Undergraduate Programs

The Faculty of Kinesiology and Health Studies offers the Bachelor of Kinesiology (BKin), the Bachelor of Sport and Recreation Studies (BSRS) and the Bachelor of Health Studies (BHS). Wherever possible, accreditation of programming and certification of students is paramount in the delivery of our programming. (See also Canadian Society for exercise Physiology (www.csep.ca); CCUPEKA (www.ccupeka.ca) – BKin; COSMA (www.cosmaweb.org) – BSRS – Sport and Recreation Management; NCTRC (www.nctrc.org) – BSRS – Therapeutic Recreation.)

The well-respected Fieldwork program plays an important role in the curriculum. The program provides an opportunity for students to apply what they have learned and to gain valuable experience prior to entering the job market. For those individuals interested in traditional graduate studies or more academic careers, the Honours program continues to provide an excellent training ground.

The Bachelor of Health Studies

The Bachelor of Health Studies is a joint degree between the Faculties of Kinesiology and Health Studies, and Arts, in partnership with First Nations University of Canada. It aims to provide students with an integrated understanding of the ways in which social, economic and cultural determinants of health shape individual beliefs, attitudes and practices, which in turn affect how we function physiologically and biologically.

Fieldwork

The Faculty of Kinesiology and Health Studies at the University of Regina believes that a well-conceived professional Fieldwork Program is essential for the facilitation of learning and personal growth of undergraduate students. Experiential learning is one of the critical steps a student takes in preparing for a career. Hence, the 'placement' of a student in a supervised educational experience is an integral part of a student's education in which a student may observe, inquire, participate, contribute, and learn.

KHS 300 (Pre-Fieldwork Seminar) is designed to provide an in-depth overview of the Fieldwork Program. If the student wishes to complete their Fieldwork requirement outside the province of Saskatchewan, it is highly recommended that the student complete KHS 300 two to four terms prior to registering for KHS 400/405 (Fieldwork- BKin and BSRS) or HS 448/450 (Fieldwork - BHS) in order to allow for enough preparatory time.

KHS 400 (BKin and BSRS) and HS 448 (BHS) are designed to assist the student with the transition from the academic present to the professional future. It is an opportunity to engage in the practical application of theories in a real-world environment. Fieldwork is considered to be a senior part of the academic program and must be completed within 12 months of completion of KHS 300 (Pre-Fieldwork Seminar). Students must have their major required courses completed (if applicable) before beginning Fieldwork.

The fieldwork requirements for the BKin and BSRS are 9 credit hours graded pass/fail with feedback and evaluations made by both the agency and fieldwork coordinator, and a numerically graded component – KHS

405 (Fieldwork Project – BKin and BSRS) or HS 450 (Fieldwork Project – BHS) worth 6 credit hours. The total is a 15 credit hour, full-term placement; KHS 400 and KHS 405, or HS 448 and HS 450, must be taken concurrently. Students completing both the BHS and the BKin may be permitted to use HS 448 (Fieldwork) to meet the requirements of KHS 400 (Fieldwork), provided that the integrity of both programs is maintained. Students must be admitted to the BHS, regardless of whether it is listed as their primary program of study. This provision is subject to prior approval by the Associate Dean (Undergraduate) and the Experiential Learning Coordinator.

A student required to discontinue from their placement (terminated by the agency or fieldwork coordinator) will receive a grade of 'F' for KHS 400/HS 448, and a grade of NP for KHS 405/HS 450 and may be required to seek out additional services identified by the Fieldwork Coordinator/ Associate Dean (Undergraduate) that may assist in their personal and/or professional development. The earliest the student will be allowed to repeat KHS 400/KHS 405 or HS 448/HS 450 will be the next scheduled term (pending an approved placement).

