

**This assignment is due by 3:30 pm on Wednesday, November 1, 2006, in Dr. Kozdron's office (College West 307.31). You may also hand it in before class that day.** You must submit all problems that are marked with an asterix (\*). You are encouraged to form study groups and collaborate with others on this assignment. However, the final work you submit must be your own. A piece of advice: *the assignments are worth very little in the computation of your final grade. It is better to suffer through not understanding something now, rather than copying from a friend just for the sake of completion. You will not have that luxury on the exams.* YOUR ASSIGNMENT MUST BE STAPLED AND PROBLEM NUMBERS CLEARLY LABELLED. UNSTAPLED ASSIGNMENTS WILL NOT BE ACCEPTED! DO NOT CROWD YOUR WORK. DO NOT WRITE IN MULTIPLE COLUMNS..

**0.** Once your midterm has been returned, review the problems that you did not solve correctly, and ensure that you understand the correct solutions.

**1.** \* Do the following problems from the text:

- Exercises for Section 6-5 on page 306: #16, #22
- Review Exercises page 315: #8, #10
- Exercises for Section 7-2 on pages 332–333: #14, #20
