

Stat 257.01 Fall 2004
Assignment #7

This assignment is due at the beginning of class on Monday, November 1, 2004. You must submit all problems that are marked with an asterix (*).

You are encouraged to form study groups and collaborate with others on this assignment. However, the final work you submit must be your own. A piece of advice: *the assignments are worth very little in the computation of your final grade. It is better to suffer through not understanding something now, rather than copying from a friend just for the sake of completion. You will not have that luxury on the exams.* YOUR ASSIGNMENT MUST BE STAPLED AND PROBLEM NUMBERS CLEARLY LABELLED. UNSTAPLED ASSIGNMENTS WILL NOT BE ACCEPTED! DO NOT CROWD YOUR WORK. DO NOT WRITE IN MULTIPLE COLUMNS.

1. * Do the following exercises from Scheaffer, et al.
 - Exercises pages 237–: #6.8, 6.11, 6.23

2. Work through all of Problem #1 on the midterm. Be sure that you can write down complete, coherent solutions to all parts of that problem.