Deadlines for Registration in KHS 400 and HS 448 (Fieldwork)

Term	Deadline
Spring/Summer and Fall	March 25
Winter	November 25

Students not possessing the required program grade point average (PGPA) and major grade point average (GPA) by the registration deadline normally will not be allowed to register for fieldwork in the subsequent term. The rationale for this is that a student may be holding a spot with an agency preventing a fully-qualified student from accessing it, and that the agency may be disadvantaged if the student doesn't meet the average requirement and they are without a planned intern for the term.

For more information on the Fieldwork Program please refer to the Fieldwork section <http://www.uregina.ca/kinesiology>

Certification by Outside Agencies

Please be aware that, *depending on the qualification of the instructor*, students may be able to qualify for certification as outlined below:

Certification from outside agencies *may* be available for students who successfully complete one or more of the following courses:

- KHS 182 (National Coaching Certification Program Introduction to Competition, Part A and B.)
- KIN 350 (Canadian Society for Exercise Physiology-Certified Personal Trainer and Saskatchewan Park Recreation Association – Basic Fitness Theory)
- KIN 355 and KIN 373 (National Coaching Certification Program Level 3 Theory – Note: students MUST have National Coaching Certification Program Level 1 and 2 Theory or Introduction to Competition, Part A and B in order to qualify for Level 3 Theory)
- KIN 450 (Canadian Society for Exercise Physiology-Certified Exercise Physiologist)
- Students should consult with the instructor before courses begin (or when they register) to determine if certification is an option.

Certification by the National Council on Therapeutic Recreation

Certification can be obtained by students graduating with a BSRS, major in Therapeutic Recreation (THRC) provided the courses recommended by NCTRC have been included in the student's program. By nature of the courses required in the BSRS – THRC major, students will not have any difficulty meeting these requirements. For the most current certification standards, visit www.nctrc.org.

Admission, Re-admission, and Transfer

Refer to the [Admissions section](#) of this Calendar.

Students must declare a degree and major when applying for admission to the Faculty as the requirements are slightly different between the Bachelor of Kinesiology (BKin), Bachelor of Sport and Recreation Studies (BSRS) and Bachelor of Health Studies (BHS). Although only one 30-level science from Biology, Chemistry or Physics is required for admission to the BKin and BSRS, students interested in the BKIN are strongly encouraged to take all three courses. Students interested in the BSRS – Sport and Recreation Management major can use Computer Science 30 to meet this requirement.

The high school admission average to the BKin and BSRS is 70.00%. Students with a high school admission average of 65.00%-69.99% will be admitted to KHSQUAL and require mandatory programming (until a minimum of 18 credit hours have been completed).

Admission to the Bachelor of Sport and Recreation Studies – Sport and Recreation Management Internship requires a minimum PGPA of 70.00% and application prior to completion of 75 credit hours. This is a competitive entry program. For additional admission information, please meet with an academic advisor in the faculty.

Students seeking admission to the Bachelor of Health Studies, or the Certificate in Health Studies should refer to the [Faculty of Kinesiology and Health Studies Transfer Programs](#) section.

Note: Bachelor of Health Studies students are not eligible for admission to the Certificate in Health Studies.

Students seeking admission to the faculty, but who may not meet all requirements may be eligible for special admission through either the KHS Qualifying program or Mature Admission categories. For specific information, please refer to the [Admissions section](#) of this Calendar.

Graduates of diploma programs with which the faculty has articulated transfer agreements will be admitted to the respective majors based on the diploma. In addition, students must have obtained a minimum average of 60.00%.

Students who have failed more than 15 credit hours are not eligible for transfer to the Faculty of Kinesiology and Health Studies, except with permission from the Office of the Associate Dean (Undergraduate).

Concurrent Programs

KHS students may take a secondary program in another faculty; KHS students may take a secondary program from within KHS (with some limitations); Student's from other faculties may take a secondary program in KHS with approval of the Associate Dean, KHS, or designate.

Recognition of Prior Learning

The Faculty of Kinesiology and Health Studies will evaluate and grant credit for qualifying previous formal and non-formal learning that is equivalent to Faculty courses or programs (up to 15 credit hours). Recognized prior learning will be applied toward the requirements of Faculty programs.

