-operative Education program.
- Students who complete more than 63 credit hours towards the Systems Engineering degree without obtaining a work placement are no longer eligible for the Co-operative Education program, and will be withdrawn.
- Students who are required to discontinue from the Faculty of Engineering and Applied Science (RTD) and/or the University of Regina (MW) will be withdrawn from the Co-operative Education program. If, at a later date, the student is re-admitted to the Faculty of Engineering and Applied Science, the student may apply for re-admission to the Co-operative Education program.

12.9.3 CO-OPERATIVE EDUCATION INTERNSHIP PROGRAM

In conjunction with the University of Regina Co-operative Education Program, the Faculty of Engineering and Applied Science offers a Co-operative Education Internship program for students enrolled in the Bachelor of Applied Science in Systems Engineering. This program is administered by the Director, Co-op Work/Study Programs, who is responsible for academic rules proposed in §12.9.2. The Co-operative Internship Program also involves individual members of the Faculty of Engineering and Applied Science, who mentor students during the internship placement.

Co-operative Internship is a single 12- or 16-month placement immediately preceding the two final academic semesters. Students who successfully complete the requirements of the program will receive "Internship" designation on their degree. Students who participate in Co-operative Education are not eligible for internship.

The objectives of the Co-operative Internship program are to enhance Engineering education by:

- Exposing students to the application of engineering science and engineering design methods in the workplace;
- Confirming academic theory through direct and indirect application in a workplace environment;
- Enhancing the student's analytical and communication skills through active participation in the application of engineering in the workplace.
- Enhance the University of Regina's partnerships with industry and the engineering community by providing students of

12. Faculty of Engineering and Applied Science

varying skills, available for work placements of varying duration;

- Provide opportunities to Joint Undergraduate Degree Program, Canadian and International students;
- Provide internship opportunities in Saskatchewan, across Canada, and selected international placements.

Sequencing

The Co-operative Internship Program consists of a single, consecutive 12- or 16-month placement, normally taken between academic semesters 7 and 8, and followed by a minimum of 15 credit hours towards the Systems Engineering program.

Alternate sequencing to accommodate individual student programs is possible, and should be discussed with and approved by the Director, Co-op Work Study Programs.

Academic Rules

Admission

Applications to the Co-operative Internship program in the Faculty of Engineering and Applied Science are due six months before the intended placement, as listed in the Academic Calendar. To apply for admission, a student must:

- be registered in at least twelve credit hours in a Systems Engineering Program in the Faculty of Engineering;
- have completed or been given credit for no less than 72 and no more than 102 credit hours towards the Systems Engineering degree. Students are expected to have successfully completed academic Semesters 1, 2, 3, 4, 5, 6, and 7 of the Systems Engineering program before the internship placement;
- have a PGPA of at least 60%;
- have withdrawn from the Co-operative Education program, if previously admitted. Students who have completed more than 1 work term are not eligible for the Co-operative Internship program; and
- have demonstrated fluency, written and oral, in both English and the language of employment in their desired country of internship.

Acceptance into the Co-operative Internship program does not ensure work placement.

The diploma and transcript of each student who successfully completes the minimum of these consecutive internship semesters required for Co-operative Internship will include "Internship" designation.

For further information, please contact the Director of Co-op Work Study programs.

12.9.3.1 Progress

After admission to the Co-operative Internship program, students are expected to maintain a PGPA and TGPA of 60% prior to the placement. If the PGPA and/or TGPA falls below 60%, the student may be asked to continue academic studies for a further semester, or may be withdrawn from the Co-operative Internship program.

Students who are required to discontinue from the Faculty of Engineering and Applied Science and/or the University of Regina after admission to the Co-operative Internship program will be withdrawn from the internship (if placed), and the Co-operative Internship program.

Once the internship placement has been made (normally 2 months before the start of the internship semester), the student must:

- prepare an "Internship Study Plan", documenting his/her expectations for the internship period; and
- meet with potential Faculty mentors to discuss the academic aspects of the internship.

Students will register for 3 or 4 consecutive 4-month Co-operative Internship semesters, ENGG 071 through ENGG 074, which are graded on a pass/fail basis. The grade is assigned by the Director, Co-op Work Study Programs, based on the "intern Evaluation Report" submitted by the employer, and the Faculty mentor's evaluation of the "Internship Progress Report" and the "Internship Final Report" submitted by the student. The student must receive a "P" grade in all registered internship semesters in order to receive Internship designation.

The first two months of ENGG 071 are probationary. During this period, the student or employer may terminate the placement by mutual consent and with the agreement of the Faculty of Engineering and Applied Science and the Co-operative Education Office. After the first month of employment, the internship placement will be evaluated, and the student will either continue (with counseling as to any deficiencies which should be addressed in the coming month), or the internship will be terminated. If the deficiencies have not been adequately addressed by the end of the second month of employment, the student will be withdrawn from the placement.

Once the probationary period is completed, the employer and student will submit periodic Intern Evaluation Reports and Internship Progress Reports, respectively, as indicated in the table below.

A grade will be issued at the end of each internship semester. "P" will allow the student to continue. "F" will result in termination of the internship and removal from the Co-operative Internship program.

Report Sequence for 16-month Internship

Internship Semester	Month 1	Month 2	Month 3	Month 4
ENGG 071	Intern Evaluation Report + Internship Progress Report	Intern Evaluation Report + Internship Progress Report		Internship Progress Report

ENGG 073	Intern Evaluation Report	Internship Progress Report	Intern Evaluation Report	Internship Progress Report
ENGG 074	Intern Evaluation Report	Internship Progress Report		Internship Final Report + Final Intern Evaluation Report

ENGG 072	Intern Evaluation Report	Internship Progress Report	Intern Evaluation Report	Internship Progress Report
ENGG 073	Intern Evaluation Report	Internship Progress Report		Internship Final Report + Final Intern Evaluation Report

At the end of the final internship semester, the student must submit a comprehensive analytical report dealing with the work accomplished and the goals achieved, referring to the Internship Study Plan.

If the analytical content of the final report is deemed to be confidential or proprietary, the employer should contact the Director, Co-op Work Study Programs one month before the end of the final internship semester to discuss alternative methods of evaluation.

12.9.3.2 Withdrawal

Students who are admitted into the Co-operative Internship program are expected to complete the program; however, under special circumstances, a student may withdraw voluntarily or be withdrawn by the Director, Co-op Work Study Programs. Students who withdraw or are required to withdraw will normally not be re-admitted to the Co-operative Internship program.

Under exceptional circumstances, a student who has progressed beyond the 2-month probationary period may request withdrawal from the internship. Such requests must be made, in writing and with supporting documentation from the employer and any other relevant source, to the Dean of the Faculty of Engineering and Applied Science, after consultation with the Director, Co-op Work Study Programs and the Co-op Office.

Students who behave in an unprofessional manner during the placement process or the internship will be required to withdraw from the Co-operative Internship program. This includes, but is not limited to, §5.14 Non-Academic Misconduct.

Students who complete more than 120 credit hours towards the Systems Engineering degree without obtaining an internship placement are no longer eligible for the Co-operative Internship program.

Students who are required to discontinue from the Faculty of Engineering and Applied Science and/or the University of Regina after being admitted to the Co-operative Internship program will be withdrawn from the program.

Students whose employment is terminated for cause by their employer will receive a grade of "F" for the current internship, and be withdrawn from the Co-operative Internship program.

Appeals may be made to the Faculty of Engineering and Applied Science Student Appeals Committee.

12.10 ACADEMIC PROGRAMS

12.10.1 LENGTH AND SEQUENCING OF SYSTEMS ENGINEERING PROGRAMS

All Systems Engineering programs are 136 credit hours (46 courses) in length, including a common first year. Pursuing a double major or minor will increase the number of courses required.

Students are encouraged to consider the Co-operative Education Program (see §12.9).

There are five majors in Engineering and Applied Science: Electronic Systems, Industrial Systems, Environmental Systems, Petroleum Systems, or Software Systems.

12.10.2.1 Selection of a Major

Application deadlines: December 1, April 1, and August 1

Eligibility: Students admitted to first year with a major of ENGE apply to the major of their choice with a minimum of 8 required courses in Year 1. Application forms are available from the Faculty's website. Acceptance priority is based on PGPA, number of credit hours completed and space in the desired program.

Current Faculty of Engineering and Applied Science students that wish to change their major may also submit an application form.

12.10.2.2 Double Majors

A double major is permitted, provided that students meet the course requirements for each program. Students must consult the Associate Dean (Academic) for approval.

12.10.2.3 Concurrent Programs

Normally, concurrent programs will not be available in the Faculty of Engineering. Students who are interested must consult the Associate Dean (Academic).

12. Faculty of Engineering and Applied Science

12.10.3 BACHELOR OF APPLIED SCIENCE IN ELECTRONIC SYSTEMS ENGINEERING (ESE)

Electronic Systems Engineering applies skills in electronics and computers to the design and operation of products or systems for handling information. Such systems include modern telecommunications, industrial controls and electronic consumer products.

13.1.2 UNDERGRADUATE PROGRAMS

The Faculty of Kinesiology and Health Studies offers the Bachelor of Kinesiology (BKin), the Bachelor of Sport and Recreation Studies (BSRS) and the Bachelor of Health Studies (BHS).

The Faculty of Kinesiology and Health Studies has undertaken a comprehensive review and renewal of its current program offerings with the goal of better meeting the needs of our students and the communities they serve. Wherever possible, accreditation of programming and certification of students was paramount in our planning. (See also: Canadian Society for Exercise Physiology (www.csep.ca); CCUPEKA (www.ccupeka.ca) – BKIN; COSMA (www.cosmaweb.org) – BSRS – Sport and Recreation Management; NCTRC (www.nctrc.org) – BSRS – Therapeutic Recreation.)

The well-respected Fieldwork program continues to play an important role in the renewed curriculum. The program provides an opportunity

for students to apply what they have learned and to gain valuable experience prior to entering the job market. For those individuals interested in traditional graduate studies or more academic careers, the Honours program will continue to provide an excellent training ground.

The Bachelor of Health Studies

The Bachelor of Health Studies is a joint degree between the Faculties of Kinesiology and Health Studies, and Arts, in partnership with First Nations University of Canada. It aims to provide students with an integrated understanding of the ways in which social, economic and cultural determinants of health shape individual beliefs, attitudes and practices, which in turn affect how we function physiologically and biologically.

The faculty is excited to have entered a partnership agreement with Karunya University in Coimbatore, India. The agreement establishes the first Bachelor of Kinesiology in all of India at Karunya University. Students complete two years toward the BKin at Karunya University, and then will transfer to the University of Regina to complete the final two years of study in Human Kinetics and/or Gerontology.

13.1.3 FIELDWORK

The Faculty of Kinesiology and Health Studies at the University of Regina believes that a well-conceived professional Fieldwork Program is essential for the facilitation of learning and personal growth of undergraduate students. Experiential learning is one of the critical steps a student takes in preparing for a career. Hence, the 'placement' of a student in a supervised educational experience is an integral part of a student's education in which a student may observe, inquire, participate, contribute, and learn.

KHS 300 (Pre-Fieldwork Seminar) is designed to provide an in-depth overview of the Fieldwork Program. If the student wishes to complete their Fieldwork requirement outside the province of Saskatchewan, it is highly recommended that the student complete KHS 300 two to four semesters prior to registering for KHS 400 (Fieldwork- BKin and BSRS) or HS 448 (Fieldwork - BHS) in order to allow for enough preparatory time.

KHS 400 (BKin and BSRS) and HS 448 (BHS) are designed to assist the student with the transition from the academic present to the professional future. It is an opportunity to engage in the practical application of theories in a real world environment. Fieldwork is considered to be a senior part of the academic program and must be completed within 12 months of completion of KHS 300 (Pre-Fieldwork Seminar). Students must have their major required courses completed (if applicable) before beginning Fieldwork.

As part of the curriculum review process, the faculty wanted to have a mechanism within the fieldwork credit hours to recognize the effort and contributions made by the student. In order to accomplish this, the fieldwork requirements for the BKin and BSRS have been changed to be 9 credit hours graded pass/fail with feedback and evaluations made by both the agency and fieldwork coordinator, and adding a numerically graded component – KHS 405 (Fieldwork Project – BKin and BSRS) or HS 450 (Fieldwork Project – BHS)– worth 6 credit hours. The total experience remains a 15 credit hour, full semester placement; KHS 400 and KHS 405, or HS 448 and HS 450, must be taken concurrently. Students completing both the BHS and the BKin may be permitted to use HS 448 (Fieldwork) to meet the requirements of KHS 400 (Fieldwork), provided that the integrity of both programs is maintained. Students must be admitted to the BHS, regardless of whether it is listed as their primary program of study. This provision is subject to prior approval by the Fieldwork Coordinator.

A student required to discontinue from their placement (terminated by the agency or fieldwork coordinator) will receive a grade of 'F' for KHS 400/HS 448, and a grade of NP for KHS 405/HS 450, and may be required to seek out additional services identified by the Fieldwork Coordinator/ Associate Dean (Undergraduate) that may assist in their personal and/or professional development. The earliest the student

13. Faculty of Kinesiology and Health Studies

will be allowed to repeat KHS 400/KHS 405 or HS 448/HS 450 will be the next scheduled semester (pending an approved placement).

13.1.3.1 Bachelor of Health Studies Fieldwork Substitution

If students can show that they have substantial and relevant work experience, they can apply to the coordinator to waive HS 448 (Fieldwork). Instead they will take HS 449 (Health Field Experience Paper), and will substitute 12 credit hours of courses approved by the coordinator(s).

13.1.3.2 Deadlines for Registration in KHS 400 and HS 448 (Fieldwork)

For:	Deadline
Spring/ Summer and Fall	March 25
Winter	November 25

Students not possessing the required PGPA and major GPA by the registration deadline normally will not be allowed to register for fieldwork in the subsequent semester. The rationale for this is that a student may be holding a spot with an agency preventing a fully-qualified student from accessing it, and that the agency may be disadvantaged if the student doesn't meet the average requirement and they are without a planned intern for the semester.

For more information on the Fieldwork Program please refer to the Fieldwork section of www.uregina.ca/kinesiology

13.1.4 CERTIFICATION BY OUTSIDE AGENCIES

Please be aware that, DEPENDING ON THE QUALIFICATION OF THE INSTRUCTOR, students may be able to qualify for certification as outlined below:

Certification from outside agencies MAY be available for students who successfully complete one or more of the following courses:

- KHS 182 (National Coaching Certification Program Introduction to Competition, Part A and B.)
- KIN 350 (Canadian Society for Exercise Physiology-Certified Personal Trainer and Saskatchewan Park Recreation Association – Basic Fitness Theory)
- KIN 355 and KIN 373 (National Coaching Certification Program Level 3 Theory – Note: students MUST have National Coaching Certification Program Level 1 and 2 Theory or Introduction to Competition, Part A and B in order to qualify for Level 3 Theory)
- KIN 450 (Canadian Society for Exercise Physiology-Certified Exercise Physiologist)

Students should consult with the instructor before courses begin (or when they register) to determine if certification is an option.

Certification by the National Council on Therapeutic Recreation Certification can be obtained by students graduating with a BSRS, major in Therapeutic Recreation (THRC) provided the courses recommended by NCTRC have been included in the student's program. By nature of the courses required in the BSRS – THRC major, students will not have any difficulty meeting these requirements. For the most current certification standards, visit www.nctrc.org.

13.2 ADMISSION, RE-ADMISSION AND TRANSFER

Refer to §2 of this Calendar.

Students must declare a degree and major when applying for admission to the Faculty as the requirements are slightly different between the Bachelor of Kinesiology (BKin), Bachelor of Sport and Recreation Studies (BSRS) and Bachelor of Health Studies (BHS). Although only one 30-level science from Biology, Chemistry or Physics is required for admission to the BKin and BSRS, students interested in the BKin are strongly encouraged to take all three courses. Students interested in the BSRS – Sport and Recreation Management major can use Computer Science 30 to meet this requirement.

The high school admission average to the BKin and BSRS is 70%. Students with a high school admission average of 65%-69.99% will be admitted to KHSQUAL and require mandatory programming (until a minimum of 18 credit hours have been completed).

Students seeking admission to the Bachelor of Health Studies, or the Certificate in Health Studies should refer to §13.9.5. Note: Bachelor of Health Studies students are not eligible for admission to the Certificate in Health Studies.

Students seeking admission to the faculty, but who may not meet all requirements may be eligible for special admission through either the KHS Qualifying program or Mature Admission categories. For specific information, please refer to §2.4 of this Calendar.

Graduates of diploma programs with which the faculty has articulated transfer agreements will be admitted to the respective majors based on the diploma. In addition, students must have obtained a minimum average of 60%.

Students who have failed more than 15 credit hours are not eligible for transfer to the Faculty of Kinesiology and Health Studies, except with permission from the Office of the Associate Dean (Undergraduate).

13.2.1 CONCURRENT PROGRAMS

If students wish to take courses at another post-secondary institution and apply those credits to the BKin, BSRS, or BHS, they must obtain prior approval. Students should contact the Academic Program Coordinator, Faculty of Kinesiology and Health Studies (306-585-4360) kinesiology@uregina.ca to determine whether the courses are transferable, and request a letter of permission.

13.3.3 RECOGNITION OF PRIOR LEARNING

The Faculty of Kinesiology and Health Studies will evaluate and grant credit for qualifying previous formal and non-formal learning that is equivalent to Faculty courses or programs (up to 15 credit hours). Recognized prior learning will be applied toward the requirements of Faculty programs.

The University of Regina processes used for evaluating prior learning include:

1. assessment of educational documents;
2. assessment of portfolios that identify and verify prior learning;
3. assessment through challenge processes such as written or oral examinations, interviews, projects, assignments, performance/skill demonstrations, product assessments; and

It will not be awarded for experience alone.

Credit will be awarded for learning which reflects both the theoretical and practical components in a balance consistent with the outcome requirements of courses/programs. The learning for which credit is being sought must be applicable outside the specific context in which it was learned and serve as a basis for further learning. The assessment of competence levels and determination of credit awards will be made by the appropriate content specialists. Final approval for credit will be the responsibility of the Dean, or designate, Faculty of Kinesiology and Health Studies.

13.9.3 HEALTH STUDIES

Website: www.uregina.ca/kinesiology/health-studies.html

13.9.3.1 General Information

The Bachelor of Health Studies and Certificate in Health Studies are joint initiatives between the Faculty Kinesiology and Health Studies and the Faculty of Arts in partnership with First Nations University of Canada. The Bachelor of Health Studies aims to provide students with an integrated understanding of the ways in which a) social, economic and cultural "determinants of health" shape b) individual beliefs, attitudes and practices, which in turn c) affect physiological and biological functioning of individuals. The degree promotes an interdisciplinary understanding of health, drawing on both the social sciences and the natural sciences, and aims at promoting knowledge development and action conducive to health. This program meets the needs of Saskatchewan and Canada as health issues continue to dominate public policy choices. A key feature of this program is its emphasis on understanding indigenous health needs.

13.9.3.2 Admission to Health Studies Programs

Students apply to be admitted to the Bachelor of Health Studies or Certificate in Health Studies through the Faculty of Kinesiology and Health Studies or the Faculty of Arts (including Campion College or Luther College) at the University of Regina or the First Nations University of Canada. A number of articulation agreements have been approved with Saskatchewan Polytechnic (Combined Lab-Xray Technologist; Health Information Management; Advanced Care Paramedic; Cytotechnology), in addition to Dental Hygiene.

