Re: 5 year follow – up report

Dear Dr. Loucks:

Thank you for attending the February 1, 2023 Council Committee on Academic Mission (CCAM) meeting and providing us with a summary report specific to the external review recommendations. The Committee recognizes your taking on this reporting responsibility building on the works of the former Department Heads, Dr. MacLennan and Dr. Sykes-Tottenham

As the University community is aware, these are financially challenging times for the University. We understand and appreciate your efforts to secure additional administrative support and faculty lab space, and we encourage you to work with Dean Dea in this regard. We also encourage the Department of Psychology members to continue their efforts to align the Department with the vision and mission of the Faculty of Arts.

Engaging students is a priority at the University of Regina. We appreciate your efforts in this regard and recommend that you continue to use a variety of strategies to gain feedback from students and incorporate their constructive feedback into the Department's quality enhancement initiatives.

We also encourage the Psychology faculty to continue to work on integrating Indigenous knowledges and perspectives into the curriculum. Indigenization initiatives will further enhance your program's curriculum and students' experiences.

We hope that your discussion with our committee was helpful. If you have any questions please let us know.

Sincerely,

Dr. David Gregory,
Provost and Vice-President (Academic)

Dr. Laurie Clune
Chair, Council Committee on Academic Mission