The University of Regina processes used for evaluating prior learning include:

1. assessment of educational documents;
2. assessment of portfolios that identify and verify prior learning;
3. assessment through challenge processes such as written or oral examinations, interviews, projects, assignments, performance/skill demonstrations, product assessments; and
4. assessment of external courses/programs from non-post- secondary organizations in conformance with RPL – Assessment of External Courses from Non-Post-Secondary Institutions for Faculty Credit will be awarded for learning equivalent to the standards required by the programs in which the credit is sought. It will not be awarded for experience alone.

Credit will be awarded for learning which reflects both the theoretical and practical components in a balance consistent with the outcome

requirements of courses/programs. The learning for which credit is being sought must be applicable outside the specific context in which it was learned and serve as a basis for further learning. The assessment of competence levels and determination of credit awards will be made by the appropriate content specialists. Final approval for credit will be the responsibility of the Dean, or designate, Faculty of Kinesiology and Health Studies.

Bachelor of Education/ Bachelor of Kinesiology Joint Degrees Program

Refer the [Faculty of Education](#) section.

This five-year program is offered jointly by the Faculty of Education and the Faculty of Kinesiology and Health Studies under the supervision of a joint coordinating committee of the two faculties. It consists of a minimum of 150 credit hours. Depending on the minor chosen, students may be required to complete additional credit hours. Once students enter the program, they must complete the entire integrated program to graduate with either degree. Should a student decide to pursue only one of the degrees identified, they must officially apply to transfer out of the joint program. Upon completion, students will receive a Bachelor of Education (Physical Education major) and a Bachelor of Kinesiology (Physical Literacy major).

General Information

The Bachelor of Health Studies, Diploma in Health Studies, and Certificate in Health Studies are joint initiatives between the Faculty of Kinesiology and Health Studies and the Faculty of Arts in partnership with First Nations University of Canada. The Bachelor of Health Studies aims to provide students with an integrated understanding of the ways in which a) social, economic and cultural "determinants of health" shape b) individual beliefs, attitudes and practices, which in turn c) affect physiological and biological functioning of individuals. The degree promotes an interdisciplinary understanding of health, drawing on both the social sciences and the natural sciences, and aims at promoting knowledge development and action conducive to health. This program meets the needs of Saskatchewan and Canada as health issues continue to dominate public policy choices. A key feature of this program is its emphasis on understanding Indigenous health needs.

Admission to Health Studies Programs

Students apply to be admitted to the Bachelor of Health Studies, Diploma in Health Studies, or Certificate in Health Studies through the Faculty of Kinesiology and Health Studies or the Faculty of Arts (including Campion College or Luther College) at the University of Regina or the First Nations University of Canada. A number of articulation agreements have been approved with Saskatchewan Polytechnic (Combined Lab-X-ray Technologist; Health Information Management; Advanced Care Paramedic; Cytotechnology), in addition to Dental Hygiene.

Disclosure to Statistics Canada

Statistics Canada is the national statistical agency. As such, Statistics Canada carries out hundreds of surveys each year on a wide range of matters, including education.

It is essential to be able to follow students across time and institutions to understand, for example, the factors affecting enrolment demand at post-secondary institutions. The increased emphasis on accountability for public investment means that it is also important to understand 'outcomes'. In order to conduct such studies, Statistics Canada asks all colleges and universities to provide data on students and graduates. Institutions collect and provide to Statistics Canada student identification information (student's name, student ID number, Social Insurance Number), student contact information (address and telephone number), student demographic characteristics, and enrolment information.

The federal *Statistics Act* provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used for statistical purposes only, and the confidentiality provisions of the *Statistics Act* prevent the information from being released in any way that would identify a student.

Students may contact Statistics Canada via e-mail if they have any questions: statcan.PSIS-SIEP.statcan@canada.ca.

For the Faculty of Nursing, this post-secondary education must have been completed within two (2) years of application to the Faculty in order to meet English Language proficiency.