A student may apply for recognized prior learning (RPL), which may be obtained through: employment experience in a recognized fine arts setting, and/or completion of professional activities, and may be considered for credit where their knowledge, skills and abilities meet the goals and objectives of that course. The guidelines for RPL

applications in the Faculty of Media, Art, and Performance are posted at: www.uregina.ca/mediaartperformance/student-resources/admission-registration/index.html.

Students may be granted a maximum of thirty (30) credit hours for recognized prior learning towards their degree in the Faculty of Media, Art, and Performance.

An individual interested in seeking credit for prior learning is strongly encouraged to contact the RPL Centre (see: www.uregina.ca/cce/student-services/admitted/plar.html). The RPL Mentor will assist students with the process to facilitate a focused application. The approval of credit is at the discretion of the Associate Dean (Undergraduate) Faculty of Media, Art, and Performance.

14.4 ACADEMIC ADVISING AND REGISTRATION

14.4.1 ACADEMIC ADVISING

The Student Program Centre advises students who have not chosen a major. Students who have chosen a major are referred to the appropriate department. Students registered through a federated college should also seek advising from the appropriate department.

- Creative Technologies 306-585-5562, Riddell Centre 271
- Film 306-585-4796, Education Bldg 243
- Music 306-585-5532, Riddell Centre 257

- Visual Arts 306-585-5572, Riddell Centre 247
- All others 306-585-5570, Riddell Centre 267

Academic advising is important. Advisors will explain program and academic requirements, outline student support services, and highlight academic and other opportunities available in the Faculty, the University of Regina and elsewhere.

The requirements for the degrees are set out in this Undergraduate Calendar. Students who have questions about their degree programs should also consult the Student Program Centre.

14.4.2 REGISTRATION

Students should refer to the UR Self-Service Guide to Registration (§3 of this Calendar) or the *UR Self-Service* at www.uregina.ca/student/registrar/registration for details. Students may choose to register at the Student Program Centre, RC 267 or through their federated college. Changes to a registration will be accepted by mail, fax or email and must include the student's full name, student identification number, major and which courses are to be added or dropped. Mailed or faxed requests must be signed. Telephone requests for changes to registrations are permissible.

14.4.3 REGISTRATION PERMIT OVERRIDES

Some courses and/or sections will require Registration Permit/Override Permission (see §3.2.2) prior to registration. This form may be found under printable forms at www.uregina.ca/student/registrar/printable-forms.html#regForms. When required, obtain permission before attempting to register in Self-Service.

14.4.4 REGISTRATION OVERLOADS

Students may not register for more than 15 credit hours in Fall or Winter semester, or 12 credit hours in Spring/Summer session, unless they have a UGPA of at least 70% and have successfully completed at least 30 credit hours at the University.

Materials fees do not cover all the expenses of the course in all cases.

14. Faculty of Media, Art, and Performance

14.5 EVALUATION OF ACADEMIC PERFORMANCE

The academic performance of all students registered in the Faculty of Media, Art, and Performance is reviewed at the end of each semester (spring and summer considered as one semester).

14.5.1 DEAN'S HONOURS LIST

The Dean's Honours List is compiled each semester and includes the names of students with a TGPA of at least 85% on a minimum of 12 credit hours of numerically-graded courses.

Students who are unable, because of a disability, to register in the minimum credit hours stated in the terms of the Dean's Honours List may be eligible for consideration if their maximum course load is specified and documented by a professional qualified to assess their disability. Students must have been registered with, and their documentation must have been provided to and verified by the University of Regina's Centre for Student Accessibility at the start of each semester during which the student may be considered for the Dean's Honours List.

14.5.2 PROBATION AND DISCONTINUANCE

14.5.2.1 University Regulations

Refer to §5.12 for all regulations regarding Academic Performance.

14.5.2.2 Faculty Regulations

1. Students in the Faculty of Media, Art, and Performance are expected to maintain a PGPA of 65.00%. After a student has completed 15 credit hours, the Faculty will assess their academic performance. Those whose PGPA falls below 65.00% will be placed on faculty probation (faculty probation does not appear on official transcripts). Students who are placed on faculty probation will:

- a) Have an academic hold place on their account restricting them from future registration.
- b) Must schedule and attend a mandatory advising session with the student program advisor and the department head.
- c) Agree to the probationary contract that is created during the above-mentioned advising session. The contract may include: a restriction on the number or level of courses a student might register in, require attendance at workshops offered by the student success center (or other academic supports), on-going advising/counselling until the student clears faculty probation.

For the next 15 credit hours undertaken, the student will be on Faculty-level Probation. During this time they may take any courses but it may be recommended that they re-take specific classes. If the student has successfully raised their PGPA by the end of the probationary period to above 65%, they will be removed from faculty probation. If the student has not successfully raised their PGPA to above 65% they will remain on faculty probation for 9 more credit hours. If the student successfully raises their PGPA by the end of the second probationary period then they will be removed from faculty probation. If a student has not raised their PGPA above 65% after being on faculty probation for 24 credit hours, they will be RTD from the Faculty of Media, Art and Performance.

Faculty probation refers only to a student's PGPA. Students must also satisfy the university regulations around Academic probation and to be aware of the graduating requirements of their particular program.

2. A second failure in a course required for the student's program will result in a requirement to discontinue for two semesters from the program. Re-admission to the program will be by petition. Failure in the third attempt will result in a requirement to discontinue indefinitely from the program. Please refer to the list of specific courses required for each program under the appropriate Department.

3. Students who fail English 110 twice will be required to discontinue from the Faculty of Media, Art, and Performance for two semesters. Re-admission to the Faculty will be by petition. Failure in the third attempt will result in a requirement to discontinue indefinitely from the Faculty.
4. On the recommendation of the Faculty Committee on Admissions, Studies, and Procedures, students may be required to discontinue indefinitely from the Faculty of Media, Art, and Performance for unsatisfactory professional development or prolonged unsatisfactory academic development. Students have the right to appeal this decision (see §14.8).

14.6 GRADUATION REQUIREMENTS

A student's PGPA for graduation purposes will be calculated only on those courses taken at the University of Regina that form part of the degree (i.e., failed courses, extra courses and transfer credits are not included). Courses that are required to be taken at another institution as part of a University of Regina program will be treated as University of Regina courses.

14.6.1 APPLICATION TO GRADUATE

Applications for graduation may be submitted to the Faculty or federated colleges at any time. Students who wish to have their degree conferred as soon as possible after completing the degree requirements should apply while in their final semester of courses. No fewer than 25 days are required to process applications for students who complete in mid-semester and those who apply after completing requirements. Applications will be considered at the next scheduled meetings of the Faculty of Media, Art, and Performance Committee on Admission, Studies and Procedures (which meets September to May) and of Executive of Council (which meets September to November and January to June). 14.14 DEPARTMENT OF MUSIC

The Department of Music offers programs leading to the degrees of BA in Media, Art, and Performance (4-year), BA (Special 3-year), BA Hons in Media, Art, and Performance, BMus (comprehensive, composition, music history, performance-), and BMusEd/BMus (in conjunction with the Faculty of Education).

Requirements for each program are outlined under the specific area of study.

14.14.1 ENSEMBLE REQUIREMENTS

- Core ensembles are Concert Choir, Concert Band, Chamber Singers, Wind Ensemble, Jazz Ensemble and University Orchestra. Credit for participation in core ensembles towards a degree program in music is limited to a maximum of 6 credit hours. Total program credit hours from all MUEN courses may not exceed 12.0. In the case of the BMusEd/BMus program, the limit is 7 credit hours. Every BMus and BMusEd/BMus degree student, with the exception of BMusEd/BMus students during internship semester, will satisfactorily participate in two core ensembles every semester. One of the core ensembles must be selected as follows: vocal, guitar and piano majors will be in Concert Choir or Chamber Singers; string majors will be in University Orchestra; wind and percussion majors will be in Concert Band or Wind Ensemble. The second core ensemble will also be chosen from the above list.
- Every BA Media, Art, and Performance Major degree (music concentration) student must participate in six ensembles (6.0 credit hours). Students doing a Minor in Media, Art, and Performance (music) must participate in three ensembles (0.0 credit hours). MUEN 131 Concert Choir is recommended.

- More than three ensembles of any type per semester may be taken only with permission of the department head.
- A grade of Pass or Fail will be given unless an ensemble is taken for credit, in which case a numerical grade will be assigned.
- Prerequisite for all ensembles is permission of the ensemble instructor with the exception of Concert Choir and Concert Band, which require no permission. Permission is required once per year in Fall semester only.

Those desiring consideration for music entrance scholarships should complete the audition and entrance test by April 1.

All first-year students are classified as majoring in Comprehensive. The other majors (Composition, History or Performance) begin in year 2, semester 1. First-year students should consult a music department instructor in the area (the composition professor, their music history teacher or their applied music teacher) concerning the level of achievement required to qualify for a major other than Comprehensive in years two through four. Potential performance majors must indicate to the department head, as well as to their applied music instructor, during year 1, semester 2, that they wish their next jury also to serve as an audition for the major in Performance.

Study in one performance medium (the applied major) is required for a varying number of semesters, which may include one or more required recitals, depending upon the program major. No more than 9 credit hours of directed study courses may count toward graduation requirements.

Except with the special permission of the head of the Music Department, all degree requirements must be completed within seven calendar years from the date that the program commenced.

Non-keyboard majors may be required to enrol in class piano. Failure to meet the proficiency level required by the department will mean additional study.

To qualify for the BMus degree students must complete at least 120 credit hours (75 credit hours of core courses and 45 credit hours in one of the areas of comprehensive, composition, music history or performance).

14.14.7 BACHELOR OF MUSIC EDUCATION (BMUSED)/BACHELOR OF MUSIC (BMUS) JOINT DEGREES PROGRAM

This five-year program is offered jointly by the Faculty of Media, Art, and Performance and the Faculty of Education under the supervision of a joint coordinating committee of the two faculties. The program prepares students to teach secondary choral and instrumental music. The program consists of minimum of 150 credit hours and depending on the teaching minor chosen, students may be required to complete additional credit hours in order to qualify for teacher certification. Once students enter the program they must complete the entire integrated program to graduate with either degree. Should a student decide to pursue only one of the degrees identified, they must officially apply to transfer out of the joint program. Upon the completion, students will receive a Bachelor of Music Education degree and a Bachelor of Music degree.

All students in the program register in the Faculty of Media, Art, and Performance for semester 1 through 6 and obtain academic advising from the Department of Music in the Faculty of Media, Art, and Performance. In semester 7 through 10, students register through the Faculty of Education and must obtain academic advising from the Student Program Center, Faculty of Education and the Chair of Music Education, Faculty of Education. Students must apply to both the Faculty of Education and the Faculty of Media, Art, and Performance for graduation. Refer to §14.14.7

Admission Criteria and Application Process

Students applying to the joint BMusEd/BMus Program must meet the admission criteria for both the Faculty of Education (BMusEd) and the Faculty of Media, Art, and Performance (BMus), including successful completion of an audition and an examination in music theory to be given by the Music Department. Application deadline dates and

process can be found in §2.3 and §2.3.4. Dates of auditions are available on request from the Music Department.

In addition, all applications to the Joint Program require a Teacher Education Application and Profile. Contact the Student Program Center, Faculty of Education for application procedures.

Program requirements

Students pursue applied music study on one instrument or voice for six semesters, presenting a half-hour public recital during the sixth semester. This recital requirement may be fulfilled by a one half-hour jury recital before music faculty members with the permission of the Music Department Head. The recital requirement must be completed before students enter semester 7 of the program.

Successful participation in two core ensembles is required during each of the first six semesters.

A PGPA of 70% is required in their combined music and music education courses in order to proceed to pre-internship in semester 8.

One semester is devoted to internship (EFLD 400) with 15 credits to be counted toward graduation.

Semester 10 has been strategically constructed to allow for a semester of international study (optional).

Qualifying for the Professional A Certificate granted by the provincial Ministry of Education will require careful management of all of the options and electives available in the program.

Students must seek academic advising in their minor area of study in the Student Program Center, Faculty of Education prior to the end of semester 2 (see §11.11.14).

Academic Advising

Academic advising will be done jointly with representatives from both faculties.

Joint Program Academic Performance and Progress

Students performance will be governed by both the university academic standards (§5) and program standards as outlined by the Faculty of Education (§11.5) and the Faculty of Media, Art, and Performance (§11.5). Student progress is monitored regularly by the Joint Coordinating Committee.

Appeals of Academic Standing

Students are subject to the academic performance regulations of both faculties and student progress is monitored regularly by the Joint Coordinating Committee. For details on academic performance see §5, §11.5.2 and §14.5.2.2.

The PGPA required for graduation is 65%.

If there are extenuating circumstances related to academic performance, students may appeal the application of academic probation or a requirement to discontinue by writing to:

Joint BMusEd/BMus Program Review Committee
c/o Faculty of Education Student Program Centre (ED 354)
University of Regina, SK S4S 0A2

14.14.8 APPLIED MUSIC LESSONS (MUBC, MUBN, ETC.)

As a sample number for applied music lessons, MUPI 141 designates lessons for a piano student in the first semester, first year of a BMus performance degree.

The performing medium is indicated by the following two-letter symbols:

BC bass clarinet	HD harpsichord	TB trombone
BN bassoon	HN horn	TP trumpet
CL clarinet	OB oboe	TU tuba
DB bass	OR organ	VA viola
EU euphonium	PC percussion	VC violoncello
FL flute	PI piano	VN violin
GR guitar	SX saxophone	VO voice

The first digit refers to the year of study.

The second digit indicates the degree program towards which the credit is taken, according to the following scheme:

- 4 - BMus applied major (performance concentration)
- 3 - BMusEd/BMus applied major; BMus applied major (comprehensive, music history, music theory or composition concentration)
- 2 - BEd, BMus minor or other.

The third digit indicates the semester of study at a particular level.

Participation in an ensemble may be required of students enrolled in an applied music lesson.

Prerequisite: Permission of Music Department.

Students should note that:

- Students in the third through eighth semesters in the BMus degree program concentration in performance receive 3 hours of credit for the applied major lesson. All others receive 2 hours of credit.
- Students should not register for the second, third, or fourth year of study without having received credit for the previous year or advanced standing from the Music Department.
- Unless there are extenuating circumstances, no student may enroll for more than the regular sequence of eight semesters of applied music lessons.
- For students in the BMus and BMusEd/BMus programs applied lessons in a secondary area are dependent upon the availability of regular, full-time faculty and the permission of the department head.
- Students in the BMus and BMusEd/BMus degree programs will not receive credit towards their degree program for applied lessons in the MUxx 121 series in the primary applied area.

Notes: Students may use elective credit to gain additional depth in a second studio major.

Faculty of Media, Art, and Performance regulation 14.6.2 requires a minimum GPA of 65% in all courses and a minimum GPA of at least 65% in all courses taken in the major subject and in courses in other disciplines required for the major, within a four-year BA and BFA program for graduation.

To receive an Honours degree, the minimum grade point average is 75% in the area of concentration (major discipline).

Students who receive a grade of less than 65% in a studio course and who wish to continue to the next level of studio courses must petition the Department Head for a review to take place before the end of that term's exam week. The review will be chaired by the Department Head and will consist of two other faculty members. The purpose of the review is for the student and faculty to find solutions for successfully resolving studio problems. If the review goes well, the student may be given permission to register in the next level studio course.

Visual Arts majors in the BA program who wish to apply into the BFA program must do so before taking a 400-level course in the major. Students must complete all required 200-level courses in studio

before taking a 300-level studio course. Graduating BFA majors are required to take three credits in senior studio in each of their final two semesters leading towards their exhibition, as well as ART 400 and ART 401. Students must prepare their graduation exhibition in the semester in which they graduate.

15.1.2 UNDERGRADUATE PROGRAMS

The Faculty of Nursing, in partnership with the Saskatchewan Polytechnic offers two collaborative programs: the Saskatchewan Collaborative Bachelor of Science in Nursing (SCBScN) and After Degree Nursing program (ADNP). Each program leads to a Bachelor of Science in Nursing degree (BScN). Both programs have been approved by the Saskatchewan Registered Nurses' Association (SRNA); the SCBScN program has been accredited by the Canadian Association of Schools of Nursing (CASN). For more information, please visit: www.sasknursingdegree.ca.

The programs are competitive entry with a limited number of seats. Students are expected to complete their program on a full time basis and move through their program as part of a cohort. Any student who wishes to take a reduced course load must receive prior permission from the University of Regina, Faculty of Nursing Associate Dean (Undergraduate).

Students are advised that failure to carry a full course load can impede progress in the program, and potentially prohibit them from completing the program in the maximum seven year allowable time frame.

Students carrying a full time course load are given priority for clinical placements (as such placements are limited in number).

15.1.3 REQUIREMENTS ON ACCEPTANCE INTO THE NURSING PROGRAM

Students admitted to the SCBScN or ADNP program must obtain a Criminal Record Check and Vulnerable Sector Check (dated within six (6) months prior to the beginning date of the program), provide a record of immunization, and complete Standard A First Aid, Basic Life Support (BLS)-CPR (dated the year of acceptance into the program), and Workplace Hazardous Materials Information System (WHMIS) courses by August 1 prior to the beginning of their first term. Students will be required to complete FIT testing (to determine appropriate size of specific filtered facemasks) during the program. Students who fail to attend their scheduled FIT testing session, or are unable to comply with this requirement by August 1 (for ADNP) or Nov 1 (for SCBScN), may be at risk of not being able to complete required components of the nursing program. Students must complete a Transferring Lifting Repositioning (TLR®) course by August 1 (for ADNP) or Nov 1 (for SCBScN). Submission of a second Criminal Record Check and Vulnerable Sector Check is required prior to beginning courses in the final two semesters of the program. Completion of a BLS-CPR renewal course is required every two years during the student's program of studies, regardless of the date(s) on the certificate of completion. Completion of a TLR® renewal course is required every three years during the student's program of studies; FIT testing is required every two years. Students who do not provide a current (as defined above) Criminal Record Check, Vulnerable Sector Check or evidence of successful completion of First Aid, BLS-CPR, TLR®, FIT testing and WHMIS courses **will be excluded from clinical practice education**. Specific immunizations may be required for certain clinical placements. Students who refuse or are unable to comply with this requirement may be at risk of not being able to complete required components of the program.

Students **must** report any outstanding charges and/or criminal convictions that occur after the date of the original Criminal Record Check and Vulnerable Sector Check to the Associate Dean U of R or the Academic Chair Sask Polytechnic. **Failure to report outstanding charges and/or criminal convictions that have occurred since the date of the original Criminal Record Check and Vulnerable Sector Check will be grounds for immediate dismissal from the program.**

Other documentation may be required to be completed once students are admitted to the program. Failure to complete and submit this documentation as identified will impact student progress in the program.

15.1.4 CLINICAL PRACTICE EDUCATION

Clinical practice education placements and practicums will be assigned according to students' educational needs and the availability of experiences, which may be outside major urban centers. Travel will be required (housing may also be required for some placements) and is the responsibility of the student to arrange.

In order to facilitate learning experiences, lab / clinical practice experiences may be scheduled at a variety of times and days of the week. Twelve-hour shifts will be included in some rotations, as will evenings and weekends.

Clinical practice and lab experiences are an integral part of the nursing programs. Saskatchewan Polytechnic and the University of Regina have contracts with the major agencies in which students will have experience. All of students' clinical practice experiences (including those that are preceptored), regardless of where they are, will be arranged by the program.

15.1.4.1 Clinical Practice Education Attendance

Students are required to attend all orientations to clinical practice education courses, including any associated orientation lab experiences. Students who fail to attend these orientations will not be allowed to continue with the clinical experience. Clinical practice experience is an integral part of the program. Students are required to participate in **all** clinical practice experiences in order to consistently meet the learning objectives and competencies required.

