

Stat 257.01 Fall 2004
Assignment #10

This assignment is due at the beginning of class on Monday, November 29, 2004. You must submit all problems that are marked with an asterix (*).

You are encouraged to form study groups and collaborate with others on this assignment. However, the final work you submit must be your own. A piece of advice: *the assignments are worth very little in the computation of your final grade. It is better to suffer through not understanding something now, rather than copying from a friend just for the sake of completion. You will not have that luxury on the exams.* YOUR ASSIGNMENT MUST BE STAPLED AND PROBLEM NUMBERS CLEARLY LABELLED. UNSTAPLED ASSIGNMENTS WILL NOT BE ACCEPTED! DO NOT CROWD YOUR WORK. DO NOT WRITE IN MULTIPLE COLUMNS.

1. * Do the following exercise from Scheaffer, et al.
 - Pages 402–404 Exercises: #11.2, 11.9

2. * From the URSU Exam Database find the Stat 257 final exam from Winter 1998. (It is titled STAT-257-9.pdf.) Solve as much of that exam as you can.