Approved Tests of Proficiency in English

For all faculties, except for the Faculty of Nursing, one of the following tests will also be accepted with the minimum scores indicated. Test results must be received by the appropriate Enrolment Services office directly from the testing service before the deadline for receipt of application documents. Students who are enrolled in Advanced EAP (level 050) may be offered conditional admission to an academic program if they meet academic admission requirements.

Students who qualify to take Advanced EAP (via passing ESL 040 or by achieving an appropriate score on the ESL placement exam or by an overall IELTS Band score of 6.0 with no band score less than 5.0) and who are offered conditional admission to a credit undergraduate academic program at the University of Regina (in the Faculties of Arts (Economics only), Business Administration, Engineering and Applied Science, Science or the Centre for Continuing Education) will qualify for participation in the ESL + 1 program. ESL students participating in this program may take an undergraduate credit course from the authorized course list while enrolled in Advanced EAP. Because students must pass Advanced EAP to be admitted to the University, students must pass both Advanced EAP and the credit course in order to receive credit for the credit course. Students who initially fail Advanced EAP but pass the credit course, and who subsequently successfully retake Advanced EAP and are admitted to the University, may then receive credit for the previously completed credit course. Applicants to an undergraduate faculty will be required to submit supporting documentation for their application depending on educational background attained, and the approved faculty-specific admission requirements.

Official Transcripts

Official transcripts at either the secondary or post-secondary level may be requested. A secondary transcript is considered official when the original, official document issued by the Ministry of Education (or government authority that oversees Education) has been submitted to the Enrolment Services office. Unavailable Documents

Applicants who are unable to obtain all or some of their academic documents for reasons beyond their control may apply for special consideration from the appropriate undergraduate Enrolment Services office by submitting a letter outlining their qualifications, what steps they have taken to obtain their official documents, and the reason why missing documents cannot be submitted.

Early Conditional Admission to the Faculty of Education – for current high school students

Applicants to degree programs in the Faculty of Education may be required to complete the online Education Profile or Baccalauréat en éducation Application in place of the general Application for Undergraduate Admission depending on program. These applications are available online in October of each year for application to the following fall term.

Adult 12 Early Conditional Admission

Adult 12 students are eligible for early conditional admission if:

1. they will have attained Adult 12 standing prior to the start of the term;
2. they have final grades in a minimum of half the required final admissions subjects to the faculty; and
3. the average of all final grades (in admission subjects only) available at the time of admission meets the admission average of the faculty.

Transcripts for Final Admission

Early conditional applicants must arrange for one official transcript of their final high school grades to be sent to the appropriate undergraduate Enrolment Services office by August 1. Photocopies and faxes of transcripts are not accepted as official documents for review of the final admission requirements. Saskatchewan students are encouraged to have grades submitted electronically by the Saskatchewan Ministry of Education.

An exception to the deadline for receipt of transcripts will be made for applicants applying for fall admission who are writing departmental examinations in August or completing summer school, and for applicants to the winter term (semester) who will complete their final high school semester in December. It is the applicant's responsibility to contact the appropriate undergraduate Enrolment Services office with this information before the transcript deadline and to arrange for the final official transcript to be sent as soon as results are available.

Any applicant who does not provide an official transcript by the deadline will have their conditional admission revoked and registration in courses cancelled.

Final Admission Decisions

Once the official transcript showing graduation is received, students are re-evaluated for final admission based on the faculty-specific requirements and are notified in writing of the final decision.

Gap Year Program

The Gap Year Program is offered to current, direct-entry high school students (excluding Nursing; Education requires special permission) applying to the fall intake. It allows these students, once accepted, to defer their admission and any University of Regina funded automatic entrance scholarships for one year.