15. Faculty of Nursing

15.1.4.2 Dress Code

Students are expected to adhere to the clinical agency policy, and occupational health and safety standards regarding professional appearance and conduct. An approved program uniform will be required for some clinical experiences. For other experiences students will be required to dress in business casual attire

15.1.4.3 Reassessment of a Grade for Clinical Practice Education Courses

Clinical practice education is an integral part of the Nursing programs. Reassessment of clinical grades is based on a fair and open process, which will include all term work and assessment/evaluation. Students wishing a reassessment of a clinical practice education grade must request the reassessment as per the deadlines, fees and process outlined in §5.10.2 of the Undergraduate Calendar. For more information see the Nursing Programs Student Handbook.

15.1.5 PROGRAM ATTENDANCE POLICY

Students are expected to notify the faculty in advance of an unavoidable absence from lab or practicum. Substantiating documentation may be required for absences. Students are expected to be prepared for, and to maintain, a high level of punctual attendance at all lectures, labs, seminars, and practicums. Absence from these may jeopardize a student's progress in the program and can result in failure in the course. If, because of the absence, the student is deemed to be unsafe or unprepared for a learning experience, the student can be excluded from the experience. Students who miss more than 10% of lectures, seminars, labs or practicums may be unable to meet the course objectives and may be unsuccessful in the course. **There is no mechanism to make up clinical practice time.**

15.1.6 REQUIRED RESOURCES

Students are responsible for acquiring the following resources at their own expense:

- Electronic Mobile Device (EMD) (Purchase at a vendor of your choice).
- Current edition of the American Psychological Association
- Two standardized uniforms as approved by the nursing program.
- Protective eyewear.
- Stethoscope with bell and diaphragm head.
- Watch with a second hand or a digital readout in seconds. **An EMD is not a substitute for this requirement.**

See the program website at <http://www.sasknursingdegree.ca/scbscn/tuition-fees/> for further information on these requirements.

The UofR email address is the official mode of communication for the nursing program. It is the responsibility of the student to ensure that this is regularly monitored and maintained.

15.2 ADMISSION, RE-ADMISSION AND TRANSFER

Please refer to §2.4 for University policies on Admission, Re-Admission and Transfer. Admission will occur during the Fall term; however the Dean may permit admissions during other terms to manage enrolments.

15.2.1 RE-ADMISSION

Students applying for re-admission to the Faculty of Nursing must meet the current admission requirements in place at the time of the application for re-admission. Students who are re-admitted to the Faculty must enter the program that is current at the time of their re-admission. Students who are re-admitted to the Faculty may have conditions applied to their re-admission; students who fail to meet these re-admission conditions are required to discontinue from the Faculty indefinitely (See §5.13.6.7 for more information).

15.2.2 RESTRICTIONS ON TRANSFER

Applicants wishing to transfer to the Faculty of Nursing SCBScN program from another faculty, or wishing admission from another post-secondary institution must apply to the program and meet admission requirements as per §2.4.2 of the University policies on Admission, Re-Admission and Transfer. Transfer applicants who are registered in post-secondary courses at the time of admission, may be granted conditional acceptance; however, final admission will be contingent on meeting the final admission requirements. Transfer applicants who are on Faculty level or University level probation will not be considered for admission.

15.2.3 TRANSFER FROM OTHER FACULTIES OR ADMISSION FROM OTHER POST-SECONDARY INSTITUTIONS TO THE FACULTY OF NURSING (SCBScN PROGRAM)

For application deadlines for students who wish to transfer to the Faculty of Nursing refer to §2.3.1.1. An Application for Admission must be submitted to Saskatchewan Polytechnic Registration Services or the University of Regina Admissions Office by the deadline date. For students who have attempted any post secondary courses please refer to §2.4.2.

15.2.3.1 Admission from Another Nursing Program

Students who are in another nursing program at another Canadian university, or who have completed 9 credit hours (or equivalent) of nursing classes in any other nursing program and wish to apply to the SCBScN program must do so by March 1 for the Fall term and September 1 for the Winter term. A completed application form, course descriptions for all courses taken in the nursing program, and the program reference form must be submitted to the University of Regina Admissions office. See the SCBScN program website at <http://www.sasknursingdegree.ca/scbscn/apply-now/> for further information

15.2.4 TRANSFER BETWEEN SITES OF SCBScN PROGRAM

Students should expect to complete the program at the site to which they were admitted. Transfers may be available in exceptional circumstances. Requests for transfer are to be made by April 30 of the academic year preceding the year of transfer requested. Transfers can only be considered if there is available classroom, lab and clinical space at the site requested. Mid-year transfers are not allowed. Any student requesting a transfer between sites should contact the Faculty of Nursing in writing outlining the exceptional circumstances.

15.3 RESIDENCY AND TRANSFER CREDIT

15.3.1 RESIDENCE REQUIREMENT

Students must complete at least 50% of their program at the University of Regina.

15.3.2 TRANSFER CREDIT

Courses taken at accredited universities and colleges in North America are normally evaluated by the Faculty only after the student has accepted admission to the program. Students may be required to provide a detailed course syllabus for each course for which they are seeking transfer credit. Grades are not transferred. For more information about evaluation of credit for courses completed outside Canada and the United States, please refer to the Admissions section of this Calendar (§2.4.3). The Faculty requires a minimum grade of 60% (or University of Regina equivalent) in each course for which transfer credit is sought. The Faculty will not award transfer credit for nursing courses that are seven or more years old. Transfer credit will not be awarded for any course taken at institutions not listed on the application form. The Faculty's decision about transfer credit is final.

15.4 ACADEMIC ADVISING AND REGISTRATION

15.4.1 ACADEMIC ADVISING

Students admitted to the Faculty of Nursing are required to attend an academic advising session prior to registration. Students may also access information about the academic programs at www.sasknursingdegree.ca.

15.4.2 REGISTRATION

The Faculty of Nursing will register students in required courses unless otherwise noted. Registration for open elective courses will commence on the days stipulated by the Registrar's Office. Students should consult *UR Self-Service* for further information.

Students who do not have their risk management documents (as required) submitted by the following dates will not be registered in a clinical course for the upcoming term:

- April 1 for Spring/Summer term
- August 1 for Fall term
- December 1 for Winter term

15.5. EVALUATION OF ACADEMIC PERFORMANCE

15.5.1 DEAN'S HONOURS LIST

To be included on the Dean's Honours List for a given semester, students must achieve a TGPA (Term Grade Point Average) of at least 85% on a minimum of 15 credit hours, of which at least 12 credit hours are numerically graded. Inclusion on the Dean's Honours List will be noted on students' official transcripts.

15.5.2 PROBATION AND DISCONTINUANCE

15.5.2.1 University Regulations

Refer to §5.13 for all regulations governing Academic Performance.

15.5.2.2 Faculty Academic Performance Regulations

Students in a nursing program must maintain an overall PGPA of at least 65% in required program courses. Students who do not meet these minimum program requirements will be placed on faculty academic probation.

If placed on faculty academic probation, students are given 15 credit hours to raise their overall PGPA in required courses to 65%. Students in this situation must realize their progression in the program may be affected because of course sequencing. Completion of the program may be delayed. The Academic Program Coordinator (U of R) may impose mandatory conditions on students on university or faculty academic probation.

Students who fail to raise their PGPA to 65% in required courses, will be required to discontinue from the Faculty of Nursing for a minimum of three semesters and must petition for readmission. **Readmission is not guaranteed.** Faculty probation and RTD letters are sent by email to the student's uregina.ca email in May, September, and January. When RTDs are assessed, they are effective immediately.

The passing grade for all CNUR courses is 60%. The passing grade for all other courses used in a nursing program is 50%. Students who are not successful in meeting the minimum grade in a second attempt of a course that is a requirement in the program will be required to discontinue from the Faculty of Nursing for a minimum of three semesters. An exception to this regulation is ENGL 100, which may be repeated twice (see §§5.12 and 5.13.6.6 for more information). A withdrawal from any clinical course that occurs after the end of the no-record drop period is considered an attempt.

Students must demonstrate satisfactory clinical and laboratory performance in courses where clinical and/or laboratory experience is required. Failure to demonstrate adequate clinical or laboratory

15. Faculty of Nursing

performance constitutes a failure in the course, regardless of numerical grades achieved on other assessment tools used in that course. In such a case, all aspects of the course must be repeated.

A student may be removed from clinical practice or laboratory, and/or barred from writing the final examination for persistent non-attendance/lateness or unsafe clinical practice. If such action is initiated by the program, the student will not be able to voluntarily withdraw from the course where the removal occurred. Students who have been so disbarred will receive a failing grade in the course and will be required to repeat the course. Students who fail a clinical course for these reasons may have conditions that must be met prior to being registered in another clinical course.

For further information regarding grading and types of GPA calculation, refer to §5.10.

A student will be required to discontinue from the Faculty of Nursing for failure to meet a program requirement or for a second failure in a mandatory course for the program. A student who is readmitted after having previously been required to discontinue (RTD) under the Faculty of Nursing regulations or forced to withdraw from the university (MW) and who is again required to discontinue will be required to discontinue indefinitely from the Faculty.

Students may be required to discontinue from their program of studies when the student is found to be unsuited for the profession of nursing, through consideration of competence or professional fitness as per the Professional Suitability Policy. See the policy in the Nursing Programs Student Handbook.

15.6 TIME LIMITS, GRADUATION REQUIREMENTS AND CONFERRAL OF DEGREES

See also §6 Graduation. It is the responsibility of the student to ensure that all courses required for graduation have been successfully completed. Students must submit an Application for Graduation form by the dates specified in this Calendar.

15.6.1 TIME LIMITS

Students not actively enrolled in nursing courses for three consecutive semesters who wish to return to the nursing program must re-apply for admission to the program. Credit for nursing courses successfully completed will be given if the course was taken within seven (7) years of admission into the program. Students may be required to repeat one or more courses if more than one (1) year has passed since the student last completed a clinical course.

15.6.2 GRADUATION REQUIREMENTS

A PGPA of 65% (all courses contributing to the degree) and an overall GPA of 65% in required nursing (CNUR) courses is required for graduation with a Bachelor of Science in Nursing (BScN).

15.7 OTHER FACULTY REGULATIONS

15.7.1 COURSE PREREQUISITES

Failure to successfully complete pre-requisite courses may jeopardize a student's progress in the program.

15.7.2 FACULTY APPEAL PROCEDURES

The Faculty of Nursing Undergraduate Student Appeals Committee will hear appeals from undergraduate students registered in Faculty of Nursing programs relating to:

1. A requirement to discontinue (RTD); and
2. Academic decisions of the Associate Dean (Undergraduate) except for those pertaining to admission, re-admission, transfer, deferrals, probations, and academic misconduct/disciplinary matters.

Matters such as grades assigned for individual classes or credits given for classes transferred from other institutions will not be considered by this committee.

Students who wish to appeal a requirement to discontinue or an academic decision of the Associate Dean of Nursing (Undergraduate) must do so in writing within 10 business days after the date on the

letter advising of the decision by emailing nursing.appeals@uregina.ca. See the policy in the Nursing Programs Student Handbook for further information.

16.1.2 STRUCTURE OF THE FACULTY

The Faculty of Science has six departments: Biology, Chemistry and Biochemistry, Computer Science, Geology, Mathematics and Statistics, and Physics.

16.1.3 UNDERGRADUATE PROGRAMS

The Faculty of Science offers programs leading to the degrees of Bachelor of Science and Bachelor of Science Honours in all departmental disciplines, Geography, Economics and Psychology, as well as the Certificate in Computer Science. The Faculty also offers combined Bachelor of Science programs in a number of interdisciplinary areas, as well as five offered jointly with Saskatchewan Polytechnic. A Certificate program in Indigenous Health Studies is offered in co-operation with the First Nations University of Canada. A program in Environmental Health and Science (BSc in Environmental Health and Science) is offered in partnership with the First Nations University of Canada (see §12.10.10).

The Faculty of Science also offers several pre-professional transfer and qualifying programs for degrees offered by other institutions. This includes qualifying programs in Agriculture, Chiropractic, Dentistry, Law, Medicine, Nutrition, Occupational Therapy, Physical Therapy, Optometry, Pharmacy, Physical Therapy and Veterinary Medicine. For more information on these programs, see §20 – Transfer Programs in this Undergraduate Calendar.

Those students in the Faculty of Science who are not candidates for a degree may take courses for which they have the necessary prerequisites.

16.2 ADMISSION, RE-ADMISSION, AND TRANSFER

Please refer to §2 for University policies on Admission, Re-admission, and Transfer.

16.2.1 RESTRICTIONS ON TRANSFER

Applicants for transfer to the Faculty of Science from another faculty or another post-secondary institution must meet the High School Admission criteria of the Faculty of Science (§2.4.1, minimum average of 70%), or have completed 24 credit hours as listed in §2.4.2.

Students who have failed more than 15 credit hours are not eligible for transfer to the Faculty of Science except by permission of the Associate Dean (Academic).

Applicants who have failed a core requirement of the Faculty of Science (CS 110, MATH 110, ENGL 100, or ENGL 110), after the maximum number of repeat attempts are not admissible except by permission of the Faculty.

16. Faculty of Science

16.2.2 SCIENCE QUALIFYING PROCESS

Students possessing a high school admissions average between 65% and 70% or a post-secondary UGPA (minimum 24 credit hours) between 60% and 65%, and/or are missing a course requirement (ie. Math A30, B30 or C30, Pre-Calculus 30, science course) will be admitted to the Science Qualifying Process.

Science Qualifying students are:

- Not permitted to begin their program in the Spring/Summer semester without permission of the Associate Dean (Academic);
- Limited to 12.0 credit hours per term;
- Must complete the missing pre-requisite or approved replacement course;
- Must attend the academic advising session prior to first year registration; and
- Must see an advisor prior to registration every semester until Science Qualifying conditions are met.

Once a student has reached 18.0 credit hours, completed the necessary course requirements and obtained a UGPA of 65% or higher, they will be automatically moved from Science Qualifying to Science. Students who meet the course requirements and obtain a Post-Secondary UGPA of 65% prior to completing 18.0 credit hours may request, at the Science Student Services office, to be admitted to the Bachelor of Science program.

16.2.3 PETITION GUIDELINES

See also §2.7.

16.2.3.1 Following a First Required To Discontinue (RTD) or Forced to Withdraw (MW)

University of Regina students seeking readmission or transfer to the Faculty of Science after a first RTD or MW must write a letter of petition to the Associate Dean (Academic). Students registered through one of the federated colleges write to the Academic Dean of their College. The Associate Dean and Academic Deans will normally admit students whose average is above 50%, but can deny the petitions of students whose average is 50% or below if they think that those students are not sufficiently prepared to continue. Students may appeal a denial to the Faculty's Student Appeals Committee (see §16.8).

The following conditions will be placed on readmission:

- Students must seek academic advising before registration until they have raised their average to 60%;
- Students may take a maximum of 12 credit hours per semester until they have raised their average to 60%;
- Students should repeat failed courses in order to quickly raise their averages. If students have failed courses that are required for their program they must repeat at least one of these courses each semester until they are cleared; and
- Students should complete core requirements as early as possible.

16.2.3.2 Following an Indefinite RTD or MW

All students seeking readmission or transfer after an indefinite RTD or MW must wait at least two years (six semesters) and then must petition to the Faculty for readmission.

16.3 RESIDENCY AND TRANSFER CREDIT

A maximum of 60 hours of eligible transfer credit may be applied to a degree program and 30 hours of eligible transfer credit to a certificate program. Students must take at least 15 of the last 30 credit hours of their degree program at the University of Regina. As well, at least half the credit hours of required discipline courses for the major and/or minor must be completed at the University of Regina.

No transfer credit is accepted towards the University of Regina portion of joint Saskatchewan Polytechnic-University of Regina degree programs.

The Faculty of Science awards transfer credit for courses taken at other institutions only if the grade received was 60% or higher or equivalent.

The Faculty of Science does not accept ACAD 100, UNIV 100, UNIV 101 and/or UNIV 110, AMTH 001, 091, 002, 092 and/or 003, Science 101 and 105, or courses numbered 0xx for credit toward any degree or certificate in the Faculty.

16.4 ACADEMIC ADVISING AND REGISTRATION

Through advising the Faculty can communicate to students the meaning of higher education and explain to them the various programs that are offered within the Faculty, with an indication of the opportunities that successful completion of these programs offers. The academic advisor will explain general academic requirements and assist the student in planning a program, within these requirements, that satisfies individual interests.

The requirements for the various degrees are set out in the following pages. Notwithstanding advice given in the departments, students who have questions as to whether their contemplated programs satisfy the requirements for the degrees they are pursuing should consult the Associate Dean (Academic), who will carefully check them.

Students register according to a priority system in which those who have earned the most credit hours register first. Students may register online, in person at the Faculty of Science Student Services Office, by fax or by email (see §16.1.1).

16.4.1 COURSE LOAD

The maximum course load in the Faculty of Science is 15 credit hours in each of Fall and Winter semesters and 12 credit hours in Spring/Summer session.

Students may not register for more than 15 credit hours in Fall or Winter semester, or more than 12 credit hours in Spring/Summer, unless they have a UGPA of at least 75% or a TGPA of at least 75% in the most recent semester. The approval of the Associate Dean (Academic) is required to register for an overload.

Students who have been accepted to Co-op programs who have a scheduled academic study semester in Spring/Summer may register for 15 credit hours with the permission of their departmental Co-op coordinator.

16.5 EVALUATION OF ACADEMIC PERFORMANCE

In addition to the University Regulations in §5.12, the following Faculty regulations apply to all students registered in the Faculty of Science. See §5.9.3 for descriptions of the different types of GPA referred to in this section.

16.5.1 DEAN'S HONOURS LIST

To be named to the Dean's Honours List, students must attain an average of at least 85% in a given semester on a minimum of 15 credit hours (12 credit hours during Spring/Summer semester) of numerically graded courses.

16.5.2 PROBATION AND DISCONTINUANCE

Students who fail more than 50% of their credit hours in a single semester receive a letter of academic advisement. The letter indicates the implications of continued failure and encourages students to seek academic advising. This regulation does not apply to students who register for three credit hours or fewer in the semester. The letter is not recorded on the official transcript.

In the review of students' performance, students who have failed a course and whose records contain failed courses totaling more than 30 credit hours are required to discontinue their studies in the Faculty for two semesters. NOTE: The 30 credit hour limit includes failed courses which are repeated and later passed. The failed courses which lead to a student's being required to discontinue for two semesters will be excluded from the calculation of failures in subsequent reviews of accumulated performance.

16. Faculty of Science

Students will be required to discontinue from their current program for failure to meet a program requirement or for a second failure in a mandatory course for the program. Students will be required to discontinue from the Faculty of Science for failure to meet a Faculty of Science requirement or for a second failure in a mandatory course.

Students who have previously been required to discontinue (RTD) under any faculty's regulations or forced to withdraw from the University (MW) or, including those of the Faculty of Science, and who are again required to discontinue under one of these regulations, will be required to discontinue indefinitely from the Faculty.

On the recommendation of the Faculty Committee on Admissions and Studies, the Faculty may also require students to discontinue indefinitely from the Faculty of Science for reasons of health or unsatisfactory academic or professional development. Students who have been Required to Discontinue (RTD) from the Faculty of Science are not permitted to register in any Science course without written permission of the Associate Dean (Academic) of the Faculty of Science. Science courses taken without permission of the Associate Dean (Academic) of the Faculty of Science, while on RTD from the Faculty of Science, at any institution or in any other Faculty at the University of Regina, will not be transferable for credit to a degree program in Science.

