Re: Verbal Response to External Review

Dear Dr. Ramsay,

Thank you for meeting with CCAM on November 5, 2020 to discuss the External Reviewers' Report and your written response. Your report to the committee regarding the review was very helpful, and we appreciated how it addressed each recommendation and the actions the program will take to implement the findings of the review.

CCAM is especially interested in how the program will respond to the external reviewers' recommendation about enhancing the way interdisciplinarity is conceived, defined, and taught across the IDS Graduate programs. We encourage the Faculty of MAP to reach out to other relevant units, departments, and faculties to engage in a discussion about the approach(es) to interdisciplinarity.

The committee looks forward to meeting with the Faculty of MAP the next year to discuss its progress in implementing the recommendations of the External Reviewers' Report. In advance of the 15-18 month meeting, please complete the CCAM response template outlining your progress on each of the reviewers' recommendations.

In four years it is anticipated that the program will submit a final update to CCAM demonstrating the achievements of the program as a result of the Academic Unit Review process.

Sincerely,

Christina Winter, Chair
Council Committee on Academic Mission