Adding a Second Program

Students interested in completing the academic requirements of two different programs at the same time, must discuss this option with an academic advisor in their current (Primary) program. Referring to the table below, adding an “Internal Secondary” program indicates both programs are within the same faculty and do not require a formal application. Adding an “External Secondary” program indicates both programs are not in the same faculty and will require a formal application using an Application for Undergraduate Concurrent Curricula Program form. Admission to a Secondary program is dependent on approval of both the student’s Primary and the potential Secondary program. Faculties that allow Secondary programs may have restrictions on the programs available. For additional information refer to the section on Awarding of Additional and Concurrent Degrees.

When a student has been admitted, and the University later receives a transcript showing an undeclared involuntary withdrawal from a previous institution, the student’s admission will be revoked, and registration will be cancelled.

Application Procedures for Students Petitioning to Return after Being Required to Discontinue (RTD) or Forced to Withdraw (MW) on Academic Grounds

Applicants follow normal application procedures for admission, re-admission, or faculty/college transfer, but must submit a petition letter, by the petition deadline (or faculty document deadline; whichever is earlier), to the appropriate Enrolment Services office. The petition letter should show cause as to why the student should be admitted or re-admitted and should include academic goals and information on what the student has been doing while away from the University of Regina or other post-secondary institution.

The letter, with other required documents, is forwarded by Enrolment Services to the requested faculty or college, which decides whether or not the applicant is to be admitted or re-admitted and any conditions for registration or continuance. The decision of the faculty or college is final. The faculty or college communicates its decision directly to the applicant. Applicants who are refused by one faculty or college may petition another for the next available term.

Once students have successfully petitioned a faculty or college, they must complete 9 credit hours in that faculty or college with a minimum grade of 60% in each course before transferring to another faculty or college or they will have to petition to transfer. Students wishing to return to a faculty or college from which they have been required to discontinue must petition that original faculty or college in order to be re-admitted or transferred even if the student has successfully completed academic work in another faculty or college since being required to discontinue.

Students who have been discontinued by other post-secondary institutions on academic grounds do not have to petition for admission if they have subsequently been admitted to an approved post-secondary institution and established satisfactory standing by successfully completing a minimum of 9 credit hours, provided that they meet the admission standards of the faculty to which they are applying.

Application Procedures for Students Petitioning to Return after Being Required to Discontinue on Disciplinary Grounds

Students who have been expelled for misconduct from the University of Regina may submit an application for re-admission and letter of petition to the University Secretary, Room 509 Administration-Humanities, 306-585-4956, for consideration by the Council Discipline Committee. If their petition is approved by the Committee, students must still meet the academic requirements for admission, re-admission, or transfer to their chosen faculty.

Students who have been suspended for misconduct and who have sat out their allotted time are not required to petition. They must reapply and follow normal deadlines and procedures for admission, re-admission, or faculty/college transfer.

At the discretion of the Director of Enrolment Services, an applicant who has been dismissed for disciplinary reasons from another post-secondary institution may be required to petition to the Council Discipline Committee and receive permission to apply for admission before being considered on academic grounds. If the applicant is admitted, the previous dismissal may be considered in any future proceedings for misconduct.

Application Deadlines for Petitioning Students

Applicants must meet the following deadlines, or the program-specific deadlines listed in the General Deadlines for Applications to Undergraduate Programs section, whichever are earlier:

Term	Application Deadline
Fall	July 1
Winter	November 1
Spring/Summer	March 1

Note: General extensions of deadlines do not apply to applicants in this category; however, the Dean of the Faculty or Registrar of the Federated College may specifically extend the petitioning deadline. Returning Nursing applicants who were required to discontinue from the University of Regina Faculty of Nursing may petition for re-admission in the fall, winter or spring/summer terms according to the regular petition deadlines. New Nursing applicants who were required to discontinue from another institution may petition for admission for the fall term according to the regular Nursing admission deadline.

University of Regina Restrictions on Applications

Requirement to Discontinue from a Program

Students who have been required to discontinue from a program and who wish to change programs within the same faculty must consult their faculty on application procedures. Applicants for first-time admission and applicants for transfer to a new faculty must follow the petition procedures and may apply for the next available term.