All rulings of probation or discontinuance may be appealed in writing to the Faculty; see §16.8.

16.6 TIME LIMITS, GRADUATION REQUIREMENTS AND CONFERRAL OF DEGREES

See also §6 Graduation.

Except with permission from the Associate Dean (Academic) in consultation with the Head of Department (or designate), all degree requirements must be completed within 10 calendar years of the date of beginning the program.

A PGPA of 65% and major GPA of 65% are required for graduation with a Bachelor of Science, Bachelor of Medical Imaging, Bachelor of Medical Laboratory Science, Certificate in Computer Science, or Certificate in Indigenous Health Studies.

A PGPA of 80% is required for graduation with distinction (degrees only).

A PGPA of 85% is required for graduation with great distinction (degrees only).

A PGPA of 70% and major GPA of 75% are required for graduation with a BSc Honours degree.

A major GPA of 85% is required for graduation with High Honours.

The major GPA is calculated on courses in the discipline and required cognate courses.

In programs that allow a minor, a minor GPA of 65% is required. The minor GPA is calculated on the courses required for the minor.

Graduation averages are calculated only on University of Regina courses.

Successful completion of four work terms is required for graduation with a Co-op designation.

Successful completion of 12 months work on an internship is required for graduation with an internship designation (BSc in ACSC only).

Registration for a second degree in the Faculty of Science requires prior approval from the Associate Dean (Academic). Except under special conditions, approval will not normally be given for two degrees or double majors from Mathematics/Statistics/Actuarial Science. Approval will not be given for double majors in Chemistry and Biochemistry although two degrees may be received after appropriate academic advising, see §16.9.1.7.

Students in the Faculty of Science who fail to attain the required averages for graduation after completing the degree requirements may attempt up to 30 additional credit hours (either by repeating courses or taking additional courses) to attempt to raise their average. Students in this situation must consult the Associate Dean (Academic) or the Academic Program Advisor to determine the courses that may be repeated or additional courses that may be attempted.

Students follow the program that is in effect at the time of their most recent date of admission, transfer or readmission, but may choose to follow changes occurring after that date.

NOTE: As outlined in §6.4 and §6.5, applications for graduation may be submitted to the Faculty or Colleges at any time; however, the Faculty will meet only in September, January and May to approve degrees and to recommend graduands to Executive of Council. Students completing their requirements during the Spring/Summer session or wishing to receive their degrees in October must submit their applications for graduation by July 31. Students completing their requirements during the Fall semester or wishing to receive their degrees in February must submit their applications for graduation by November 30. Students completing their requirements during the Winter semester or wishing to receive their degrees in June must submit their applications for graduation by January 31. Students who plan to attend the Convocation ceremony should note the relevant information in §6.9.

16.6.1 TIME LIMITS FOR COMPLETING DISCONTINUED PROGRAMS

When a degree program offered in Science is changed or terminated, students currently enrolled in the program may complete the program to which they were admitted or switch to the new program. The following conditions will be set for completion of old or superseded programs:

1. Students who choose to complete their program rather than switch to the new or revised program will have a maximum of 6 years to complete their program unless otherwise indicated at the time of the change.
2. Students who require readmission must enter the program that is current at the time of their readmission.
3. If a program is eliminated, the Faculty will make every attempt to accommodate affected students so they can complete a degree in an appropriate program.

16.7 OTHER FACULTY REGULATIONS

16.7.1 COURSE SEQUENCING

A 100-level course, with the exception of MATH 124, may not be repeated or taken for credit if credit has been received for a higher level course in the same discipline, nor may a course be repeated or taken for credit if it is a prerequisite for a course in the same discipline for which credit has previously been obtained.

16.7.2 OUTDATED COURSES

Core courses in the major taken more than 10 years previously are subject to review. Students may be required to update their knowledge if, in the opinion of the Associate Dean (Academic) in consultation with the Head of the department, there have been significant changes in the field during the intervening period. Students may be required to repeat a course or courses or take another course in the designated area. In this case only, a repeated course may be counted for elective credit in the program.

16.8 FACULTY APPEAL PROCEDURES

Students who have been required to discontinue (RTD) may appeal in writing to the Associate Dean (Academic) of the Faculty of Science. Appeals will be considered by the Faculty of Science Student Appeals Committee which has academic representation from each department in the faculty as well as from the three Federated Colleges, and is chaired by one of these academic members. The student is notified of the meeting and is invited to attend to speak to the appeal. The student is notified in writing of the decision of the Committee.

16.9 ACADEMIC PROGRAMS

16.9.1 BACHELOR OF SCIENCE (BSC)

16.9.1.1 Structure of the Program

16. Faculty of Science

To satisfy the requirements for a Bachelor of Science degree a student must complete a minimum of 120 credit hours (40 courses) distributed as follows:

- A minimum of 66 credit hours must be taken in the Faculty of Science. Of these:
- A minimum of 42 credit hours in a major discipline;
 - For BSc and BSc Honours students who are majoring in Geography, Economics and Psychology, courses within the major requirements are considered to be within the Faculty of Science. Additional courses in these disciplines will continue to be treated as Arts electives (see below).
- A minimum of 18 credit hours in disciplines other than the major;
- The following courses must be included:
 - 6 credit hours of natural science courses (must have a lab component). These courses are taught in the departments of Biology, Chemistry and Biochemistry, Geology and Physics.
 - MATH 103 or MATH 110;
 - CS 110.
- A minimum of 18 credit hours, including ENGL 100 and 110, must be taken in the Faculties of Arts and/or Media, Art, and Performance.
- Up to 36 credit hours of electives (as required to total 120 credit hours), which may include a maximum of 18 credit hours in courses from faculties other than Science, Arts, or Media, Art, and Performance.

16.9.1.2 Limit on 100-level Courses

A maximum of 60 credit hours may be in 100-level courses.

16.9.1.3 Selection of Majors

The requirements of each major offered by the Faculty of Science can be found under the relevant departmental listing.

16.9.1.4 Optional Minor

Students may complete a minor in a subject other than, and distinct from, their major. The minor is a concentration of at least six courses in a discipline from any of the Faculties of Science, Arts, Media, Art, and Performance, and Kinesiology and Health Studies. The specific courses required for a minor in a given discipline can be found under the relevant departmental listing. Up to two courses that are required for completion of a major may also be used in the minor. Consult with the Department Head or Associate Dean (Academic) to discuss options.

For students completing a minor in Kinesiology: where there are less than 18.0 credit hours of open electives within the program, one KIN course meeting a minor requirement may substitute for a "Science, Arts, or Media, Art, and Performance" elective.

16.9.1.5 Double and Combined Majors

Students wishing to pursue a major in more than one discipline should discuss their program with the Associate Dean (Academic).

The Faculty of Science has a number of BSc programs with a combined major in two disciplines. In such a program the student is not required to complete as many courses in a single discipline as for the single or double major program. At present, combined programs have been approved in Computer Science and Mathematics, Biology and Biochemistry, Biology and Geography, Geology and Geography, Mathematics and Statistics, and Statistics and Economics. Details about the specific course requirements for these programs can be found in the departmental listings.

16.9.1.7 Second Degrees

Registration for a second degree in the Faculty of Science requires prior approval from the Associate Dean (Academic). Except under special conditions, approval will not normally be given for two degrees or two majors from Mathematics/Statistics/Actuarial Science.

For further information refer to §6.2 and §16.3.

16.9.2 BACHELOR OF SCIENCE HONOURS (BSC HONOURS)

The structure of the BSc Honours degree is the same as that of the BSc, except that a minimum of 54 credit hours must be in the major discipline, and a maximum of 24 credit hours of electives is permitted.

16.9.3 BACHELOR OF MEDICAL IMAGING (BMI) (JOINT PROGRAM WITH SASKATCHEWAN POLYTECHNIC)

For admission to the BMI program students must have completed the Diploma of Medical Radiologic Technology from Saskatchewan Polytechnic with a minimum GPA of 60% in addition to meeting the high school admission requirements. Students meeting admission requirements will be granted 60.0 hours of block transfer credit toward this degree program.

For further information refer to §16.18.2.5

16.9.4 BACHELOR OF MEDICAL LABORATORY SCIENCE (BMLS)

For admission to the BMLS program, students must have completed the Diploma of Medical Laboratory Technology from Saskatchewan Polytechnic with a minimum GPA of 60% in addition to meeting the high school admission requirements for the Faculty of Science. Students meeting admission requirements will be granted 60.0 hours of block transfer credit toward this degree program.

Refer to §2.4.2, §16.6 and §16.9.1 for additional important information.

16.9.5 OTHER JOINT PROGRAMS WITH SASKATCHEWAN POLYTECHNIC

The Faculty of Science offers three other joint BSc programs with Saskatchewan Polytechnic:

- A BSc program in Environmental Biology;
- A BSc Honours program in Environmental Biology

16. Faculty of Science

- A BSc program in Chemical Technology, given jointly with ;
- Post-Diploma Admission to the BSc Program in Computer Science is available to graduates of the approved two-year post-secondary diploma programs in Computer Systems Technology, and Computer Information Systems.

Details about the specific course requirements for these programs can be found in the Biology, Chemistry and Computer Science departmental listings.

16.9.6 COMBINED DEGREES WITH THE UNIVERSITY OF SASKATCHEWAN

The BSc and BSc Hons degrees may be combined with the DMD, DMV, BSP, or JD degrees from the University of Saskatchewan and may be obtained in a period of time shorter than would be required if the two programs were taken separately. This is possible because many of the courses taken in the professional colleges of dentistry, veterinary medicine, pharmacy and law at the University of Saskatchewan, may be treated as electives in the Faculty of Science at the University of Regina.

The following rules govern these combined degrees:

- Students must satisfy the requirements of the BSc degree including those of the particular "major" chosen.
- The Faculty waives the requirement that 15 of the final 30 credit hours needed for the BSc degree must be taken at the University of Regina.
- Of the 120 credit hours required for the BSc degree, a minimum of 75 hours must have been taken in the Faculties of Arts, Media, Art, and Performance, and Science at the University of Regina. A maximum of 45 hours of courses taken while the student was registered in a professional college may be used toward the BSc.
- The particular courses from professional colleges that may be counted toward the BSc shall be those courses agreed upon from time to time by the Faculty of Science. Students wishing to pursue one of these combined degrees should consult the Associate Dean (Academic) to ascertain the precise requirements and the courses taken in the professional college that may be used for credit in their particular programs.
- Students wishing to obtain such a combined degree must submit an Application for Graduation to the University of Regina in the normal manner when all the requirements for the degree at the University of Regina have been fulfilled.

16.9.7 CERTIFICATE IN INDIGENOUS HEALTH STUDIES (CIHS)

The First Nations University of Canada, in partnership with the Faculty of Science offers the Indigenous Health Careers Program which is a pre-professional, preparatory program to prepare students for entry into professional health and allied health programs in other post-secondary institutions; and at the same time provide an indigenous cultural perspective, understanding of the health care system, and knowledge of health career options.

16.10 CO-OPERATIVE EDUCATION AND INTERNSHIP PROGRAMS

The Faculty of Science offers programs in co-operative university education in Biology, Biochemistry, Chemistry, Computer Science, Geology, Mathematics, Physics, and Statistics. Students spend alternate four-month periods taking university courses and working in fully-salaried jobs, related to their discipline, with participating employers.

These Co-op programs use a full trimester year (three 4-month semesters) and thus allow completion of a 4-year degree and 12-20 months of practical experience in a total of five years, with the advantage of a job during the time the student is not taking courses. Once admitted to Co-op, students are either in school or at work.

The Faculty of Science also offers an internship program in Actuarial Science which requires at least one year of internship. The internship is a salaried position where one can obtain practical experience.

There are many benefits to being in the Co-op or Internship program such as improved motivation and performance, practical work experience that may aid the student in choosing future areas of interest, financial gain, and an excellent chance of full-time employment upon graduation.

Refer to §8.1.1, and to the departmental entries below, for details of these programs.

16. Faculty of Science

Students follow a schedule of work/academic terms similar to that shown for Computer Science. To continue in the Co-op option, students must maintain a GPA of 72.5% and must enroll in at least 12 credit hours in academic terms between work terms. One of the first two work terms must be in a fall or winter semester (i.e. both may not be in summer semesters).

For further details, contact the Co-operative Education Office or the Head of the Department of Chemistry and Biochemistry.

16.10.3 CO-OPERATIVE EDUCATION PROGRAMS IN COMPUTER SCIENCE AND SOFTWARE SYSTEMS DEVELOPMENT

Website: www.cs.uregina.ca/Academic/workstudy.html

- Co-operative education (Co-op) is available with all Computer Science and Software Systems Development degree programs. Students participate in the Co-op Program under the direction of the Department's Co-op Coordinator. To receive the Co-op

designation upon graduation students must successfully complete 3 work terms, with fourth and fifth work terms being optional. It is strongly recommended that a student's final term be an academic one.

- Sequencing of the program will depend on the registration and academic credit of the student. Students are encouraged to meet with an academic advisor or the Co-op coordinator to discuss the appropriate alternating of 4-month work and academic terms. Permission to complete 2 consecutive work terms will only be granted once to a student during their program. The remaining work term(s) must be preceded and followed by an academic term.

16.10.3.1 Entrance criteria

Students must:

- have and maintain a GPA of 65%;
- be enrolled in a minimum of 12 credit hours per semester;
- be registered in or have completed CS 115 or both CS 110 and CS 270 or CS 280;
- complete MATH 110; and
- complete a minimum of 30 credit hours.

For further details, contact the Co-operative Education Office or visit its website: www.uregina.ca/careercentre/coop, or contact the Department of Computer Science.

16.10.4 CO-OPERATIVE EDUCATION PROGRAMS IN GEOLOGY

The goal of the Co-op programme is to provide hands-on employment experience for students enrolled in the BSc Geology or BSc (Honours) Geology programs. The BSc or BSc (Hons) degrees with Co-op designation include 120 credit hours of courses and three work terms (each of four months duration, with the option to pursue a fourth work term at the student's request). The Co-op work terms may occur at private businesses, research institutions, government laboratories or universities, and may or may not include a fieldwork component. Each work term is graded on a pass/fail basis. Students must obtain a passing grade for each work term, in order for this to count towards the Co-op designation.

16.10.4.1 Admission criteria:

- At time of application, students must have completed at least 33 credit hours but not more than 65 credit hours, including their current semester of study, towards a BSc or BSc (Hons.) degree in Geology. Further, students must have completed GEOL 201, GEOL 210, and GEOL 241 to be qualified for the Co-op program.
- Students must achieve a GPA of at least 70% overall and in all courses required for the major.
- Student must be full-time in the semester prior to starting a work-term.

16.10.4.2 To continue in the Co-op programme, students must:

- Maintain a GPA of at least 70% overall and in courses required for the major.
- Enroll in at least 12 credit hours in each academic semester between work terms.

16.10.4.3 Time to completion of a BSc/BSc (Hons.) degree in Geology with Co-op

Depending on the timing of the work terms (Spring / Summer, Fall, Winter) the Co-op program will take one or two semesters longer than a typical BSc or BSc (Hons.) program, assuming that students register in the maximum allowable credit hours of courses during all academic semesters (including the Spring/Summer).

16.10.4.4 Course requirements and planning your degree

It is unusual, if not impossible, to be able to complete all work terms during Spring/Summer semesters exclusively. Therefore, it is very important that students plan carefully. Students must be prepared to

16. Faculty of Science

take courses during at least one Spring/Summer semester. A maximum of two summer work terms is permitted.

16.10.4.5 Work Terms

Work terms are arranged with assistance from the University of Regina Career Centre (<http://www.uregina.ca/coop/>). Jobs are posted, students apply for job postings, and there is a system of interviews and "matching" between employers and students. The Career Centre also offers workshops for students on topics including resume writing, interview preparation, and job searching tools and techniques. With permission, double work terms (of eight months duration) may be arranged. Students will typically take 3 work terms, with an option to take a fourth with the permission of the Geology Department's Co-op coordinator.

NOTE: A maximum of one course (3 credit hours) may be taken during a work term.

Students must register and pay the Co-op fee for each work term.

The co-op program must end with an academic semester and cannot end on a work term.

16.10.4.6 Work term report

All students must submit a work term report within two weeks of completing a work term.

Reports will be graded according to the following scale: Excellent, Good, Satisfactory, Poor, Unacceptable or Fail. Reports graded Poor or Unacceptable will be returned to the student and must be revised and re-submitted within three weeks. The revised report must receive a grade of Satisfactory or better for the work term to receive a grade of Pass. Reports with a grade of Fail will not be re-written, and students will not receive a Pass for the associated work term.

16.10.5 CO-OPERATIVE EDUCATION PROGRAMS IN MATHEMATICS AND STATISTICS

The Department of Mathematics and Statistics operates two 4-year degree programs in Co-operative university education. Each requires students to complete three work terms to earn the Co-op designation. A fourth work term is optional with the mutual agreement of the student, the Faculty, the Co-op Office, and an employer.

16.10.5.1 Entrance Criteria – Co-op Mathematics Program

Students must:

- have and maintain a GPA of 65%;
- be enrolled in 12 credit hours to be a full-time Co-op student;
- complete three full semesters of study including successful completion of MATH 110, 111, 122, 213, 217, CS 110, and STAT 160, before engaging in their first work term.

16.10.5.2 Entrance Criteria – Co-op Statistics Program

Students must:

- have and maintain a GPA of 65%;
- be enrolled in 12 credit hours to be a full-time Co-op student;
- complete three full semesters of study including successful completion of MATH 110, 111, 122, STAT 160, STAT 251, and CS 110 before engaging in their first work term.

For further details contact the Co-operative Education Office or the Head of the Mathematics and Statistics Department.

16.10.6 CO-OPERATIVE EDUCATION PROGRAM IN PHYSICS

Website:

www.uregina.ca/science/physics/programs/co-op/index.html

Students must meet the criteria for admission to Co-op as approved by the Faculty of Science (see §8.1.1). Students must have a CGPA of 70% to be admitted to, and must maintain a CGPA of 70% to continue in Physics Co-op Programs. At the time of graduation, a student who has not met the 70% requirement, but who has a minimum CGPA of 65% and a PGPA of 65%, will be awarded a BSC in Physics without the Co-op designation.

The Co-operative Education Program in Physics offers students a choice of four or five work terms. Sequencing is the same as in the Co-operative Education Program in Computer Science.

For further details, contact the Co-operative Education Office or the Physics Co-op Coordinator.

16.10.7 INTERNSHIP PROGRAM IN ACTUARIAL SCIENCE

The Department of Mathematics and Statistics offers to students in the Actuarial Science program the possibility of participating in an internship year between years three and four of their academic study. The internship is 12 to 16 months in duration, with each four month employment period worth one academic credit towards the degree. For further information, contact the Department of Mathematics and Statistics.

16.10.7.1 Entrance criteria

Students must have an overall average of at least 75%.

Students must plan to complete an actuarial exam before or during the internship placement.

At the time of application to the internship program, students must be enrolled full-time in the Actuarial Science program, and be enrolled in, or have completed ACSC 317.

At the time of placement into an internship position, students must have completed ACSC 317 and ACSC 318.

Before going out on the internship, students must have completed 72 credit hours towards the Actuarial Science degree.

General Information

The First Nations University of Canada Environmental Health and Science program emphasizes First Nations traditions and culture while providing students with the opportunity to acquire the necessary leadership skills and knowledge needed to address the problems in the areas of environmental health and science.

The program's development and delivery are based on the following principles:

- professional development occurs through practical hands-on experience;
- a teaching and learning model which fosters creativity within students;
- acceptance, promotion, and incorporation of First Nations philosophies;
- traditional knowledge, beliefs, and viewpoints;

17.1.2 UNDERGRADUATE PROGRAMS

The Faculty of Social Work offers programs leading to the CSW, BSW, and MSW. The BSW and MSW are accredited by the Canadian Association of Schools of Social Work. As well as offering programs in Saskatoon and Saskatchewan regional colleges, the Faculty of Social Work delivers the Bachelor of Social Work Program in Whitehorse, Yukon in affiliation with Yukon College, and the Certificate of Social Work Program in Yellowknife, NWT in affiliation with Aurora College. The Faculty of Social Work grants the CISW and BISW offered through the School of Indigenous Social Work, First Nations University of Canada.

The Bachelor of Social Work undergraduate program is generalist in approach and oriented particularly to the Saskatchewan situation with an emphasis on preparation for work in rural and remote areas with minority and disadvantaged groups. The decentralized program and an adult education philosophy encourage part-time studies and continuing education for those employed in the fields of human services.

The Faculty of Social Work Mission Statement reads:

"The social work program of education, research and community service is designed to prepare students for critical generalist social work practice with diverse peoples. Informed by the principles of indigenization, sustainability and social justice, the social work program encourages students to identify the needs of the disadvantaged, marginalized and oppressed. It supports students in developing the commitment, knowledge, values, attitudes, and skills required to confront structural inequalities, and to empower individuals, families, and communities to realize their full potential."

Social Work courses are offered on a regular basis in Regina and Saskatoon, and are available in other communities throughout the province. The Faculty of Social Work regularly offers information sessions for students who are interested in applying to the Faculty. Students are strongly encouraged to attend one of these sessions. Students should check the events calendar on the Faculty's website for notices of these sessions.

In partnership with the University of Regina, Yukon College offers an accredited undergraduate Bachelor of Social Work program. This program prepares students for generalist social work practice in northern, remote and First Nations communities. The program features a 10-day cultural camp, hosted by a Yukon First Nation and set in a remote wilderness location. Admission criteria, program information and deadlines are available online at www.yukoncollege.yk.ca. The Yukon BSW program has some policies that differ from the BSW offered at the Regina and Saskatoon locations, so in the event of a discrepancy, the Yukon BSW program policies will take precedence.

In partnership with the University of Regina, Aurora College offers a Certificate of Social Work Program that is intended to provide the graduate with a sound, basic foundation to work with the cross-cultural populations of the Northwest Territories. The program focuses on such areas as community practice and professional values as well as an understanding of the theoretical models related to human problems, social systems and intervention methods. Successful completion of the program provides students with the opportunity to practice social work in the north or to apply for transfer to U of R, First Nations University of Canada or Yukon College to complete their BSW. The program consists of 66 credits, which can be completed in two years. Application deadline date is June 15 for the Fall semester.

Please contact the Registrar, Aurora College for more information: 1-867-872-7509 or www.auroracollege.nt.ca/

17. Faculty of Social Work

17.1.3 U OF R; SASKATOON CAMPUS

Courses are regularly scheduled at the Saskatoon campus, making educational resources and studies accessible to an increased proportion of the province's population. In addition, it provides a means for the Faculty to remain alert to current concerns, needs, and services in the human services field.

In addition to offering SW courses, the Saskatoon Campus offers a selection of general university studies courses in a face-to-face format. Students may take additional courses required for the general university studies section of their BSW through the University Regina's online and live-streamed offerings, as well as through the University of Saskatchewan.

17.2 ADMISSION, RE-ADMISSION, AND TRANSFER

17.2.1 ADMISSION TO THE UNIVERSITY

Students, who have attempted fewer than 24 credit hours of university courses, will be admitted based on the high school admission criteria. Students who have attempted 24 or more credit hours of university courses must have a minimum university grade point average of 60% or a completed baccalaureate degree. All students who designate social work as their program of study on the application form will be admitted to the category of Pre-Social Work. Students requesting to transfer from another University of Regina faculty to the Faculty of Social Work will also be admitted to Pre-Social Work. Students are limited to a maximum of 2 SW courses (SW 100 and SW 202) either as U of R courses or approved courses taken from another institution, before being admitted to the Bachelor of Social Work (BSW) program. The application to the BSW program is the second admission step. The prerequisite for all social work courses, except SW100 and SW 202, is 30 credit hours of university credit, including transfer credit.

17.2.1.1 Mature Admission

Applicants for admission who do not meet admission requirements to Pre-Social Work as outlined in §2.4, who have completed fewer than 24 credit hours of post-secondary courses, are Canadian citizens or permanent residents, and will be at least 21 years of age before the semester begins, may be granted mature admission for Fall or Winter semester.

Applicants for mature admission to Pre-Social Work who have been taking courses through the University of Regina's Centre for Continuing Education or Casual Student Program must also present a UGPA of at least 60% (see §5.9) on all University of Regina courses taken. Those who do not meet this criterion may petition the Faculty of Social Work Student Appeals Committee for admission (refer to §17.7 for procedures). The decision of the Faculty with respect to admission and conditions for continuation is final.

17.2.1.2 Advising/Registration Requirements for Mature Admissions to Pre-Social Work

Advising is mandatory for Pre -Social Work applicants who are granted mature admission, until they have attempted 24 credit hours of courses. Students are responsible for ensuring that program requirements are met at each stage of their progress. Courses are selected according to the prerequisites of the courses (see course descriptions in §24 or *UR Self-Service*) and the requirements for the degree program within this section.

Applicants granted mature admission are subject to the following additional restrictions:

1. Limited to registering in a maximum of 12 credit hours per semester for the first 24 attempted credit hours.
2. Required to register in ACAD 100, where available, within the first 12 attempted credit hours. This course will count towards degree credit in the Faculty of Social Work.
3. May register in more than 12 credit hours if they:
 - have the equivalent of 12 credit hours of transfer credit from another recognized post-secondary institution with a minimum grade point average of 60%;

- register in ACAD 100; and
- achieve a minimum term grade point average (TGPA) of 60% in the first full-time semester at the University of Regina.

17.2.1.3 Home-based Learners

The existing Faculty of Social Work regulations, policies and procedures for admission, registration and academic performance will apply to applicants who have been admitted on the basis of the home-based learning admission policy.

17.2.2 ADMISSION TO THE BACHELOR OF SOCIAL WORK

Admission to the Bachelor of Social Work (BSW) is a competitive process as there are more applicants than spaces available. The precise number admitted will depend on the number of qualified applications and the resources available to the Faculty. Students are assessed for admission in three stages:

1. Academic Requirements

The criteria for determining eligibility for admission to the BSW are:

- Completion of a minimum of 30 university credit hours including English 100, Indigenous Studies 100, Psychology 101, and Sociology 100. These academic requirements can be met with approved transfer credits from other institutions. Students may have transfer credit assessed and applied to their academic record at the University of Regina by submitting up-to-date transcripts from post-secondary institutions attended. Transcripts are to be sent to the U of R Admissions Office no later than January 15 of the application year;
- Minimum 65% program grade point average (PGPA) on those courses contributing to the Bachelor of Social Work degree, including grades from courses granted as transfer credit toward the Program.

2. Assessment

All applicants who meet the academic requirements will have their admission application evaluated by a social work review panel. Reviewers will assess the commitment to and experience in human service, as described by the applicant's work, volunteer/community, educational experiences and personal statement.

3. Ranking

Applicants who have met the academic requirements and, through the assessment process above, have demonstrated adequate commitment to and experience in human service will be ranked by PGPA. The Faculty of Social Work supports the principles of equity and promotes social and cultural diversity. Applicants who identify themselves as experiencing cultural and/or social barriers will be given additional consideration in the ranking process.

Applications for admission to the Bachelor of Social Work must be received by the Faculty of Social Work through online submission by January 15.

4. Conditional Admission

Students who have not completed 30 credit hours and/or not completed all of the four required classes (ENGL 100, INDG 100, PSYC 101, and SOC 100) for admission to the BSW program can apply to the BSW program for the January 15 deadline. Courses in progress must be successfully completed prior to April 30 of the application year. If these courses are being taken at institutions other than the U of R, transcripts showing them in progress must be submitted by January 15 to the U of R Admissions Office. Applications that meet the criteria will be taken forward to the review panel for screening. If successful in screening and ranking, these students will be offered conditional admission to the BSW program. If conditionally admitted, students will have until May 31 to provide the U of R Admissions Office with original transcripts showing successful completion of the required classes and/or credit hours for courses taken at

17. Faculty of Social Work

institutions other than the U of R. Students who successfully complete the requirements by April 30 will be offered full admission to the BSW program. Students who have not met admission requirements will have their conditional admission revoked and will need to re-apply to the BSW program for the next application deadline.

Students not admitted to the BSW program via this process will remain in the Pre-Social Work Program and are not limited to the number of times they can re-apply.

All admission decisions are final and are not subject to appeal.

17.2.2.1 Calculation of BSW Admission GPA

Grade point average (GPA) for admission to the BSW Program is calculated using the applicant's grades earned in all courses applicable to the program. This includes failing grades in U of R courses, if the course(s) would have been used toward the program.

17.2.3 ADMISSION FOR U OF R/AURORA CSW PROGRAM

Past, present and future graduates of the U of R/Aurora CSW program, in place as of 2004/2005, are permitted to bypass the 'regular' BSW application process and have direct admission into the U of R BSW program.

U of R/Aurora CSW graduates must send a letter to the Faculty of Social Work Student Services office requesting to be transferred from the CSW to the BSW program. If the requirements for the U of R/Aurora CSW and/or the BSW program change, this regulation will be reviewed.

17.3 RESIDENCY AND TRANSFER CREDIT

17.3.1 RESIDENCE REQUIREMENT

Students must complete a minimum of 45 credit hours of the social work studies section of the BSW through the University of Regina. Forty-five credit hours of the entire CSW must be completed through the University of Regina. This means that a maximum of 15 credit hours of social work courses can be approved as transfer credit and/or granted credit through Prior Learning Assessment & Recognition (PLAR) toward the social work studies section of the student's program.

17.3.2 TRANSFER CREDIT

Students holding a three-year or four-year degree, from a recognized institution, will be granted credit for the general university studies section of the BSW, provided the equivalents to each of the required courses have been completed. Degrees from Bible colleges, theological colleges and seminaries will be assessed on a course-by-course basis in accordance with section 2.8.2. Grades obtained in courses from other institutions that have been granted transfer credit toward the BSW are included in calculating the student's BSW Admission grade point average but are not included in calculating grade point averages for convocation.

For the BSW and CSW programs, the Faculty of Social Work will not grant transfer credit or a waiver for SW 448.

For the BSW and CSW programs, the Faculty of Social Work may grant transfer credit for SW348 if a previous practicum experience, from another educational institution, is evaluated to be equivalent. Transfer credit equivalence is determined through assessment by the Faculty of Social Work of practicum course syllabi and/or other relevant practicum documents. Students also have the option to have previous experience, which is not from another educational institution, assessed for Prior Learning Assessment and Recognition (PLAR) as outlined in section 17.3.3.

17.3.2.1 Courses Taken at Other Post-Secondary Institutions after Admission to the Faculty

Students who wish to complete courses through post-secondary institutions other than the University of Regina should refer to the Transfer Credit Equivalency Guide before requesting a letter of permission (LOP) from the Faculty of Social Work, to ensure that credits associated with any such course will be transferable to the University of Regina.

A letter of permission must be requested in writing from the Faculty of Social Work Student Services Office, to be assessed by an Academic Program Advisor. If permission is granted, a letter (LOP) to the host institution will be forwarded directly and a copy will be transmitted to the student by e-mail. Please provide the following information when requesting a letter of permission:

1. The institution from which courses will be taken;
2. The specific courses to be registered in; and
3. The expected dates of commencement and completion.

Fifteen credit hours per semester are considered to be a full course load. Students must not be taking courses from the University of Regina or another institution which will exceed this limit, without permission. Students should contact their Academic Advisor for details.

When courses taken on letter of permission (LOP) are completed, the student must request the host institution to forward one official transcript to the University of Regina Admissions Office. Transfer credit for courses approved on the LOP will then be applied to the student's official academic record at the University of Regina, if the student has attained a passing grade in each course.

17.3.3 POLICY ON PRIOR LEARNING ASSESSMENT AND RECOGNITION

Students applying for credit for SW 348, Practicum, must:

- Have a minimum of the equivalent of 2 years of full-time waged or unwaged human service experience, which has been completed in the past 10 years;
- Have successfully completed the prerequisites for the course (currently SW 390, SW 346, and SW 100, 6 additional SW credit hours, plus a minimum grade point average of 70% in the Social Work portion of their BSW) prior to credit being granted;
- Contact the appropriate Practicum Placement Coordinator prior to the relevant practicum application deadline to discuss their intent to apply for PLAR credit and, if needed, participate in the placement planning process; and,
- Clearly demonstrate in their PLAR application how they have met the objectives and competencies for SW 348.

A student may apply for prior learning assessment and recognition (PLAR), based on learning obtained through a supervised practicum, employment experience in a social work setting, and/or completion of professional development activities, to be considered for social work course credit where their knowledge, skills and abilities meet the goals and objectives of that course.

Students may be granted a maximum of fifteen (15) credit hours for recognized prior learning towards each section in the BSW program (Social Work studies and General University studies), for a maximum total of thirty (30) possible credit hours for PLAR. An individual interested in seeking credit for prior learning is strongly encouraged to contact the PLAR Centre (see: <http://www.uregina.ca/cce/student-services/admitted/plar.html>). The PLAR Mentor will assist students with the process to facilitate a focused application. The approval of credit is at the discretion of the Associate Dean.

17.3.4 CHALLENGE CREDIT EXAMINATIONS

A maximum of 6 credit hours may be granted through Challenge Credit Examinations for students who present evidence of learning gained prior to entering the Social Work program which is equivalent to specific 3 credit hour courses taught in the Faculty of Social Work by full-time instructors. - University of Regina policies and procedures, as well as academic rules and regulations governing the student's program;
- strategies for academic success including returning to good academic standing when students are on/at risk of academic probation, or returning from a period of discontinuance;
- academic options surrounding personal/family emergencies;
- convocation application deadlines and processes; and
- various services to help ease transition to the University of Regina and ensure success all the way to convocation.

The ultimate responsibility for ensuring that the program requirements are satisfied rests with the student.

17.8 ACADEMIC PROGRAMS

17.8.1 SOCIAL WORK PRACTICUM

Professional social work education involves the acquisition of knowledge and skills through academic study and through supervised practice, which is called practicum (SW 348 and SW 448). Practicum involves direct practice in social work agencies and other helping settings. Students will be exposed to helping situations in which they are expected to have direct involvement in the helping role. The student will also be expected to carry reduced workload, subject to close supervision by the agency. Seminars are conducted to provide students with an additional source of theoretical learning which relates to the practicum experience. Students are also provided with opportunities to share learning through presentation of cases and study of practice issues that emerge in a group of peers experiencing practicum in different agency settings.

Eligibility requirements for SW 348 & 448: See §17.8.2 and course descriptions in §24 or in *UR Self-Service*.

Students are not permitted to register for any other courses during a full-time SW 448 practicum semester, without written permission of the Associate Dean of Social Work. Only in extenuating circumstances, beyond the student's control, will this permission be granted.

See §17.6.3 for the policy on stale dated courses. Students will be required to update their knowledge by repeating stale dated Social Work courses. This policy excludes Social Work elective courses and general university courses. Social Work courses that have contributed to completed Social Work credentials (i.e. certificate or diploma) will not be subject to this stale dating policy.

Students may choose to complete the practicum through the University of Regina campuses in Regina, Saskatoon or Prince Albert on a full-time or part-time basis. All students must have a minimum grade point average (GPA) of 70% on the social work section of their BSW program or, for the CSW, on all courses taken prior to practicum, and the prerequisite courses to be eligible to register for SW 348 or SW 448. Instructions to apply are on the Social Work website www.uregina.ca/socialwork. SW 348 and SW 448 are generally offered at all locations during the Fall and Winter semesters. In the Spring/Summer semester there are limited placements available for SW 448, and no placements for SW 348. BSW students must complete SW 348 in Saskatchewan. SW 448 may be attempted on a part-time basis over two semesters starting in the Fall semester only. Practica have enrolment limits; contacting the Coordinator by the deadline date does not, therefore, guarantee a space.

Orientation for both SW 348 and 448 will occur prior to the start of the semester.

Spring/Summer practicum – March 1

The School of Indigenous Social Work program is accredited through the Canadian Association for Social Work Education (CASWE). The SISW provides the academic and cultural training for social work students to work in First Nations and non-First Nations communities.

17.8.4.1 Indigenous Social Work Qualifying

Indigenous Social Work Qualifying (INSW) refers to students who have been granted admission to the University of Regina and are intending to apply for admission into the SISW when they complete their qualifying requirements. (See §§2.4.1.1 and 2.4.2 for detailed admission requirements.)

Admission to Indigenous Social Work Qualifying

New students first apply to the University of Regina.

All students who check FN University and put social work as their 'Program of Study' on the U of R application will be placed in the ISW Qualifying category. Once they have successfully completed the qualifying requirements they apply to the SISW for admission. See §§17.8.4.2 and 17.8.4.3.

Students who have not been accepted into the SISW through the admissions process may not take any INSW courses other than those noted in the qualifying requirements. The Department Head of Indigenous Education, Health and Social Work (DIEHSW) of which the SISW is part, may make exceptions upon written request. Visiting students must go through the appropriate process to enroll in INSW courses.

17. Faculty of Social Work

17.8.4.2 Academic Requirements – ISW Qualifying (24 Credit Hours)

ISW qualifying students must complete the 24 credit hour requirements below to be eligible for admission into the CISW/BISW program.

Credit hours	ISW Qualifying, Required Courses	Student's record of courses completed
3.0	ENGL 100

Sequencing & Recommended Courses – The four Indigenous Qualifying Social Work courses:

- INSW 200, INSW 321, INSW 351 and/or INSW 377, may be taken in any order.
- INSW 200 is a prerequisite for all other INSW courses.

17.8.4.3 Application and Admission to the (BISW/CISW) Application Information

- Students may pick up their application package either at the Indigenous Social Work program office of FNUUniv Saskatoon Campus or Student Success Services of FNUUniv Northern Campus and Regina Campus
- The completed application is forwarded to the Saskatoon Campus, Administrative Assistant.
- The deadline to apply is April 15. Exceptions determined by Department Head in-committee. Students must achieve a minimum 65% PGPA on those courses contributing to the CISW or BISW program.
- Students may apply in the semester that they are completing their qualifying courses. In this case, if the Admission Committee recommends acceptance into the CISW or BISW, it will be conditional on successful completion of those courses, and students won't be transferred into the social work faculty until successful completion is acquired.

Application Documents

All the following documents must be included in the application or the student will not be interviewed. The student may resubmit a completed application for the next admission date.

- Criminal Records Check – Current within 3 months of interview
- Child Abuse Registry Check - Current within 3 months of interview
- Cover Letter
- Resume
- Three letters of references
- Statement on aspirations in Indigenous Social Work
- Current University transcript

SISW Admissions Process and Admissions Committee

The completed SISW application is submitted to the Saskatoon Campus or to the appropriate Academic Advisor, who will forward it to the SISW Saskatoon Campus. Eligible students whose applications are complete are notified of an interview date.

The SISW Admissions Committee conducts the interviews, and is comprised of two SISW full-time faculty members. In the case of community based SISW programs, the community coordinator of the program is also included in the interview. Students declare whether they would be in the CISW program or the BISW program during the interview.