Recognition of Prior Learning

Recognition of Credits between Programs of the University of Regina

All undergraduate credit courses offered by faculties at the University of Regina are accepted for credit by the remaining faculties, to the extent allowed by program requirements. A student who enters a new program or faculty may have courses that are extra to the degree program. Graduate courses may not be credited towards undergraduate programs.

Transfer of Credits from Other Post-Secondary Institutions

Transfer credit refers to the recognition of the successful completion of post-secondary credits taken at other recognized post-secondary institutions. Transfer credit may be awarded on the basis of the evaluation of a course (course by course), a series of courses (two or more courses equivalent to one course), or a block of courses (a group of courses equivalent to a specified number of credit hours).

The University of Regina will recognize coursework completed at the undergraduate level for transfer credit for courses that are deemed to be at the university level from all eligible institutions. Transfer credit awards will only be applied to a student's chosen program if they meet the minimum transfer grade point average (GPA) and grade requirements of the Faculty or Academic Unit and only to the maximum credit hours allowable under the published regulations for admission and/or degree completion. Students must complete the residency requirements of their chosen program.

Courses taken at the undergraduate level will not be recognized for graduate level transfer credit and courses taken at the graduate level will not be recognized for transfer credit at the undergraduate level.

More information on the regulations and processes associated with transfer credit at the University of Regina can be found at: www.uregina.ca/student/registrar/transfer-credit/.

Transfer of Credits from IB and AP Programs

Advanced Placement (AP) courses with a grade of 4 or better and higher-level International Baccalaureate (IB) courses with a grade of 5 or better may be granted transfer credit. A list of currently transferable courses can be found at urconnected.uregina.ca.

An official IB or AP transcript is required in addition to the provincial high school transcript and must be sent directly from the AP or IB main office to the appropriate Enrolment Services office.

Transfer of Credits for Courses Taken after Admission (Letter of Permission)

With the permission of their faculty/college, admitted and current students may take courses at another recognized institution for transfer to their program. To be eligible for a Letter of Permission students must:

- be in good academic standing with their faculty/college by meeting the minimum academic standards of their program and without having any current academic actions (probation, RTD, MW, etc.); and
- be in good financial standing with the University.

The University of Regina retains the right to refuse the award of transfer credit for students who take courses at another institution and do not obtain a Letter of Permission in advance of taking those courses.

Credit by Challenge

Challenge examinations allow a student to obtain credit by demonstrating mastery of the course material in a comprehensive examination. The following restrictions apply:

- Students who have attended another university before the University of Regina may not apply for credit by challenge until the evaluation of transfer credits from their previous university program has been completed.
- Except in special circumstances and with the permission of the Dean of their faculty, students may not apply for credit by challenge if they have completed more than 15 credit hours at the University of Regina.
- Courses audited or taken for credit (whether passed or failed) at the University of Regina or any other university may not be challenged.
- No course may be challenged more than once.
- Students may not challenge a prerequisite course after successfully completing the advanced course except by permission of the department head.

Each faculty and department may decide which courses may be challenged. No business administration, education, or activity-based courses are eligible for challenge. Each faculty and department also determine the method of conducting the challenge examination, which must be in a form that can be reassessed. Grading of a challenge examination is the same as that of the course challenged (that is, either numerical or pass/fail). A student may apply to have the grade assigned to a challenge examination reassessed.

Applications to challenge credit are made through the Registrar's Office, using an Application for Credit by Challenge. The fee for the examination is the same as tuition and fees for the regular course.

Prior Learning Assessment and Recognition (PLAR)

PLAR is facilitated through the Centre for Continuing Education. Some faculties and academic units on campus have formal policies on Prior Learning Assessment and Recognition: Other forms of PLAR in limited use at the University of Regina include:

- Block (transfer) or direct credit, or advanced standing, for work experience in selected programs that require this type of experience;
- Evaluation based on portfolio.

Specific information on PLAR regulations can be found in the faculty, federated college, or academic unit section.