Admission is based on the application information as well as interpersonal skills and academic and professional suitability. Decisions of the SISW Admissions Committee are final and not subject to appeal.

Students will be notified in writing of the results of the admission application. It is suggested that students meet with their Academic Advisor to review and plan their program.

Students not admitted to the BISW via this process will remain in the Pre-Social Work program category and are not limited to the number of times they can re-apply. Note that students are limited to four social work courses while in Pre-Social Work.

Readmission to the SISW

If an SISW student has been required to discontinue they may apply to be readmitted to the university through the FNUUniv readmissions process when they have met the necessary conditions. If successfully readmitted to the FNUUniv the student must make a written request to the Department Head of DIEHSW for an interview with the SISW Admissions Committee. The Admissions Committee reserves the right to request that the student submit a new application package. If readmitted the student will need to provide a current CPIC and Child Abuse Registry Check (CARC) within the first semester they are registered.

Students who were previously admitted to the CISW or BISW program and who have not been registered in any courses for a period of more than 5 years must submit a written request, including a current resume, for readmission to the Department Head of DIEHSW for an interview with the SISW Admissions Committee. The Admissions Committee reserves the right to request that the student submit a new application package. If readmitted the student will need to provide a current CPIC and Child Abuse Registry Check (CARC) within the first semester they are registered.

Canadian Police Information Check (CPIC) and Child Abuse Registry Check (CARC)

Effective May 2005, all students applying to the School of Indigenous Social Work must provide a current CPIC and a current report from the Child Abuse Registry(ies) relevant to the applicant's place(s) of residence for review by the Admissions Committee. A CPIC that indicates a criminal record does not preclude students from admission to the School of Indigenous Social Work. Such records will be reviewed and assessed with respect to the nature of the offence(s), what the student has done to rectify the situation, and what measures the student has taken to enhance their personal development subsequent to the charges/convictions. This same consideration will be applied to the Child Abuse Registry Check. Applications for admission to the School of Indigenous Social Work will not be considered complete without a CPIC.

Returning students who were previously admitted to the program, but have taken time off from school will be required to submit a CPIC to the SISW within their first semester of registration in classes. Failure to provide a CPIC may prohibit students from registering in subsequent semesters and/or graduating. Applicants must also provide a letter of clearance from the relevant Child Abuse Registry(ies).

17.8.4.4 Policies on INSW Courses

Practica – INSW 448 & INSW 458

Students must have an overall program average of 65% (PGPA) and must have an average of 70% in social work courses in their program to register for INSW 448 and INSW 458 (Practica).

17. Faculty of Social Work

Students must have a final grade of 70% or better in INSW 346 before enrolling in INSW 448 (Practicum I).

Students must have a final grade of 70% or better in INSW 447 before enrolling in INSW 458 (Practicum II).

Students may apply for International placements for INSW 458. Planning time must be considered, and funding for such placements is the responsibility of the student.

INSW 458 students may apply to do a research project within an agency if they completed INSW 451 with a minimum grade of 65%.

Practica (INSW 448 and INSW 458) may only be offered in the Fall and Winter semesters.

Students are not permitted to register for any other courses during the semester they are registered in INSW 448 or INSW 458 without written permission of the Department Head of DIEHSW in consultation with the Practicum Coordinator. Students must have a 75% or higher PGPA to be eligible to apply for this overload. Requests must be made in writing to the Department Head of DIEHSW providing the academic reason that the overload is needed. Exceptions to the 75% average may be made if the academic needs are sufficient.

Cultural Camp - INSW 352

Cultural Camp (INSW 352) is a mandatory and integral aspect of the Indigenous Social Work program and is required for graduation. Students must have applied and been admitted to the BISW or CISW prior to registering for INSW 352. Students are expected to participate fully and purposefully in cultural camp to assist their development of knowledge in Aboriginal worldview, culture and way of life.

Cultural Camp Grade Appeal Process

The grade appeal process for INSW 352, Cultural Camp, is completely within the jurisdiction of the School of Indigenous Social Work. Students appeal to the instructor. If the situation is not resolved, the students may then appeal to the Department Head of DIEHSW who will discuss the circumstances with the instructor and cultural camp Elders. If the student is still not satisfied, a formal appeal can be submitted to the First Nations University of Canada Registrar's Office. An Elder/SISW faculty review committee will be struck to review the situation. Students are encouraged and entitled to bring one support person/advocate to their review committee interview. The decision of this review committee is final and will be given to the student within 48 hours. This appeal process applies only to the cultural camp. To appeal other classes, see the Academic Regulations section of this calendar.

Prior Learning Assessment and Recognition (PLAR)

A maximum of 15 credit hours may be acquired through the Prior Learning Assessment and Recognition (PLAR) process. PLAR is defined in this instance as the process of assessing and recognizing skills, knowledge or competencies that have been acquired through human service work experience. Currently PLAR may be applied to INSW 448 OR INSW 458 (see below for policy on INSW 458).

Students in the faculty of Indigenous Social Work may apply for credit for INSW 448, Practice I, through the SISW PLAR process. To be eligible for application students must:

- be accepted into the faculty,
- be in the BISW program (not the CISW),
- maintain a 65% overall program average and a 70% average or better in INSW courses in their INSW program,
- be registered in or have successfully completed INSW 346 at the time of application,
- must have twelve years of human service employment,
- must complete and submit the 12 year human service form
- consistently show professional behaviour as a social work student

The 12-year Human Service form is available from the Saskatoon Campus, and this form must be completed and submitted to the SISW first along with a current resume. When it is approved they may pick up the application package.

The PLAR Application Package is available from the FNU/Univ Saskatoon Campus. The completed application, which will indicate knowledge and skills gained during the human service employment, must be submitted to the Saskatoon Campus. The SISW PLAR Committee is comprised of full-time SISW faculty.

A student may apply to have INSW 458, Practicum II, accepted through the PLAR process based on students not having the opportunity to apply for credit for INSW 448, because their twelve years of human service work was completed after taking INSW 448.

17.8.4.5 Social Work Transfer Credits from Other Universities

Social Work electives from the University of Regina can be credited towards the ISW elective portion of the CISW and BISW if they do not replicate SISW course numbers that have been taken. Program approval must be obtained prior to registration to avoid duplication of courses.

With permission of the Department Head of DIEHSW, after consultation with the SISW faculty, credit hours may be used into the required portion of the BISW if the courses are taken through off campus U of R Social Work programs that have been developed for communities with a high Aboriginal population and if the specific course(s) have a strong First Nations focus. Outlines will be reviewed by SISW faculty. The number of credit hours is at the discretion of the Department Head of DIEHSW in consultation with the SISW faculty.

A maximum of 6 credit hours of social work courses can be transferred from other universities into the INSW electives portion of the CISW program.

A maximum of 9 credit hours of social work courses can be transferred from other universities into the INSW electives portion of the BISW program.

17.8.4.6 SISW Residency Requirements

Residency requirements are the minimum number of credit hours that must be taken through the SISW in the ISW portion of the CISW or BISW program.

Students must complete a minimum of 42 credit hours of the ISW portion of the CISW, including all required INSW courses.

Students must complete a minimum of 63 credit hours for the ISW portion of the BISW, including all required INSW courses.

This means that a maximum of 6 credits hours of social work courses can be transferred into the CISW or 9 credit hours of social work courses can be transferred into the BISW from other universities into the social work portion of these programs.

17.8.4.7 Evaluation of Professional Performance

The First Nations University of Canada, School of Indigenous Social Work is a professional school mandated by First Nation elders and accredited through the Canadian Association of Social Work Education. As such, the school is obligated to uphold academic standards as well as ethical and moral standards. Ethical qualities, character and emotional development of students will be reviewed annually to determine the appropriateness of students remaining in the program and/or graduating.

A conference may be held with the student(s) to assess the situation. Incidences that fall within these categories are subject to University of Regina Academic Regulations and disciplinary actions and the Faculty of Social Work, University of Regina: Policy and Procedures of Student Performance of Professional Responsibilities. See the policy at: www.uregina.ca/socialwork.

17.8.4.8 Off-Campus Programs

The above policies and regulations apply to both on and off-campus programs. Exceptions and special considerations within off-campus community-based programs are negotiated between the Department Head of DIEHSW and the relevant Program Coordinators. Questions or concerns about any of these regulations must be referred to the Department Head of DIEHSW.

17. Faculty of Social Work

18.2.4 ACADEMIC ADVISING AND REGISTRATION

18.2.4.1 Academic Advising

Academic advising is important. The Division encourages new and continuing students to receive program advising before registering.

Call the Student and Instructor Services (Credit) Office at 306-585-5807 or email CCE.StudentServices@uregina.ca to make an advising appointment. Each student is responsible for ensuring that program requirements are being met at each stage of progress. Students are required to fulfill all "Responsibilities of Students" found in §5.1 of this Calendar.

18.2.4.2 Repeating Courses

Students may repeat any course, passed or failed, once (English 100 may be repeated twice). The most recent grade is the one that is used in calculation of program GPAs. Written requests to repeat a required course an additional time are to be submitted to the Career and Professional Development Division office.

18.2.4.3 Registration Permit/Override

Students may obtain Registration Permit/Overrides to register for a section when course or class prerequisites, co-requisites, repeat, link, program, faculty, campus and/or other registration restrictions are not satisfied.

This permission is based on the academic, course, and program regulations. It is not automatic and will be given only when the regulations are met and in exceptional circumstances.

The faculty or college office determines who is qualified to grant and enter the Registration Permit/Override on the student's academic record. The Registration Permit/Override is assigned to the student for a course or a section of a given semester.

The Registration Permit/Override does not guarantee that the student will be registered, that space will be available in the section, or that the course will apply to the student's program. The permission only allows the student to bypass the registration restrictions of the course or

18. Centre for Continuing Education

section online. Once the permission is assigned the student may proceed with their registration in that course or section.

Please consult the appropriate academic regulation, course, or program section of the Undergraduate Calendar to determine if you need Registration Permit/Override and how to obtain that permission if required. Career and Professional Development Division students should contact Student and Instructor Services (Credit) at 306-585-5807 if they require assistance in determining whether or not they need Registration Permit/Override before registering online.

18.2.4.4 Registration

Students may register online using UR Self Service found at: www.uregina.ca. If you require assistance please contact Student and Instructor Services (Credit).

In cases where students cannot register online, they may register by email: CCE.StudentServices@uregina.ca. Students will be required to provide their student number and birth date to register by fax or email. Registration will not be accepted by voice mail.

Students can also register by mail or in person at the Student and Instructor Services (Credit) Office, Room 3307, First Nations University, University of Regina, 3737 Wascana Parkway, Regina, SK, S4S 0A2.

The Student and Instructor Services (Credit) is open Monday to Friday, from 8:15 a.m. to 12:00 p.m. and 1:00 p.m. to 4:30 p.m.

18.2.5 EVALUATION OF ACADEMIC PERFORMANCE

18.2.5.1 CCE Honours List

The list for part-time students is compiled once an academic year at the end of the Spring/Summer term. To be included on the CCE Honours List, a student must be a CCE student and identify a CCE program as their primary academic program and must achieve a GPA of at least 85% on a minimum of nine numerically-graded credit hours of University of Regina courses over an academic year (Fall, Winter, and Spring/Summer).

Inclusion on the CCE Honours List will appear on the student's official transcript.

CCE follows the University policies and procedures regarding deferrals. Refer to §5.7 for more detailed information.

18.2.5.4 Failed Courses and Prerequisites

Failed courses include grades of "NP." If the failed course is prerequisite to one in which the student has enrolled in the next semester, it is the student's responsibility to drop the course which he or she is no longer eligible to take.

18.2.6 TIME LIMIT AND GRADUATION REQUIREMENTS

The minimum graduating program GPA for all Career and Professional Development Division programs is 60%. Refer to §6 for University Graduation Requirements.

18.2.6.1 Completion of Discontinued Programs

When a program is discontinued, students will be informed of the date by which they must complete their program requirements. Students should also be aware of the policy relating to "Outdated Courses" in relation to the completion of their programs.

18.2.6.2 Completion of Old Programs

From time to time, CCE may change its program requirements. Students normally follow the program that is in effect at the time of their most recent date of admission, faculty transfer or readmission, but may choose to follow program changes occurring after that date. Prolonged completion of a program may mean that specific courses academically housed outside of CCE but used in CCE programs are subject to that faculty's policy on outdated courses.

18.2.6.3 Time Limit for Completion of Non-credit Certificates

Students enrolled in Career and Professional Development programming have a three (3) years to complete a non-credit certificate.

18.4.3 ENGLISH AS A SECOND LANGUAGE REGULAR PROGRAM

The University of Regina ESL Program offers a 12-week non-credit Academic Program, 3 times per year coinciding with University of Regina academic terms for students 16 years of age and older. Students receive 252 hours of instruction per semester consisting of core curriculum (15 hours/week) and skills courses (6 hours/week) from TESL Canada certified ESL instructors. Instructional activities involve individual, pair and group work and include workshops, seminars, and socio-cultural activities. Evaluation is based on graded assignments, tests, mid-term and final examinations. Students are required to purchase course texts and other materials at an approximate cost of \$250.00 CAD.

Classes are held on campus with an average class size of 18 students. The ESL Program has its own computer lab with scheduled class time. Upon successful completion, Advanced EAP (Level 050) students receive a certificate of completion at a formal closing ceremony.

Passing Advanced EAP (Level 050) of the ESL Academic Program satisfies the University of Regina English Language Proficiency requirement. Students who are conditionally admitted to the University of Regina can begin their credit studies in the semester immediately after successfully completing their ESL studies. (See §18.4.4 ESL+1 Program which enables students to take a credit class while studying at the Advanced EAP level.)

If students meet all other academic requirements, they may register for a full academic program in the semester following the successful completion of Advanced EAP (Level 050). No further English proficiency tests are required.

18.4.3.1 Mandatory Orientation and Placement Testing

New students write an in-house placement test and are placed in one of six levels:

- 005 (low basic)
- 010 (basic)
- 020 (high basic)
- 030 (intermediate)
- 040 (high intermediate)
- Advanced EAP Level 050 (advanced)

The placement testing is part of a general orientation program preceding the start of each semester's classes.

18. Centre for Continuing Education

Students who have submitted proof of an overall IELTS (Academic) Band score of 6.0 with no IELTS Band score less than 5.5 or a TOEFL iBT score of 70 with no skill below 17, or a TOEFL Paper score of 525, or a CAEL score of 50 will be directly admitted into Advanced EAP (Level 050). These scores must be submitted no later than the 100% Refund (minus tuition deposit) deadline. If documents are submitted prior to the start of the semester, there is no requirement to write the in-house placement test. Test results may not be more than 2 years old at the time of application to the ESL program if they are to be considered for placement.

18.4.3.2 Regular Program Curriculum

The ESL Academic Program curriculum consists of an integrated core class supplemented by either one or two skills classes depending on the level of the student.

The skills courses focus on specific language skills and are offered through classroom instruction, workshops, seminars, and socio-cultural activities. In the lower levels, skills classes consist of writing and/or communication. In the highest, Advanced EAP (Level 050), skills classes consist of Literature and Writing (a writing and research class for students entering Undergraduate Studies) and Advanced Writing (a writing and research class for students entering Graduate Studies).

Courses are graded numerically and carry no degree credit.

18.4.3.3 Performance Regulations

To receive a full pass, the student must achieve a minimum grade of 60% in the core class, and an average grade of 60% weighted across the core and skill classes.

18.4.3.6 ESL Scholarships

Current and incoming ESL students are eligible for a variety of ESL-specific scholarships. Please consult the ESL website at www.uregina.ca/esl/student-services/scholarships.html for details.

18.4.4 ESL + 1 PROGRAM

Students who qualify to take Advanced EAP (Level 050) (via passing ESL 040 or by achieving an appropriate score on the ESL placement exam or submitting an IELTS (Academic), TOEFL, or CAEL score with an acceptable score to allow for direct entry into Advanced EAP as per 18.4.3.1 and who are offered conditional admission to a credit undergraduate academic program at the University of Regina in the Faculties of Arts (Economics only), Business Administration, Engineering and Applied Science, Science, or the Centre for Continuing Education, will qualify for admission to the ESL + 1 program.

1. ESL students participating in this program may take an undergraduate credit course from the authorized course list while enrolled in Advanced EAP. Courses not on the authorized list may qualify but require prior approval from the Director of ESL and the advisor of the Faculty the student is conditionally admitted to.
2. Admission will be completed or revoked upon receipt of the final grade for Advanced EAP. Because students must pass Advanced EAP to be admitted to the University, students must pass both Advanced EAP and the credit course to receive credit for the credit course. Students who initially fail Advanced EAP but pass the credit course, and who successfully retake Advanced EAP and are admitted to the University, may then receive credit for the previously completed credit course.
3. Students must consult with the ESL department and the Faculty that has conditionally accepted them to ensure their course choice is appropriate for their program, and that the credit for the course can be used in the program. The Faculty of Engineering and Applied Science requires students receive permission from one of their faculty advisors before registering in a credit course.
4. Students are responsible for having the appropriate academic prerequisites for any courses they take.
5. Advising support and tutorial support will be provided, but it is the responsibility of the student to ensure that they can handle the workload of the ESL course and the credit course.
6. Students who drop the Advanced EAP (Level 050) course will be dropped from the credit course (with refunds based on the normal refund schedule). This may affect the student's immigration status.

The earlier attempt at any passed courses that must be repeated under this regulation can be counted for elective credit.

19.3 ACADEMIC ADVISING AND REGISTRATION

Students will receive elective credit for ACAD 100 toward any Cité program if it is completed prior to the successful completion of ENGL 100, or with permission of the Director, or designate, if taken afterward. A maximum of 6 credit hours of activity-based KHS courses may be

included in a Cité degree, diploma or certificate program. These courses include KHS 131, 132, 135, 231, 232, 233.

19.5.4 REPEATING COURSES

Normally students may only repeat a course once (the exception is English 100, which may be repeated twice).

Students wishing to repeat a course more than once (or more than twice in the case of English 100) must make written application to the Faculty of Arts Student Services Office (or, for students registered through a Federated College, to their College's Academic or Registrar's Office). Such requests are approved only in exceptional circumstances, as indicated in a guide that is available from the Arts Student Services Office, or from Federated College Registrars.

Students must also obtain Registration Permit/Override Permission from the Arts Student Services Office or their college to register online in a third (or fourth for ENGL 100) attempt at a course. Refer to §3.2 and §9.4.2.3.

For students with repeated courses, GPAs will be calculated using the most recent grade attained in that course.

Refer to §5.11

19.5.5 INTRODUCTORY COURSES

A maximum of 48 credit hours may be in 100-level courses

19.6 FACULTY APPEAL PROCEDURES

Students seeking information about the Faculty's appeal procedures should consult the general regulations in §5 or contact *Le Centre de services aux étudiants de La Cité*.

The decision of the Faculty with respect to admission and conditions for continuation is final.

The Committee does not hear appeals of grades or placement on probation; consult §5.11, Reassessment of Grades.

19.7 ACADEMIC PROGRAMS IN LA CITÉ - THE DEPARTMENT OF FRENCH AND FRANCOPHONE INTERCULTURAL STUDIES

Major: (36-45 credit hours)

Students of La Cité can choose to do two majors. A double major is permitted provided that students meet the course requirements for each program. Students must consult with the Associate Deans or Department Heads in both disciplines.

Minor (optional): (18 - 24 credit hours)

Students of La Cité can declare up to two minors. For detailed information on the minor requirements, please refer to the faculty and/or department offering that minor.

19.7.1 BACHELOR OF ARTS (BA) – MAJOR IN FRENCH AND FRANCOPHONE INTERCULTURAL STUDIES

The BA is a 4-year, 120 credit hours degree consisting of a set of core requirements (designed to achieve breadth), one or two majors (to achieve depth), and electives (free choices). Minors are optional. Students are allowed to count a maximum of 48 credit hours of introductory level courses towards their program.

The French Major requires 39 credit hours (13 courses), with at least 15 credit hours at the 300- or 400-level. Combined majors have a minimum of 60 credit hours (20 courses).

19.7.2.1 Requirements

The BA Honours program consists of a minimum of 120 credit hours and must include the following:

- All of the BA core requirements.
- A requirement of 51 credit hours in the major as determined by the Department of French and Francophone Intercultural Studies, including a minimum of 12 credit hours at the 400 level in not fewer than 3 courses. Students should check the calendar entry of the department concerned for specific requirements.
- An honours paper or comprehensive oral or written examination.

19.7.2.1 Special Regulations for Honours Programs

Students who fail more than 9 credit hours after their first academic year (i.e., after the first 30 credit hours attempted) are not eligible to enter or complete an Honours program. If there are extenuating circumstances, they may appeal to La Cité to have this regulation waived. If the Committee grants the appeal, the student must still comply with all other regulations governing admission and graduation, and will be allowed no further failed courses.

19. La Cité universitaire francophone

Students given advanced standing in French, based on the French pre-registration assessment, may be exempted from up to 9 of the required 51 credit hours, according to the standing they are granted. The course(s) from which a student is exempted will be determined by the Department of French and Francophone Intercultural Studies.

Honours students shall maintain an average of 75% in their major courses.

19.7.2.2 Individual Major

If concentration in one subject area does not completely fulfill the pursuit of a specific goal, students have the option of pursuing an individualized interdisciplinary major. Students have the flexibility to create a major involving courses from several different subject areas which share a common theme. Individual majors have been pursued in topics such as Canadian studies, cognitive science, development studies, and social sciences.

Students who want to pursue the interdisciplinary study of a different particular theme should consult the *Centre de services aux étudiants* (or, for students registered in a Federated College, their College's Academic or Registrar's Office) for information about individual majors.

To be granted the Certificate, students must have a PGPA of 60%. Students achieving a PGPA of 80% or more will receive the mention "with distinction".

19.7.5.1 Conditions d'admission / Admission requirements

Students must take two mandatory placement tests. They must place at the FRN 101 level and reach the "Intermediate Low" level on the TCOF (Test de compétence orale en français) and/or obtain the permission of the Department head. Students will typically meet these requirements with the completion of Grade 12 Core French or FRN 101.

19.8 LA CITÉ CO-OP PROGRAM

La Cité's Co-op program provides a unique opportunity for students to develop their French language skills and gain experience in the labour market while completing their university degree.

Students who enrol in the Co-op program significantly increase their chances of getting a job upon completion of their university studies. Enrolled students have special access to a job bank (PlacePro) and the support of professionals in preparing an application. Jobs may be in Saskatchewan or elsewhere in Canada.

Terms and conditions

Students enrolled in La Cité's Co-op program are required to:

- Take part in a Francophone (or bilingual) work environment for three periods of four months each;
- Alternate between a term of university classes and a term of work placement;
- End their program with an academic term;
- Take job search preparation workshops.

La Cité students have flexibility with respect to the sequence of work placements and university classes. It is possible to request a double placement period, i.e., eight consecutive months in a work environment. Students can take advantage of up to two consecutive workplace periods during the Spring/Summer term. The program also allows for participation in a fourth work placement period on an optional basis.

The following is one possible sequence of university classes and work placement:

FALL 1	WINTER 2	SPRING/ SUMMER	FALL 3	WINTER 4	SPRING/ SUMMER
Classes	Classes	Work placement	Classes	Classes	Work placement

FALL 5	WINTER	SPRING/ SUMMER 6	FALL	WINTER 7	SPRING/ SUMMER 8
Classes	Work Placement	Classes	Work Placement (optional)	Classes	Classes

Eligibility criteria

The student must:

1. Have a program (GPA) of at least 67.5%;
2. Be enrolled in a minor in Francophone and Intercultural Studies or a major in Francophone and Intercultural Studies;
3. Have reached the language level requirement for French 200;
4. Have of a minimum of 30 and a maximum of 84 credit hours in an acceptable degree program as noted above (2). Student may apply in the semester in which they will complete 30 credits hours;
5. Have completed at least two courses in their major or one in their minor;
6. Be a full-time registered student.

The Co-op program is not intended for students enrolled in the French as a Second Language Certificate Program, nor for part-time students.

To register, complete the form provided on La Cité's website and submit it to the email address indicated on the form. Registration fees are payable for each work placement. The University of Regina is accredited by the Canadian Association for Co-operative Education (CAFCE).

19.9 ASSISTANTSHIPS AND EXCHANGES

19.9.1 Assistantships in France

The Ministère de l'éducation nationale in France employs post-secondary students in one-year posts as English language assistants in schools. Duties consist of up to 12 hours per week of conversation or language laboratory work. La Cité encourages senior students wishing to perfect their French and to acquaint themselves with French life and culture to apply for these posts.

19.9.2 Study in Quebec or Abroad

Students (normally those entering their third year of study at the University of Regina) may apply to study for one semester or one year in a Francophone post-secondary institution. Students studying in Quebec or abroad must have their courses approved in advance to ensure that they are eligible for transfer credit. Students planning to undertake study in Quebec or abroad should contact the *Centre de services aux étudiants* about scholarships for which they may apply.

19.10 FRENCH COURSE SELECTION

Placement in French courses is usually based on a pre-registration assessment which can be done online at lacite.uregina.ca/en/student-services/language-tests

Students who have never studied French may register in FRN100 without doing the assessment. However, ALL students with any background in French (including elementary school, high school, immersion, living or studying in a French speaking environment) registering in their first course at the university MUST take the mandatory assessment. Students who have a background in core French would normally begin their studies at the 100 level (100, 101, etc.). Students with Grade 12 French immersion would normally begin their studies at the 200- or 300-level (201, 300, 301).

Students who have already received credit for a French course at the University of Regina may take or repeat a course at a lower level only with permission of La Cité. Permission to take or repeat a course at a lower level will normally be granted only in cases where the higher-level course has not been completed in the previous 5-year period.

Note: FRN 100, 101, 110, and 200 do not count towards a French major, but each receives degree program credit, and can count towards a minor in French as a Second Language.

19.1.2 MISSION

La Cité universitaire francophone a pour mission de répondre aux besoins éducatifs universitaires des francophones de la Saskatchewan quelle que soit leur langue première. La Cité participe activement au développement culturel, linguistique et professionnel de la communauté francophone en offrant des cours et programmes crédités et non crédités.

En ce sens, La Cité initie, encourage, développe et soutient la recherche et la diffusion des travaux scientifiques en français sur les enjeux propres à la francophonie en milieu minoritaire. La Cité cultive un milieu de vie et un environnement francophone accessible et stimulant sur le campus de l'Université de Regina.

19.2 ADMISSION, RE-ADMISSION, ET TRANSFERT

Veuillez consulter §2 des politiques de l'Université ayant trait à l'admission, la réadmission et le transfert (*Admission, Re-Admission, and Transfer*).

19.2.1 COURS OBSOLETES

Tout étudiant, admis ou réadmis à La Cité et ayant terminé des cours de son éventuelle majeure il y a plus de dix (10) ans, peut avoir à remettre ses connaissances à jour en reprenant des cours ou en prenant des cours supplémentaires pour sa majeure. Tout cours réussi qui doit être repris en vertu de ce règlement peut compter comme crédit facultatif.

19.3 ORIENTATION UNIVERSITAIRE ET INSCRIPTION

19.3.1 ORIENTATION UNIVERSITAIRE

Les services d'orientation académique offerts au Centre de services aux étudiants sont conçus pour aider l'étudiant à comprendre ses options universitaires ainsi que les exigences des programmes, donner un aperçu des services offerts et mettre l'accent sur les possibilités existant en français sur le campus et dans la communauté francosaskoise. On encourage tout étudiant qui s'inscrit à La Cité de fixer une rencontre d'orientation académique dès qu'il reçoit sa lettre d'admission ou de transfert en appelant le Centre de services aux étudiants au 306-585-4141 ou en adressant un courriel à etudiants@uregina.ca. Il est préférable d'avoir une séance d'orientation avant de s'inscrire à la première session et il est bon de consulter un conseiller au moins une fois par an, ou plus souvent (chaque session) si on le souhaite.

Le Centre de services aux étudiants fournira sur demande un document détaillé des cours que l'étudiant doit suivre pour obtenir une majeure en français. Ce dernier peut accéder aux formulaires de profil du programme et les imprimer à : lacite.uregina.ca/fr/etudier-ici/academique/programmes-premier-cycle. D'autres renseignements sur les programmes universitaires et l'inscription sont aussi disponibles sous la rubrique « Étudiez ici » sur notre site web à : lacite.uregina.ca/fr/etudier-ici.

D'autres renseignements généraux sur les services offerts en français au Centre de services aux étudiants sont disponibles à : lacite.uregina.ca/fr/services-aux-etudiants.

L'étudiant doit respecter toutes les responsabilités de l'étudiant (*Responsibilities of Students*) décrites dans §5.1 de ce Calendrier.

19.4 ÉVALUATION DE LA PERFORMANCE UNIVERSITAIRE

19.4.1 TABLEAU D'HONNEUR DU DOYEN

Le Tableau d'honneur du doyen est établi pour chaque session. Il comporte deux sections : l'une pour les étudiants à temps plein et l'autre pour les étudiants à temps partiel.

Pour être inclus dans la liste à temps plein, l'étudiant doit avoir terminé au moins 12 heures-crédits de cours de l'Université de Regina notés numériquement pendant la session en cours et obtenu une MPC d'au moins 85% au cours de cette session.

L'étudiant est inclus dans la liste à temps partiel, s'il a suivi au moins 3 mais moins de 12 heures-crédits dans des cours de l'Université de Regina notés numériquement pendant la session en cours, et obtenu, depuis la dernière session où il a figuré au Tableau d'honneur du doyen (ou, si l'étudiant n'a jamais figuré sur le Tableau d'honneur du doyen, depuis son admission à l'Université de Regina), une MPC d'au moins 85% à travers toutes les sessions les plus récentes dont il a besoin pour terminer un minimum de 12 heures-crédits dans des cours de l'Université de Regina notés numériquement.

L'inclusion au Tableau d'honneur du doyen apparaîtra également sur le relevé de notes officiel de l'étudiant.

19.4.2 Exigences pour l'obtention d'une mention

- Mention bilingue** : au minimum 40% et au maximum 60% des cours comptant pour le diplôme ont été suivis en français, y compris 3 cours dans des départements autres que le Département de français (mais doivent être des cours des Facultés des beaux-arts, des arts ou des sciences).
- Désignation internationale** : avoir terminé au moins une des expériences internationales suivantes :
 - une période de travail (travail-études), d'internat ou de stage pratique pendant une session ou plus, ou
 - un cours de l'Université de Regina de trois heures crédits ou plus, (ou un cours suivi sur lettre d'autorisation dans une autre institution postsecondaire canadienne) qui comporte au moins deux semaines passées à l'extérieur du pays (si le cours comprend moins de deux semaines d'expérience à l'extérieur du pays, l'étudiant doit obtenir l'approbation du doyen ou de son représentant désigné pour obtenir la désignation internationale); ou participer à un programme d'échange international donnant trois heures-crédits ou plus, ou
 - Un minimum de trois heures-crédits dans des cours suivis sur autorisation préalable de l'Université de Regina dans une institution postsecondaire à l'extérieur du pays.
 - D'autres expériences internationales seront prises en considération au cas par cas.
- Distinction**: pour les diplômes (sauf Honours/Spécialisation), les certificats avancés et les certificats, une MPC minimum de 80% dans le programme du diplôme.
- Grande distinction**: pour les diplômes (sauf Honours/Spécialisation) et les certificats avancés, une MPC minimum de 85% dans le programme du diplôme.
- Haute distinction** : pour le BA Honours/Spécialisation et le certificat Honours/Spécialisation, une MPC minimum de 85% dans la majeure Honours/Spécialisation.

19.5 AUTRES REGLEMENTS DE LA FACULTE

19.5.1 OCTROI DE DIPLOMES PARALLELES ET SUPPLEMENTAIRES

Voir §6.2.

19.5.2 REPORT DE L'EXAMEN FINAL ET/OU DES TRAVAUX DE LA SESSION

Un étudiant qui, pour des raisons médicales ou personnelles sérieuses, ne peut pas terminer un cours pourra peut être reporter la remise de travaux. Un étudiant se trouvant dans cette situation doit prévenir le bureau des services aux étudiants de la Faculté des arts, ou bien le bureau académique ou le bureau du registraire du Collège fédéré pertinent, aussi rapidement que possible.

La prolongation de délais de remise de travaux ou un report du passage d'un examen final peut être accordé à l'étudiant si une maladie, un accident ou d'autres circonstances extrêmes et légitimes indépendantes de sa volonté en sont à l'origine. Si l'étudiant tombe gravement malade ou rencontre d'autres difficultés sérieuses tôt pendant la session ou avant que des travaux n'aient été rendus, le retrait est peut-être une meilleure option.

Voir §5.7

19.5.3 ÉCHEC A DES COURS

Si un étudiant échoue à un cours qui est un préalable à un autre auquel il s'est inscrit pour la session suivante, il est responsable d'abandonner ce dernier. Qu'il l'abandonne ou non, les crédits pour celui-ci lui seront refusés même s'il le réussit.

19.5.4 COURS FACULTATIFS

Les cours suivants ne sont pas considérés comme cours de niveau universitaire et ne peuvent donc pas être suivis pour obtenir des crédits au sein d'un programme de diplôme ou de certificat de La Cité : AE 19 et 29; CHEM 100; AMTH 091 et 092.

19. La Cité universitaire francophone

Un étudiant obtiendra un crédit libre pour ACAD 100 qui peut compter pour tout programme de La Cité s'il termine ce cours avant de suivre avec succès ENGL 100, ou s'il le suit après avec l'autorisation de la direction ou de son représentant désigné. Un maximum de 6 heures-crédits provenant de cours KHS fondés sur des activités peut compter pour un programme de diplôme ou de certificat. Ces cours comprennent KHS 131, 132, 135, 231, 232, 233.

19.5.5 COURS REPRISES

Normalement, un étudiant peut reprendre un cours une fois seulement (à l'exception de English 100 qu'on peut reprendre deux fois).

Un étudiant qui souhaite reprendre un cours plus d'une fois (ou, dans le cas de English 100, plus de deux fois) doit en faire la demande par écrit au bureau des services aux étudiants de la Faculté des arts (ou dans le cas d'un étudiant inscrit à un Collège fédéré, auprès du bureau académique ou du bureau du registraire).

De telles requêtes ne sont approuvées que dans des circonstances exceptionnelles comme cela est indiqué dans un guide disponible (en anglais) au bureau des services aux étudiants de la Faculté des arts, au bureau du registraire des Collèges fédérés ou sur le web à : www.uregina.ca/arts/student-resources/registering-classes/repeating-courses.html.

L'étudiant doit également obtenir l'autorisation (*Registration Permit/Override Permission*) au bureau des services aux étudiants de la Faculté des arts ou de son collège pour s'inscrire en ligne pour une troisième tentative (ou quatrième dans le cas de ENGL 100). Voir §3.2 et §9.4.2.3.

Pour l'étudiant qui reprend un cours, la MPC sera calculée en se servant de la note la plus récente obtenue dans ce cours. Voir §5.11

19.5.6 COURS D'INTRODUCTION

Un maximum de 48 crédits peut être obtenu dans des cours de niveau 100.

19.6. PROCEDURE D'APPEL DE LA FACULTE

Tout étudiant cherchant des renseignements sur les procédures d'appel de la Faculté doit consulter les règlements généraux sous §5 ou contacter le Centre de services aux étudiants de La Cité.

La décision de la Faculté en ce qui concerne l'admission et les conditions pour la continuation des études est finale.

Le Comité n'entend pas les appels ayant trait aux notes ou au placement probatoire; consultez §5.11, Réévaluation des notes (*Reassessment of Grades*).

19.7 PROGRAMMES ACADEMIQUES A LA CITE – LE DEPARTEMENT DE FRANÇAIS ET D'ETUDES INTERCULTURELLES FRANCOPHONES

Majeure : (36-45 heures-crédits)

Un étudiant à La Cité peut choisir de faire deux majeures. Il est permis de faire une double majeure si l'étudiant satisfait aux exigences de chaque programme. L'étudiant doit rencontrer les doyens associés ou les chefs de département de chaque discipline.

Mineure (facultatif): (18 - 24 heures-crédits)

Un étudiant à La Cité peut entreprendre deux mineures. Pour en savoir plus sur les exigences d'une mineure, veuillez consulter la faculté et/ou le département qui l'offre.

19.7.1 BACCALAUREAT ES ARTS (BA) – MAJEURE EN FRANÇAIS ET EN ETUDES INTERCULTURELLES FRANCOPHONES

Le BA est un diplôme qui s'étale sur 4 ans et comporte 120 heures-crédits. Il compte des exigences fondamentales (diversité), une ou deux majeures (portée) et des choix libres. Les mineures sont facultatives. Un étudiant peut inclure un maximum de 48 heures-crédits obtenus dans des cours d'introduction dans son programme.

La majeure en français exige 39 heures-crédits (13 cours), dont au moins 15 heures-crédits au niveau 300 ou 400. Des majeures combinées comptent un minimum de 60 heures-crédits (20 cours).

Note: FRN 100, 101, 110, and 200 ne comptent pas pour l'obtention d'une majeure ou mineure en français, mais chacun donne des crédits pour le programme de diplôme.

Un étudiant qui reçoit une équivalence en français à la suite de l'évaluation préalable à l'inscription peut recevoir une exemption allant jusqu'à 9 des 39 heures-crédits selon l'équivalence accordée. Le Département de français et d'études interculturelles francophones identifiera les cours dont l'étudiant est exempté.

19.7.2 BA HONOURS (SPECIALISATION) MAJEURE EN FRANÇAIS ET ETUDES INTERCULTURELLES FRANCOPHONES

19.7.2.1 EXIGENCES

Le programme du BA Honours (Spécialisation) comporte un minimum de 120 heures créditées et doit inclure ce qui suit :

- Toutes les exigences de base du BA.
- Une exigence de 51 crédits dans la majeure tel que déterminé par le Département de français et d'études interculturelles francophones, y compris un minimum de 12 crédits au niveau 400 dans pas moins de trois cours. L'étudiant devrait vérifier ce qui apparaît dans le calendrier du département concerné pour toute exigence particulière.
- Une dissertation spécialisée, ou un examen oral ou écrit approfondi.

19.7.2.2 Règlements spéciaux pour les programmes de spécialisation

L'étudiant qui, après sa première année universitaire, a échoué à plus de 9 crédits (i.e., après une tentative d'obtenir les 30 premiers) n'est pas admissible à s'inscrire ou à suivre le programme de spécialisation. S'il existe des circonstances atténuantes, il peut faire appel auprès de La Cité pour que ce règlement soit levé. Si le Comité accepte l'appel, l'étudiant doit malgré tout se conformer à tous les autres règlements régissant l'inscription et la remise du diplôme, et il ne lui sera plus possible d'échouer à un cours.

L'étudiant qui reçoit une équivalence en français s'appuyant sur l'évaluation préalable à l'inscription peut obtenir une exemption allant jusqu'à 9 des 51 heures-crédits, selon l'équivalence accordée. Le Département de français et d'études interculturelles francophones identifie le(s) cours pour lesquels l'étudiant bénéficiera d'une exemption.

Un étudiant qui se spécialise doit maintenir une moyenne de 75% dans les cours de sa majeure.

19.7.2.3 Majeure individualisée

Si la spécialisation dans un sujet ne répond pas complètement à la poursuite d'un objectif particulier, l'étudiant peut faire une majeure interdisciplinaire individualisée. Il peut alors créer une majeure avec des cours pris dans plusieurs disciplines mais qui ont un thème commun. Des majeures individualisées ont, par exemple, été effectuées en Études canadiennes, Science cognitive, Études du développement et Sciences sociales.

Un étudiant qui souhaite poursuivre une étude interdisciplinaire sur un thème particulier autre, doit consulter le Centre de services aux étudiants (ou, pour l'étudiant inscrit à un Collège fédéré, le bureau académique ou le bureau du registraire de son collège) pour en savoir plus au sujet des majeures individualisées.

Ce programme intensif permet d'obtenir le Certificat en français langue seconde. Les étudiants doivent s'inscrire à 9 cours de français (pour un total de 30 crédits) pendant deux semestres consécutifs. Ces cours sont prescrits par le programme. Afin de recevoir le Certificat, les étudiants doivent obtenir une MCPP de 60%. Une MCPP de 80% ou plus pour l'ensemble des cours du Certificat donne droit à la mention «avec distinction».

19.7.5.1 Conditions d'admission

Les étudiants doivent passer deux tests de placement obligatoires. Ils doivent se placer au niveau FRN 101 et atteindre le niveau «Intermédiaire bas» au Test de compétence orale en français (TCOF) et/ou obtenir la permission du Chef du département. De façon générale, les étudiants pourront répondre à ces exigences après avoir complété le Français de base (Core French) de la douzième année ou FRN 101.

19.8 PROGRAMME CO-OP DE LA CITE

Le programme d'alternance travail-études de la La Cité offre une occasion unique de renforcer ses compétences linguistiques en français, acquérir de l'expérience sur le marché du travail tout en terminant son diplôme universitaire.

Les étudiants qui s'inscrivent au programme Co-op augmentent considérablement leur chance d'obtenir un emploi au terme de leurs études universitaires. Les étudiants inscrits ont un accès privilégié à une banque d'emplois (PlacePro) et à l'appui de professionnels dans la préparation d'une candidature. Les emplois peuvent être en Saskatchewan ou ailleurs au Canada.

Modalités

Les étudiants inscrits au programme Co-op de La Cité doivent obligatoirement :

- participer à trois périodes en milieu de travail francophone (ou bilingue) d'une durée de quatre mois chacune,

- alterner entre un trimestre de cours universitaires et un trimestre de placement en milieu de travail,
- terminer leur programme par un semestre académique,
- suivre des ateliers de préparation à la recherche d'emploi.

Les étudiants de La Cité ont la flexibilité dans la séquence des placements et des cours universitaires. Il est possible de demander une double-période de placement, soit huit mois consécutifs en milieu de travail. Les étudiants peuvent bénéficier d'un maximum de deux périodes consécutives en milieu de travail au cours du trimestre printemps/été. Le programme permet, de façon facultative, la participation à une quatrième période de placement en milieu de travail.

Voici une séquence possible entre les cours universitaires et le placement en milieu de travail :

AUT	HIV	PRINTEMPS/ ÉTÉ	AUT	HIV	PRIN
1 Cours	2 Cours	Placement de travail	3 Cours	4 Cours	Placement de travail

AUT	HIV	PRINTEMPS/ ÉTÉ	AUT	HIV	PRIN
5 Cours	Placement de travail	6 Cours	Placement de travail (optionnel)	7 Cours	8 Cours

Critères d'admission

L'étudiant(e) :

- Doit avoir une moyenne (PGPA) de 67,5%;
- Doit être inscrit à la mineure ou la majeure en études francophones et interculturelles;
- Doit avoir atteint le niveau de compétences linguistiques du cours FRN-200;
- Doit avoir complété un minimum de 30 et un maximum de 84 crédits dans un des programmes ci-haut mentionnés (2). L'étudiant(e) peut s'inscrire lors du semestre où il complètera 30 crédits;
- Avoir complété au moins deux cours de leur majeure ou un cours de la mineure.
- Être un étudiant à temps plein.

Le programme Co-op ne s'adresse pas aux étudiants inscrits dans le Certificat en français langue seconde ni aux étudiants à temps partiel.

Pour s'inscrire, il importe de remplir le formulaire disponible sur le site de La Cité et de l'acheminer à l'adresse électronique ci-dessous. Des frais d'inscription sont requis pour chaque placement en milieu de travail. L'Université de Regina est accréditée par l'Association canadienne de l'enseignement coopératif (ACEC).

Pour plus d'information, veuillez contacter:

19.9 ASSISTANAT ET ECHANGES

19.9.1 Assistanat en France

En France, le Ministère de l'éducation nationale emploie des étudiants du postsecondaire comme assistants de langue anglaise dans des écoles pour une période d'un an. Les tâches consistent à offrir chaque semaine jusqu'à 12 heures de conversation ou de laboratoire. La Cité encourage les étudiants avancés dans leurs études qui souhaitent perfectionner leur français et apprendre à connaître le mode de vie et la culture française, à faire demande pour un de ces postes.

19.9.2 Études à Québec ou à l'étranger

Un étudiant (normalement, un étudiant qui commence sa 3^e année d'études à l'Université de Regina) peut faire une demande pour étudier pendant une session ou une année dans une institution postsecondaire francophone. L'étudiant qui poursuit ses études à Québec ou à l'étranger doit faire approuver ses cours à l'avance pour être sûr qu'ils seront reconnus lors du transfert de crédits. L'étudiant qui prévoit étudier au Québec ou à l'étranger devrait contacter le Centre de services aux étudiants au sujet des bourses auxquelles il peut être admissible.

19.10 SELECTION DES COURS DE FRANÇAIS

Le placement dans des cours de français s'appuie en général sur une évaluation préalable à l'inscription qui se trouve en ligne à lacite.uregina.ca/fr/services-aux-etudiants/tests-de-placement.

L'étudiant qui n'a jamais étudié le français peut s'inscrire directement en FRN100 sans faire l'évaluation. Toutefois, TOUS les étudiants qui ont acquis des connaissances en français (que ce soit à l'école primaire, secondaire, dans le programme d'immersion, ou en vivant ou étudiant dans un milieu francophone) et qui s'inscrivent à leur premier cours universitaire de français DOIVENT passer cette évaluation obligatoire. L'étudiant qui a suivi le programme de français de base commencera, en général, au niveau 100 (100, 101, etc.). L'étudiant qui a terminé la 12^e année du programme d'immersion commencera, en général, au niveau 200/300 (201, 300, 301).

Un étudiant qui a déjà obtenu un crédit pour un cours de français à l'Université de Regina peut SUIVRE OU REPRENDRE un cours à un niveau plus bas uniquement s'il a l'autorisation de La Cité. L'autorisation de suivre ou reprendre un cours de niveau plus bas ne sera normalement accordée que dans les cas où le cours de niveau plus élevé n'a pas été terminé au cours des cinq (5) dernières années.

Note: FRN 100, 101, 110, et 200 ne comptent pas pour l'obtention d'une majeure en français, mais chacun donne des crédits pour le programme de diplôme, et peuvent compter pour l'obtention d'une mineure en français langue seconde.

19.11 COURS NON CREDITES

Pour obtenir une attestation de participation aux cours non crédités de La Cité, le participant doit assister à au moins 70% des cours. Il faut avoir un nombre minimum d'inscriptions avant que ces cours ne soient offerts. Pour en savoir plus sur les divers cours au programme, consultez notre site web à : lacite.uregina.ca/fr/etudier-ici/formation-continue.

20.1 GENERAL INFORMATION

The University of Regina makes every effort to ensure that the information in this section is accurate; however, other institutions may make changes to their policies, regulations, or application deadlines without notice, or after the University of Regina Undergraduate Calendar has been published. In such cases, the University of Regina assumes no responsibility for the accuracy of the information in this section of the Calendar.

Students are urged to consult their faculty advisor for accurate information on admission, program requirements and applicable deadlines and to consult the website or most recent calendar of the applicable institution. For admission requirements to programs offered by the University of Saskatchewan, students should consult the website www.usask.ca.

The professional programs described in this section have limited intakes. Students who complete the qualifying requirements are not guaranteed admission. The following points are important:

- students are often not accepted on their first application to the professional college, faculty or school;
- many professional programs look for much more than the minimum requirements;
- many professional programs look for students who have already completed a degree;
- many professional programs have selection criteria in addition to academic performance (e.g., interviews, entrance examinations).

The courses required for admission to the targeted program should therefore be taken as part of studies towards a bachelor's degree offered by the University of Regina.

Students in high school who are considering one of these programs (with the exception of Law) should take as many mathematics and science courses as possible.

Further information may be obtained from the Canadian Dental Association's website at www.cda-adc.ca/dat. To apply as a Saskatchewan resident, applicants normally must have resided in Saskatchewan for at least FOUR years immediately prior to September 1 of the year in which admission is being sought. Visit the College of Dentistry's website for more information.

Interviews are granted based on the academic record as of the deadline date for receipt of applications.

Selection is based on the applicant's academic record (that is, the two best full academic years), weighted 65%; the DAT, weighted 15%; and the interview, weighted 20%.

20.12.3 REQUIRED GRADES AND AVERAGES

A minimum CGPA of 75% is required. All grades are converted to a common scale for comparative purposes and this converted average is used.

There are no "preferred" electives: the choice of electives should be based upon the requirements of the program in which the student is enrolled or the student's general interests. Students are encouraged to select electives that will liberalize or broaden their perspective.

20.12.4 OTHER ADMISSION REQUIREMENTS AND SELECTION CRITERIA

An interview and two references (one of which must be a veterinarian and the other must have an animal or agricultural background) are required. While practical experience with animals is not an absolute requirement for admission to the program, it is becoming increasingly important as a factor in selection, as is an exposure to veterinary medicine.

Selection is based upon assessment of a number of factors including mental aptitude, academic performance, motivation, maturity, experience with animals, leadership qualities, social awareness, deportment, verbal facility and ability to communicate, and an understanding and knowledge of the veterinary profession. Degrees or diplomas held are not factors in the selection process.

20.12.5 SPECIAL ADMISSION CATEGORIES

Twenty spaces are reserved annually for Saskatchewan residents.

A defined number of seats have been allocated for self-identified applicants of aboriginal descent. These applicants are ranked among themselves and not against the general applicant pool. Proof of aboriginal ancestry is required and must be provided at the time of application. 23.5.1 ARTS TRANSITION PROGRAM (FIRST NATIONS UNIVERSITY OF CANADA)

The Arts Transition Program (ATP) is a collaborative initiative of the Student Success Centre, UR International, and the Faculty of Arts. The program is designed to assist students transferring to the Faculty of Arts to gain the learning skills needed for academic success. While all transferring students are encouraged to complete the ATP, it is required of international students (i.e., students admitted by UR International, except for those attending the University of Regina as part of an exchange agreement) who have been required to discontinue (RTD'd) from another Faculty or any transferring student with a UGPA below the Faculty of Arts' minimum of 60%.

The ATP courses, workshops, and sessions, are designed to facilitate the development of peer cohorts that will help students obtain the academic, social and cultural skills that they require to thrive in the Faculty of Arts. In addition, the ATP will serve as an early intervention for students who are on academic probation, before they reach the point where they are required to withdraw from the university. For international students, in particular, a forced withdrawal from the university typically leads to a legal deportation from Canada, with lifelong repercussions.

The ATP is a 2-semester program, structured as follows, for First Nations University students:

Semester 1	Semester 2
ARTS 099 (0 credit hours)	INDG 104 (3 credit hours)
RDWT 120 (or Arts course) (3 credit hours)	ENGL 100 (3 credit hours)
Faculty of Arts course (3 credit hours)	(optional) Faculty of Arts course (3 credit hours)
Student Success Workshops	Student Success Workshops

The Student Success Workshops include six hours of equated credit that will be considered as credit hours for funding purposes, as follows:

Support workshops: 2 - 3 hours weekly (addressing academic skill-building and life skills).

Note: some workshops for international students will be offered in partnership with the Global Learning Centre.

Personal professional development: 3 hours weekly (includes peer support groups, reflective journal, and guided homework time).

Academic coaching: 2 hours weekly (group coaching sessions).

Note: some coaching sessions for international students will be led by Academic Coaches through the Global Learning Centre.

Writing lab: 1-2 hours per week spent in a writing lab.

First Nations University students participating in the program are required to:

- Attend all scheduled Student Success Workshop sessions;
- Complete weekly reflection journals (such journal entries must meet a minimum standard);
- Attain a minimum of 60% in each credit course; and,
- Receive a P (pass) in Arts 099.

Program policies for First Nations University students:

1. Students are charged \$900 per semester to cover the costs of the ATP. This fee is in addition to any standard registration and course fees.
2. If a student has already passed INDG 104 and/or ENGL 100 another Faculty of Arts course may be substituted.
3. Students who are unsuccessful in the ATP will be allowed to take the Academic Recovery Program (ARP) later.
4. Students who successfully complete the ATP, and have a UGPA of at least 60%, have satisfied the conditions of their admission to the Faculty of Arts and will be afforded all the rights and privileges of registration through the Faculty.
5. Students who are on university probation will have their probation period extended while they are in the ATP so that they will be exempted from a MW (must withdraw) academic action.
6. Students who successfully complete the ATP and still have a UGPA below the minimum standard of 60%:
 - a. will be allowed to continue studies in the Faculty for a further 15 credit hours;
 - b. will be limited to a maximum of 12 credit hours per semester; and
 - c. must have a UGPA of 60% after the term in which the 15th credit hour is completed.

Failure to attain a minimum UGPA of 60% after the completion of the ATP and the additional 15 credit hours will result in a mandatory withdrawal of at least three semesters.

Students who receive a failing grade in a third completed attempt at ENGL 100 must withdraw from the university for two years. Students cannot appeal the requirements of the ATP.

24.1 PREAMBLE

The Course Catalogue is a list of approved courses currently available at the University. This is not a list of scheduled classes to register in; rather, it is a list of potential courses that may be scheduled in a term. To find the classes that are scheduled for registration in a specific term, please search the Class Schedule. To find an up to date list of courses please view the online course Catalogue. See links below to the Course Catalogue, the Class Schedule, building abbreviations, and degree and program abbreviations.

24.2 HOW TO READ COURSE DESCRIPTIONS

ARTS 001

1:0-0

Arts Co-op Work Term

Four-month, not for credit. Co-op work term approved by the Faculty and arranged by the co-op coordinator.

Prerequisite: Acceptance into the Arts Co-operative Education Program.

Permission of the Co-op Coordinator is required to register.

Note: This course is graded on a pass/fail basis.

The formatting of each course is as follows:

The first line is the Subject Code and Course Number. To the far right are the Credit Hours and Contact Hours, which are formatted using a 3-digit code.

1. The first digit represents the number of Credit Hours the course is worth.
2. The second digit represents the maximum number of lecture hours per week.
3. The third digit represents the maximum number of hours per week spent in labs, seminars, ensembles, studios, or directed readings.

The second line is the Full Course Title. If there is a dash followed by "an AA-ZZ series", this means that various topics may be offered under this base course. The base course does not get scheduled – only the courses offered within the series.

The following lines are the Course Description. This is a brief summary of the content to be covered in the course. The course description is followed by required prerequisites, corequisites, special approvals, and any special notes.

1. Three asterisks (***) bracket all required prerequisites and corequisites with prerequisites appearing first followed by corequisites.
2. Two asterisks (**) bracket all required special approvals and follow the pre/corequisites,
3. One asterisk (*) brackets any additional information related to the specific course and follows special approvals.

24.3 HOW TO SEARCH COURSES ONLINE

The first step is getting to the Course Catalogue online, which can be found at: https://banner.uregina.ca/prod/sct/bwckctlg.p_disp_dyn_ctlg

The catalogue term you choose will give you information relevant to that term. Once the term has been selected, click on "Submit". This will take you to the Search function. The Subject is the only required field that must be entered. By clicking on one subject, and then, while holding the shift button, on another subject above or below, you can select several subjects at once.

You may wish to submit a Course Number Range.

If you enter a number into the "from" box, then only that course will be outputted.

If you enter a number in the "from" box AND the "to" box, both courses, and all courses in between, will be outputted.

Note: All output will be in alphabetical order by Subject Code and then by Course Number.

You may also search by "Title". You do not have to enter the full title. If you search for a word, it will give you ALL titles that contain that word.

Note: The search is case sensitive. If you search for MaTH, no courses will be retrieved.

You may search by "Level". If you enter a "Subject", and then choose "Level Undergrad", all undergrad courses for the subject will display.

You may search by "Credit range", which is the number of credits you are looking for, for each course.

Once your search criteria are entered, select "Get Courses" to retrieve the result.

24.4 FORMAT OF ONLINE COURSE CATALOGUE

The online format is slightly different.

Appearing will be the "Subject Code", "Number", and a dash with the "Full Course Title".

Below that will be the "Course Description", which is the same description as printed in this section. This is the location where you will see the description, prerequisites, corequisites, approvals, and any special notes.

After the description will be the "Hours". The "Credit", "Lecture", "Lab", and "Other hours" will be clearly labelled.

Following will be the "Level" of the course, the possible "schedule types", and the "Faculty" and "Department" to which the course belongs.

The final information on this page is "Course Attributes". A Course Attribute is used to identify courses that fall into a specific group.

Note: You can click on anything that is underlined.

You can click on the title, which will show Registration Restrictions placed on the course.

Note: It is the restriction that is on at the Section level that affects registration (which can be different from that of Catalogue).

A schedule type that is underlined means there are sections scheduled for this course during the semester that you chose as the Catalogue Term. If you click on one, you will get a list of the CRNs and the information about the sections for that specific course.

The Self Service Class Schedule works the same and is located in the same area. The only difference is there are more search options and there is more information that relates directly to the section. When searching the Class Schedule, you can get to the course's catalogue record (to check out the description, prerequisites, co-requisites, approvals needed, notes, etc.) by clicking on the View Catalogue Entry link.

In some faculties, students may have the privilege of designating a limited number of credit courses as being non-contributory to the computation of their GPA. This means that they will not be included in the calculation of their GPA. Courses to be taken on a non-contributory basis must be so designated at the time of registration and must be approved by the student's faculty or college. For more information on non-contributory (pass/fail) courses, students should contact their faculty offices.

Non-Numeric Grades

Grades for which there is no numeric value. See §5.9.1.2

Not Passed (NP)

NP is a failing grade that may be assigned in three cases:

1. When a student does not successfully complete an element of a course, and that element has been explicitly identified in the syllabus as essential to passing the course. Successful completion of the final examination, a laboratory component or a term paper, are examples of elements that could be so identified.
2. When a student has abandoned a course without formally withdrawing.
3. When a course is dropped after the last day to receive a W.

For the purposes of the calculation of a GPA, the NP is interpreted as a grade of 40 for undergraduate students and 55 for graduate students to reflect the difference in the passing grade. When a letter grade is not assigned, the actual numerical grade earned should be entered. 40 should not be substituted for the actual earned grade.

Not Yet Report (NR)

An interim grade used when a student's completion of a course is delayed for reasons intrinsic to the course (e.g. unavailability of a lab, delay in obtaining ethics approval of a project, difficulty in setting up an examining committee), or when an investigation or appeal of academic misconduct in the course is in progress.
